# Chairperson's Foreword

I am pleased to submit SOLAS' tenth Annual Report, covering the period from 1st January 2023 to 31st December 2023.

2023 was a positive year for SOLAS and the Further Education and Training (FET) sector which saw substantial reform, growth and transformation. SOLAS continued to lead an ambitious FET Strategy Transforming Learning and drove change across the FET system – providing easier access; simplified pathways; a consistent learner experience; and a stronger identity.

As we have emerged from the challenges and restrictions of the COVID-19 pandemic, we have seen a surge in demand for FET and Apprenticeships provision with the learner base growing by some 17% from 2022 to 2023. This shows that our important message is resonating - FET is for everyone, regardless of their level of formal education. It is available in every community in Ireland and offers individuals a valuable and recognised pathway to take them as far as they want to go.

SOLAS also marked a very important milestone in 2023 as it celebrated 10 years since its establishment under the 2013 Further Education and Training Act. At the heart of FET is the learner and over the last 10 years FET has positively impacted the lives of thousands of individual learners, businesses and communities across Ireland. This is to be truly commended and no doubt this is something that SOLAS will strive to continue as we go forward for the next 10 years.

Supporting the growth in learning activity in 2023 across the country is the continued implementation of the Strategic Performance Agreements for the period of 2022-2024. The agreements, which are underpinned by the implementation framework of the [National FET Strategy, Future FET: Transforming Learning 2020-2024](#), are having a real impact on how we deliver on our national agenda, as well as other

key priority areas. This reform has been vital to ensuring that we have cohesion and consistency in how FET is being delivered and ensuring a positive learner experience for all.

I would like to acknowledge the hard work of my fellow Board members, who continued to provide extremely valuable expertise throughout the year. In June 2023, we welcomed two new Board members, Sheila Gallagher and Niall O'Donnellan.

We are now approaching our final year of delivery for the current FET Strategy 2020-2024, and we have achieved a great deal, in this time. It has given me great pleasure to work alongside the SOLAS executive team and the wider FET sector to implement this wide-reaching and visionary strategy over the past year and I am pleased to note the significant achievements made.

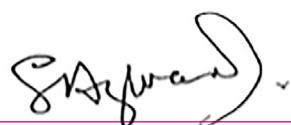

I would like to specifically mention three of the notable accomplishments in 2023 which include:

- Significant capital investment of €53 million by Government in the FET sector and the development of 12 exciting FET College of the Future Projects.
- The building of strong links between FET and higher education through government commitment to tertiary education policy. A range of new tertiary education programmes commenced in September 2023.
- FET continues to play a vital role in communities. A key part of this is the delivery of community education with investment growing beyond recognition in recent years. We have seen learner numbers expand rapidly, and SOLAS, working with key partners, will publish a new community education framework in 2024 which will ensure a more consistent approach to this vital FET provision that offers access to education for so many.

I would like to extend my gratitude to Taoiseach Simon Harris TD and Minister of State, Niall Collins TD, as well as the officials from the Department of Further and Higher Education, Research, Innovation and Science (DFHERIS) for their insight, direction, and support. I would also like to commend the SOLAS CEO, Andrew Brownlee, SOLAS staff, Education and Training Boards Ireland (ETBI), the Education and Training Boards, Government agencies and bodies, and all our other partners across the FET sector who all work together with admirable cohesion and vision to provide excellent education for all learners engaged in the FET system, especially the most marginalised.

On behalf of the Board, we will continue to provide strategic advice, support and guidance to SOLAS in 2024 as we work together to ensure a bright future for FET.

# CEO's Foreword

2023 was a year of unprecedented growth in FET and apprenticeships, with people of all ages turning to it for the learning they need.

One in ten people aged over 15 in Ireland – over 400,000 people – benefited in some way from FET and apprenticeships in 2023. These figures are really heartening for all of us working in the FET sector and give us a strong indication that FET is delivering, not only for individuals, but for communities and society and is achieving its ambition of becoming a major driver of both economic development and social cohesion.

The growth in FET provision in 2023 includes:

- Over 150,000 undertaking construction safety training via the Construction Skills Certification Scheme, the Quarries Skills Certification Scheme, and Safepass, with a new online renewal system introduced in January, fueling the workforce required for this critical industry and driving the delivery of Housing for All. Added to this, almost 5,000 people trained in essential nearly zero-energy building (NZEB) and related skills needed to retrofit 500,000 homes by 2030.
- An apprenticeship population of 27,470. There are now 73 different apprenticeship offerings, and 9,237 employers with apprentices working for them.
- Almost 219,000 unique learners taking other FET courses, with some 375,373 places taken up during the 2023 (many of our courses are short, and many FET learners take more than one in a year). This is up around a fifth on 2022 levels – an amazing achievement.
- Post-Leaving Certificate course enrolments (a prime destination for school leavers) are up 11% year-on-year, the sector is supporting over 33,000 Ukrainians in English-language and other skills, and over 21,000 employees are upskilling via the Skills to Advance initiative, up over a quarter in 2022.
- Participation on our eCollege courses has grown by around 20% to 25,000, growing gradually back to the mass demand seen during the height of the pandemic, when we opened up the online resource to everyone. This has been fueled by diversifying the offering, with green skills now part of the portfolio, and further plans to develop it as a gateway into FET in 2024.

## Growth and Impact

2023 will be remembered as a year of growth but also of real impact. We successfully delivered on our national FET system performance targets which include key areas such as: widening participation - more people from key target cohorts than ever before took part in FET courses, progression within FET as people moved along learning pathways, and higher certification rates for transversal skills and key skills needs, ensuring that learning undertaken had a currency and relevance for industry and beyond. This provides us with a solid basis for continued development in 2024.

2023 also saw important reform, especially in relation to funding model reform which links the resourcing of FET and apprenticeship to outcomes and needs in the respective Education and Training Board (ETB) regions.

SOLAS leads the transformation and change in the FET sector but none of this is possible without the collaboration and support that we receive from the hard-working and passionate people working across the FET system. Ultimately, we are all working towards a common goal which is to ensure FET learners have a consistent and positive experience and those who need it most can access education opportunities and supports. I would like to sincerely thank my colleagues in SOLAS, the SOLAS Board, the DFHERIS, the ETBI and all of the 16 ETBs and their staff, agencies and bodies we work with, and everyone engaged in the FET sector or working to support it.

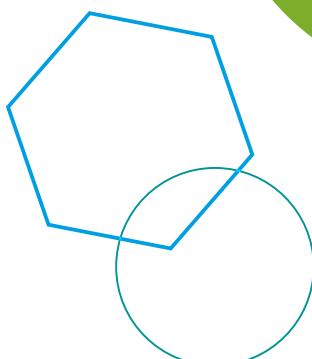

We look forward to working in partnership with you all in continuing to grow the profile and impact of FET across Ireland.

## About SOLAS

SOLAS is the state agency responsible for FET in Ireland. We drive the responsiveness, innovation, transformation, sustainability and success of the FET and apprenticeship systems. We do this by setting strategy, channelling investment, leading implementation, and ensuring accountability across FET providers, with an overriding focus on the needs of their learners and apprentices.

We are leading an ambitious National FET Strategy, Future FET: Transforming Learning 2020-2024 and driving change and reform across the FET system – providing easier access; simplified pathways; a consistent learner experience; and a stronger identity.

**Our Vision:** is to power the potential of individuals, communities and enterprise through lifelong learning and workforce transformation.

**Our Ambition:** With one-in-ten adults now impacted in some way by the learning supported by SOLAS, our ambition is to grow this further to half-a-million people by 2026.

Our message has been strong and consistent

**“FET is for everyone, regardless of your level of formal education. It is available in every community in Ireland and will offer you a valuable and recognised pathway to take you as far as you want to go.”**

## SOLAS in 2023

Building on our significant progress in 2022, SOLAS continued to lead the transformation of FET into 2023, driving widespread change across the sector. In 2023 we saw a bounce back in FET, and experienced significant growth which was much needed following a decline in FET participation during COVID-19.

As the implementation of the FET Strategy 2020-2024 came into its final two years in 2023, FET and apprenticeships continued to become known as a valuable and recognised learning pathway. Demand in 2023 for FET and apprenticeship experienced a record high with over 400,000 people benefiting in some way from FET and apprenticeships. A significant increase in the learner base by some 17% from 2022 to 2023 giving evidence to the growing importance of FET for everyone across our communities.

SOLAS made significant progress in key areas in 2023, advancing the vision and ambition set out in FET Strategy 2020-2024. The evolution of FET Colleges of the Future was supported through a major programme of capital investment to modernise and upgrade FET Colleges to provide transformational learner experiences, delivering modern skills development opportunities and learning spaces serving communities and learners alike.

The FET for Enterprise offering, through programmes such as Skills to Advance saw continued growth and expansion and continued to serve as a resource for everyone to upskill and reskill throughout lifetimes and careers in their local communities. eCollege saw substantial growth in participation for both upskilling and lifelong learning opportunities as it continued to be available completely free of charge for the fourth year running.

The National Apprenticeship Office (NAO) made great progress in its ambitious targets under substantially increased demand while continuing to address the ongoing backlog

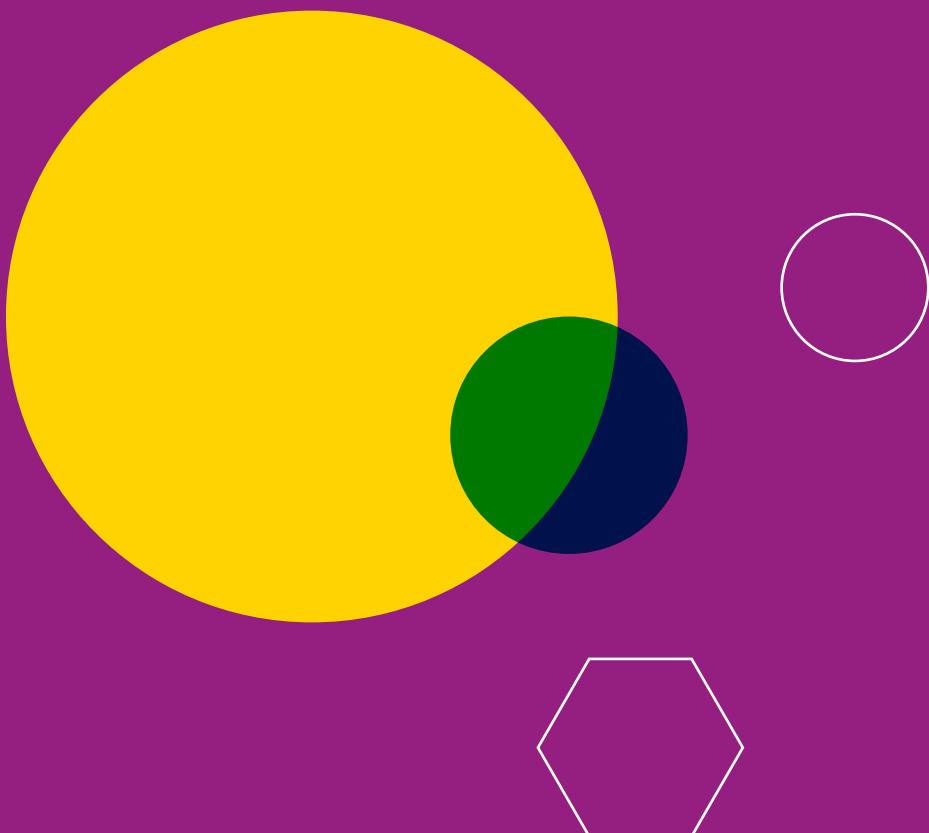

issue resulting from COVID-19 public health restrictions on the sector.

Green Skills and Construction focused on the expansion of the national FET provision in both green skills and future construction skills in line with key Government policies around climate and housing.

FET for Communities also experienced growth, with the Adult Literacy for Life (ALL) programme office setting out a clear vision through the launch of an impactful national communications campaign to promote general awareness of literacy, numeracy, and digital literacy skills, encouraging conversations about the importance of literacy in local communities together with supporting people to access local literacy services.

This year SOLAS marked 10 years since its establishment in 2013, alongside the network of Education and Training Boards (ETBs) across the country. Reflecting on progress over the past decade as we reached this significant milestone, SOLAS has successfully led the FET sector to become a more strategic, visible, and integrated sector, offering opportunities for everyone and driving economic development and social cohesion, to ensure that FET can meet the changing needs of Irish society.

2023 was a year of phenomenal growth and transformation for FET, highlighting the sector's significant increase in demand and its agile response to supporting an additional 33,000 Ukrainians in English-language and other skills. This should give us an exciting platform for further development in 2024, where the ambition and drive to achieve the best results possible for learners and their communities is at the heart of the sector.

## > FET Funding in 2023

SOLAS' System Funding and Performance team supports the planning, funding and grant assurance processes for the FET sector. This includes the annual Funding Allocations Requests (FAR) process which facilitates the submission, by FET providers, of qualitative, quantitative, and financial data to support their funding applications. As a result of this process, the 2023 FET Services Plan provided for a total budget allocation of €999.39m which was made available for SOLAS funded FET provision in 2023, including a capital allocation of €59.5m.

