## **FOREWORD**

I have the honour to submit my Annual Report to the Minister for Enterprise, Trade and Employment for the year ended 31 December 2023 so that it can be laid before each House of the Oireachtas in accordance with Section 103 of the Patents Act 1992.

My Report is in respect of the execution of my statutory functions under the Patents Act, 1992 (as amended), the Trade Marks Act, 1996 (as amended), the Industrial Designs Act, 2001, the Copyright and Related Rights Act, 2000, the various Statutory Rules and Regulations made under these Acts; and the European Communities (Supplementary Protection Certificate) Regulations. Decisions under these Acts, Rules and Regulations rest with me in my statutory capacity, subject to certain rights of appeal to the High Court. My report also includes a report on the KDB Certification Scheme as required by Section 18 of the Knowledge Development Box (Certification of Inventions) Act 2017.

In addition to its core business of administering the relevant legislation concerned with the processing of applications for intellectual property rights (Patents, Supplementary Protection Certificates (SPCs), Trade Marks and Industrial Designs), and maintaining the electronic registers and databases of these rights, the Intellectual Property Office of Ireland (IPOI) performs a number of operational and regulatory functions including:

- Administering proceedings before the Controller in relation to IP rights including hearings on oppositions to Trade Mark registrations.
- Maintaining the registers of patent and Trade Mark attorneys authorised to operate in the State.
- Administering the registration and compliance reporting by copyright licensing bodies/collective management organisations as well as the resolution of disputes regarding royalty amounts payable to those bodies arising mainly in public performance of sound recordings.
- Contributing to policy and legislative development on IP rights.
- Providing assistance and information on intellectual property rights.

My report provides more detailed information on how the Office discharged its various statutory and regulatory functions and ancillary activities and is supported by a range of business statistics.

The main business statistics, in summary, include the following,

- 589 National Patent Applications were received, and 109 Patents were granted; 45 Supplementary Protection Certificates applications were received and 26 were granted, rejected or withdrawn. A total of 199,268 European Patent Applications designating Ireland were received in 2023.
- The Office received 2,218 National Trade Mark Applications and 892 International Trade Mark Registrations designating Ireland. A total of 1,220 National Trade Mark applications were registered and 967 International Trade Mark Registrations protected. 47 National Design applications, containing 126 Designs, were received and 115 Designs were registered by end of year.
- The Office attended a record number of information raising events in 2023. These included the BT Young Scientist & Technology Exhibition, the Student Enterprise Programme Awards, the National Ploughing Championships, as well as collaborating with the Local Enterprise Network and providing presentations at over 30 secondary schools.
- Due to a significant turnover in staff – 23% of change- this was a testing year however a majority of the IPOI's customer service targets were met to a satisfactory level with 84% being the average rate of achievement.

2023 was another challenging year for business at Irish and EU level; with the after-effect of the global pandemic still being felt in certain industries and business sectors. This, coupled with the significant increase in inflation rates across the EU, led to a significant cost of living crisis. The continued security concerns across the EU, the ongoing war in the Ukraine and recent unrest in the Middle East, has had a negative impact on confidence and trade. The slow speed of economic recovery has led to modest growth in Intellectual Property applications filings across the Europe and Irish system.

On a positive side, and after years in the making, the Unified Patent Court finally came into existence in June 2023. It will deal with questions of infringement and validity of both Unitary Patents and European Patents for the contracting EU Member States that have ratified the agreement on a Unified Patent Court. Ireland requires a referendum to facilitate ratification of the Agreement on a Unified Patent Court.

Also, of note, for the year under review was the extensive acceleration and advancements made in respect of new technologies, particularly those AI tools, which hold an abundance of opportunities for both the private and public sector. The IPOI will ensure that it positions itself to avail of these opportunities to improve on the delivery of its services should and when they arise.

I would like to acknowledge the support provided to the Office by the Department of Enterprise, Trade and Employment, which is critical to the delivery of the statutory functions of the IPOI. Accordingly, I would like to thank Dr Orlaigh Quinn, Secretary General, Mr Declan Hughes, Secretary General and Mr John Newham, Assistant Secretary General. I would also like to acknowledge the support throughout 2023 of the Intellectual Property Unit, in particular Mr Conor Verdon and Ms Jean O'Neill.

Finally, I want to say a special word of thanks to all the dedicated IPOI staff for their work in 2023. Our people have continued to step up and regularly go beyond to deliver for our customers and IP applicants. I also want to acknowledge and thank the IPOI staff who moved on and transferred out of the Office during 2023 on retirement, promotion, and mobility for their loyal support. I welcome all new members of the team who joined us in 2023.

## **1.0 IPOI Functions, Mission and Objectives**

The Intellectual Property Office of Ireland (IPOI) is an independent statutory office under the aegis of the Department of Enterprise, Trade and Employment with responsibility for the grant and registration of intellectual property rights (IPRs) in Ireland, specifically patent, trade marks and industrial design rights. The IPOI is staffed by 47 civil servants who are assigned by the Minister for Enterprise, Trade and Employment.

During 2023, the Office published a new Strategy statement which sets out the key priorities aligned with the strategic goals which the IPOI will be working towards over the next three years (2023 to 2025). These priorities are also aligned with the Department's Statement of Strategy. Specifically, the IPOI's strategy will contribute to achieving the desired outcome of "*a business environment facilitating investment and development, competition in the marketplace, and high standards of customer protection*" through continuing to develop a modern regulatory regime for intellectual property, that stimulates economic growth by encouraging innovation.

The central mission of the IPOI is: "***To deliver a modern, digitalised Intellectual Property Office, encouraging innovation and enterprise, that provides world class professional services to be proud of.***" This is to be achieved through the protection of IPRs in the fields of patents, trade marks and designs within an effective legal framework which encourages innovation in Ireland and facilitates the proactive dissemination of relevant knowledge on IPRs and the intellectual property (IP) system.

The current IPOI Strategy Statement 2023 to 2025, sets out the key priorities for the Office, which are aligned with four strategic objectives namely: (1) operational & customer service excellence, (2) information services excellence, (3) supporting a robust IP legal framework and, (4) staff and workplace excellence.

The following commentary and accompanying business statistics considers the activities of the Office in delivering these four objectives during 2023 and it also includes some observations on IP trends and the IP landscape which emerged during the year.

## **1.1 Objective 1 – Operational & Customer Service Excellence**

The Office is committed to constantly reviewing its administrative procedures and delivering a responsive quality service in line with performance targets. During 2023, the Office produced a new Customer Service Action Plan for the period 2023-2025 setting out the key customer service targets as well as establishing optimum time limits for carrying out various internal and external customer related tasks. These are detailed in the “*Performance Targets*” section of this report. Most customer service targets were met to a satisfactory level during the year with 84% being the average rate of achievement.

In terms of digital services, the Office has a well-established complementary suite of customer-friendly e-services, ranging from e-filing for patents, supplementary protection certificates, trade marks and designs, online trade mark and design searching as well as e-payments. In 2023, almost all applications for IP rights were filed online (patents & SPCs 97%, trade marks 99%, designs 98.5%). Almost 100% of the Office’s statutory fees were paid electronically either online or by electronic fund transfer (EFT). While the IPOI is not completely paperless, it is working towards making it possible to submit all applications electronically and to replace all paper-based processes with digitisation. During 2023, Office staff in conjunction with the ICT Unit continued to deliver transformation by providing digital solutions as alternatives to paper based processes. Some of the main developments included:

- IPOI became a receiving office to the World Intellectual Property Office (WIPO) Digital Access System scheme which facilitates applicants to file priority documents via an electronic access code.
- Enhancement of the Patent e-filing system to allow online filing of Section 127A applications.
- Commencement of development work on automation of the International Trade Mark registration process.
- Commencement of development work on improving production of the IPOI Journal.
- In conjunction with the National Archives, the Office is evaluating a large number of historical IP files in line with records management best practice.

One of the highlights of 2023 saw the Office attaining ISO9001:2015 certification in quality management systems, which is detailed further in this report.

## 1.2 Objective 2 - Information Services Excellence

One of the key objectives of the IPOI is to provide information on all aspects of intellectual property rights, thereby assisting SMEs, micro-enterprises and entrepreneurs create value from their ideas, strengthen their businesses and better understand the IP system.

Throughout 2023, the IPOI increased their collaboration with a wide range of stakeholders, Government Agencies and Offices in relation to information exchange and increasing awareness of IPRs. The IPOI Information Unit also focussed on increasing the visibility of the Office through greater use of social media, including targeted information campaigns and the creation of engaging and topical content. During 2023, information section staff dealt with over 4,000 emails and over 4,200 telephone calls, which is comparable with the high volumes reported in 2022.

The Office exhibited at the BT Young Scientist & Technology Exhibition in January and the Student Enterprise Awards (SEA) finals in Croke Park in May. In addition to participating in several IP focussed seminars and training courses run by the Local Enterprise Office (LEO) Network, the Office also participated in the Departmental ‘Building Better Business’ seminars nationwide which promoted the supports that government can provide to SMEs. Following the successful launch of the IP in Education pilot programme in 2022, the project was rolled out nationwide in 2023 in conjunction with the Student Enterprise Programme. These interactive presentations on “*What is Intellectual Property*” were delivered to 31 schools throughout the year. The Office also provided several IP clinics which gave an opportunity to members of the public, inventors, entrepreneurs and business people to discuss their IP application on a one-to-one basis with Office staff.

Pictured L-R: Minister Neale Richmond, the Senior Category IP Winners at the 2023 SEA Finals, John Magee Chair of the Network of Local Enterprise Offices and Caroline Kelly, IPOI.

The Office has bilateral co-operation programmes with the European Patent Office (EPO) and the EU Intellectual Property Office (EUIPO) under which it receives assistance, from both bodies, towards participation in various IP awareness raising events, specialist IP training, ICT projects to facilitate IP data exchanges and the harmonising of practices and procedures. During the year, Office staff continued to maximise the financial and technical assistance provided by the EPO and EUIPO through these co-operation programmes in terms of financial assistance, mentoring and unlocking expertise and resources.

### **1.3 Objective 3 – Supporting a Robust IP Legal Framework**

The regulation of IPRs is a vital part of the legislative framework that promotes and encourages innovation. The legislation under which the Office operates affords applicants and proprietors the right to be heard in certain circumstances and before any discretionary powers set out in the relevant Acts and Rules are exercised adversely. During 2023, the Office held 9 ex-partes and 7 inter-partes hearings concerning trade marks.

The Unitary Patent (UP) is a new single European patent right with unitary legal effect for all EU Member States that have ratified the Agreement on a Unified Patent Court (UPCA). The UP provides the opportunity for significant costs savings for patent owners, in that they can apply directly to the EPO for a patent which will be valid in all EU Member States that are participating in enhanced co-operation and have ratified the Agreement on a UPCA when unitary effect is registered. A total of 17 states had done so when the new system started on 1 June 2023.

To maintain a Unitary Patent, the patent holder must pay annual renewal fees directly to the EPO. Conventional European patents require payment of multiple renewal fees to various national patent offices, each with its own legal requirements, including differing deadlines and fee amounts. With the Unitary Patent, there is a single renewal fee, payable in one currency, governed by a unified legal framework for deadlines and payment methods. This streamlines the renewal process significantly for patent proprietors. Translation costs are significantly less as within the transitional phase there is a requirement to file one additional translation of the patent, instead of translations in the different languages of the member states, as is the case for European patents. The litigation process is also streamlined.

