THE FIFTY-THIRD REPORT

OF THE

DEPUTY KEEPER OF THE PUBLIC RECORDS AND
KEEPER OF THE STATE PAPERS IN
IRELAND.

NOTE :

This Report was presented to the Lord Lieutenant on 30th August, 1921 (vide page 16), but was not printed nor presented to "both Houses of Parliament" as required by Section 24 of the Public Records (Ireland) Act, 1867.

In view of the interest attaching to Appendix 1 (pages 17-54) by reason of the loss of the original documents when the Public Record Office was occupied by Irregular forces and the Treasury destroyed in 1922, it has been thought proper to have the Report printed and presented to both Houses of the Oireachtas.

The cost of printing was approximately £25.

I., in this Office, had been lent to the Chief Secretary's Department from 22nd February, 1917, and he was transferred to be an Assistant Principal Clerk in that Office from 8th June, 1920. It was decided not to fill the vacancy caused by Mr. Doolin's appointment, and the strength of the Class I. Staff has been permanently diminished by one member. Only four of the seven Clerks, Class I., were in attendance here since the year 1917: the archival work suffered in consequence, but it is expected that it will run on normal lines for the future.

2. The number of the Supplementary Clerks has been reduced from seven to five. One vacancy arose from the appointment of Mr. Michael Francis Duggan, Supplementary Clerk, to be a Second Division Clerk in the Accountant-General's Department of the Post Office on 2nd January, 1920: his appointment was by way of promotion under Treasury Circular (4155/19) of 29th January, 1919. He had served with the Army from 31st January, 1916, almost to the date of his appointment, and had been raised to the rank of Quartermaster-Sergeant. DEBTY KERRAR

NOV 1907

This Report was presented to the Lord Lieutenant on 30th August 1907 (page 10), but was not printed nor presented to "both Houses of Parliament" as required by Section 24 of the Public Records (Ireland) Act, 1867.

In view of the necessity of attaching to Appendix I (pages 17-24) by reason of the loss of the original documents when the Public Records Office was occupied by the regular forces and the Treasury destroyed in 1922, it has been thought proper to have the Report printed and presented to both Houses of the Oireachtas.

The cost of printing was approximately £22.

THE FIFTY-THIRD REPORT

OF THE

DEPUTY KEEPER OF THE PUBLIC RECORDS AND
KEEPER OF THE STATE PAPERS IN
IRELAND.

TO THE RIGHT HONOURABLE THE VISCOUNT
FITZALAN OF DERWENT, G.C.V.O., D.S.O.,

LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

MAY IT PLEASE YOUR EXCELLENCY,

I respectfully beg to submit my Report, under the direction of the Right Honourable the Master of the Rolls, and pursuant to the 24th section of the Public Records (Ireland) Act, 1867, on the proceedings had during the year 1920 in connection with the Public Records of Ireland.

1. The vacancies caused by the death in battle of two members of the Class I. Staff were not filled until 24th August, 1920 : Mr. Edward O'Neill, B.A., and Mr. Patrick Albert O'Toole, M.A., LL.B., B.L., were then appointed to be Clerks, Class I., to fill these vacancies. Mr. Walter Doolin, B.A., a Clerk, Class I., in this Office, had been lent to the Chief Secretary's Department from 22nd February, 1917, and he was transferred to be an Assistant Principal Clerk in that Office from 8th June, 1920. It was decided not to fill the vacancy caused by Mr. Doolin's appointment, and the strength of the Class I. Staff has been permanently diminished by one member. Only four of the seven Clerks, Class I., were in attendance here since the year 1917 : the archival work suffered in consequence, but it is expected that it will run on normal lines for the future.

2. The number of the Supplementary Clerks has been reduced from seven to five. One vacancy arose from the appointment of Mr. Michael Francis Duggan, Supplementary Clerk, to be a Second Division Clerk in the Accountant-General's Department of the Post Office on 2nd January, 1920 : his appointment was by way of promotion under Treasury Circular (4155/19) of 29th January, 1919. He had served with the Army from 31st January, 1916, almost to the date of his appointment, and had been raised to the rank of Quartermaster-Sergeant. The second vacancy was created by the death of Mr. Michael Joseph O'Cal-

laghan, who died on the 9th March, 1920. He was a young Supplementary Clerk of great promise, and was deeply regretted by his colleagues.

3. After the passing of the Old Age Pensions Act, 1908, it was found that the main source of documentary evidence of age for the great majority of the applicants was the Returns of the Census taken in the years 1821, 1841 and 1851, which were deposited in this Office. The heavy task of furnishing evidence of the age of the applicants to the Local Government Boards of England, Ireland and Scotland, and to the applicants themselves, was entrusted to this Department. In order to cope with this work Treasury sanction was obtained for the appointment of additional Supplementary Clerks and others with the understanding that as the volume of this work diminished the Supplementary Clerks set free should be employed to relieve the Clerks, Class I., from routine duties hitherto devolving on them, and that the number should be reduced as it became feasible.