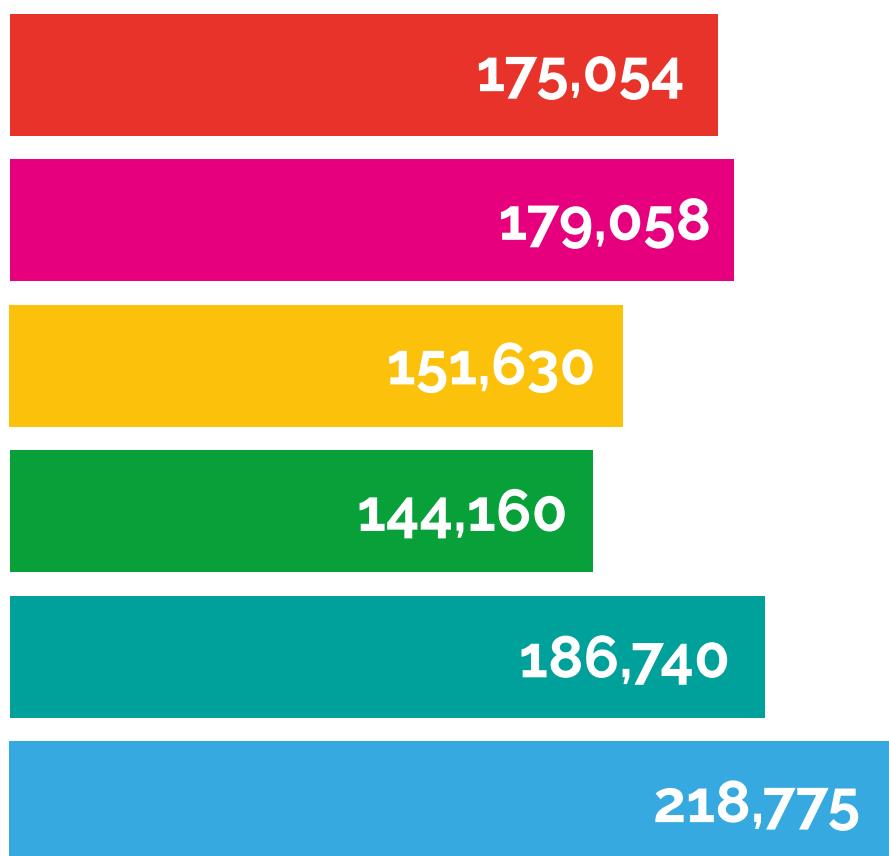

The System Funding and Performance Team also collects and collates quantitative data, reported by ETBs, primarily through the Programme Learner Support System (PLSS).

Apprenticeship Clients Services System (ACSS) and FARR systems, to provide reports on FET provision. Below is an illustration containing information on the FET activity that was reported by ETBs through these mechanisms in 2023.

In 2022, the FET system recovered substantially from the periods of restrictions and the impact of the COVID-19 pandemic.

# Research, Data and Strategic Engagement

In 2023, SOLAS' Research, Data and Strategic Engagement (RDSE) team continued to lead a major milestone in delivering the Transforming Learning agenda with the ongoing implementation of the [Strategic Performance Agreements 2022– 2024](#) between SOLAS and each of the 16 ETBs.

These agreements set out the future plans for development and innovation across the FET system and include the planned contribution from each ETB to the national system targets, agreed with the DFHERIS. The 12 national system targets include reference to areas and themes deemed critically important in the inaugural strategic performance agreements 2018-2020. These include employment outcomes, progression to higher education and lifelong learning, while also incorporating key national priorities including green skills and workforce reskilling.

Target Theme	Target Measure
<b>Supporting Jobs</b>	<b>Jobs:</b> Return employment outcomes to 2019 levels and grow by a further 10% by 2024 <b>Skills to Compete:</b> Deliver 50,000 places to support those who lost their job to find a pathway back to sustainable work
<b>Creating Pathways</b>	<b>Progression within FET:</b> Return progression movements within FET to 2019 levels and grow by a further 10% by 2024 <b>Progression from FET-HE:</b> Grow levels of progression by 10% by 2024
<b>Fostering Inclusion</b>	<b>Transversal Skills:</b> Return certification at National Framework of Qualifications (NFQ) levels 1-3 to 2019 levels and grow by a further 10% by 2024 <b>Widening Participation:</b> Return participation levels by key target groups to 2019 levels and resume growth <b>Adult Literacy for Life (ALL):</b> Increase provision for literacy and numeracy
<b>Upskilling through Lifetimes and Careers</b>	<b>Lifelong Learning:</b> Return engagement in lifelong learning to 2019 levels and grow by a further 10% by 2024 <b>Skills to Advance:</b> Continue to grow workforce upskilling enrolments
<b>Targeting Key Skills Needs</b>	<b>Key Skills Needs:</b> Grow the number of places addressing key skills needs <b>Retrofitting Skills:</b> Expansion of reskilling provision to meet retrofitting needs <b>Green Skills for All:</b> Embedding of core green skills module across FET courses

As the agreements continued to be implemented in 2023, they enabled the FET system to continue improving outcome levels which existed prior to the pandemic as well as ensuring growth and reform to meet the ambition of the FET Strategy 2020-2024, across the 16 ETB regions.

The published agreements were accompanied by a [national system report](#) which summarises the progress and achievements made since the first agreements were put in place, the key themes emerging from these agreements that will shape system development, and the national FET targets that will be delivered over the period 2022-24. It is now expected that by the end of 2024, the FET system will:

- Grow its employment outcomes by over 10% on pre-COVID levels and have a single Skills to Compete offering for the unemployed, reskilling circa 20,000 per annum.
- Refocus on pathways within FET, growing beyond pre-COVID progression levels between NFQ Levels 1-6, and expanding FET-Higher Education (HE) pathways by up to 25% in support of a unified tertiary system.
- Ramp-up certification of transversal skills and widen participation of key target groups by at least 10% on pre-COVID levels, while adding 10,000 places in support of the Adult Literacy for Life (ALL) Strategy.
- Grow lifelong learning participation well beyond pre-COVID levels, while doubling the scale of the Skills to Advance workforce upskilling initiative.
- Further expand provision focused on critical skills needs by 15%, ramp up Near Zero Energy Buildings/retrofit provision to more than 7,000 places per annum and embed green skills modules across all FET provision.

- As part of the overall transformation agenda, SOLAS' data analytics team created and delivered a new digital outcomes-based platform to track the performance of the 12 national system targets.

The annual progress report for 2023 showed that ETBs and the wider FET sector, over achieved on eight out of ten of the targets with data being compiled for a further two targets.

This is further evidence of the outstanding performance of ETBs in 2023.

## > Research

Delivery of informative and timely strategic research was a key feature underpinning FET provision across 2023. The publication of the FET System Outcomes Report 2018-2022 report, evidences the trends and growth in SOLAS funded activities over this period.

Additional key reports and publications from SOLAS' Data Analytics team included FET Facts and Figures as well as exploratory research into socio-economic backgrounds of the FET learner community.

The launch of the [National Skills Bulletin](#) for 2023 with our strategic partner, the Committee of Enterprise in the RDS marked a step change in the reach and the impact of national skills analysis and research in shaping the future skills landscape for Ireland.

Alongside the completed OECD Skills Review of Ireland in 2023, the Skills and Labour Market Research Unit (SLMRU), in collaboration with the National Skills Council continued to provide key influential and insightful publications, including the [National Skills Bulletin](#), the [Monitoring Skills Supply](#) in Ireland report, and the [Difficult to Fill Vacancy Survey](#).

In considering the national dynamics for occupational areas, while skills shortages, or potential skills shortages may exist, alongside a skills supply (as well as a potential labour shortage), the RDSE team continues to work

closely with the DFHERIS to ensure that FET and national skills planning and future ambition can be as informed as possible, particularly given the recommendations that have emerged from the OECD Skills Review of Ireland in 2023.

## Communications

2023 was a period of recovery, growth and transformation of the FET sector. The past year saw a significant increase in demand for FET and apprenticeships, reinforcing its growing importance to everyone across our communities, and representing a pivotal milestone as SOLAS marked 10 years since its establishment in October of this year.

The SOLAS Communications team continued to grow the profile of FET across a range of audiences, including potential learners, communities, employers and Government throughout 2023, promoting the unique value of FET in serving all parts of Irish society, and effectively provided a call to action to all individuals and enterprises to think about how FET could help them grow.

SOLAS' role as a leader in the transformation of the FET sector was strengthened by the Communications team during this time, highlighting its role as a key driver of change in the sector.

### > Key Campaigns

On the back of impactful campaign activity, the Communications team together with the Adult Literacy for Life (ALL) programme office delivered a national paid campaign in the lead up to and during International Literacy Day in September. This campaign promoted general awareness of literacy, numeracy, and digital literacy skills, and encouraged conversations about the importance of literacy in local communities together with supporting people to access local literacy services.