Ireland requires the successful passing of a constitutional referendum to ratify the UPCA, as it entails a transfer of jurisdiction in patent litigation from the Irish courts to an international court. If the UPCA

remains unratified in Ireland, patent holders will not be able to rely on unitary patents or the UPC to protect their inventions within Ireland. National patents granted by national patent offices are not affected.

IPOI staff represent Ireland at several international forums and in so doing ensure the Office's position on intellectual property matters is articulated, known and defended. Ireland is represented by the IPOI Senior Management on the Administrative Council of the EPO and its various ancillary Committees, the Management Board and Budget Committee of the EUIPO and the WIPO General Assembly. Office staff, who are experts in their fields, sit on several EPO and EUIPO technical and liaison committees, as well as on Project Working Groups driving European convergence and harmonisation initiatives at the EUIPO and EPO.

Participation at an international level facilitates dialogue on the content and structure of co-operation and convergence programmes between those organisations and other national and regional IP Offices in Europe, which in turn enables the Office to further enhance and develop its legal and regulatory practices, procedures and customer services in line with best international practice.

#### **1.4 Objective 4 – Staff and Workplace Excellence**

The Office is committed to ensuring a culture of excellence and self-development of all staff to deliver the best in customer service. As part of the Statement of Strategy 2023-2025, the Office has prioritised training and staff development to ensure staff have all the necessary skills and capabilities required. To help achieve this staff performance is appraised regularly. The Performance Management Development System (PMDS) affords staff the opportunity to set individual goals, to initiate and deliver change and continue to improve work practices in order to deliver an efficient and high-quality service. In accordance with the PMDS system, a Training Development Plan was drafted which considered the various training needs which staff had identified in their personal development plans for 2023. All units of the Office also completed a Team Charter, which sets out the purposes of the team, defines best practice and is a useful tool in the blended working environment. During 2023, staff were able to attend virtually and in person a range of information sessions and training on a variety of topics as well as issues relating to wellbeing, mental and physical health.

## 2.0 Intellectual Property Trends and Indicators

The WIPO Global Innovation Index (GII) ranks world economies according to their innovation capabilities. These consist of roughly 80 indicators, grouped into innovation inputs and outputs. Ireland ranks 22<sup>nd</sup> among the 132 economies featured in the GII 2023<sup>1</sup>. Europe hosts the highest innovation leaders among the top 25. 2023 saw 19 European economies move up the rankings with Ireland moving up one place. The index also recorded that Ireland performed better regarding “innovation outputs” (ranked 18th) than “innovation inputs” (ranked 26<sup>th</sup>) in 2023. Ireland is classed by the IMF as part of the advanced economies group and by the World Bank as a high-income country.

The geopolitical situation in the Middle East and Ukraine led to worldwide market uncertainty as well as disruptions to trade, most noticeably in supply chains. The Irish domestic economy experienced modest growth in 2023, with official figures suggesting a 0.5% growth<sup>2</sup>. GDP decreased by 3.2% which was largely due to reductions in exports by pharmaceutical companies. Average inflation in 2023 was 5.2% which is forecasted to reduce further due to reductions in energy costs. Employment levels remained strong with over 2.7 million people in employment at the end of 2023 which buoyed consumer spending throughout the year.<sup>3</sup> Unemployment levels had returned to pre-pandemic levels by the end of 2023.

Worldwide, the innovation landscape continues to evolve. The climate challenge in particular has been a major driver of increase in green transformation IPRs across the globe. There were also significant increases across the biotechnology, medical technology and digital transformation sectors.

## 2.1 Patents

### 2.1.1 National patent applications

The total number of national patent applications filed in 2023 showed an increase of over 186% on 2022 (from 206 to 589) which is due to a sharp increase in applications received from China. Within that overall figure, national short term patent filings received during 2023 increased on the 2022 total (from 117 to 461) with the number of long-term patent applications increasing from 89 to 128.

### 2.1.2 Supplementary Protection Certificates (SPCs)

Supplementary Protection Certificates (SPCs) extend patent protection for medicinal and plant protection products by up to 5 years to account for delays in obtaining regulatory approval in the early years when bringing the product from patented status to marketability. Manufacturers take account of SPC rights to secure an extension of their market exclusivity to recoup the costs of investments in research and development. A total of 45 SPC applications were received in 2023, which is a decrease of 27% over the 2022 total of 62 applications.

45 SPC applications in 2023

### 2.1.3 European Patents designating Ireland

The number of patent applications received at the EPO in 2023 increased slightly by 3% to 199,275. European patent applications which designate Ireland are entered on the Irish Patent Register following publication of grant at the EPO and have the same legal status as if they had been granted by the Office. Overall European patent applications filed by Irish resident companies decreased by 10.4% in 2023 as compared to 2022. A total of 1,057 applications filed by those companies in 2023 means that Ireland is now ranked in 10th place in terms of European patent applications per million of inhabitants.

The EPO's Patent Index for 2023 noted growth in many technical fields such as digital communication, biotechnology, medical technologies and computer technology. Patent filings at the EPO increased as innovation improved in areas of digital and green transformation.

## 2.2 Trade Marks and Designs

After a decline in the number of trade mark applications received in 2022, 2023 saw a return to an increase in trade mark applications received up from 2,019 to 2,218. The number of Industrial Design applications received has always been unpredictable and has fluctuated in recent years. In 2023 a total number of 126 individual design applications were received, an 18% increase on the 2022 figure.

### 2.2.1 European Union Trade Marks (EUTMs) and Registered Community Designs (RCDs)

Some applicants choose to apply for a European Union Trade Mark (EUTM) rather than gaining a specific Irish registration because they wish to obtain trade mark protection in the EU and an EUTM registration covers all 27 EU countries. The number of filings of EUTM applications by Irish resident applicants increased from 1,273 applications in 2022 to 1,351 applications in 2023. Community Design applications filed by Irish resident applicants decreased by 3% on 2022 (from 313 to 304).

### 2.2.2 International Trade Marks

The Madrid Protocol is an international system of trade mark registration which offers a trade mark owner the possibility to obtain trade mark protection in several countries by filing a single application. The Madrid system, which is administered by WIPO, offers a smart business solution for any company seeking to protect and manage its trade marks in international markets (usually outside the EU). The extent to which it is used by Irish resident companies can provide a useful indicator of their intent to break into foreign markets and to create new markets for existing and new product ranges. The Madrid Union currently has 114 members, covering 130 countries. These members represent more than 80% of world trade.

## 2.3 Madrid Applications

**Table 5. International Applications & Registrations via Madrid System for TM holders resident in Ireland**

	2021	2022	2023
Madrid Applications where country of holder is Ireland (by filing date)	334	288	251
Number of International Registrations where country of holder is Ireland	340	274	263
Designations in registrations where country of holder is Ireland	2,348	2,278	2,213
Subsequent Designations where country of holder is Ireland	380	445	287

Source: WIPO IP Statistics ([Madrid System Statistics \(wipo.int\)](#))

WIPO recorded 263 international registrations for holders of trade marks domiciled in Ireland in 2023, down 4% on 2022. These registrations included 2,213 designations of other Madrid members in which the holders sought to extend protection for their trade marks. A total of 287 additional Madrid members were subsequently designated in already existing international registrations from Ireland, to extend their original geographic scope of protection to additional Madrid member countries or jurisdictions.

## **2.4 Official Journal**

The fortnightly journal is published on the IPOI's website in PDF and searchable versions. Each journal issue has a searchable index, along with information on actions relating to patent, trade mark and designs. For example, it is possible to view details of accepted trade marks and registered designs in any journal. The journal contains details of patents applied for, published, granted and lapsed, including patents granted under the European Patent Convention designating Ireland. The journal also contains information such as official notices, details of methods of payment of statutory fees and Office opening hours. The online journal has an interactive facility which allows users access to the Register extract for any patent, trade mark or design by clicking on a hyperlink within that journal. A major project to modernise some of the production aspects of the Journal commenced in 2023.

## **3.0 International Co-operation**

The Office participates in co-operation activities with its international counterparts, the EUIPO and the EPO on several projects, to promote harmonisation across national and regional IP offices, and make things easier for users of the patents, trade marks and design systems.

### **3.1 European Union Intellectual Property Office (EUIPO)**

The Convergence Programme of the EUIPO facilitates the convergence of practice between the EUIPO and National Offices. Working together with European User Associations, the key objective is to reach common ground in areas where IP offices have different practices. This complements the work being done to create common IT tools under the Cooperation Fund. Staff of the Office continued to build on the achievements of previous years through their active participation in various Working Groups established to support the aims of cooperation and the convergence of practice. These working groups were Designs Classification of Terms, Trade Marks Classification of Terms, Convergence Analysis, Integrated Multiple Assessment Solution and Assistance on Relative Grounds/Absolute Grounds Examination.

The Office continued to receive support from the EUIPO to maintain our data input to their flagship tools TMview and Design View. In addition, under a bilateral agreement with EUIPO, the Office availed of assistance towards the cost of a range of awareness raising events where information on the Community Trade Mark and Community Design Systems was disseminated. The Office continued to actively contribute to many initiatives and projects managed by the EUIPO under their Strategic Plan

2025. The Office renewed its commitment to complete its agreed participation while preparing to engage with the new Strategic Plan 2030 which will be launched in November 2024.

The SME Fund, launched by EUIPO in 2021, continued to successfully grow and expand. This scheme was created to help European small and medium-sized enterprises (SMEs) develop their IP strategies and protect their IP rights, at national or EU level. The fund is operated by the EUIPO in conjunction with the national and regional IP Offices including the IPOI. Under the terms of the scheme, Irish SME's could be eligible to receive 75% off the basic application and registration fees of national and EU trade mark, patents and designs. In addition, SMEs could apply for a refund of 90% of the cost of an IP audit conducted by recognised experts.

### **3.2 World Intellectual Property Organisation (WIPO)**

The IPOI continued to fulfil its commitments in the area of intellectual property protection arising from Irelands membership of WIPO and the various multilateral treaties which it administers and in respect of which Ireland is a contracting state. In 2023, officers from the IPOI participated in the Standing Committee on the Law of Patents, the Committee of Experts of the IPC Union and the IPC Revision Working Group. The Controller also attended the General Assembly meeting in July, which brings together all WIPO Member States to discuss the direction of future policy.

In 2023, having signed up to the WIPO DAS (Digital Access System) scheme, the Office automated its systems to become a receiving office to WIPO, allowing applicants for the first time to meet the priority document requirements without having to physically obtain and submit certified copies.

### **3.3 European Patent Office (EPO)**

IPOI staff continued to be actively involved in activities of the various bodies and committees of the EPO throughout 2023. Representatives from the Office participated in meetings of the Administrative Council, Budget and Finance Committee, Technical Co-Operation and Support Committee and the Patent Law Committee. The EPO celebrated the 50<sup>th</sup> anniversary of the signing of the European Patent Convention and a programme of diverse events was organised throughout the year, culminating in

the official celebration event which took place in Munich in October 2023, and was attended by IPOI Senior Management.