The Census Returns of 1851 were taken on the 30th March, 1851. Their usefulness for Old Age Pensions' purposes has been rapidly dwindling for some time and will soon be at an end. The only source of evidence of age for Old Age Pensions' purposes now in this Department is the collection of Parish Registers of the (late Established) Church of Ireland. The Old Age Pension work has diminished in consequence, and on a revision of the general work of the Department it was considered that one Clerk, Class I., and two Supplementary Clerks could be dispensed with.

4. According to the Fortieth Report of the Deputy Keeper, page 25, it appears that a set of Irish Barony Maps of the Down Survey was captured on the way from Ireland to London by a French privateer in the year 1707, that copies of these Maps were prepared for the Irish Government by Col. Vallancey in the year 1787, that the French Government gave permission for the temporary removal of these Maps from the Bibliothèque Nationale, at Paris, to Southampton, for photographic reproduction at the Office of the Ordnance Survey for the British Government, and that this was done in the year 1908. The captured Maps were always regarded as original Maps of great value.

Quite recently the Earl of Kerry discovered an incomplete set of Irish Barony Maps, the property of his father, the Marquess of Lansdowne, at Lansdowne House, London. He consulted me about them and I came to the conclusion that they consisted of the greater portion of the original set of reduced Down Survey Barony Maps and that, in almost every respect, the captured Maps were copies of them.

These Lansdowne Maps, as late as the year 1797, were bound up in six volumes marked A, B, C, D, E, F: volume A has since disappeared. A portion of this set is now deposited in this Office, another portion is deposited in the Quit Rent Office, more

than one half of the collection is in the possession of the Marquess of Lansdowne, and about one-sixth of the entire collection is missing. Lord Kerry claims that these Maps were the private property of his ancestor, Sir William Petty, by whom the Down Survey was made. Several reasons tending to prove that the collection was a set of Maps belonging to the Government might be adduced, but in view of the prescriptive right of the Marquess of Lansdowne no useful result would follow from raising and settling this question. To sum up nearly all the original reduced Down Survey Barony Maps were dispersed and are now deposited in the collections of the Marquess of Lansdowne, the Public Record Office and the Quit Rent Office, and copies of these maps, prepared for Sir William Petty, are deposited in the Bibliothèque Nationale at Paris. Copies of the Paris Maps prepared for the Irish Government by Col. Vallancey in 1787 are now deposited in the Public Record Office: photographic reproductions of the Paris Maps were made for the Government in 1908, and may now be obtained for a trifling sum from the Ordnance Survey Department.

5. A request having been made to the Master of the Rolls under the 14th section of the Public Records (Ireland) Act, 1867, by the Judge of the King's Bench Division (Probate), that for the future the Records of that Division should be transferred to this Department at the end of seventeen years from the making thereof, instead of twenty years the period mentioned in the Act (see Appendix II. hereto), His Honor was pleased to accede to it.

ARRANGEMENT AND PRESERVATION OF RECORDS.

28. The arrangement and checking of Wills and Papers leading to Grants of Probate and Administration for the year 1897 have been completed, and the whole collection has been arranged in dictionary order and deposited. Those for 1898 received from the Principal Registry and the District Registries (except Londonderry) have been, in each case, arranged in dictionary order pending the process of checking. Those from the Principal Registry for 1899-1902 have been similarly arranged.

29. A large number of Contentious Papers covering the period 1878-'94, which had been found out of place in arranging the series, have been interpolated in their proper places.

30. The Affidavits of Scripts for 1900 have been arranged in dictionary order.

31. The work of examining the Depositions in Chief of the Equity Exchequer, transferred here in a bad state of arrangement, was continued to letter W. One hundred and two bundles were examined and the depositions found out of place were restored to their proper bundles.

32. The Tithe Bills of the Equity Exchequer Court, 1835-7, have been arranged in a similar manner to other bills, and have been put up into 140 bundles, covered with brown paper, and deposited in the vaults.

34. Many bills, answers, exceptions, schedules, rejoinders, replications, and demurrers, belonging to the Equity side of the Exchequer, which had been found out of place, when the bills and answers of that Court were examined, have been interpolated in their proper places, or put up into bundles and deposited. The latter cover the period 1679-1710.

41. Lodgment and Payment Schedules and Duty Stay Removals for 1897-8 (23 bundles), transferred to this Office, have been put in their numerical sequence, wrapped in brown paper bundles and labelled.

42. The increments received from the Clerks of the Crown and Peace for Dublin City and the County of Dublin, and of the Counties of Londonderry and Wexford, have been arranged and deposited.

44. Forty portfolios of Parochial Returns have been wrapped in brown paper and relabelled: the portfolios had become worn.

45. The checking of the Wills of the Diocese of Down has been continued, and is now nearly completed. When finished, the work will have entailed the checking of nearly nine thousand wills.

46.