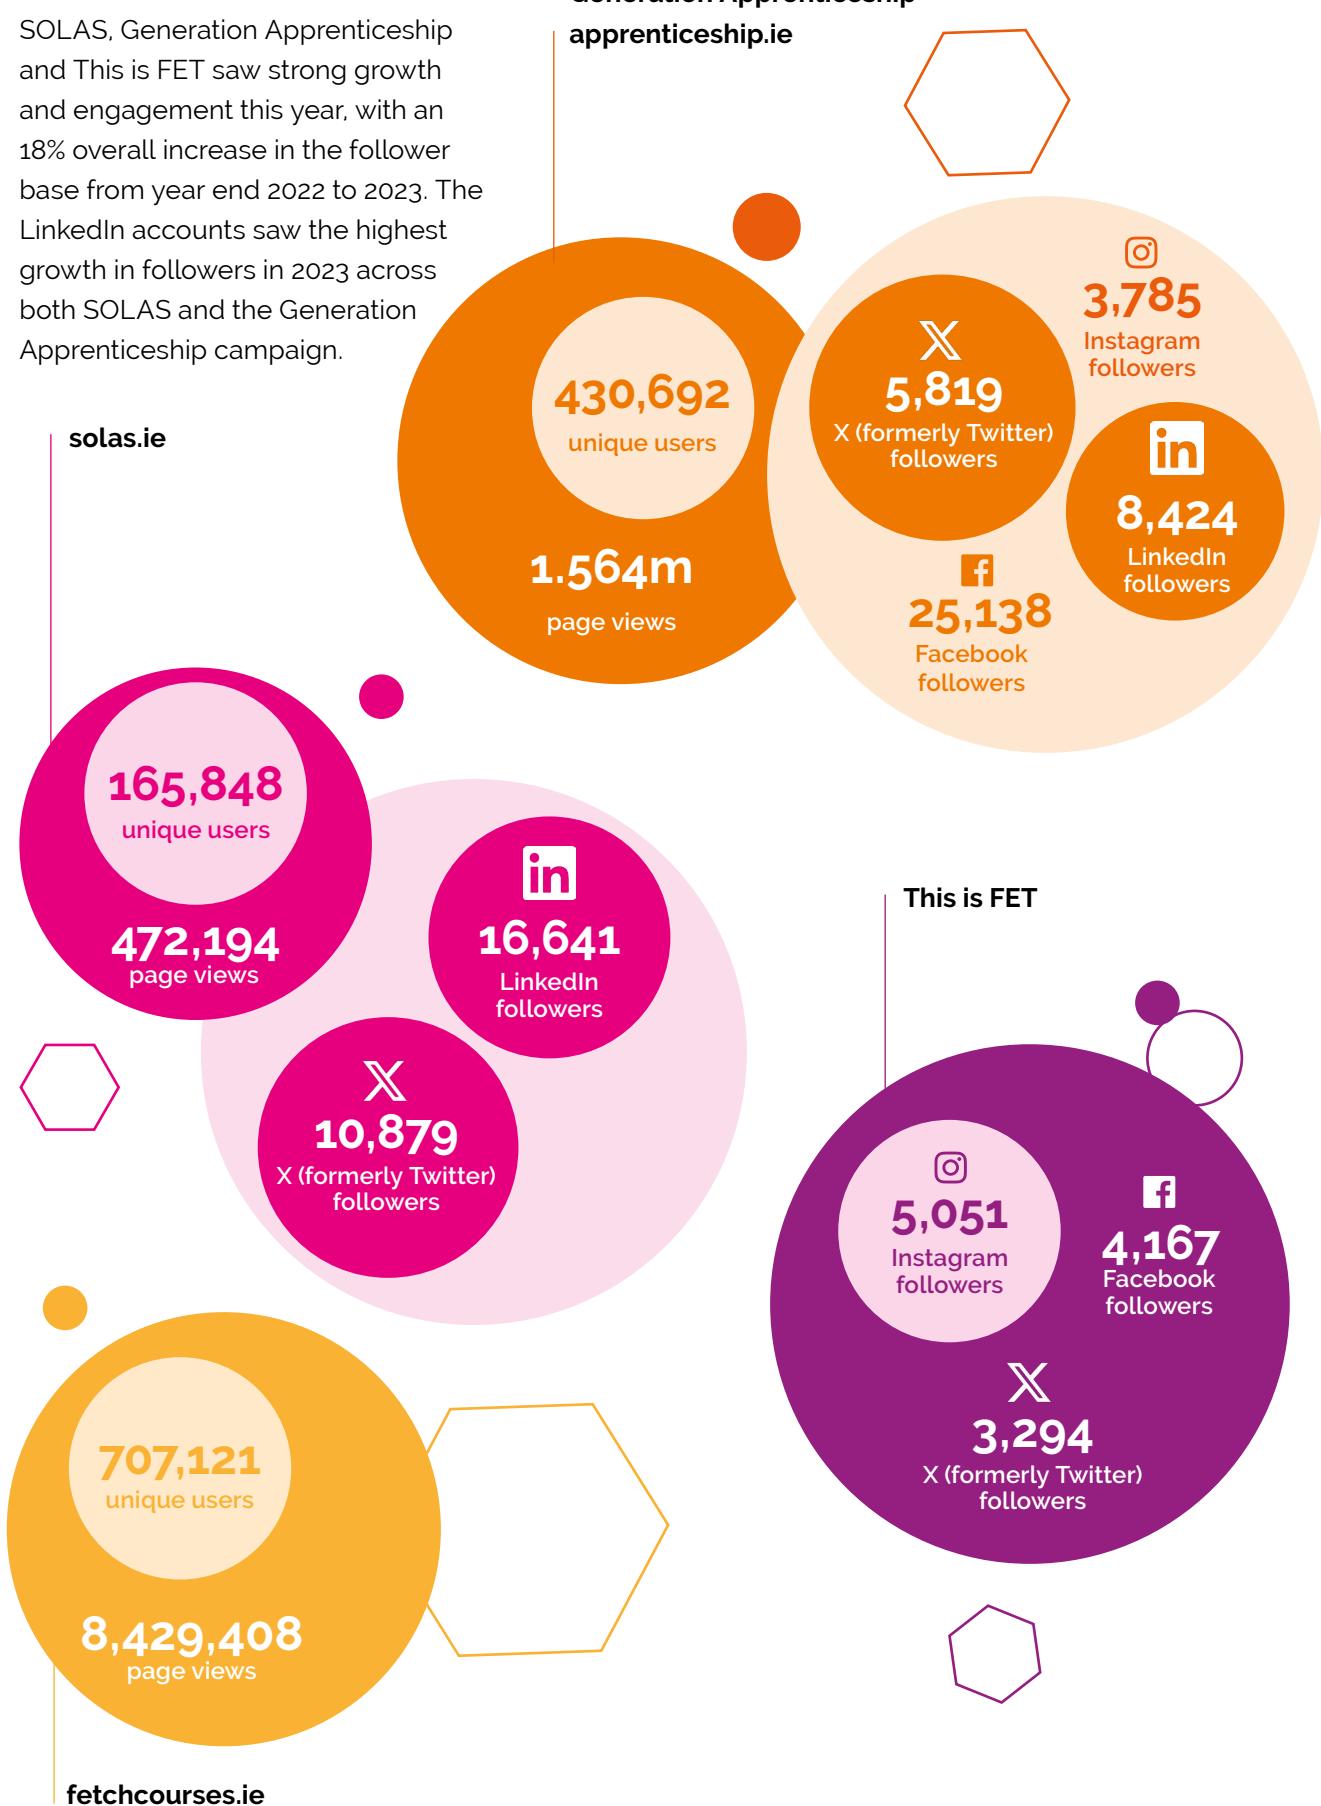

Building upon the increase in school leavers choosing FET pathways, a national campaign to promote FET as a valuable option for this cohort was coordinated and strategically phased around key milestones in the CAO timeline. This paid media advertising campaign was rolled out across key touchpoints and channels, targeting school leavers and key influencers including parents, teachers, and guidance counsellors. Paid activity was supported by regular earned national and regional PR campaigns and media appearances by SOLAS spokespeople. The campaign delivered impact, driving a significant number of users to the website.

The National Apprenticeship Office (NAO) expanded their Generation Apprenticeship paid advertising campaign activity across 2023, taking a more targeted approach to reaching prospective apprentices and potential employers through a variety of channels. Activity included a school leaver campaign, the 'Facts, Faces Futures' campaign promoting apprenticeships to young women, while the 'One More Job' campaign was geared towards employers. Towards the end of 2023, a national Apprentice Instructor Recruitment campaign was launched in collaboration with the ETB network.

The Communications team also supported a number of campaigns and promotional activity for key business units throughout the year including the FET for Enterprise offering across Skills to Advance, Micro-Qualifications and eCollege, including a national eCollege campaign to support 'Energy and You; Reduce your Use'. Promotional activity for Green Skills and Construction was supported by the Communications team, a highlight being the launch of the Alternative Safepass Renewal.

## > Analytics

Social media channels across SOLAS, Generation Apprenticeship and This is FET saw strong growth and engagement this year, with an 18% overall increase in the follower base from year end 2022 to 2023. The LinkedIn accounts saw the highest growth in followers in 2023 across both SOLAS and the Generation Apprenticeship campaign.

## > Key Events

2023 saw the full return of in person events, with a number of national learner-focused events in September including the Irish Times school leaver event, Higher Options, the Apprenticeship focused Ireland Skills Live, and the Government of Ireland presence at the National Ploughing Championships in collaboration with ETBI and the DFHERIS.

The Constructing Futures event to raise the profile of sustainable construction within the FET sector and the launch of the SLMRU's National Skills Bulletin, were two very well attended events towards the end of 2023.

The NAO celebrated the first ever female winner of their Apprentice of the Year Awards, with strong press coverage and followed the successful Workplace Champion of the Year Awards. Throughout the year the NAO had a strong regional presence at a number of careers-focused events and roadshow events held across the country. Partners meetings continued to be a key focus for stakeholder engagement over the past year.

2023 saw a number of large-scale conferences from the National Association for Principals and Deputy Principals (NAPD), ETBI and the Organisation for Economic Cooperation and Development (OECD), and the AONTAS STAR Awards - all of which SOLAS had a role in.

The Communications team kept stakeholders updated with key reports published during the year including:

- Difficult-to-fill Vacancies 2023
- Autumn/Winter Skills Bulletin 2023
- Monitoring Ireland's Skills Supply 2023
- National Skills Bulletin 2023
- Summer Skills Bulletin 2023
- Spring Skills Bulletin 2023

SOLAS' social media presence continued to grow in 2023 with the 'thisisfet' and apprenticeship channels experiencing growth in follower numbers. The team continued to support internal communication through several initiatives including the "Spotlight on SOLAS" eNewsletter, 12@12s, and Brunch & Learns.

In addition to its communications function, the communications and secretariat team continued to provide secretariat support to the SOLAS Board throughout 2023, as well as managing Freedom of Information (FOI) requests and Parliamentary Questions (PQs).

## FET College of the Future (CotF)

2023 represented yet another landmark year in respect of capital investment in the FET Sector with €53 million in funding distributed to ETBs across over 100 projects and as Devolved Capital Grants.

Significant progress was also made on projects funded via the two 2022 capital funding calls, the Strategic Infrastructure Upgrade Fund (SIUF) and the College of the Future Major Projects Fund. Under SIUF, 19 projects are progressing through design and tendering stages. These projects will address deficits in FET properties across the country, impacting all 16 ETBs.

Twelve projects have recently developed Preliminary Business Cases (PBCs) under the CotF Major Projects. These business cases will further evolve in 2024 towards the delivery of flagship FET campuses in locations with high learner demand and significant infrastructural need.

Another critical milestone was achieved in 2023 with work commencing to produce FET Estates Strategies, Building Stock Plans, and Public Sector Climate Action Mandate Roadmaps by each ETB. Supplemented by the largest ever information survey of the FET property portfolio and leveraging these strategies, SOLAS can now implement more data-driven decisions in the deployment of funding to enable delivery

of the FET Strategy 2020-2024. In parallel, it will also support Ireland's commitments under the Climate Action Plan, EU Energy Performance Directive, and the Paris Accord.

As well as providing technical and administrative funding support to both live projects and a growing funding pipeline, the FET CotF team have focused on continually improving processes as a key strategic priority to increase efficiency, responsiveness, and ultimately improve the FET learner experience. Engaging with multiple business units within DFHERIS, the team has identified increased digitalization as a key target for 2024, supported by individual upskilling and investment in industry-standard construction and estates management systems.

## **Adult Literacy for Life (ALL)**

Adult Literacy for Life (ALL) is a 10-year strategy that aims to ensure that every adult has the necessary literacy, numeracy and digital literacy to fully engage in society and realise their potential. Throughout 2023, significant work was done to set up new structures and fund activity at national and regional level to support a whole-of-government and whole-of-society approach to implementing the strategy in Ireland.

**National Programme Office:** Three new sectoral leads in the areas of education, health and community were appointed, along with additional staff to support the coordination and delivery of the strategy. The National Programme Office began to strategically engage with ETBs and relevant SOLAS funded agencies on delivering the ALL Strategy.

**Regional Literacy Coordinators:** The appointments of Regional Literacy Coordinators (RLCs) in ETBs continued with fifteen of sixteen, in place by year end. In 2023, RLCs met with about 400 organisations to drive partnerships that will support the strategy at local level.

### **National and Regional Literacy Coalitions:**

A National Literacy Coalition (NLC) was set up with representation from about 20 government departments, organisations and stakeholders. The NLC met to develop appropriate responses to deliver the strategy. Similarly, in 2023, thirteen (of a total of sixteen) Regional Literacy Coalitions were set up by RLCs and they have started developing Regional Literacy Action Plans to drive the strategy implementation at local level.

**Collaboration & Innovation Fund:** To fund innovative projects and partnerships that support adults to improve their literacy, numeracy and digital skills. The funding was given to a diverse range of organisations nationwide, from small community groups to libraries, refugee centres, support organisations and adult education providers. This funding benefited hundreds of people.

**Awareness Campaigns:** National awareness campaigns were run across radio, video, outdoor, digital and social media to raise awareness of the Adult Literacy for Life (ALL) Strategy, as well as highlight the local literacy services and supports available. Regional Literacy Coordinators also organised 30 local events and activities; took stands in 30 Post Offices; and disseminated 20,000 promotional resources nationwide.

**Research:** The first phase of research was completed to inform the development of a Professional Learning and Development Framework for Literacy Practitioners. Research to map Digital Literacy Skills Provision in Ireland was also started.

**Plain English Training:** Forty staff across government departments, state agencies, ETBs and non-governmental organisations availed of ALL funded plain English training.

# Apprenticeship

SOLAS has statutory responsibility for apprenticeships in Ireland and, through the National Apprenticeship Office (NAO), SOLAS in close partnership with the Higher Education Authority (HEA) continues to make a vital contribution to the growth and expansion of the national apprenticeship system. The NAO has responsibility for driving implementation of the national Action Plan for Apprenticeship 2021-2025.

The National Apprenticeship Alliance met 8 times throughout 2023. This is a national advisory group which includes industry, apprentice, social partner, and training provider representatives. The Alliance advises the NAO on implementation of the Action Plan 2021-2025 including progress towards establishing a single integrated model of apprenticeship.

We have seen an unprecedented growth of apprenticeships in 2023 which has led to a high demand for training places. The NAO, working closely with the HEA and training providers in further and higher education, are coordinating a transformation training plan for craft apprenticeships to eliminate delays in apprentices being scheduled for off-the-job training that began to rise in 2023.

A comprehensive plan including innovative and emergency approaches was developed to tackle craft apprenticeship backlogs and got underway in 2023. This will see a significant increase of apprentices trained off-the-job in 2024.

Seven new apprenticeships were launched during the year, including Farm Manager (National Framework of Qualifications (NFQ) L7) and Farm Technician (NFQ L6) apprenticeships and a new Advanced Quantity Surveyor (NFQ L9). By the end of 2023 there were 73 national apprenticeships operational, with 22 more in development.

## > 2023 in Numbers

The number of new apprentices who registered in 2023 was the highest to date. There were 8,712 registrations in 2023 compared to 8,286 in 2022.

The number of apprenticeship employers actively employing apprentices also increased in 2023, to a record 9,237, up from 8,934 in 2022.

Overall, the apprentice population grew significantly in 2023- the total apprentice population at the end of the year was a record 27,470, up from 26,325 in 2022.

For information on all available apprenticeship courses and related data, see Appendices.

## > National Apprenticeship Office activities in 2023

2023 was another busy year for the National Apprenticeship Office (NAO), as it moved from start up to scale up in its activities and impact.

Extensive work was undertaken on developing the model for a single integrated apprenticeship system. Progress on this was communicated to all stakeholders at regular intervals through dedicated newsletters.

Following data analysis in July 2023 which indicated that delays in training for craft apprentices were rising substantially, the NAO coordinated a cross-organisational team which included SOLAS, HEA and apprenticeship training providers across further and higher education to develop a detailed plan to tackle and eliminate the training delays over the remainder of 2023 and into 2024. By the end of 2023 a plan had been agreed in close liaison with the DFHERIS to provide funding and training capacity for over 9,800 phase 2 apprentices along with measures such as a national instructor recruitment campaign and accelerated training delivery for some programmes. Implementation of the plan got underway in December 2023 and will continue throughout 2024.

The team expanded to 18 staff and a new fit-for-purpose office and conference facility was established in Eastpoint Business Park in Dublin. Towards the end of the year, it was announced that the Craft Apprenticeship team in SOLAS would be subsumed under the NAO from 2024 onwards, creating a team of circa 52 staff.

The NAO published the findings from the first national survey of apprenticeship employers for 2023. The survey sought the views of all employers with active apprentices in training in 2023.