The IPOI has a co-operation agreement with the EPO for the period 2021-2023 which provides funding and technical assistance in the areas of data quality, fostering innovation and building expertise at national offices. The three projects, outlined below, will enhance the digital and information services provided by the Office as well as strengthening knowledge transfer between the EPO and the IPOI.

- Data Quality: To strengthen the data management capabilities of the IPOI by maximising the use of digital technologies.
- Fostering Innovation: To improve the delivery of innovative and responsive information awareness services to SMEs, research organisations and the education sector.
- Building expertise: To enhance the competencies, skills and knowledge of staff working in existing areas of expertise.

The EPO and the IPOI will agree a new bilateral co-operation agreement for the period 2024-2026 in 2024.

## 5.0 Website and Social Media

The IPOI website provides access to a range of online interactive search and fee payment services. Online services include e-payments, e-filing of patent, SPC, trade mark and design applications, viewing and searching of patent, trade mark and design registers and databases, the registers of copyright licensing bodies and patent and trade mark agents. Material published on the website includes previous year's annual reports, the full suite of IP information booklets, the Office's current Statement of Strategy and Customer Service Action Plan as well as all primary and secondary legislation governing the functions of the Office. The website received just over 157,000 page views in 2023. As in previous years the interactive online register search pages continue to remain the most popular website pages.

In 2023 the Office concentrated on increasing its visibility through better use of its digital channels and the creation of specific user focussed content. The IPOI created a new LinkedIn page which gained great traction throughout the year, with 800 new followers by the end of 2023. The Office also ran information campaigns targeted at specific sectors such as SMEs and students with the aim of making intellectual property more accessible and relatable. To show how intellectual property impacts on so many parts of our lives, IP posts were regularly linked to topical events, such as the Rugby World Cup, the National Ploughing Championships as well as the Barbie phenomenon. The IPOI also ran a very successful social media campaign across LinkedIn, Facebook and Instagram, centred around World Intellectual Property Day, the theme of which was "Women and Intellectual Property". The post focussed on five successful Irish female entrepreneurs, pictured below, who have effectively used IP as part of their business strategy and was one of our most popular posts in 2023.

## 5.1 Intellectual Property in Education Programme

The very popular *IP in Education* programme for secondary school students was rolled out nationwide in 2023. Since its roll out (in conjunction with the Student Enterprise Programme) the programme has been delivered to over 50 schools nationwide and 2,000 students. The informative and topical sessions on intellectual property are specifically targeted at Transition Year students who typically take part in events such as the BT Young Scientist & Technology Exhibition and the Student Enterprise Programme where intellectual property may be considered as part of their entries. The programme, which is a one-hour presentation entitled “What is Intellectual Property”? focusses on providing simple, relatable examples to explain and de-mystify intellectual property in an accessible and engaging manner. The IPOI uses topical information to demonstrate the relevance of IP in all our lives and how much it influences everyday choices and decisions. It explains in plain English the differences between patents, trade marks, designs and copyright. Topics such as artificial intelligence and the challenges for IP in the digital world are also discussed. The IPOI team look forward to continuing to upscale the programme in 2024.

This achievement was made possible through the support and invaluable contribution throughout the certification process of the staff and leadership team. The IPOI also wish to acknowledge the assistance provided by the EUIPO through the bilateral Co-Operation Agreement, under which technical and financial support was provided.

## **7.0 Public Sector Duty Statement**

The Public Sector Equality and Human Rights Duty Statement is set out in Section 42 of the Irish Human Rights and Equality Commission Act 2014 and places a statutory obligation on public bodies to eliminate discrimination, promote equality of opportunity and protect the human rights of those to whom they provide services, and staff when carrying out their daily work. The 2014 Act requires a public body, having regard to its functions, purpose, size, and resources available to it, to inter alia report on developments and achievements in the discharge of this statutory obligation in its annual report.

The IPOI is committed to ensuring that there is a culture of respect for human rights and equality among its staff and for the people to whom the Office provide services. In its day-to-day work and particularly in its dealings with stakeholders, the IPOI ensures that no member of the public or other stakeholder suffers discrimination in interactions with the Office under any of the protected grounds: gender, civil status, family status, sexual orientation, disability, age, race, religion and membership of the Traveller community. The IPOI extends the same equality of treatment to its staff. Mechanisms used by the IPOI for meeting its public sector duty include:

- Implementation and review of the requirements for equality of access as set out in the Disability Act 2005 and the appointment of an IPOI Access Officer.
- Enshrining the duty in the Office's Customer Service Plan with input from service users and stakeholders.
- Implementation of the Civil Service dignity at work, anti-bullying, harassment and sexual harassment policy for IPOI employees.

The Department of Enterprise, Trade & Employment launched its first Strategy for Equality, Diversity, and Inclusion in 2023 to work towards promoting a positive culture of support and inclusion, ensuring equality of opportunity for staff and equality in access to services for customers. James Kelly, Controller of the IPOI, is a member of the Departmental working group tasked with delivering the Strategy's actions and reporting on progress annually.

## **9.0 Energy Efficiency in the IPOI**

In line with the Public Sector Climate Action Mandate, the IPOI ensured that the Office was a sustainable and environmentally responsible workplace in 2023 through emission reductions, the implementing of energy savings projects as well as establishing a green ethos in the Office.

Office staff play a pivotal role in delivering the Government's Energy Efficiency Action Plan which has a target of reducing energy consumption, increasing staff awareness of energy efficiency, and monitoring performance of heating/air conditioning equipment. Energy saving measures have resulted in significant savings since 2008, when the Office first joined the Optimising Power @ Work campaign. This is a cross Departmental initiative run by the Office of Public Works which aims to change staff behaviour towards energy use and eliminating energy wastage in public offices. An Energy Advisor is appointed to each participating building and sets energy savings targets. The Energy Advisor also advises staff as to how energy savings may be achieved, through no or low-cost measures. Measures included closely monitoring heating usage to avoid waste during public holidays, switching off all unnecessary lighting and reducing the temperature on heating.

Based on end of year data, the Office has saved 55% overall on energy consumption since joining the campaign. The Office has managed to save an additional 3% over 2022's consumption figures which comes from a 65% reduction in electricity (whole building) and 20% savings in heating. This year, the IPOI, along with the other offices in the building, has reduced its carbon footprint by over 57% compared to the benchmark year or a staggering 179 Tonnes of CO<sub>2</sub>. The appointment of a designated officer with responsibility for monitoring energy efficiency in the building has played a large part in the ongoing reductions in energy usage. The proposed installation in 2024 of a Solar PV system for the whole building is expected to see further significant reductions in imported grid electricity.

## 10.0 Business Statistics

### 10.1.1 Patents

A total of 589 patent applications was received in 2023, which is an 185% increase over the corresponding 2022 figure. There was a 53% increase in the number of patents granted in 2023. At the end of 2023, there were 777 pending patent applications on hand in the IPOI, which is a 43% increase over the 2022 figure of 445. These increases are due to a significant rise in applications received from China. 159 applications were awaiting the submission of evidence of novelty, down from the 2022 figure of 185. This historically high figure has been reducing steadily over the past number of years. The number of applications received from applicants in the State was 200 compared with 169 in 2022.

Figure 2 shows the total number of European applications designating Ireland. This figure is not included in the total number of patents granted in 2023 having effect in the State.

There were 199,268 European Patent Applications designating Ireland in 2023 (76,619 Euro-direct and 122,649 PCT applications entering the regional phase). The total number of European Patent Applications in 2023 was 199,275. For each European Patent Convention contracting state, the number of designations in applications is generally nearly 100% of the total applications, since all countries are initially automatically designated. There were 104,421 granted European Patents designating Ireland in 2023.

\*Note on Patent Classification

Patents are given classifications based on their technical content which allows retrieval of patents according to the nature of the inventions revealed therein. The International Patent Classification (IPC) consists of about 70,000 classification symbols divided between 8 basic sections (A to H), relating to different basic kinds of technology. The Classification system is revised constantly to ensure that new and emerging technologies are included, with a new edition released yearly. A classification code is given for each inventive element in a patent. A patent may contain two or more inventions as long as they are sufficiently related, for instance, a new chemical compound and its use as a medicine or herbicide. Accordingly, a patent may need several classification symbols to cover the whole of its content. The accompanying table and graph collate the total number of classifications allocated to granted patents in 2023. Each individual classification represents an inventive element disclosed in a patent, so this is akin to a tally of inventiveness. Classifications are grouped by IPC section.

## **10.4 Copyright**

### **10.4.1 Collective Rights Management (CRM)**

The European Union (Collective Rights Management) (Directive 2014/26/EU) Regulations 2014 ("the CRM Regulations") were transposed into Irish law through S.I. No.156 of 2016 with effect from 10 April 2016.

The Regulations act to incorporate into Irish law EU Directive 2014/26/EU of the European Parliament and of the Council of 26 February 2014 on collective management of copyright and related rights and multi-territorial licensing of rights in musical works for online use in the internal market ("the CRM Directive"). The CRM Directive has two aims:

- to ensure that Collective Management Organisations (CMOs) act in the best interests of their rightsholders by enforcing a minimum standard of governance and transparency on all European CMO and Independent Management Agencies (IMEs).
- to facilitate the multi-territorial licensing of authors' rights in musical works for online uses.

The CRM regulations provide that the Controller is the competent authority in Ireland for monitoring compliance in the State. The regulations also provide that in addition to meeting the requirements set out in the Copyright and Related Rights Act 2000 which requires a CMO to register and maintain its registration as a copyright licensing body before it can operate in the State, each CMO or IME headquartered in Ireland must also submit an annual compliance statement and compliance report to the Controller, together with their registration documentation. The compliance reporting requirements of the CRM Regulations currently apply to 10 of the 16 registered copyright licensing bodies operating in the State.

### **10.4.2 References to the Controller under the Copyright and Related Rights Act, 2000**

Under Section 38 of the Act, disputes between people playing sound recordings in public and the owner of the copyright subsisting in those recordings, regarding the equitable remuneration payable to the copyright owner, may be referred to the Controller for determination. Under Sections 151 and 152 of the Act, disputes between people or organisations regarding a proposed or existing licensing scheme and the operator of the licensing scheme regarding the equitable remuneration payable, may be referred to the Controller for determination. In 2023 there were no references made to the Controller under Section 38.

### **10.4.3 Registers of Copyright Licensing Bodies under the Copyright and Related Rights Act, 2000**

The Act makes provision for the Controller to establish and maintain the following Registers:

- The Register of Copyright Licensing Bodies.
- The Register of Licensing Bodies for Performers' Property Rights.
- The Register of Licensing Bodies for Database Rights.

In 2023, 15 bodies were registered in the Register of Copyright Licensing Bodies, 2 bodies were registered in the Register of Licensing Bodies for Performers' Property Rights and there were no entries in the Register of Licensing Bodies for Database Rights. The Registers may be viewed on the IPOI website.

### **10.4.4 Orphan Works**

Orphan Works are works such as books, films, newspaper articles and other creative material that are protected by copyright, but whose owner cannot be found or contacted to obtain permission to use them. The works may be part of collections held by Beneficiary Organisations such as libraries, museums, archives, film and audio heritage institutions and public service broadcasting organisations. The EU Directive on Orphan Works (Directive 2012/28/EU) sets out common rules for the use of Orphan Works by cultural organisations for the purpose of digitising those works for non-commercial purposes without infringing copyright. Following the completion of a diligent search to establish either ownership or the orphan nature of the work(s), any organisation wishing to register an Orphan Work in the Orphan Works Database must first apply online to the EUIPO to be registered as a "Beneficiary Organisation." To date, eight Irish organisations have been registered as Beneficiary Organisations.

## 11.0 Knowledge Development Box

The Knowledge Development Box (Certification of Inventions) Act 2017, (No. 6 of 2017) (the KDB Act) establishes a certification scheme to enable SMEs which have inventions in the form of intellectual property (IP) equivalent to a patentable invention to qualify for the KDB and avail of the reduced corporate tax rate. Eligible SMEs are those with income arising from intellectual property of less than €7.5m and with global turnover of less than €50m where the profits result from R&D. The KDB Act provides that the Controller will oversee and operate this certification scheme. It is important to note that an application for a KDB Certificate does not constitute an application for tax relief and a KDB certificate confers no intellectual property rights on a certificate holder.

### 11.1 KDB Report

Section 18 of the KDB Act requires the Controller to include statistical information on the number of applications received, withdrawn or refused, the number of certificates issued and information on the number of applications reviewed and the outcome of each review in the report to the Minister, made in accordance with Section 103(1) of the Patents Act 1992. The report shall not disclose any details of an invention which is the subject of an application. No KDB Certificate applications were received in 2023.

## **12.0 Legislation**

Section 103(1)(b) of the Patents Act 1992, requires the Controller to include particulars of all legislation made in 2023, the administration for which the Controller is responsible.

In April 2023, the European Commission published a set of proposals on intellectual property, the aim of which is to *“help companies, especially small and medium-sized companies (SMEs), make the most of their inventions, leverage new technologies and contribute to the EU's competitiveness and technological sovereignty”*. The proposals concern standard essential patents, compulsory licensing of patents in crisis situations, and the revision of the legislation on SPCs, including the introduction of a Unitary SPC. Of particular interest to the IPOI is the proposal to introduce a centralised examination procedure for SPCs at the EUIPO with assistance from experienced examiners from national IP offices. The Office has been liaising with the Intellectual Property Unit on the proposed reforms throughout 2023.

### **Official Languages (Amendment) Act 2021**

In accordance with Section 3 of the Official Languages (Amendment) Act 2021, the Controller can confirm that the IPOI met all obligations under the Act in 2023 and that there were no matters to report.

## Brollach

I gcomhréir le forálacha Alt 103 d'Acht na bPaitinní, 1992, tá an onóir agam mo Thuarascáil Bhliantúil a chur faoi bhráid an Aire Gnó, Fiontar agus Nuálaíocht don bhliain dar críoch an 31 Nollaig 2023. Baineann mo Thuarascáil le cur i gcrích mo chuid feidhmeanna reachtúla faoi Acht na bPaitinní, 1992 (arna leasú); an tAcht Trádmharcanna, 1996 (arna leasú); an tAcht um Dhearthaí Tionscail, 2001; an tAcht um Chóipcheart agus Ceart Gaolmhar, 2000; na Rialacha Reachtúla agus Rialacháin éagsúla a rinneadh faoi na hAchtanna seo; agus Rialacháin na gComhphobal Eorpach (Deimhniú Forlíontach Cosanta). Tá cinntí faoi na hAchtanna, na Rialacha agus na Rialacháin seo le mo chumas reachtúil, faoi réir cearta áirithe achomhairc chuig an Ard-Chúirt. Cuimsíonn mo Tuairisc freisin tuairisc ar Scéim Dheimhniúcháin KDB mar a éilítear faoi Alt 18 den Acht um Bosca Forbartha Eolais (Deimhniú Aireagán) 2017.

Chomh maith lena chroíghnó arb é an reachtaíocht ábhartha a bhaineann le hiarratais ar chearta maoine intleachtúla (paitinní, deimhnithe forlíontacha cosanta (SPCnna), trádmharcanna agus dearaí tionsclaíocha) a riar agus cláir leictreonacha agus bunachair shonraí na gceart sin a choinneáil, comhlíonann Oifig Maoine Intleachtúla na hÉireann (IPOI) roinnt feidhmeanna oibríochtúla agus rialála lena n-áirítear:

- Imeachtaí a riar os comhair an Rialaitheora maidir le cearta Maoine Intleachtúla lena n-áirítear éisteachtaír chur i gcoinne clárúcháin trádmharcanna.
- Cláir aturnaetha paitinne agus trádmhairc a choinneáil atá údaraithe oibriú sa Stát.
- Clárú agus tuairisciú comhlíontachta ag comhlachtaí um cheadúnú cóipchirt/eagraíochtaí comhbhainistíochta a riadar chomh maith le réiteach díospoidí maidir le méideanna ríchiosa is iníoctha
- leis na comhlachtaí siúd a thagann chun cinn go príomha i réimse an taispeántais taifeadtaí fuaimé phoiblí.
- Cur le forbairt beartais agus reachtaíochta i dtaobh cearta maoine intleachtúla.
- Cúnamh agus faisnéis a chur ar fáil ar chearta maoine intleachtúla.

Cuireann mo thuarascáil faisnéis níos mionsonraithe ar fáil ar an gcaoi ar chomhlíon an Oifig a feidhmeanna reachtúla agus rialála éagsúla mar aon leis na gníomhaíochtaí coimhdeacha agus tacaíonn réimse staitisticí gnó léi.

Ar na príomhstaitisticí gnó, go hachomair, áirítear an méid seo a leanas,

- Fuarthas 589 iarratas ar Phaitinn Náisiúnta agus deonaíodh 109 phaitinn; fuerthas 45 iarratas ar Dheimhniú um Chosaint Fhorlíontach agus deonaíodh 26 iarratas, diúltáodh dóibh nó

tarraingíodh siar iad. Fuarthas 199,268 iarratas ar Phaitinní Eorpacha in 2023 a ainmníonn Éire.

- Fuair an Oifig 2,218 iarratas ar Thrádmharcanna Náisiúnta agus 1,120 Clárú Trádmharcanna Idirnáisiúnta a ainmníonn Éire. Cláraíodh 967 iarratas ar Thrádmharcanna Náisiúnta agus cosnaíodh 940 Clárú Trádmharcanna Idirnáisiúnta. Fuarthas 47 iarratas ar Dheارadh Náisiúnta, ina raibh 126 Dearadh, agus cláraíodh 115 Dearadh faoi dheireadh na bliana.
- D'fhreastail an Oifig ar an líon is mó imeachtaí ardaithe faisnéise ná riamh in 2023. Áirítéar leo siúd Taispeántas Eolaí Óg & Teicneolaíochta BT, Gradaim Chlár Fiontraíochta na nDaltaí, an Comórtas Náisiúnta Treabhdóireachta, chomh maith le comhoibriú leis an Lónra Fiontair Áitiúil agus cur i láthair a chur ar fáil ag breis agus 30 meánscoil.
- Mar gheall ar athrú suntasach san fhoireann – athrú de 23% athrú- ba bhliain dhúshláinach í seo ach baineadh amach formhór spriocanna seirbhíse do chustaiméirí an IPOI go leibhéal sásúil agus ba é 84% an meánráta gnóthachtála.

Bliain dhúshláinach eile ba ea 2023 do lucht gnó in Éirinn agus san AE; iarmhairt na paindéime domhanda fós le brath i dtionscail agus in earnálacha gnó áirithe. Mar thoradh air sin, mar aon leis an méadú suntasach ar rátaí boilscithe ar fud an Aontais, bhí géarchéim shuntasach costais mhaireachtála ann. Bhí tionchar diúltach ar mhuinín agus ar thrádáil mar thoradh ar chúrsaí leanúnacha slándála ar fud an Aontais, ar an gcogadh leanúnach san Úcráin agus ar an míshuaimhneas sa Mheánoirthear le déanaí. Mar thoradh ar luas mall an téarnaimh eacnamaíoch tá fás measartha tagtha ar chomhdú feidhmchlár Maoine Intleachtúla ar fud chóras na hEorpa agus na hÉireann.

Ar thaobh dearfach, agus é á ullmhú leis na blianta, tháinig Cúirt Aontaithe na bPaitinní ar an bhfód faoi dheireadh i mí an Mheithimh 2023. Déileálfaidh sé le ceisteanna maidir le sárú agus bailíocht Paitinní Aonadacha agus Paitinní Eorpacha araon do Bhallstáit chonarthacha an AE a dhaingnigh an comhaontú ar Chúirt Aontaithe Paitinní. Teastaíonn reifreann in Éirinn chun daingniú an Chomhaontaithe ar Chúirt Aontaithe Paitinní a éascú.

Chomh maith leis sin, is díol suntais é don bhliain atá faoi athbhreithniú an luasghéarú agus an dul chun cinn fairsing a rinneadh i ndáil le teicneolaíochtaí nua, go háirithe na huirlisí IS sin, a bhfuil raidhse deiseanna ag baint leo don earnáil phríobháideach agus don earnáil phoiblí araon. Cinnteoidh an IPOI

go mbeidh sé in ann leas a bhaint as na deiseanna seo chun feabhas a chur ar sheachadadh a chuid seirbhísí agus ar an uair a thiocfaidh siad chun cinn.

Ba mhaith liom aitheantas a thabhairt don tacaíocht a chuir an Roinn Fiontar, Trádála agus Fostaíochta ar fáil don Oifig, rud atá ríthábhachtach do sheachadadh fheidhmeanna reachtúla an IPOI. Dá réir sin, ba mhaith liom buíochas a ghabháil leis an Dr Orlaigh Quinn, Ard-Rúnaí, an tUasal Declan Hughes, an tArd-Rúnaí agus leis an Uasal John Newham, Ard-Rúnaí Cúnta. Ba mhaith liom aitheantas a thabhairt freisin don tacaíocht a thug an tAonad um Maoin Intleachtúil le linn 2023, go háirithe an tUasal Conor Verdon agus Jean O'Neill Uas.

Mar fhocal scoir, ba mhaith liom buíochas faoi leith a ghabháil leis an bhfoireann tiomnaithe IPOI go léir as a gcuid oibre in 2023. Bíonn an fhoireann seo i gcónaí toilteanach beart a dhéanamh de réir briathair agus iarracht sa bhareis a dhéanamh dár gcustaiméirí agus d'íarratasóirí IP. Ba mhaith liom freisin aitheantas agus buíochas a ghabháil le foireann IPOI a bhog ar aghaidh agus a d'fhág an Oifig le linn 2023 as a gcuid tacaíochta, cuid acu ar scor, cuid acu ar son na soghluaiseachta agus cuid acu a fuair ardú céime. Cuirim fáilte roimh gach ball nua den fhoireann a tháinig isteach chugainn in 2023.