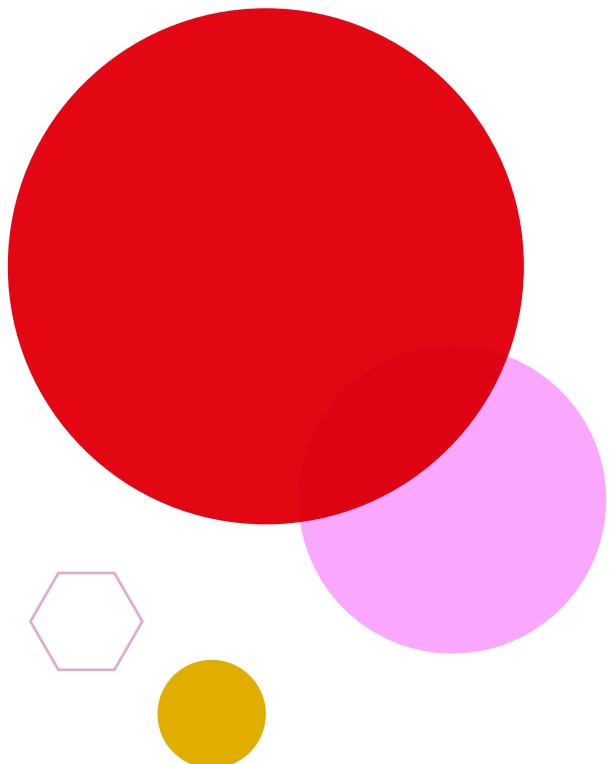

The second Apprentice of the Year Awards took place in October with 500 in attendance at the Mansion House in Dublin. The overall winner was Hazel Johnston, Manufacturing Engineering apprentice with DePuy Synthes Cork.

# **Construction, Quality and Green Skills**

The Construction, Quality, Green Skills team has responsibility for managing Safepass, Construction Skills Certification Scheme (CSCS) and the Quarrying Skills Certification Scheme (QSCS) and Green Skills.

The team is also fully engaged with and supporting the future skills requirements aligned to the Government's Housing for All, Climate Action, and Retrofitting programmes.

## **> Safepass Operations**

In 2023, the Safepass team processed and issued 123,404 Safepass cards and dealt with over 8,000 calls from construction workers seeking information and support. The Safepass team also embedded the Safepass alternative renewal system for those employed in the construction sector seeking to renew their Safepass cards.

## **> Construction Skills Certification Scheme (CSCS) and Quarry Skills Certification Scheme (QSCS).**

In 2023, the CSCS team processed and issued 25,704 CSCS and QSCS cards, an increase of 24.75 % on 2022. The CSCS team also received and processed over 300 applications for Recognition of Professional Qualification (RPQ).

## **> Green Skills**

The SOLAS Green Skills team oversees implementation of National and European mandates including Climate Action policy across the FET sector, not only for construction, but also in renewable energy (onshore and offshore, solar PV), e-mobility, biodiversity, bioeconomy, marine and waste management.

Under the Construction, Quality and Green Skills team, work progressed in 2023 towards establishing Ireland's first Modern Methods of Construction Park in Mount Lucas with Laois and Offaly ETB.

In fulfilling the Housing for All programme, SOLAS is managing the rollout of six Nearly Zero Energy Buildings (NZEB) in City of Dublin ETB, Cork ETB, Laois and Offaly ETB, Limerick and Clare ETB, Mayo, Sligo and Leitrim ETB, and Waterford and Wexford ETB. In Q2 of 2023, Cork ETB's NZEB Centre of Excellence (CoE) was officially opened.

Throughout 2023 Green Skills stakeholder engagement continued across industry, academia, and the public sector to identify gaps in education and training. In May 2023 SOLAS collaborated with Laois and Offaly ETB, the National Parks and Wildlife Service and the Office of Public Works (OPW) to develop a new biodiversity pilot training programme for contractors working in environmentally sensitive areas. SOLAS is project managing the development of Ireland's first national e-Mobility Capability Centre for all electric vehicle future skilling with Longford and Westmeath ETB. In addition, the Green Skills team participates on the Expert Group for Offshore Wind, chaired by DFHERIS.

The focus on international best practice saw the Green Skills team speaking at events such as the Swedish EU Presidency's "Skills for the green transition - for a competitive Europe," in Stockholm, the European Commission's "Making Skills Count" conference in Brussels, BMZ-UNEVOC Dialogue in Bonn and SOLAS Green Skills were invited to present on "Gaps in Green Educational Policy" at COP 28 in Dubai in December.

The Green Skills programme office ended 2023 by awarding a consultation contract to create the 1st National Strategy: FET Skills for the Green Transition. This strategy will bring together all the various climate policy directives from the government and develop a cohesive singular and strategic skills response for the FET sector.

# Enterprise, Employees & Skills

The Enterprise, Employees and Skills Unit (formerly known as the National Innovation Unit) facilitates innovation and knowledge transfer in the FET sector. The Unit comprises the following areas:

- Employee Development
- eCollege
- Technology Enhanced Learning (TEL)

## > Skills to Advance (STA)

Over the past four years, Skills to Advance has created and provided quality, flexible upskilling opportunities to over 64,000 employees in the Irish workforce, aimed at developing the skills of people in employment. It targets those who have lower skills levels in vulnerable sectors, those who need more opportunities to advance their careers, to sustain their employment, avoid displacement or avail of emerging job opportunities. It also supports small and medium-sized enterprises (SMEs) who need assistance to develop their workforce and has been rolled out by ETBs across the country.

Over 23,000 employees were upskilled in 2023 with Skills to Advance expanding its reach to more employers by providing over 2,000 upskilling programmes. This policy draws on a vision of the workplace in Ireland where upskilling during one's working life is considered normal practice and has a direct correlation with enhanced job security, higher earnings, and autonomy at work for employees. Firms of all sizes benefit from the resulting productivity and competitiveness of their employees, the economy and industry.

The structure of the Irish workforce continued to change over 2023 in a business environment requiring a workforce that is highly adaptable.

To ensure that workers can achieve this flexibility, there is a need for continuous upskilling and reskilling, to not only perform their current tasks, but to take on new work challenges and opportunities to sustain jobs and grow business.

SOLAS leads collaboration with the ETBs, employer bodies and key stakeholders to design, develop and cascade targeted regional and sectoral initiatives. These initiatives include Leadership and Management, Developing Leaders for Hospitality and Tourism, and a suite of new micro-qualifications in Green Skills, Digital Skills for Business, Aquafarming, Robotics, Business Innovation and Market Development. To increase access to training, courses are provided in person and through blended learning formats.

## > eCollege

eCollege is the national online learning service for FET which provides a range of courses across digital, Information and Communication Technology (ICT) and business domains. eCollege courses are fully online, available on a continuous basis with no waiting lists and allow flexible times for completion. eCollege is a lifelong learning service open to all adults across Ireland.

There were almost 25,000 enrolments to the service during 2023.

Key areas of interest included digital skills, project management, business skills, and the new area of sustainability. Roughly half of those enrolling on eCollege courses are in employment indicating recognition amongst learners of all types of online learning as a viable medium for career development and lifelong learning.

## > Technology Enhanced Learning (TEL)

SOLAS' Technology Enhanced Learning (TEL) support team provided ongoing support to ETBs in 2023 to integrate technology enhanced learning practices, providing support to the FET Moodle infrastructure, and entering sectoral agreements for certifications and software. A strategic review was conducted with recommendations on the future positioning and structure of digital learning across FET, resulting in a multi-stakeholder Digital Learning Framework for FET for consultation and implementation in 2024.

## Learner Support

The SOLAS Learner Support team works to ensure that FET learners are supported consistently, with a universal design approach underpinning learning development and delivery. The team works with colleagues across SOLAS and sectoral partners to ensure FET reaches out to all and supports the most vulnerable groups in society.

## > Supporting Inclusion and Diversity in FET

The FET Strategy 2020-2024 emphasises inclusion, skills, and pathways for all learners. To realise these aims, there is a strong focus on achieving more consistent learner supports across the FET sector. This is a key aspect of making FET more inclusive and accessible. This work also aligns with priorities set out in the Transforming Learning Strategic Performance Agreements 2022–2024 report, particularly in relation to targets set for 'widening participation' in FET.

During 2023, the Learner Support team worked with sectoral partners to strengthen the approach taken to ensure consistent learner supports in the FET sector with the overall aim of enhancing the 'learner experience'. A key message is that FET supports are underpinned by an ethos of equality, diversity, and inclusion, and are wide ranging from academic supports to social and wellbeing supports.

FET sector considers and caters to the needs of all learners, including those from a background of disadvantage, people with disabilities, and vulnerable learners. It is also important that the FET sector is in alignment with the wide range of relevant EU and national policies. This includes working closely with SOLAS colleagues to formulate funding requirements that request ETBs and sectoral partners to consider relevant policies and promote and embed good practices. These practices relate to a wide range of areas such as the provision of, and access to relevant learner supports, disability supports, and supports relating to mental health and wellbeing. Work is also continuing to embed the sectoral good practice guides in the areas of literacy, including family literacy and learning, numeracy, English language, the inclusion of learners with intellectual disabilities, and Universal Design for Learning.

## > Universal Design for Learning in FET

Universal Design for Learning (UDL) is a set of principles and guidelines designed to reduce barriers to teaching and learning with the aim of giving all learners equal opportunities to succeed. UDL in FET helps support FET practitioners to address variability in learner cohorts and reduce barriers to learning by building flexibility, accessibility, learner voice and choice into the fabric of the FET learning experience, thus supporting inclusion and diversity in our learner body. Significant progress is being made in embedding UDL principles and guidelines in the FET Sector, following the publication of '[UDL for FET Practitioners: Guidance for Implementing Universal Design for Learning in Irish FET](#)' in 2021.

The UDL guidelines and practices are being embedded across FET through annual funding requirements and are key inclusion enablers within all SOLAS - ETB Strategic Performance Agreements. Furthermore, a range of appropriate professional development opportunities are being made available to practitioners via programmes such as the Digital Badge for Universal Design in Teaching and Learning. In line with the aim of embedding UDL in a way that holistically impacts

and enhances each learner's overall experience of FET. In 2023 a new programme Beyond the Classroom Digital Badge was piloted, seeking to ensure that Universal Design principles can be adopted and applied by those working in the FET sector who are not directly engaging in teaching activity.

The SOLAS Learner Support team has been involved in substantial interagency work in 2023, with considerable progress being made on the development of a Universal Design Charter for the tertiary sector. The Charter, due to be launched in 2024, seeks to provide a clear roadmap for educational institutions to make sustainable progress towards systemically embedding a Universal Design approach.

## **Corporate Social Responsibility to Social Corporate Sustainability**

Throughout 2023, we have discussed and reshaped SOLAS' Corporate Social Responsibility (CSR). As an Organisation we have adapted to a Corporate Sustainability model, now known as 'Social Corporate Sustainability' (SCS). Through our SCS, we aspire to positively contribute to the achievement of the Sustainable Development Goals to ensure we leave a better society and a more sustainable planet for the future.

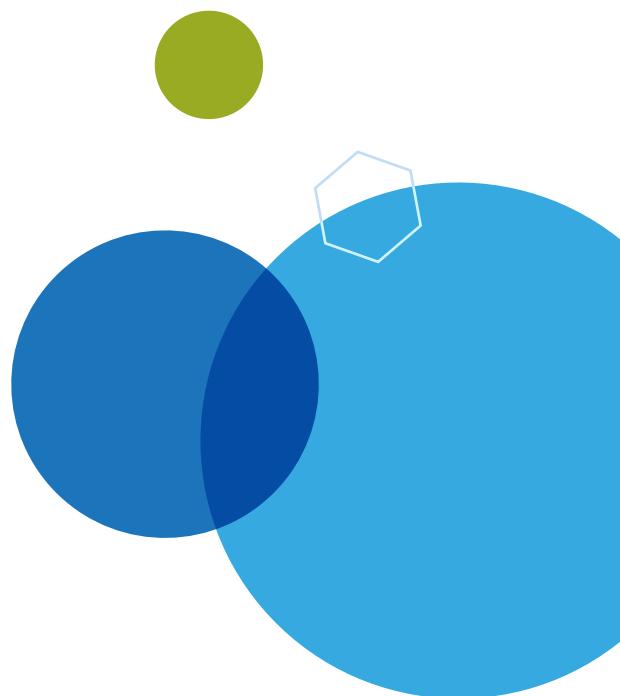

The following summary showcases a few of our 2023 highlights:

- We have developed a more robust Wellbeing Model ensuring that we are focused on mental, physical, environmental, and financial health.
- Our Senior Leadership Team undertook mental health training with Mental Health First Aid Ireland, and this training was also in place for all staff members. SOLAS currently has 23 Mental Health First Aiders.

- All SOLAS staff were invited to attend a series of financial health webinars throughout the year.
- In both spring and autumn 2023 SOLAS staff took part in a team-based steps challenge.
- Finally, in the last quarter of 2023 SOLAS achieved the IBEC Keep Well Mark - a national accreditation that recognises and celebrates organisations that put the health and wellbeing of employees at the centre of company policy.

Our community partnership with the Northeast Inner-City Consortia (NEIC) continued in 2023 where we linked directly with our neighbourhood schools and youth projects:

- We hosted a Transition Year Programme with Northeast Inner City (NEIC) schools and participated in their mentoring programme.
- SOLAS recycled fit for purpose equipment and held an annual staff volunteer day in The Cavan Centre where we cleared and prepared vegetable gardens for planting.

## **Code of Practice for Governance of State Bodies**

The Code of Practice for the Governance of State Bodies 2016, which superseded the 2009 code came into effect in September 2016. It has been adopted by SOLAS and processes have been put in place to ensure that all aspects of SOLAS operations comply with the requirements of the Code.

### **> Performance Delivery Agreement**

SOLAS has an annual performance delivery agreement in place with the DFHERIS which sets out: the respective roles and functions of DFHERIS and SOLAS regarding further education and training; service commitments; corporate governance and financial accountability framework; and monitoring and reporting arrangements.

### **> Health, Safety and Welfare**

SOLAS complies with its statutory responsibilities under the Health, Safety and Welfare at Work Act 2005 and all regulations under this Act. SOLAS' objective is to provide a safe and healthy work environment for all staff and clients and to meet its responsibilities to other persons, including members of the public who may be affected by its operations. SOLAS management co-ordinates and ensures compliance with its Safety Policy Statement through the implementation of the Safety Management System across the organisation.