## 1.0 Feidhmeanna, Misean agus Cuspóirí an IPOI

Is oifig reachtúil neamhspleách í Oifig Maoine Intleachtúla na hÉireann (IPOI) (ar a dtugtaí Oifig na bPaitinní roimhe seo) faoi choimirce na Roinne Fiontar, Trádála agus Fostaíochta. Tá sí freagrach as cearta maoine intleachtúla (IPRanna) a dheonú agus a chlárú in Éirinn, go sonrach cearta paitinne, trádmhairc agus dearaidh thionsclaíoch. Tá 47 státseirbhíseach ag obair san IPOI atá sannta ag an Aire Fiontar, Trádála agus Fostaíochta.

Le linn 2023, d'fhoilsigh an Oifig ráiteas Straitéise nua ina leagtar amach na príomhthosaíochtaí atá ag teacht e leis na spriocanna straitéiseacha a mbeidh an IPOI ag obair ina dtreo sna trí bliana amach romhainn (2023 go 2025). Tá na tosaíochtaí seo ag teacht freisin le Ráiteas Straitéise na Roinne. Go sonrach, cuirfidh straitéis an IPOI leis an toradh inmhianaithe a bhaint amach "*timpeallacht ghnó a éascaíonn infheistíocht agus forbairt, iomaíocht sa mhargadh, agus ardchaighdeáin cosanta custaiméiri*" trí leanúint ar aghaidh ag forbairt córas rialála nua-aimseartha do mhaoin intleachtúil, a spreagann fás eacnamaíoch trí nuálaíocht a spreagadh.

Is é misean lárnach an IPOI: "*Oifig Maoine Intleachtúla nua-aimseartha digitithe a sheachadadh, nuálaíocht agus fiontraíocht a spreagadh, a sholáthraíonn seirbhísí gairmiúla den chéad scoth le bheith bródúil as.*" Tá sé seo le baint amach trí CMInna a chosaint i réimsí paitinní, trádmharcanna agus dearaí laistigh de chreat dlíthiúil éifeachtach a spreagann nuálaíocht in Éirinn agus a éascaíonn scaipeadh réamhghníomhach eolais ábhartha ar CMInna agus ar an gcóras maoine intleachtúla (IP).

Leagtar amach sa Ráiteas Straitéise IPOI 2023 go 2025 na príomhthosaíochtaí don Oifig, atá ag teacht le ceithre chuspóir straitéiseacha, eadhon: (1) barr feabhas oibríochta & seirbhíse do chustaiméirí, (2) barr feabhas seirbhísí faisnéisse, (3) tacú le creat dlíthiúil láidir IP agus, (4) barr feabhas foirne agus san ionad oibre.

Déantar sa tráchtareacht seo a leanas agus sna staitisticí gnó a ghabhann leo breithniú ar ghníomhaíochtaí na hOifige chun na ceithre chuspóir sin a sheachadadh le linn 2023 agus áirítear ann freisin roinnt tuairimí ar threochtaí IP agus ar an tírdhreach IP a tháinig chun cinn i rith na bliana.

### 1.1 Cuspóir 1 – Barr Feabhas Oibríochta & Seirbhíse do Chustaiméirí

Tá an Oifig tiomanta d'athbhreithniú leanúnach a dhéanamh ar a nósanna imeachta riarracháin agus seirbhís fhreagrach ardchaighdeáin a sholáthar de réir spriocanna feidhmíochta. Le linn 2023, chuir an

Oifig Plean Gníomhaíochta nua um Sheirbhís do Chustaiméirí le chéile don tréimhse 2023-2025 ina leagtar amach na príomhspriocanna seirbhíse do chustaiméirí chomh maith le teorainneacha ama is fearr a bhunú chun tascanna éagsúla inmheánacha agus seachtracha a bhaineann le custaiméirí a chur i gcrích. Tá siad seo sonraithe sa chuid "*Spriocanna Feidhmíochta*" den tuarascáil seo. Baineadh amach formhór spriocanna seirbhíse do chustaiméirí an IPOI go leibhéal sásúil agus ba é 84% an meánráta gnóthachtála.

Ó thaobh seirbhísí digiteacha de, tá sraith chomhlántach seanbhunaithe ríomhsheirbhísí a thacaíonn le custaiméirí ag an Oifig, idir ríomhchomhdú le haghaidh paitinní, deimhnithe cosanta forlíontacha, trádmharcanna agus dearaí, trádmharc ar líne agus cuardach dearaidh chomh maith le ríomhíocaíochtaí. In 2023, comhdaíodh beagnach gach iarratas ar chearta IP ar líne (paitinní & SPCanna 97%, trádmharcanna 99%, dearaí 98.5%). Íocadh beagnach 100% de tháillí reachtúla na hOifige go leictreonach ar líne nó trí ríomhaistriú airgid (EFT). Cé nach bhfuil an IPOI go hiomlán gan pháipéar, tá sé ag obair chun gur féidir gach iarratas a chur isteach go leictreonach agus digitíú a chur in ionad gach próiseas páipéarbhunaithe. Le linn 2023, lean foireann na hOifige i gcomhar leis an Aonad TFC ar aghaidh ag seachadadh claochlaithe trí réitigh dhigiteacha a sholáthar mar roghanna malartacha ar phróisis pháipéarbhunaithe. I measc na bpriomhfhorbairtí bhí:

- Tháinig IPOI chun bheith ina oifig ghlactha do scéim Chóras Rochtana Digití na hOifige Domhanda um Maoin Intleachtúil (EDMI) a chuireann ar chumas iarratasóirí doiciméid tosaíochta a chomhdú trí chód rochtana leictreonach.
- Feabhas a chur ar chóras ríomhchomhdaithe na bPaitinní chun comhdú ar líne iarratas Alt 127A a cheadú.
- Tús a chur le hobair fhorbartha ar uathoibriú phróiseas clárúcháin na dTrádmharcanna Idirnáisiúnta.
- Tús a chur le hobair forbartha ar tháirgeadh Iris IPOI a fheabhsú.
- I gcomhar leis an gCartlann Náisiúnta, tá an Oifig ag déanamh meastóireachta ar líon mór comhad stairiúil IP de réir an dea-chleachtais bainistíochta taifead .

Ar cheann de bhuaicphointí 2023, bhain an Oifig deimhniú ISO9001:2015 amach i gcórais bhainistíochta cálíochta, rud atá mionsonraithe tuilleadh sa tuarascáil seo.

## 1.2 Cuspóir 2 – Barr Feabhas i Seirbhísí Faisnéise

Ceann de phríomhchuspóirí an IPOI is ea faisnéis a sholáthar faoi gach gné de chearta maoine intleachtúla, agus ar an dóigh sin ag cuidiú le FBManna, micrifhontair agus fiontrairte luach a chruthú óna gcuid smaointe, a ngnólachtaí a neartú agus tuiscint níos fearr a fháil ar an gcóras IP.

Le linn 2023, mhéadaigh IPOI a gcomhoibriú le raon leathan páirtithe leasmhara, Gníomhaireachtaí agus Oifigí Rialtais maidir le malartú faisnéise agus feasacht ar CMInna a mhéadú. Dhírig Aonad Faisnéise IPOI freisin ar infheictheacht na hOifige a mhéadú trí úsáid níos mó a bhaint as na meáin shóisialta, lena n-áirítear feachtais faisnéise spriocdhírithe agus ábhar tarraingteach agus tráthúil a chruthú. Le linn 2023, dhéileáil foireann na rannóige faisnéise le breis agus 4,000 ríomhphost agus os cionn 4,200 glao gutháin, atá inchomparáide leis na méideanna arda a tuairisciúd in 2022.

Rinne an Oifig taispeántas ag Taispeántas Eolaí Óg & Teicneolaíochta BT i mí Eanáir agus ag cluichí ceannais Ghreadaim Fiontraíochta na nDaltaí (SEA) i bPáirc an Chrócaigh i mí na Bealtaine. Chomh maith le páirt a ghlacadh i roinnt seimineár agus cúrsaí oiliúna atá dírithe ar IP arna reáchtáil ag Lónra na hOifige Fiontair Áitiúil (LEO), ghlac an Oifig páirt freisin i seimineáir na Roinne 'Gnó Níos Fearn a Thógáil' ar fud na tíre a chuir chun cinn na tacaíochtaí is féidir leis an rialtas a sholáthar do FBManna. Tar éis sheoladh rathúil an chláir phíolótaigh IP san Oideachas in 2022, cuireadh an tionscadal i bhfeidhm ar fud na tíre in 2023 i gcomhar le Clár Fiontraíochta na nDaltaí. Cuireadh na cuir i láthair idirghníomhacha seo ar "*What is Intellectual Property*" ar fáil do 31 scoil i rith na bliana. Chuir an Oifig roinnt clinicí IP ar fáil freisin a thug deis do dhaoine den phobal, d'aireagóirí, d'fiontrairte agus do lucht gnó a n-iarratas IP a phlé ar bhonn duine le duine le foireann na hOifige.

Sa phictiúr C-D: An tAire Neale Richmond, buaitoír IP na Catagóire Sinsearaí ag Babhtaí Ceannais SEA 2023, John Magee Cathaoirleach Lónra na nOifigí Fiontair Áitiúil agus Caroline Kelly, IPOI.

Tá cláir dhéthaobhacha comhoibrithe ag an Oifig le hOifig Eorpach na bPaitinní (EPO) agus le hOifig Maoine Intleachtúla an AE (EUIPO) faoina bhfaigheann sí cúnamh, ón dá chomhlacht, i dtreo rannpháirtíocht in imeachtaí éagsúla ardaithe feasachta IP, sainoiliúint IP, tionscadail TFC chun malartuithe sonraí IP a éascú agus cleachtais agus nósannaimeachta a chomhchuibhiú. I rith na bliana, lean foireann na hOifice ar aghaidh ag uasmhéadú an chúnaimh airgeadais agus theicniúil a chuir an EPO agus EUIPO ar fáil trí na cláir chomhair seo i dtéarmaí cúnaimh airgeadais, meantóireachta agus díghlasála saineolais agus acmhainní.

### 1.3 Cuspóir 3 – Tacú le Creat Dlíthiúil Láidir LP

Is cuid ríthábhachtach den chreat reachtach é rialál CMInna a chuireann an nuálaíocht chun cinn agus a spreagann í. Tugann an reachtaíocht faoina bhfeidhmíonn an Oifig an ceart d'íarratasóirí agus do dhílseánaigh éisteacht a fháil i gcúinsí áirithe agus sula bhfeidhmítar chun dochair aon chumhactaí lánroghnacha a leagtar amach sna hAchtanna agus sna Rialacha. Le linn 2023, thionóil an Oifig 9 n-éisteacht *ex-partes* agus 7 n-éisteacht idirpháirtí maidir le trádmharcanna.

Is ceart paitinne Eorpach aonair nua í an Phaitinn Aonadach (UP) a bhfuil éifeacht dhlíthiúil aonadach aige do Bhallstát uile an AE a dhaingnigh an Comhaontú maidir le Cúirt Aontaithe Paitinní (UPCA). Soláthraíonn an UP an deis le haghaidh cogilteas suntasach costas d'úinéirí paitinne, sa mhéid is gur féidir leo iarratas a dhéanamh go díreach chuig an EPO ar phaitinn a bheidh bailí i ngach Ballstát AE atá rannpháirteach i gcomhoibriú feabhsaithe agus a dhaingnigh an Comhaontú maidir le UPCA nuair a chláraítear éifeacht aonadach. Bhí sin déanta ag 17 stát san ionlán nuair a thosaigh an córas nua ar an 1 Meitheamh 2023.