### **> Risk Management**

SOLAS, through its Risk Management Policy, is committed to the implementation of a coherent, effective, and efficient framework for managing risk throughout the organisation. It also provides a proactive and structured approach to identifying, managing, and reporting the risks faced by the organisation. The Board of SOLAS is ultimately responsible for risk management

under the Code of Practice for the Governance of State Bodies (2016). The Board has delegated authority to the Audit & Risk Committee (ARC) regarding the monitoring, review, challenging and oversight of the Risk Management Framework and Process. Identified significant risks to the organisation are documented in the SOLAS Corporate Risk Register and as part of the Risk Management Process the Corporate Risk Register is reviewed by the ARC at least twice yearly and presented to the Board for review at least once a year.

## > Energy Efficiency and Environmental Policy Statements

In June 2001, the Government issued a Memorandum requiring all State Agencies to outline, in their Annual Report, measures being taken to reduce energy usage, where they have responsibility for new premises or major refurbishment of buildings and/or in buildings occupied by them. Under Statutory Instrument (SI) 542 European Communities (Energy End-Use Efficiency and Energy Services) Regulations 2009, the public sector has specific energy reporting obligations.

SOLAS is committed to contributing to the achievement of verifiable energy efficiency savings of 50% in the Public Sector by 2030 in line with the Public Sector Energy Efficiency Strategy. In partnership with the Sustainable Energy Authority of Ireland (SEAI), SOLAS actively reports and monitors its energy usage, and puts in place strategies and actions to achieve and exceed, where possible, targeted savings.

SOLAS recognises its duty to ensure that its operations and activities have minimal impact on the local and wider environment. Through the Waste Management System, and in conjunction with the Waste Management Contractor, SOLAS has implemented actions that ensure a high level of recycling waste material, minimising waste to landfill.

SOLAS is committed to good practice in terms of environmental awareness and green procurement practices, where possible.

The priorities in 2023 will carry on into 2024 including the monitoring and control of energy costs, energy auditing, a focus on energy efficiencies and savings when procuring equipment and implementation of Energy Efficiency Design for any relevant projects that may arise.

## > SOLAS – Public Sector Equality and Human Rights Duty

The Public Sector Equality and Human Rights Duty (the Duty) places a statutory obligation on public bodies to eliminate discrimination, promote equality of opportunity and protect the human rights of those to whom they provide services and staff when carrying out their daily work.

In July 2021, SOLAS embarked on the beginning of the journey to implement its Public Sector Duty obligations. A cross organisation working group consisting of seventeen staff from all three Divisions work, together with Values Lab, to embed the Duty in SOLAS. There are three steps in the process of implementing the Duty – Assess, Address and Report on an annual basis.

We added to our initial assessment in 2023 and addressed the identified actions throughout 2023. The Report on Actions for 2023 will be available on [www.solas.ie](http://www.solas.ie).

### **The key actions identified for 2023 were:**

Arising from these strategic priorities, each business unit will develop Key Performance Indicators (KPIs) for each ESG issue to allow us track progress and performance.

The SOLAS Green team will be the driver of sustainability and will report to senior management on a regular and defined basis. Energy management will be a strong element of the Green Teams' remit. Leading by example, the Green Team will influence colleagues to commit to working and living sustainably and will influence decision making so that climate and environmental criteria are to the fore. The Green team will operate to an agreed charter and will be properly structured and resourced with key roles appropriately staffed and will include employees from across the functions of the organisation and from a wide range of grade levels.

SOLAS will provide regular updates and reports to stakeholders on our ESG initiatives, achievements, and challenges.

We will foster a culture of continuous improvement and innovation by soliciting feedback from stakeholders and adapting our strategy accordingly.

We will align our ESG strategy with our corporate strategy and business plans.

## > Ethics in Public Office Act, 1995 and Standards in Public Office Act, 2001

The Board has delegated this responsibility to SOLAS management. The system of internal financial control incorporates such controls and procedures that are considered necessary to ensure compliance with the Act. The organisation's system of internal control includes accounting and computer controls designed to ensure the identification of invoices and contracts for payment within the prescribed payment dates. These controls are designed to provide reasonable, though not absolute, assurance against non-compliance with the Act. The Board is satisfied that in 2023, SOLAS complied with the provisions of the Act in all material respects. In total, a sum of €1,123.95 was paid in relation to late payment interest penalties.

Officer (*ex-officio*)

## **Changes in 2023**

Following the conclusion of the term of office of four (4) Board members in October 2022, two (2) new members Ms. Sheila Gallagher and Mr. Niall O'Donnellan were appointed to the Board of SOLAS on 1st June 2023.

Two vacancies remain but efforts continued in 2023 to bring the full complement up to 13 members in 2024.

## **> Governance Statement and Board Members' Report**

The Governance Statement and Board Members' report is presented in accordance with the Code of Practice for the Governance of State Bodies 2016 and with guidelines issued in November 2017.

## **> Governance**

The Board of SOLAS was established under the Further Education and Training Act, 2013. The functions of SOLAS are set out in sections 7, 8 and 9 of this Act. The functions of the Board are set out in the Schedule of Matters reserved for the Board. The Board is accountable to the Minister for Further and Higher Education, Research, Innovation and Science and is responsible for ensuring good governance. It performs this task by setting strategic objectives and targets and taking strategic decisions on all key business issues. The regular day-to-day management, control and direction of SOLAS are the responsibility of the CEO and the SOLAS senior leadership team. The CEO and SOLAS senior leadership team follow the broad strategic direction set by the Board and ensure that all Board Members have a clear understanding of the key activities and decisions related to the entity and of any significant risks likely to arise. The CEO acts as a direct liaison between the Board and management of SOLAS.

## **> Board Responsibilities**

The work and responsibilities of the Board are set out in the Schedule of Matters Reserved for the Board. Standing items considered by the Board include:

- declaration of interests,
- reports from committees,
- financial reports/management accounts,
- performance reports, and
- reserved matters.

Section 31(1) of the Further Education and Training Act, 2013 requires the Board of SOLAS to keep, in such form as may be approved by the Minister for Further and Higher Education, Research, Innovation and Science, with consent of the Minister for Public Expenditure, NDP Delivery and Reform, all proper and usual accounts of money received and expended by it. In preparing these financial statements, the Board of SOLAS is required to:

- select suitable accounting policies and apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that it will continue in operation, and
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements.

The Board is responsible for keeping adequate accounting records which disclose, with reasonable accuracy at any time, its financial position and enables it to ensure that the financial statements comply with section 31(2) of the Further Education and Training Act, 2013.

The SOLAS 2023 budget was approved by the Board at its meeting on 23rd March 2023.

The FET Strategy 2020-2024 underpins the rationale for funding of ETBs and the FET sector as a whole. The SOLAS Corporate Plan 2021-23, which set out a range of national sectorial targets for FET provision agreed with the DFHERIS, provides a further framework for the development of FET provision.

Strategic Performance Agreements have been established between SOLAS and each of the sixteen ETBs to set out the context, strategic priorities and individual ETB contributions to the achievement of national sectoral targets over the period of the strategy. The approach to FET provision 2023 and associated budget was approved by the Board at its meeting on 23rd March 2023 with further updates approved at the 8th June 2023 Board meeting. A progress update was provided to the Board at its meeting on 20th July 2023. A midterm review of FET provision and the associated budget was carried out by the Board at its meeting on 14th September 2023. Final allocations including approval of a supplementary budget were approved by the Board at its meetings on 16th November 2023 and the 14th December 2023 respectively.

At its 23rd March 2023 meeting, the Board approved the overall capital budget 2023 with updates on planned expenditure provided and approved at subsequent Board meetings during the year.

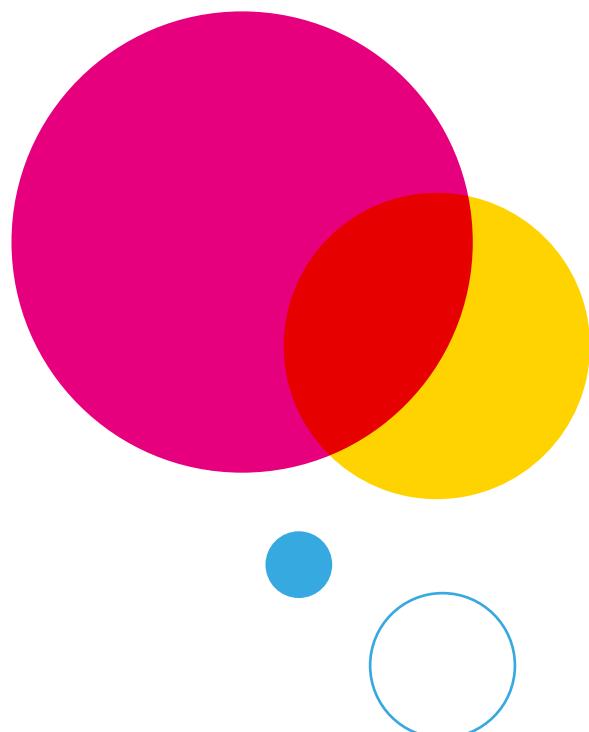

The Board is also responsible for safeguarding its assets and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Board considers that the financial statements of SOLAS give a true and fair view of the financial performance and the financial position of SOLAS at 31st December, 2023.

## > Board Structure

The SOLAS Board composition is made up of a chairperson and 12 ordinary members, who are appointed by the Minister for Further and Higher Education, Research, Innovation and Science. At the start of 2023, there were four vacancies on the Board. On 1st June 2023, the then Minister for Further and Higher Education, Research, Innovation and Science, Simon Harris, TD appointed Sheila Gallagher and Niall O'Donnellan to the Board. There were two vacancies remaining at the end of 2023. The DFHERIS are engaging with the Public Appointments Service to fill the current vacancies and this process is expected to be concluded in early 2024.

The SOLAS Chief Executive Officer is an *ex-officio* member of the Board. The duration of each Board member's tenure is determined by the Code of Practice for the Governance of State Boards and section 10 (8) of the FET Act, 2013.

# Comptroller and Auditor General Report for presentation to the Houses of the Oireachtas

## Ard Reachtaire Cuntas agus Ciste Comptroller and Auditor General

### Report for presentation to the Houses of the Oireachtas

### An tSeirbhís Oideachais Leanúnaigh agus Scileanna (SOLAS)

#### Opinion on the financial statements

I have audited the financial statements of SOLAS for the year ended 31 December 2023 as required under the provisions of section 31 of the Further Education and Training Act 2013. The financial statements comprise

- the statement of income and expenditure
- the statement of comprehensive income
- the statement of financial position
- the statement of cash flows
- the statement of changes in reserves and capital account, and
- the related notes, including a summary of significant accounting policies.

In my opinion, the financial statements give a true and fair view of the assets, liabilities and financial position of SOLAS at 31 December 2023 and of its income and expenditure for 2023 in accordance with Financial Reporting Standard (FRS) 102 — *The Financial Reporting Standard applicable in the UK and the Republic of Ireland*.

#### Basis of opinion

I conducted my audit of the financial statements in accordance with the International Standards on Auditing (ISAs) as promulgated by the International Organisation of Supreme Audit Institutions. My responsibilities under those standards are described in the appendix to this report. I am independent of SOLAS and have fulfilled my other ethical responsibilities in accordance with the standards.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### Report on information other than the financial statements, and on other matters

SOLAS has presented certain other information together with the financial statements. This comprises the annual report including the governance statement and Board members' report, and the statement on internal control. My responsibilities to report in relation to such information, and on certain other matters upon which I report by exception, are described in the appendix to this report.

I have nothing to report in that regard.

Seamus McCarthy  
Comptroller and Auditor General

30 May 2024

## Appendix to the report

### Responsibilities of the Board members

The governance statement and Board members' report sets out the Board members' responsibilities, which include

- the preparation of annual financial statements in the form prescribed under section 31 of the Further Education and Training Act 2013
- ensuring that the financial statements give a true and fair view in accordance with FRS102
- ensuring the regularity of transactions
- assessing whether the use of the going concern basis of accounting is appropriate, and
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Responsibilities of the Comptroller and Auditor General

I am required under section 31 of the Further Education and Training Act 2013 to audit the financial statements and to report thereon to the Houses of the Oireachtas.

My objective in carrying out the audit is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement due to fraud or error. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the ISAs, I exercise professional judgment and maintain professional scepticism throughout the audit. In doing so,

- I identify and assess the risks of material misstatement of the financial statements whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- I obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls.
- I evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures.

- I conclude on the appropriateness of the use of the going concern basis of accounting and, based on the audit evidence obtained, on whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of SOLAS to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my report. However, future events or conditions may cause SOLAS to cease as a going concern.
- I evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I report by exception if, in my opinion,

- I have not received all the information and explanations I required for my audit, or
- the accounting records were not sufficient to permit the financial statements to be readily and properly audited, or
- the financial statements are not in agreement with the accounting records.

### Information other than the financial statements

My opinion on the financial statements does not cover the other information presented with those statements, and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, I am required under the ISAs to read the other information presented and, in doing so, consider whether the other information is materially inconsistent with the financial statements or with knowledge obtained during the audit, or if it otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

### Reporting on other matters

My audit is conducted by reference to the special considerations which attach to State bodies in relation to their management and operation. I report if there are material matters relating to the manner in which public business has been conducted.

I seek to obtain evidence about the regularity of financial transactions in the course of audit. I report if there is any material instance where public money has not been applied for the purposes intended or where transactions did not conform to the authorities governing them.

# **Statement on Internal Control 2023**

## **> Scope of Responsibility**

On behalf of the Board of An tSeirbhís Oideachais Leanúnaigh Agus Scileanna (SOLAS), I acknowledge our responsibility for good governance, in line with the requirements of the Code of Practice for the Governance of State Bodies 2016 and for ensuring that an effective system of internal control is maintained and operated. In discharging its functions, the Board has delegated clearly defined authority levels to the SOLAS Executive and staff while reserving certain matters for its own decision.

## **> Purpose of the System of Internal Control**

The system of internal control is designed to manage risk to an acceptable level rather than to eliminate it and therefore can only provide reasonable and not absolute assurance that assets are safeguarded, transactions are authorised and properly recorded, and that material errors or irregularities are either prevented or would be detected in a timely period. The system requires that line management, the Executive and the finance, procurement and HR functions exercise stringent control and report any significant control failures to the Board.

## **> Capacity to Handle Risk**

SOLAS Audit and Risk Committee (ARC) was comprised of three Board members and one external expert from January to July 2023. Following the appointment of a further Board member to the ARC in July 2023, the ARC consisted of four Board members and one external expert. In November 2023, one Board member moved from the ARC to another Board sub-committee, resulting in an ARC membership of three Board members and one external expert for the remainder of the year. In addition, the Chair of the Board attended ARC meetings in January

and February 2023, in order to ensure continuity during the changeover of ARC members that had commenced at the end of 2022. The ARC met five times in 2023.

The Internal Audit function in SOLAS operates in accordance with the Internal Audit Principles set out in the Code of Practice for the Governance of State Bodies 2016. The work of Internal Audit is informed by a risk analysis profile of expenditure and activity; strategic objectives; cyclical audit coverage; and the outcomes of previous audits. The focus of this work is generally on the areas of significant potential risk to the organisation.

The 2023 Internal Audit Plan was approved by the ARC, on behalf of the Board. During 2023, 12 Internal Audit Reports were issued, covering the areas of Skills to Advance, Skills to Compete, vulnerability management, Covid-19 risk responses, grant-aided organisations, funding decision processes, FET strategy implementation, Apprenticeship, IT strategy, governance and digital transformation, assessment of capital grants, compliance with the Code of Practice for the Governance of State Bodies and follow-up on the implementation of previous internal audit recommendations.

The ARC meets the Head of Internal Audit on a regular basis to review the work of internal audit, which includes a report of internal audit activity. On an annual basis, the ARC provides the Board with a report on the internal audit activity for the year.

Agreement is in place between the ARC and the Internal Audit Unit (IAU) of the ETBs on SOLAS' input to the audit plan of the IAU. SOLAS also receives audit opinion reports and sectoral reports from the IAU for reviews carried out on FET expenditure.

## **> Risk and Control Framework**

SOLAS' Executive Leadership Team (ELT), whose membership includes all Executive Directors, and which is chaired by the Chief Executive Officer, promotes, directs and monitors risk management processes within SOLAS. To assist this process, SOLAS has nominated a Director with responsibility for Risk and Data Protection,

and appointed a Manager, Risk and Data Protection. They support the ELT in compiling and preparing reports for the Audit and Risk Committee (ARC). The Board and the ARC provide independent oversight and review of the effectiveness of SOLAS' risk management.

A formal process for the identification, evaluation, mitigation, and management of business risks has been established and includes:

- the identification and nature of risks
- the likelihood of occurrence
- the financial or other implications
- the mitigating controls and factors
- the maintenance of Divisional and Corporate Risk Register
- plans to manage the identified risks
- monitoring and reporting on the process
- risks are reviewed on an ongoing basis by management and on a formal basis by the ARC at least twice a year
- key risks by business units are aligned to the annual business plans.

## > Ongoing Monitoring and Review

The Board has taken steps to ensure an appropriate control environment is in place by:

- clearly defining and documenting management responsibilities and authority
- ensuring clear lines of accountability for management
- establishing formal procedures through various committee functions to monitor the activities and safeguard the assets of the organisation
- establishing procedures for reporting significant control failures and ensuring appropriate corrective action is taken

- developing a strong culture of accountability across all levels of the organisation
- adopting and adhering to the Code of Practice for the Governance of State Bodies
- reviewing the effectiveness of the Board
- ensuring the control environment includes an active Audit and Risk Committee, an Internal Audit function, the Chief Executive Officer's regular reports to the Board and the presentation to the Board of activity and financial results - current month and year to-date at each meeting.

The system of internal control is based on a framework of regular management information, policies and procedures including segregation of duties, and a system of delegation and accountability. In particular it includes:

- the identification of key risks and implementation of related controls and ongoing monitoring of the operation where any identified deficiencies are reported to SOLAS' Executive Risk Management Committee and the ARC
- a comprehensive budgeting system with an annual budget, which is reviewed and agreed by the Board. This incorporates a very detailed business planning process
- setting targets to measure financial and other performance
- reviews by the Board of monthly and annual Financial Reports which indicate activity and financial performance against budgets
- established procurement procedures under which goods and services are procured in accordance with EU and national procurement requirements
- overseas travel requests subject to approval by the Chief Executive Officer

- procedures for the control of capital investment that are in accordance with Guidelines for the Appraisal and Management of Capital Expenditure Proposals, issued by the Department of Finance
  - Terms and conditions of funding in place for each Education and Training Board, a parameters document that outlines the business planning process including objectives for each year and a comprehensive business service plan that is reviewed twice a year
  - Strategic Performance Agreements between SOLAS and the ETBs are in place for the period 2023-2024.
- the ARC, which oversees the work of Internal Audit and reviews the Statement on the System of Internal Controls
  - the comments made by the Office of the Comptroller and Auditor General in his management letter or other reports; and
  - a review of the effectiveness of control was considered under the Internal Control Framework by the Board on 25 April 2024. This review focused on internal audit findings, the Corporate Governance Register and disposals of fixed assets.

## > Procurement

We confirm that we have procedures in place to ensure compliance with current procurement rules and guidelines as set out by the Office of Government Procurement. SOLAS is fully compliant with regard to Procurement.

## > Review of Effectiveness

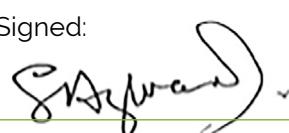

The Board's monitoring and review of the effectiveness of the System of Internal Control is informed by the work of:

- the Executive Directors/Directors/ Managers within SOLAS, who have responsibility for the development and maintenance of the financial control framework
- the Head of Internal Audit

## > Internal Control Issues

No material breaches in internal control, material losses or frauds were identified during the course of the year.

# Notes to the Financial Statements

## > 1 Accounting Policies

The basis of accounting and significant accounting policies adopted by SOLAS are as follows:

### Establishment of SOLAS

SOLAS was established on 27 October 2013 in accordance with the Further Education and Training Act 2013.

These financial statements set out the results of SOLAS for the year ending 31 December 2023 with comparatives for the period from 1 January 2022 to 31 December 2022.

The functions of SOLAS are set out in sections 7 to 9 of the Further Education and Training Act 2013.

### General Information

#### Statement of Compliance

The individual financial statements of SOLAS for the year ended 31 December 2023 have been prepared in accordance with FRS 102, the financial reporting standard applicable in the UK and the Republic of Ireland issued by the Financial Reporting Council in the UK.

#### Currency

The financial statements are prepared in EURO and are rounded to the nearest €'ooo. The functional currency of SOLAS is also the Euro.

#### Legal Form

SOLAS is a Public Benefit Entity in the Republic of Ireland with a registered office in Block 1, Castleforbes House, Castleforbes Road, Dublin 1, Ireland.

A Public Benefit Entity provides goods or services for the general public, community or social benefit. Where any equity is provided, it is to support the entity's primary objectives rather than with a view to providing a financial return to equity providers, shareholders or members.

SOLAS did not receive resources from non-exchange transactions in the current year.

#### Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements of SOLAS.

#### Basis of Preparation

The financial statements have been prepared under the modified historical cost convention and with Financial Reporting Standard (FRS) 102 in a form approved by the Minister for Further & Higher Education, Research, Innovation & Science with the consent of the Minister for Public Expenditure and Reform under the Further Education and Training Act 2013.

The financial statements have been prepared using the accruals method of accounting except as stated below and in accordance with accounting practice generally accepted in Ireland. Accounting standards generally accepted in Ireland in preparing the financial statements giving a true and fair view are those published by the Institute of Chartered Accountants in Ireland and issued by the Financial Reporting Council.

In accordance with DPENDR Circular 21/2015 relating to FRS 102, these financial statements comprise the Statement of Income and Expenditure, Statement of Comprehensive Income, Statement of Financial Position, Statement of Cash Flows and Statement of Changes in Reserves and Capital Account. In addition, notes 1 to 19 form an integral part of the financial statements.

The financial statements of SOLAS are prepared in accordance with applicable accounting standards and were authorised for issue by the Board of SOLAS on 25 April 2024.

## **Property, Plant & Equipment**

### **Capitalisation**

Property, Plant and Equipment are stated at historic cost less accumulated depreciation. Land is stated at revalued amount.

The cost of an asset is made up of the purchase price of the asset plus any costs directly attributable to bringing the asset into working condition for its intended use.

Fixtures and fittings below the capitalisation threshold are charged to the Statement of Income and Expenditure in the year of purchase. The capitalisation threshold amount is €1,000 exclusive of VAT. All computer equipment is capitalised regardless of value.

### **Depreciation**

Depreciation is calculated to write off the original cost of the asset or the revalued amount less the estimated residual value on a straight-line basis over its estimated useful economic life as follows:

- Land – Nil;
- Leasehold Improvements (over the term of the lease);
- Equipment and Furniture – 5 years (20%); and
- Computers and other computer equipment – 3 or 5 years (33<sup>1/3</sup>% or 20%)

No provision for depreciation is made in respect of freehold land. Depreciation on capital assets is matched by a transfer from the Capital Reserve.

The carrying value of tangible fixed assets is reviewed for impairment if events or changes in circumstances indicate that the carrying amount value may not be recoverable.

### **Capital Reserve**

The Capital Reserve represents the net amount expended on tangible assets, funded by Exchequer Grants. These grants are amortised to revenue over the expected life of the assets in line with the depreciation, tangible asset impairments and tangible asset write-offs.

### **Cash**

Cash, for the purpose of the cash flow statements, comprises cash in hand and deposits repayable on demand.

### **Receivables**

Trade and other Receivables are recorded at transaction price. Any losses arising from impairment are recognised in the income statement in administrative expenses.

### **Payables**

Trade and other Payables are recorded at transaction price. Any losses arising from impairment are recognised in the income statement in administrative expenses.

### **Revenue Reserve**

The Revenue Reserve represents the retained surplus of SOLAS.

### **Provision**

A provision is recognised in the Statement of Financial Position when SOLAS has a present legal or constructive obligation and it is probable that an outflow of economic benefits would be required to settle the obligation.

### **Revenue**

### **State Funding**

Current grants are recognised on a cash received basis. However, surpluses arising in prior years are retained by SOLAS with the permission of our parent Department. As a result, the amount recognised in the statement of income and expenditure takes account of cash actually received and prior years retained surplus approved for release by our parent

Department. This is offset against reserves in the statement of changes in reserves.

Capital grants are accounted for on a cash received basis and recognised in the income statement over the expected life of the assets in line with depreciation and tangible asset write-offs.

### **Other Income**

In general, other income is accounted for on a cash received basis except where invoices are issued. In this case, income is accounted for as invoiced.

### **Foreign Currency and Functional Currency**

Items included in the financial statements are presented in Euro, the currency of the primary economic environment in which SOLAS operates (the "functional currency").

Transactions denominated in foreign currency during the period have been translated at the rate of exchange at the date of the transaction. Assets and liabilities denominated in foreign currencies are translated into Euro at the rates of exchange at the Statement of Financial Position date. The resulting profits or losses are dealt with in the Statement of Income and Expenditure.

### **Grants**

Current and capital grants paid to ETBs, Voluntary, Community and Secondary Schools, Employers and various other agencies and bodies, for the purposes of FET are accounted for on a cash basis. This is consistent with the manner in which State funding is accounted for by SOLAS.

### **Capital Grants to Education and Training Boards**

Capital Grants disbursed to ETBs are accounted for in the Statement of Income and Expenditure. Income is released from the Capital Account to finance such grants.

### **Bad Debts**

Debtors are disclosed at original invoice amount less an allowance for potentially uncollectible debts. Provision is made where there is objective evidence that SOLAS will not be in a position to collect the associated debts. Bad debts are written off to the Statement of Income and Expenditure on identification.

### **Leasing**

Rentals in respect of operating leases are charged to the Statement of Income and Expenditure on a straight-line basis over the lease term. There are no financial leases in place. Operating leases relate to buildings occupied by SOLAS.

### **Legal Cases**

Legal costs are recognised in the financial statements as they are incurred. Provision is made for the Board's best estimate of the cost of any settlement when judged probable that a settlement will occur in the case and the cost of settlement can be measured reliably.

### **Retirement Benefits**

SOLAS operates the Single Public Service Pension Scheme (Single Scheme) which is the defined benefit pension scheme for pensionable public servants appointed on or after 1 January 2013. Single Scheme members' contributions are paid over to the Department of Public Expenditure, NDP Delivery and Reform.