Chun Paitinn Aonadach a chothabháil, ní mór do shealbhóir na paitinne táillí athnuachana bliantúla a íoc go díreach leis an EPO. Éilíonn paitinní Eorpacha traidisiúnta táillí athnuachana iolracha a íoc le hoifigí paitinne náisiúnta éagsúla, gach ceann acu lena riachtanais dhlíthiúla féin, lena n-áirítar spriocdhátaí agus méideanna táillí éagsúla. Leis an bPaitinn Aonadach, tá tálle athnuachana amháin, iníoctha in airgeadra amháin, arna rialú ag creat dlíthiúil aontaithe le haghaidh spriocdhátaí agus modhanna íocaíochta. Déanann sé seo an próiseas athnuachana a chuíchóiriú go suntasach do dhílseánaigh paitinne. Tá costais aistriúcháin i bhfad níos lú mar laistigh den idirthréimhse tá ceanglas ann aistriúchán breise amháin ar an bpaitinn a chomhdú, seachas aistriúcháin i dteangacha éagsúla na mBallstát, mar atá i gcás paitinní Eorpacha. Déantar an próiseas dlíthíochta a chuíchóiriú freisin.

Éilíonn Éire go n-éireoidh le reifreann bunreachta a rith chun an UPCA a dhaingniú, toisc go n-aistrítear dlínse i ndlíthíocht paitinne ó chúirteanna na hÉireann chuig cúirt idirnáisiúnta. Má fhanann an UPCA neamhrátaithe in Éirinn, ní bheidh sealbhóirí paitinne in ann brath ar phaitinní aonadacha ná ar an UPC chun a n-aireagán a chosaint in Éirinn. Ní dhéantar difear do phaitinní náisiúnta arna ndeonú ag oifigí náisiúnta paitinne.

Déanann foireann IPOI ionadaíocht ar Éirinn ag roinnt fóram idirnáisiúnta agus cinntíonn siad go ndéantar seasamh na hOifige maidir le cúrsaí maoine intleachtúla a chur in iúl, a aithint agus a chosaint. Déanann Bainistíocht Shinsearach IPOI ar Chomhairle Riaracháin an EPO agus a Coistí coimhdeacha éagsúla, Bord Bainistíochta agus Coiste Buiséid EUIPO agus Comhthionól Ginearálta EDMI ionadaíocht ar Éirinn. Suíonn foireann na hOifige, ar saineolaithe iad ina réimsí, ar roinnt coistí teicniúla agus idirchaidrimh EPO agus EUIPO, agus ar Ghrúpaí Oibre Tionscadail a spreagann tionscnaimh Eorpacha um chóineasú agus um chomhchuibhiú ag EUIPO agus EPO.

Éascaíonn rannpháirtíocht ar leibhéal idirnáisiúnta idirphlé maidir le hábhar agus struchtúr na gclár comhair agus cóineasaithe idir na heagraíochtaí sin agus Oifigí náisiúnta agus réigiúnacha IP eile san Eoraip, rud a chuireann ar chumas na hOifige a cleachtais, nósanna imeachta agus seirbhísí do chustaiméirí dlíthiúla agus rialála a fheabhsú agus a fhorbairt tuilleadh i gcomhréir leis an gcleachtas idirnáisiúnta is fearr.

## 1.4 Cuspóir 4 – Barr Feabhas Foirne agus san Ionad Oibre

Tá an Oifig tiomanta do chultúr barr feabhas agus féinphorbartha na foirne go léir a chinntiú chun an tseirbhís is fearr a sholáthar do chustaiméirí. Mar chuid den Ráiteas Straitéise 2023-2025, thug an Oifig túis áite d'oiliúint agus d'fhorbairt foirne chun a chinntiú go bhfuil na scileanna agus na cumais riachtanacha go léir ag an bhfoireann. Chun cabhrú leis an bhfeidhmíocht foirne seo a bhaint amach, déantar é a mheas go rialta. Tugann an Córas Forbartha Bainistíochta Feidhmíochta (CBFF) deis don fhoireann spriocanna aonair a leagan síos, athrú a thionscnamh agus a sheachadadh agus leanúint ar aghaidh ag feabhsú cleachtais oibre chun seirbhís éifeachtúil agus ardchaighdeáin a sholáthar. De réir an chórais CBFF, dréachtaíodh Plean Forbartha Oiliúna a bhreithnígh na riachtanais oiliúna éagsúla a d'aithin an fhoireann ina bpleananna forbartha pearsanta do 2023. Chomh maith leis sin, chuir gach aonad de chuid na hOifige Cairt Foirne i gcrích, ina leagtar amach cuspóirí na foirne, ina sainítear deachleachtas agus is uirlis úsáideach í sa timpeallacht oibre chumaisc. Le linn 2023, bhí an fhoireann in ann freastal go fíorúil agus go pearsanta ar raon seisiún eolais agus oiliúna ar ábhair éagsúla chomh maith le saincheisteanna a bhaineann le folláine, sláinte mheabhrach agus fhisiciúil.

## 2.0 Treochtaí agus Táscairí Maoine Intleachtúla

Rangaíonn Innéacs Nuálaíochta Domhanda WIPO (GII) geilleagair dhomhanda de réir a gcumas nuálaíochta. Is éard atá iontu seo ná thart ar 80 táscaire, grúpálte in ionchuir agus aschuir nuálaíochta. Tá Éire 22<sup>nd</sup> i measc an 132 geilleagar atá le feiceáil in GII 2023<sup>7</sup>. Is san Eoraip atá na ceannairí nuálaíochta is airde i measc na 25 cinn is fearr. In 2023, bhog 19 ngeilleagar na hEorpa suas na ranguithe agus bhog Éire suas áit amháin. Léirigh an t-innéacs freisin gur éirigh níos fearr le hÉirinn maidir le "aschuir nuálaíochta" (rangaithe sa 18ú háit) ná "ionchuir nuálaíochta" (rangaithe 26<sup>th</sup>) in 2023. Tá Éire rangaithe ag an CAI mar chuid de ghrúpa na ngeilleagar ardfhorbartha agus ag an mBanc Domhanda mar thír ardioncaim.

Mar gheall ar an staid gheopholaitiúil sa Mheánoirthear agus san Úcráin, bhí an margadh ar fud an domhain éiginnte agus chuir sé seo isteach ar thrádáil chomh maith, go háirithe i slabhraí soláthair. Tháinig fás measartha ar gheilleagar intíre na hÉireann in 2023, agus tugann figiúirí oifigiúla le fios go raibh fás 0.5% ann<sup>8</sup>. Tháinig laghdú 3.2% ar OTI a bhí mar gheall ar laghduithe ar onnmhairí ag cuideachtaí cógaisíochta den chuid is mó. B'ionann an meánbhoilsciú in 2023 agus 5.2% a bhfuiltear ag tuar go laghdóidh sé tuilleadh mar gheall ar laghduithe ar chostais fuinnimh. Bhí leibhéal fostaíochta fós láidir agus bhí os cionn 2.7 milliún duine fostaithe ag deireadh 2023, rud a neartaigh caiteachas tomhaltóirí i rith na bliana.<sup>9</sup> Bhí na leibhéal difhostaíochta tar éis filleadh ar na leibhéal a bhí ann roimh an bpaindéim faoi dheireadh 2023.

Ar fud an domhain, tá tírdhreach na nuálaíochta ag forbairt i gcónaí. Ba mhór an spreagadh é an dúshlán aeráide, go háirithe, don mhéadú ar IPRanna an chlaochlainne ghais ar fud na cruinne. Bhí méaduithe suntasacha ann freisin ar fud na n-earnálacha biteicneolaíochta, teicneolaíochta leighis agus cloachlainne dhigitigh.

## 2.1 Paitinní

### 2.1.1 Iarratais náisiúnta ar phaitinní

Léirigh líon iomlán na n-iarratas náisiúnta ar phaitinn a comhdaíodh in 2023 méadú de bheis agus 186 % ar 2022 (ó 206 go 589) atá mar gheall mhéadú mór in iarratais a fuarthas ón tSín. Mar chuid den fhigiúr foriomlán sin, mhéadaigh comhdú paitinne gearrthéarmacha náisiúnta a fuarthas le linn 2023 ar iomlán 2022 (ó 117 go 461) agus líon na n-iarratas fadtéarmach ar phaitinn ag méadú ó 89 go 128.

### 2.1.2 Deimhnithe Forlíontacha Cosanta (SPCanna)

Leathnaíonn Deimhnithe Forlíontacha Cosanta (SPCanna) cosaint paitinne chuig tárgí míochaine agus tárgí cosanta plandaí suas le 5 bliana, chun moilleanna maidir le ceadú rialála a fháil sna luathbhlianta agus an táirge á thabhairt ó stádas paitinnithe chuig indíoltacht. Cuireann monaróirí cearta an SPC san áireamh chun síneadh ar a n-eisiachas margaidh a chinntiú d'fhoinn costais infheistíochtaí i dtaighde agus i bhforbairt a aisghabháil. B'ionann iomlán na n-iarratas ar Dheimhnithe Cosanta Forlíontacha (SPCanna) agus 45 in 2023

### 2.1.3 Paitinní Eorpacha ag ainmniú na hÉireann

Tháinig méadú beag 3% ar líon na n-iarratas ar phaitinn a fuarthas ag an EPO in 2023 go 199,275. Déantar iarratais ar phaitinní Eorpacha a ainmníonn Éire a iontráil ar Chlár Paitinní na hÉireann tar éis an deontas a fhoilsiú ag an EPO agus tá an stádas dlíthiúil céanna acu amhail is dá mba í an Oifig a dheonaigh iad. Tháinig laghdú 10.4% in 2023 ar iarratais fhoriomlána ar phaitinní Eorpacha a chomhdaigh cuideachtaí cónaitheacha Éireannacha i gcomparáid le 2022. Ciallaíonn 1,057 iarratas san iomlán a chomhdaigh na cuideachtaí sin in 2023 go bhfuil Éire rangaitheanois sa 10ú háit i dtéarmaí iarratas ar phaitinn Eorpach in aghaidh gach milliún áitritheoir.

## 3.0 Comhoibriú Idirnáisiúnta

Glacann an Oifig páirt i ngníomhaíochtaí comhoibrithe lena comhghleacaithe idirnáisiúnta, an EUIPO agus an EPO ar roinnt tionscadal, chun comhchuibhiú a chur chun cinn ar fud na n-oifigí IP náisiúnta, agus chun rudaí a dhéanamh níos éasca d'úsáideoirí na gcorás paitinne, trádmhairc agus dearaidh.

### 3.1 Oifig Maoine Intleachtúla an Aontais Eorpaigh (EUIPO)

Éascaíonn Clár um Chóineasú EUIPO cóineasú cleachtais idir EUIPO agus Oifigí Náisiúnta. Ag obair i gcomhar le Comhlachais Úsáideoirí Eorpacha, is é an príomhchuspóir talamh coiteann a bhaint amach i réimsí ina bhfuil cleachtais éagsúla ag oifigí IP. Comhlánaíonn sé sin an obair atá á déanamh chun urlísí coiteanna TF a chruthú faoin gCiste Comhair. Lean foireann na hOifige ar aghaidh ag tógáil ar an méid a baineadh amach sna blianta roimhe sin trína rannpháirtíocht ghníomhach i nGrúpaí Oibre éagsúla a bunaíodh chun tacú le haidhmeanna an chomhair agus le cóineasú an chleachtais. Ba iad na grúpaí oibre seo Aicmiú Téarmaí Dearthaí, Aicmiú Téarmaí Trádmharcanna, Anailís Cóineasaithe, Réiteach Measúnaithe Comhtháite Iolraí agus Cúnamh ar Scrúdú ar Fhorais Choibhneasta/Forais lomlána.

Lean an Oifig ar aghaidh ag fáil tacaíochta ó EUIPO chun ár n-ionchur sonraí a choinneáil ar a n-uirlisí suaitheanta TMview agus Design View. Ina theannta sin, faoi chomhaontú déthaobhach le EUIPO, bhain an Oifig leas as cúnamh i leith costas raon imeachtaí múscailte feasachta inar scaipeadh faisnéis

faoi Thrádmharcanna Pobail agus Córás Deartha Pobail. Lean an Oifig ar aghaidh ag cur go gníomhach le go leor tionscnamh agus tionscadal arna mbainistiú ag EUIPO faoina bPlean Straitéiseach 2025. Rinne an Oifig athnuachan ar a tiomantas chun a rannpháirtíocht chomhaontaithe a chur i gcrích agus í ag ullmhú chun dul i ngleic leis an bPlean Straitéiseach nua 2030 a sheolfar i mí na Samhna 2024.

Lean an Ciste FBM, a sheol EUIPO in 2021, ag fás agus ag leathnú go rathúil. Cruthaíodh an scéim seo chun cabhrú le fiontair bheaga agus mheánmhéide Eorpacha (FBManna) a straitéisí IP a fhorbairt agus a gcearta IP a chosaint, ar an leibhéal náisiúnta nó ar leibhéal an Aontais. Tá an ciste á fheidhmiú ag EUIPO i gcomhar leis na hOifigí Náisiúnta agus Réigiúnacha IP lena n-áirítear an IPOI. Faoi théarmaí na scéime, d'fhéadfadh FBManna na hÉireann a bheith inchálithe chun 75% a fháil as buniaratas agus táillí clárúcháin de thrádmharc, paitinní agus dearaí náisiúnta agus AE. Ina theannta sin, d'fhéadfadh FBManna iarratas a dhéanamh ar aisíocaíocht 90% de chostas iniúchta IP arna dhéanamh ag saineolaithe aitheanta.

### 3.2 An Eagraíocht Dhomhanda um Maoin Intleachtúil (WIPO)

Lean an IPOI ar aghaidh ag comhlíonadh a chuid gealltanás i réimse na cosanta maoine intleachtúla a d'eascair as ballraíocht na hÉireann in EDMÍ agus as na conarthaí iltaobhacha éagsúla a riarrann sé agus ar stát conarthach í Éire ina leith. In 2023, ghlac oifigigh ón IPOI páirt sa Bhuanchoiste um Dhlí na bPaitinní, i gCoiste Saineolaithe an Aontais IPC agus i nGrúpa Oibre um Athbhreithniú an IPC. D'fhreastail an Rialaitheoir freisin ar chruinniú an Chomhthionól Ghinearálta i mí lúil, a thugann le chéile Ballstáit uile EDMÍ chun treo an bheartais amach anseo a phlé.

In 2023, tar éis di clárú leis an scéim WIPO DAS (Córas Rochtana Digití), rinne an Oifig a córais a uathoibriú chun bheith ina hoifig ghlaicta chuig EDMÍ, rud a ligean d'iarratasóirí den chéad uair na riachtanais doiciméad tosaíochta a chomhlíonadh gan cóipeanna deimhnithe a fháil agus a chur isteach go fisiciúil.

### 3.3 Oifig Eorpach na bPaitinní (OEP)

Lean foireann IPOI de bheith rannpháirteach go gníomhach i ngníomhaíochtaí na gcomhlachtaí agus na gcoistí éagsúla den EPO i rith 2023. Ghlac ionadaithe ón Oifig páirt i gcruiinnithe den Chomhairle Riaracháin, den Choiste Buiséid agus Airgeadais, den Choiste um Chomhar agus Tacaíocht Theicniúil

Tá comhaontú comhoibrithe ag an IPOI leis an EPO don tréimhse 2021-2023 a chuireann maoiniú agus cúnamh teicniúil ar fáil i réimsí na cáilíochta sonraí, lena gcothaítear nuálaíocht agus lena gcothaítear saineolas in oifigí náisiúnta. Cuirfidh na trí thionscadal, a leagtar amach thíos, feabhas ar na seirbhísí digiteacha agus faisnéise a chuireann an Oifig ar fáil chomh maith le haistriú eolais idir an EPO agus an IPOI a neartú.

Comhaontóidh an EPO agus an IPOI comhaontú déthaobhach comhoibrithe nua don tréimhse 2024-2026 in 2024.

## 7.0 Ráiteas Dualgais na hEarnála Poiblí

Tá Ráiteas Dualgais um Chomhionannas agus Cearta an Duine san Earnáil Phoiblí leagtha amach in Alt 42 den Acht um Choimisiún na hÉireann um Chearta an Duine agus Comhionannas, 2014 agus cuireann sé oibleagáid reachtúil ar chomhlachtaí poiblí deireadh a chur le hidirdhealú, comhionannas deiseanna a chur chun cinn agus cearta daonna na ndaoine a gcuireann siad seirbhísí agus foirne ar fáil dóibh a chosaint agus iad i mbun a gcuid oibre laethúla. Ceanglaítear le hAcht 2014 ar chomhlacht poiblí, ag féachaint dá fheidhmeanna, a chuspóir, a mhéid agus a acmhainní atá ar fáil dó, tuairisciú inter alia ar fhorbairtí agus ar éachtaí i gcomhlíonadh na hoibleagáide reachtúla seo ina thuarascáil bhliantúil.

Cinntíonn an IPOI nach bhfuil aingíonn aon bhall den phobal ná aon pháirtí leasmhar eile idirdhealú in idirghníomhaíochtaí leis an Oifig faoi aon cheann de na forais chosanta ina chuid oibre ó lá go lá agus go háirithe agus é ag plé le páirtithe leasmhara: inscne, stádas sibhialta, stádas teaghlaigh, gnéaschlaonadh, míchumas, aois, cine, reiligiún agus ballraíocht i measc an Lucht Taistil. Leathnaíonn an IPOI an chóir chéanna cóireála dá fhoireann. I measc na meicníochtaí a úsáideann an IPOI chun a dhualgas san earnáil phoiblí a chomhlíonadh tá:

- Cur i bhfeidhm agus athbhreithniú ar na ceanglais maidir le comhionannas rochtana mar atá leagtha amach san Acht um Míchumas 2005.
- An dualgas a chumhdach i bPlean Seirbhíse do Chustaiméirí na hOifige le hionchur ó úsáideoirí seirbhíse agus ó gheallsealbhóiri.
- An beartas um dhínit na Státseirbhíse ag an obair, frithbhulaíocht, ciapadh agus ciapadh gnéasach d'fhostaithe IPOI a chur i bhfeidhm.

## 9.0 Éifeachtúlacht Fuinnimh

De réir Shainordú na hEarnála Poiblí um Ghníomhú ar son na hAeráide, chinntigh IPOI gur ionad oibre inbhuanaithe agus freagrach ó thaobh an chomhshaoil de a bhí san Oifig in 2023 trí laghduithe ar astaíochtaí, trí thionscadail choigiltis fuinnimh a chur chun feidhme chomh maith le héiteas glas a bhunú san Oifig.

Tá ról lárnach ag foireann na hOifige maidir le Plean Gníomhaíochta um Éifeachtúlacht Fuinnimh an Rialtais a sheachadadh a bhfuil sé mar sprioc aige ídiú fuinnimh a laghdú, feasacht na fairne ar éifeachtúlacht fuinnimh a mhéadú, agus monatóireacht a dhéanamh ar fheidhmíocht trealaimh téimh/aerchóirithe. Tá coigiltí suntasacha mar thoradh ar bhearta cogilte fuinnimh ó 2008, nuair a chuaigh an Oifig isteach san fheachtas Barrfheabhsaithe Cumhactha @ Obair den chéad uair. Is tionscnamh tras-Rannach é seo atá á reáchtáil ag Oifig na nOibreacha Poiblí a bhfuil sé mar aidhm aige iompar fairne a athrú i dtreo úsáid fuinnimh agus deireadh a chur le cur amú fuinnimh in oifigí poiblí. Ceaptar Comhairleoir Fuinnimh ar gach foirgneamh rannpháirteach agus socraíonn sé spriocanna coigiltis fuinnimh. Cuireann an Comhairleoir Fuinnimh comhairle ar an bhfoireann freisin maidir le conas is féidir cogilteas fuinnimh a bhaint amach, trí bhearta gan chostas ar bith nó ar chostas íseal. Áiríodh ar bhearta dlúthfhaireachán a dhéanamh ar úsáid téimh chun dramhaíl a sheachaint le linn laethanta saoire poiblí, gach soilsíú neamhriachtanach a mhúchadh agus an teocht ar théamh a laghdú.

Bunaithe ar shonraí dheireadh na bliana, shábháil an Oifig 55% ar an iomlán ar ídiú fuinnimh ó chuaigh sí isteach san fheachtas. D'éirigh leis an Oifig 3% breise a shábháil thar fhigiúirí tomhaltais 2022, a thagann ó laghdú 65% ar leictreachas (foirgneamh iomlán) agus cogilteas 20% i dtéamh. I mbliana, laghdaigh an IPOI, in éineacht leis na hoifigí eile san fhoirgneamh, a lorg carbóin os cionn 57% i gcomparáid leis an m bliain tagarmhairc nó 179 Tona CO<sub>2</sub>/fo. Bhí baint mhór ag ceapachán oifigigh ainmnithe atá freagrach as monatóireacht a dhéanamh ar éifeachtúlacht fuinnimh san fhoirgneamh sna laghduithe leanúnacha ar úsáid fuinnimh. Táthar ag súil go dtiocfaidh laghduithe suntasacha breise ar leictreachas eangaí allmhairithe mar gheall ar chóras PV Gréine a shuiteáil in 2024 don fhoirgneamh ar fad.