SOLAS also operates two legacy retirement benefit schemes as follows:

- A defined benefit scheme which provides retirement benefits to former AnCO staff. This scheme was closed to new members on 1 January 1988. On 31 December 2009 the assets of the scheme were transferred to the National Pension Reserve Fund in accordance with the Financial Measures (Miscellaneous Provision) Act 2009. Contributions from SOLAS and staff in this scheme are paid over to our parent Department.

- An unfunded defined benefit scheme whose benefits are paid out of the funding provided annually by our parent Department. Contributions from staff in this scheme are paid over to our parent Department each year.

Retirement benefit costs reflect retirement benefits earned by employees in the period.

Actuarial gains or losses arising on scheme liabilities are reflected in the Statement of Comprehensive Income and a corresponding adjustment is recognised in the amount recoverable from our parent Department.

Retirement benefit liabilities represent the present value of future retirement benefit payments earned by staff to date. Deferred retirement benefit funding represents the corresponding asset to be recovered in future periods from the DFHERIS.

## Critical Accounting Estimates and Judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision only affects that period or in the period of the revision and future periods if the revision affects both current and future periods. The areas involving a high degree of judgement or complexity, or areas where assumptions or estimates are significant to the financial statements include:

## Impairment of Property, Plant and Equipment

The carrying values of items of land and buildings, equipment and furniture are reviewed for indicators of impairment at each reporting date and are subject to impairment testing when events or changes in circumstances indicate that the carrying value may not be recoverable.

## Retirement Benefits

The liabilities and costs associated with the legacy defined benefit retirement benefit schemes (both funded and unfunded) are assessed on the basis of the projected unit method by professionally qualified actuaries and are arrived at using actuarial assumptions based on market expectations at the financial reporting date. The discount rates employed in determining the present values of the schemes' liabilities are determined by reference to market yields at the financial reporting date on high-quality corporate bonds of a currency and term consistent with the currency and term of the associated post-employment benefit obligations.

The net surplus or deficit arising on the defined benefit retirement benefit schemes, together with the liabilities associated with the unfunded schemes, are shown either within non-current assets or non-current liabilities in the Statement of Financial Position.

## Assumptions

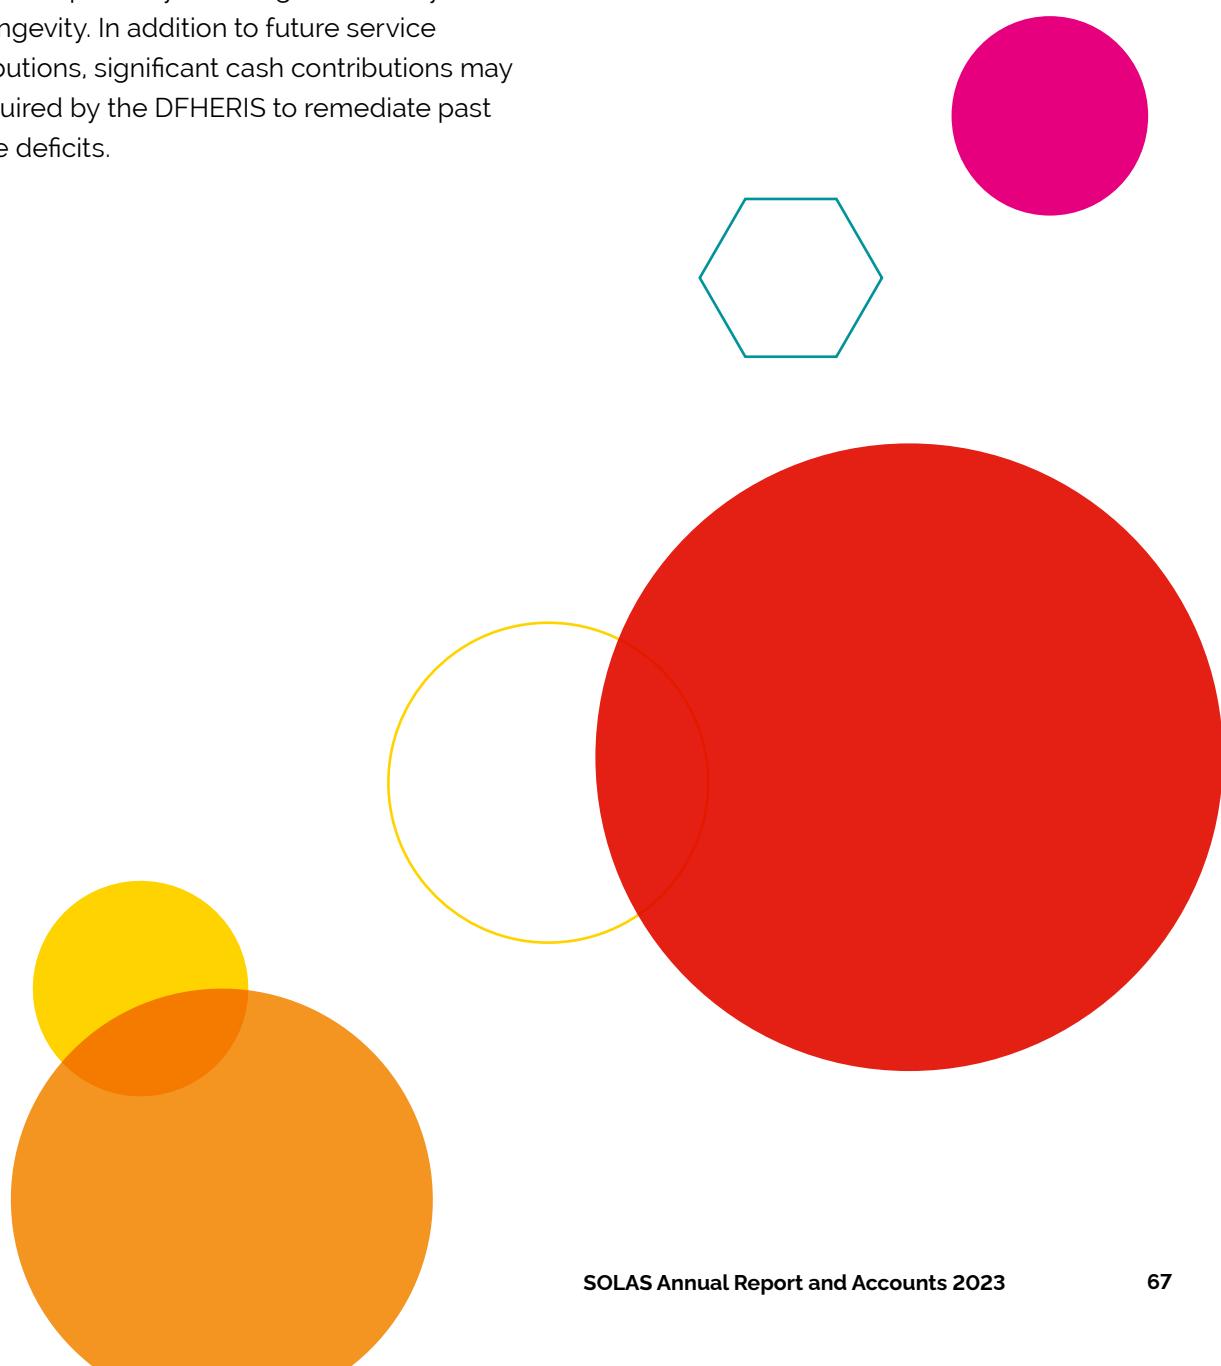

The assumptions underlying the actuarial valuations from which the amounts recognised in the financial statements are determined (including discount rates, rates of increase in future compensation levels, mortality rates and healthcare cost trend rates) are updated annually based on current economic conditions and for any relevant changes to the terms and conditions of the retirement benefit and post-retirement plans.

These assumptions can be affected by:

- i. For the discount rate - changes in the rate of return on high-quality corporate bonds;

- ii. For future compensation levels - future labour market conditions; and
- iii. For healthcare cost trend rates - the rate of medical cost inflation in the relevant regions.

The weighted average actuarial assumptions applied in the determination of retirement benefit and other post-retirement liabilities are contained in Note 12. While management believes that the assumptions used are appropriate, differences in actual experience or changes in assumptions may affect the obligations and expenses recognised in future accounting periods. The assets and liabilities of defined benefit retirement benefit schemes may exhibit significant period-on-period volatility attributable primarily to changes in bond yields and longevity. In addition to future service contributions, significant cash contributions may be required by the DFHERIS to remediate past service deficits.

# Non capital funding is reported net of savings from the ETBs amounting to €21.642m relating to previous years. With the permission of the Department, ETBs were allowed to retain these savings. Consequently Non Capital State funding for FET activities in 2023 would have been €1,046.779m and Total Income would have been €1,093.850m.

State funding includes an advance of European Social Fund (ESF) funding.

In line with DPENDR circular 13/14 and with the permission of the Department, from the cumulative available revenue reserves of €11.346m in 2022, €9.555m was retained and accounted for in the current year's income as part of the overall grant due to SOLAS in 2023. The grant of €1,025.137m from the Department, for non-capital includes cash received of €1,015.582m in 2023 and a €9.555m surplus brought forward from 2022.

Under Section 8 of the Labour Services Act, 1987, An Foras Áiseanna Saothair was required to prepare and administer retirement benefit schemes for the granting of retirement benefit entitlements to its staff. The superannuation schemes were approved in 1998 by the then Ministers for Finance and Enterprise, Trade and Employment.

SOLAS operates the Single Public Service Pension Scheme (Single Scheme) which is the defined benefit pension scheme for pensionable public servants appointed on or after 1 January 2013. Single Scheme members' contributions are paid over to the Department of Public Expenditure, NDP Delivery and Reform.

There are two legacy retirement benefit schemes as follows:

- i. A defined benefit scheme which provides retirement benefits to former AnCO staff. This scheme closed to new members on 1 January 1988. On 31 December 2009 the assets of the scheme of €364.6m were transferred to the National Pension Reserve Fund (NPRF) in accordance with the Financial Measures (Miscellaneous Provisions) Act 2009. In line with the provisions of the Act, the obligation to pay benefits in accordance with the approved benefit rules of the transferred retirement benefit fund has effect after the date of the relevant transfer. Benefits are paid out of the funding provided annually by the DFHERIS.
- ii. An unfunded defined benefit scheme whose benefits are paid out of the funding provided annually by the DFHERIS.

Contributions from staff in the schemes are paid over to the DFHERIS each year.

In accordance with Section 46 of the Further Education and Training Act 2013 the retirement benefit payments and other superannuation liabilities of staff transferred to ETBs on 1 January and 1 July 2014 became the liability of the ETBs.

### > 12(a) Results of the Actuarial Valuation

SOLAS commissioned an actuarial valuation on the above schemes of accrued liabilities at the financial reporting date and the cost of benefits (service cost) accrued during the year. The results of this valuation and assumptions used based on the projected unit method are listed hereunder:

<b>(iii) Net Deferred Funding for Retirement Benefits in the Year</b>		
<b>The net deferred funding for retirement benefits recognised in the Statement of Income and Expenditure is as follows:</b>

Price Inflation	2.10%	2.40%
Salary Increases	2.60%	2.90%
State Pension Increases	2.10%	2.40%
Pension increases in payment*	2.60%	2.90%
Pension increases in deferment*	2.60%	2.90%
Ill-health retirement	5% loading	5% loading

\* For members of the Single Public Service Pension Scheme, pension increases before and after retirement are in line with price inflation.

The assumptions are set by reference to yield curves at the relevant accounting dates and reflect the Scheme's duration. The above assumptions are the single assumptions that give the same value of liabilities as if the figures were calculated using the yield curves described below.

The discount rate is set by reference to yields available at the accounting date on high quality corporate bonds, which we take to be AA rated for FRS102 purposes, having regard to the duration of the Scheme's liabilities.

The assumption for future price inflation is based on the difference in yields on fixed-interest and index-linked bonds as at the accounting date and reflects the duration of the pension liabilities.

The salary increase assumption is consistent with the price inflation assumption. The general rate of salary increase has been set at 0.5% p.a. above the rate of price inflation. Note that pension increases in payment and deferment are linked to general salary increases. A separate promotional salary increase table was used for active members.

The assumption for life expectancy post-retirement is important and there is considerable uncertainty, particularly when considering the projection of future changes in mortality rates. The assumptions used for our results are set out below, in terms of life expectancies from normal retirement age. The mortality tables that we have used are the 58.0% of ILT15 and 62.0% of ILT15 tables. Improvements in annuity rates of 0.30% p.a. for males and 0.25% p.a. for females from 2014 have been assumed.

## > 12(b) Retirement Benefit Liability

The retirement benefit liability of €531.570m includes an amount of €395.430m (74.4%) related to the retirement benefit liabilities of legacy organisations currently being administered by SOLAS. These retirement benefits are being paid by the Payroll Shared Service Centre (PSSC).

## **SOLAS – Further Education & Training Authority**

*Notes to the Financial Statements (continued)*

### **> 12(c) Deferred Retirement Benefit Funding**

SOLAS recognises as an asset, amounts owing from the State for the unfunded deferred liability for retirement benefits on the basis of a number of past events. These events include the statutory backing for the superannuation scheme and the policy and practice in relation to funding public service retirement benefits including the annual estimates process. SOLAS has no evidence that the funding policy will not continue to progressively meet this amount in funding in accordance with current practice. The deferred funding asset for retirement benefits as at 31 December 2023 amounted to €531.570m (2022: €513.930m). The calculation of the deferred asset is solely for FRS102 reporting purposes.

From 2010 onwards, in accordance with the provisions of the Financial Measures (Miscellaneous Provisions) Act 2009, future retirement benefits of the transferred retirement benefit fund will be met on a "pay as you go" basis out of the funding provided annually by the DFHERIS. Contributions from staff and employer in this scheme are paid over to the Department on a monthly basis.