## 10.0 Staidreamh Gnó

### 10.1 Paitinní

Fuarthas 589 iarratas ar phaitinn san iomlán in 2023, ar méadú 185% é ar fhigiúr comhfhareagrach 2022. Bhí méadú 53% ar líon na bpaitinní a deonaíodh in 2023. Ag deireadh 2023, bhí 777 iarratas ar phaitinn ar feitheamh ar láimh san IPOI, ar méadú 43% é ar fhigiúr 2022 de 445. Tá na méaduithe seo mar gheall ar ardú suntasach ar líon na n-iarratas a fuarthas ón tSín. Bhí 159 iarratas ag fanacht le fianaise nuachta a chur isteach, titim ó fhigiúr 2022 de 185. \*Nóta ar Aicmiú Paitinne

Déantar aicmiú ar phaitinní bunaithe ar a n-ábhar teicniúil. Ceadaíonn aicmiú den chineál sin aisghabháil paitinní de réir nádúr na n-aireagán a nochtar iontu. Is é an tAicmiú Idirnáisiúnta Paitinne (AIP) an córas caighdeánach do rangú paitinne. Tá sé comhdhéanta de thart ar 70,000 siombal aicmithe roinnte ar 8 rannóg bunúsacha (A go H), a bhaineann le cineálacha difriúla bunúsacha teicneolaíochta. Tugtar cód aicmithe ar gach ní airgtheach i bpaitinn. Is féidir dhá aireagán nó níos mó a bheith i bpaitinn chomh fada is atá leorghaoil eatarthu; mar shampla, comheascán nua ceimice agus a úsáid mar mhíochaine nó mar luibhicíd, nó léasair nua agus a úsáid i máinliacht súl nó léamh sonraí. Dá réir sin, is féidir go dteastódh líon áirithe siombal aicmiúcháin lena n-ábhar ar fad a chlúdach. Déanann an tábla agus an graf atá leis seo comhordú ar líon iomlán na n-aicmí a leithdháileadh do phaitinní í 2023. Seasann gach rangú ar leith do ní airgtheach a nochtar i bpaitinn, agus dá bhrí sin is ionann seo cuid mhaith agus cuntas scóir ar airgtheacht. Tá na haicmí curtha i ngrúpaí de réir rannóga AIP.

## 10.4 Cóipcheart

### 10.4.1 Comhbhainistíocht Ceart (CRM)

Le Rialachán an Aontais Eorpaigh (Comhbhainistíocht Ceart) (Treoir 2014/26/AE), 2016 (I.R. Uimh. 156 de 2016), trasuíodh an Treoir maidir le Comhbhainistíocht Ceart isteach i ndlí na hÉireann le héifeacht ón 10 Aibreán 2016.

Leis na Rialacháin, déantar Treoir 2014/26/AE ó Pharlaimint na hEorpa agus ón gComhairle an 26 Feabhra 2014 maidir le comhbhainistiú cóipchirt agus ceart gaolmhar agus ceadúnú ilchríochach ceart i saothair cheoil lena n-úsáid ar líne sa mhargadh inmheánach (“an Treoir CRM”) a ionchorprú i ndlí na hÉireann. Tá dhá aidhm leis an Treoir CRM:

- a chinntíú go ngníomhaíonn eagraíochtaí comhbhainistíochta le leas a n-úinéirí ceart trí fóschaighdeán rialachais agus trédhearcachta a fhorfheidhmiú maidir le gach eagraíocht comhbhainistíochta Eorpac
- cabhrú le ceadúnú ilchríochach chearta na n-údar i saothair cheoil le haghaidh úsáidí ar line.

Foráiltear leis na Rialacháin maidir le Comhbhainistíocht Ceart gurb é an Ceannasaí an t-údarás inniúil in Éirinn i dtaca le faireachán a dhéanamh ar chomhlíonadh na rialachán. Foráiltear leis na Rialacháin freisin nach mór do na heagraíochtaí comhbhainistíochta go léir a bhfuil a gceanncheathrú in Éirinn ráiteas bliantúil comhlíonta a chur faoi bhráid an Cheannasaí, in éineacht le hathnuachan a ndoiciméad clárúcháin. Tá feidhm ag na ceanglais chomhlíonta sna Rialacháin maidir le Comhbhainistíocht Ceart maidir le 10 cinn de na 16 chomhlacht ceadúnúcháin chóipchirt chláraithe atá ag feidhmiú sa Stát.

### 10.4.2 Tagairtí don Cheannasaí faoin Acht Cóipchirt agus Ceart Gaolmhar, 2000

Díospóidí idir daoine atá ag seinm taifeadtaí fuáime go poiblí agus úinéir an chóipchirt atá ar marthain sna taifeadtaí maidir leis an luach saothair cothromasach atá iníoctha le húinéir an chóipchirt, féadfar iad a tharchur chuig an gCeannasaí lena chinneadh faoi alt 38 den Acht. Díospóidí idir daoine nó eagraíochtaí a dteastaíonn ceadúnas uathu faoi scéim atá i bhfeidhm agus oibreoir na scéime sin maidir leis an luach saothair cothromasach atá iníoctha, féadfar iad a tharchur chuig an gCeannasaí lena chinneadh faoi alt 151 agus 152 den Acht. In 2023, níl aon díospóidí amuigh faoi láthair.

### 10.4.3 Cláir na gComhlacthaí Ceadúnúcháin Chóipchirt

Déantar foráil leis an Acht freisin do na Cláir seo a leanas a bheith á mbunú agus á gcoinneáil ar bun ag an gCeannasaí;

- ❖ Clár na gComhlactaí Ceadúnúcháin Chóipchirt.
- ❖ Clár na gComhlactaí Ceadúnúcháin um Chearta Maoine Taibheoirí.
- ❖ Clár na gComhlactaí Ceadúnúcháin um Chearta do Bhunachair Sonraí.

In 2023, cláraíodh 15 chomhlacht ar Chlár na gComhlactaí Ceadúnaithe Cóipchirt, cláraíodh 2 chomhlacht ar Chlár na gComhlactaí Ceadúnaithe um Chearta Maoine Taibheoirí agus ní raibh aon iontrálacha i gClár na gComhlactaí Ceadúnaithe um Chearta Bunachar Sonraí. Is féidir féachaint ar na Cláir ag: <https://www.ipoi.gov.ie/en/types-of-ip/copyright1/copyright-licensing-bodies/register-of-copyright-licensing-bodies/>.

#### **10.4.4 Saothair Dhílleachtacha**

Is é is Saothair Dhílleachtacha ann ná saothair amhail leabhair, scannáin, ailt nuachtáin agus ábhar cruthaitheach eile a chosnaítear le cóipcheart sa chás nach féidir úinéir na saothar a fháil ná teagmháil a dhéanamh leis chun cead a fháil na saothair a úsáid. D'fhéadfadh go mbeadh na saothair sin mar chuid de bhailiúcháin atá i seilbh Eagraíochtaí Tairbhíocha amhail leabharlanna, músaeim, cartlanna, institiúidí oidhreachta scannáin agus fuaimseartha, agus eagraíochtaí craoltóireachta seirbhíse poiblí. Leagtar amach i dTreoir an AE (Treoir 2012/28/AE) rialacha comhchoiteanna maidir le húsáid saothair dílleachtaí ag eagraíochtaí cultúrtha chun na hoibreacha sin a dhigitiú chun críocha neamhchráchtala gan cóipcheart a shárú. Tar éis cuardach díograiseach a chríochnú chun úinéireacht nó nádúr díleachta na noibre a bhunú, ní mór d'eagraíocht ar bith ar mian leo obair díleachta a chlárú sa Bhunachar Sonraí na Saothar Dílleachtach a chur ar líne chuig an EU IPO ar dtús a bheith cláraithe mar "Eagraíocht Tairbhíocht". Cláraíodh ocht eagraíocht Éireannacha mar Eagraíochta Tairbhíocha le linn na bliain 2022.

## 11.0 An Bosca Forbatha Eolais

Bunaíonn an tAcht um **Bosca Forbartha Eolais (Dearbhí Aireagán) 2017, (Uimh. 6 de 2017)** (an tAcht KDB) scéim deimhniúcháin le fiontair bheaga agus mheánmhéide, a bhfuil aireagáin i bhfoirm maoine intleachtúla (IP) atá coibhéiseach le aireagán paitinnithe a chumasú chun cáiliú don KDB agus leas a bhaint as an ráta laghdaithe cánach corporáide. Is FBManna incháilithe iad siúd a bhfuil ioncam acu ag teacht ó mhaoín intleachtúil de níos lú ná €7.5m agus le láimhdeachas domhanda níos lú ná €50m nuair a eascraíonn an brabús ó T&F. Forálann an tAcht go ndéanfaidh an Ceannasaí Paitinní, Dearthaí agus Trádmharcanna maoirseacht agus feidhmiú ar an scéim dheimhniúcháin seo. Ní féidir deimhniú KDB a eisiúint ach amháin sa chás gur aireagán úr, neamh-soiléir agus úsáideach é an t-aireagán. Ní hionann iarratas ar Dheimhniú KDB agus iarratas ar fhaoiseamh cánach agus ní bhrónann deimhniú KDB aon chearta maoine intleachtúla ar shealbhóir deimhnithe.

### 11.1 Tuarascáil KDB

Ceanglaítear le halt 18 den Acht KDB orm faisnéis staidrimh a chur san áireamh maidir le líon na n-iarratas a fuarthas, a tarraigíodh siar nó a diúltaíodh, líon na ndeimhnithe a eisíodh agus faisnéis faoi líon na n-iarratas a ndearnadh athbhreithniú orthu agus toradh gach athbhreithnithe sa tuarascáil don Aire, a rinneadh de réir Alt 103(1) d'Acht na bPaitinní 1992. Ní nochtaidh an tuarascáil aon sonraí faoi aireagán is ábhar d'iarratas. Ní bhfuarthas aon iarratas ar Dheimhniú KDB in 2023.

## 12.0 Reachtaíocht

Ceanglaítear le hAlt 103(1)(b) d'Acht na bPaitinní 1992 ar an Rialaitheoir sonraí na reachtaíochta go léir a rinneadh in 2023 a áireamh agus tá an Rialaitheoir freagrach as a riarrachán.

I mí Aibreáin 2023, d'fhoilsigh an Coimisiún Eorpach sraith tograí maidir le maoin intleachtúil, arb é is aidhm dóibh "*cabhrú le cuideachtaí, go háirithe cuideachtaí beaga agus meánmhéide (FBManna), an leas is fearr a bhaint as a n-aireagáin, teicneolaíochtaí nua a ghiarál agus cur le hiomaíochas agus ceannasacht theicneolaíoch an AE*". Baineann na tograí le paitinní riachtanacha caighdeánacha, ceadúnú éigeantach paitinní i gcásanna géarchéime, agus athbhreithniú ar an reachtaíocht maidir le SPCanna, lena n-áirítear SPC Aonadach a thabhairt isteach. Díol spéise ar leith don IPOI is ea an togra chun nós imeachta láraithe scrúdúcháin a thabhairt isteach do SPCanna ag EUIPO le cúnamh ó scrúdaitheoirí a bhfuil taithí acu ó oifigí náisiúnta IP. Tá an Oifig i dteaghmáil leis an Aonad Maoine Intleachtúla maidir leis na hathchóirithe atá beartaithe le linn 2023.

### Acht na dTeangacha Oifigiúla (Leasú) 2021

De réir Alt 3 d'Acht na dTeangacha Oifigiúla (Leasú) 2021, is féidir leis an Rialaitheoir a dhearbhú gur chomhlíon an IPOI na hoibleagáidí go léir faoin Acht in 2022 agus nach raibh aon ábhair le tuairisciú.