### **> 13 Lease Commitments**

SOLAS had the following future minimum lease payments under non-cancellable operating leases (up to lease break clauses where these apply). These operating leases are an arrangement in which substantially all of the risks and rewards of ownership of the asset are not transferred to SOLAS by the lessor.

	<b>2023</b>	<b>2022</b>
	<b>As at 31 December 2023</b>	<b>As at 31 December 2022</b>
	<b>€'000</b>	<b>€'000</b>

Payable within 2 to 5 years	0	825
Payable after 5 years	0	0
<b>Total</b>	<b>825</b>	<b>2,500</b>

The Operating Leases for 2023 are in relation to Block 1, Castleforbes House, Castleforbes Road, Dublin 1.

The Operating Leases for 2022 were in relation to Block 1, Castleforbes House and Regus House, Harcourt Centre, Dublin 2.

In 2023, the NAO moved from Regus House to The Plaza, East Point Business Park, Dublin 3, with no long term lease obligation.

## **SOLAS – Further Education & Training Authority**

*Notes to the Financial Statements (continued)*

The estimated lease commitment at 2023 year end was €825k. The lease commitment at 2022 year end was €2.5m.

Operating lease payments recognised as an expense in 2023 were €1.7m (2022: €1.7m).

The properties were utilised in 2023. Operating Leases are reviewed on an ongoing basis by SOLAS.

### **Finance Lease Commitments**

There were no Finance Leases.

## **> 14 Funding**

Most of SOLAS's income are grants from the DFHERIS which are provided to meet liabilities maturing during the year, as opposed to expenditure incurred during the year. SOLAS recognises its income from the DFHERIS on a cash basis, whereas expenditure is recognised as incurred. As a result, the annual surplus or deficit on the Statement of Income and Expenditure and the accumulated surplus or deficit do not represent normal operating surpluses or deficits and are largely attributable to the difference between accruals expenditure and cash-based funding.

## **> 15 Capital Commitments**

At 31 December 2023 and December 2022, SOLAS had no capital commitments.

## **> 16 Contingent Liability**

In the normal course of business SOLAS is involved in various legal actions including the finalisation of legacy cases. After careful assessment of each case, the Board is confident that there are no actions which, when settled, are likely to have a material impact on the financial statements.

## **> 17 Related Party Disclosures**

Related party personnel in SOLAS consist of the CEO and members of the Board of Directors. Total compensation paid to related party personnel, including Board members' fees and expenses and total CEO remuneration, amounted to €327,090 (2022: €221,980). A breakdown of remuneration and benefits paid to related party personnel is provided in notes 11(e) and 11(f).

SOLAS adopts procedures in accordance with the guidelines issued by the Department of Public Expenditure, NDP Delivery and Reform covering the personal interests of Board members. In the normal course of business, SOLAS may approve grants or enter into other contractual arrangements with entities in which SOLAS Board members are employed or are otherwise interested.

There were no related party transactions for the year. SOLAS have conflict of interest processes in place whereby members absent themselves from Board meetings when items relating to funding of their organisations are discussed. This is recorded in the Board minutes.

### **> 18 National Apprenticeship Office**

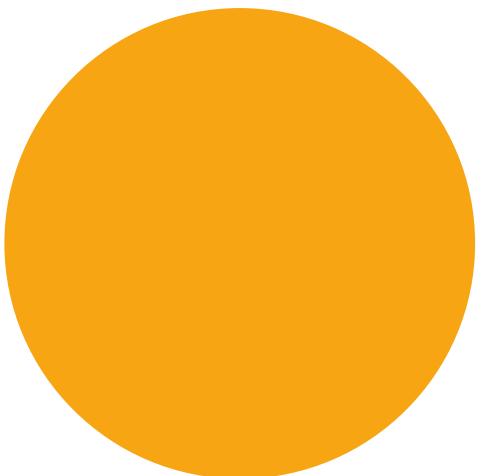

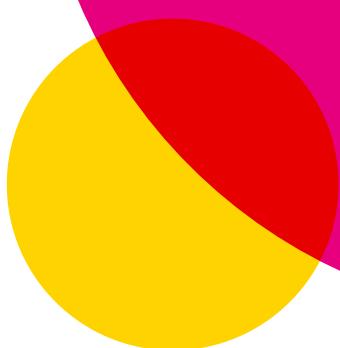

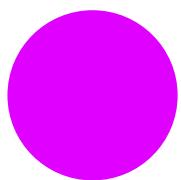

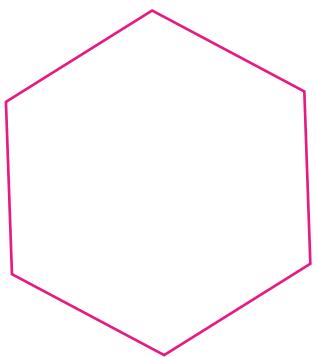

In January 2022, the National Apprenticeship Office (NAO) was formally established as part of the Action Plan for Apprenticeship 2021 – 2025, by the Minister for Further and Higher Education, Research, Innovation and Science. The NAO is managed jointly by the Higher Education Authority (HEA) and SOLAS. It brings together the key State players in a single National Apprenticeship Office while further embedding the well-established industry-focused approach to developing and delivering apprenticeship. This ensures that the quality and integrity of apprenticeships is safeguarded. The NAO also provides a single point of contact for employers or industries willing to engage apprentices or develop an apprenticeship programme.

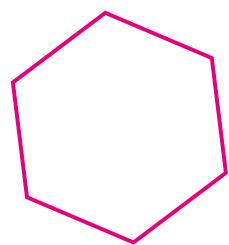

SOLAS expenditure related to the NAO is summarised below:

	Note	2023 €'000	2022 €'000
Payroll	5	1,000	579

# Brollach an Chathaoirligh

Is mian liom an deichiú Tuarascáil Bhliantúil de chuid SOLAS, don tréimhse an 1 Eanáir 2023 go dtí an 31 Nollaig 2023 a chur isteach.

Ba bliain dhearfach í 2023 do SOLAS agus don earnáil Breisoideachais agus Oiliúna (BOO) lenar bhain athchóiriú, fás agus bunathrú substaintiúil. Bhí SOLAS fós i gceannas ar Straitéis uaillmhianach BOO 'Foghlaim a Athrú ó Bhonn' agus spreag sé athruithe ar fud an chórais BOO – ag soláthar rochtain níos éasca; conairí simplithe; eispéireas comhsheasmhach foghlaimeora; agus féiniúlacht níos láidre.

Agus muid tagtha amach as na dúshláin agus as srianta phaindéim COVID-19, tá borradh feicthe againn ar an éileamh ar sholáthar FET agus Printíseachtaí agus tá méadú de thart ar 17% ó 2022 go 2023 tagtha ar an mbonn foghlaimeoíri. Léirítear leis sin go bhfuil ár dteachtaireacht thábhachtach ábhartha - tá BOO do gach duine, beag beann ar a leibhéal oideachais fhoirmiúil. Tá sé ar fáil i ngach pobal in Éirinn agus cuireann sé conair luachmhar aitheanta ar fáil do dhaoine chun iad a thabhairt chomh fada agus is mian leat dul.

Cheiliúir SOLAS garsprioc an-tábhachtach in 2023 freisin agus é ag ceiliúradh 10 mbliana ó bunaiodh é faoin Acht Breisoideachais agus Oiliúna 2013. Tá an foghlaimeoír ag croílár BOO agus le 10 mbliana anuas tá tionchar dearfach á imirt ag BOO ar shaol na mílte foghlaimeoír aonair, gnólacht agus pobal ar fud na hÉireann. Ní mór é sin a mholadh go hard agus gan dabht is rud é sin a bhféachfaidh SOLAS le leanúnít ar aghaidh leis agus muid ag dul chun tosaigh go ceann 10 mbliana.

Tá cur chun feidhme leanúnach na gComhaontuithe Straitíseacha Feidhmíochta don tréimhse 2022-2024 ag tacú leis an bhfás ar ghníomhaíocht foghlama in 2023 ar fud na tire. Tá fiorthionchar á imirt ag na comhaontuithe nua, a bhfuilcreat fhorfheidhmiú **Straitéis Náisiúnta BOO, BOO Amach Anseo: Foghlaim a Athrú ó Bhonn 2020-2024**, mar thaca leo ar an dóigh a ndéanaimid ár gclár oibre náisiúnta a

sholáthar, chomh maith le príomhréimsí eile. Bhí an t-athchóiriú sin ríthábhachtach lena chinntí go bhfuil leanúnachas agus comhsheasmhacht againn maidir leis an dóigh a bhfuil BOO á sholáthar agus chun eispéireas dearfach foghlaimeora a chinntí do chách.

Ba mhaith liom aitheantas a thabhairt d'obair chrua mo chomh-chomhaltaí ar an mBord, a lean le saineolais thar a bheith luachmhar a chur ar fáil i rith na bliana. I mí an Mheithimh 2023, chuireamar fáilte roimh dhá chomhalta Boird nua, Sheila Gallagher agus Niall O'Donnellan.

Táimid ag druidim lenár mbliain deiridh maidir le Straitéis reatha BOO 2020-2024 a sholáthar, agus tá go leor bainte amach againn san am sin. Ba chúis áthais dom a bheith ag obair in éineacht le foireann feidhmiúcháin SOLAS agus leis hearnál BOO níos leithne chun an straitéis fhadréimseach agus fhísiúil seo a chur i bhfeidhm le bliain anuas agus tá áthas orm aird a tharraingt ar na héachtaí suntasacha a rinneadh.

Ba mhaith liom trí cinn de na héachtaí suntasacha in 2023 a lua go sonrach, agus áirítear leo sin:

- Infheistíocht shuntasach caipitil dar luach €53 milliún ón Rialtas san earnáil FET agus forbairt 12 Thionscadal spreagúla de chuid Choláiste na Todhchaí FET.
- Forbairt na nasc láidir idir BOO agus ardoideachas trí thiomantas an rialtais do bheartas oideachais tríú leibhéal. Cuireadh túis le réimse cláir oideachais tríú leibhéal nua i mí Mheán Fómhair 2023.
- Tá ról ríthábhachtach ag BOO i bpobail i gcónai. Cuid lárnach de sin is ea oideachas pobail a sholáthar agus méadú as éadan tagtha ar infheistíocht le blianta beaga anuas. Tháinig méadú tapa ar líon na bhfoghlaimeoíri, agus foilseoidh SOLAS, ag obair le príomhpháirtithe, creat oideachais pobail nua in 2024 lena gcinnteofar cur chuige níos

comhsheasmhaí i leith an tsoláthair  
ríthábhachtach BOO sin lena gcuirtear  
rochtain ar oideachas ar fáil do go leor  
daoine.

Ba mhaith liom buiochas a ghabháil leis  
an Taoiseach Simon Harris TD agus leis an  
Aire Stáit, Niall Collins TD, chomh maith leis  
na hoifigigh ón Roinn Breisoideachais agus  
Ardoideachais, Taighde, Nuálaíochta agus  
Eolaíochta as a dtuiscint, a dtreoir agus a  
dtacaíocht. Ba mhaith liom moladh a thabhairt  
freisin do Phriomhfeidhmeannach SOLAS,  
Andrew Brownlee, d'fhoireann SOLAS, do  
Bhoird Oideachais agus Oiliúna Éireann (BOOÉ),  
do na Boird Oideachais agus Oiliúna, do  
ghníomhaireachtaí agus comhlacthaí Rialtais,  
agus dár gcompháirtithe eile go léir ar fud  
earnáil BOO a oibríonn i gcomhar lena chéile le  
comhtháthú agus fisíontach chun oideachas  
den scóth a sholáthar do gach foghlaimeoir  
atá ag gabháil do chóras BOO, go háirithe na  
foghlaimeoirí is imeallaithe.

Thar ceann an Bhoird, leanfaimid le comhairle  
straitéiseach, tacaíocht agus treoir a sholáthar  
do SOLAS in 2024 agus muid ag obair le chéile  
chun todhchaí rathúil a chinntíú do BOO.

# Réamhrá an Phríomhfheidhmeannaigh

Tháinig fás gan fasach ar FET agus ar phrintíseachtaí in 2023, agus daoine de gach aois ag dul ina muinin don fhoghlaim a theastaíonn uathu.

Bhain duine as gach deichniúr os cionn 15 bliana d'aois in Éirinn – os cionn 400,000 duine – leas ar bhealach éigin as BOO agus printíseachtaí in 2023. Leis na figiúirí sin, tugtar ardú misnígh dúinn go léir atá ag obair san earnáil BOO agus tugtar le fios dúinn go bhfuil BOO ag soláthar, ní hamháin do dhaoine aonair, ach do phobail agus don tsochaí, agus go bhfuil a uaillmhian bheith ina príomhspreaghtach d'fhorbairt eacnamaíoch agus do chomhtháthú sóisialta araon á baint amach aige.

Áirítear an méid seo a leanas leis an bhfás ar sholáthar BOO in 2023:

- Thug breis agus 150,000 faoi oiliúint sábháilteachta tógála tríd an Scéim Deimhnithe Scileanna Foirgniochta, an Scéim Deimhnithe Scileanna Cairéil, agus Safepass, agus tugadh isteach córas athnuachana ar líne nua i mí Eanáir, rud a spreagann an lucht saothair atá ag teastáil don tionscal ríthábhachtach seo agus a spreagann soláthar Tithiocht do Chách. Anuas air sin, cuireadh oiliúint ar bheagnach 5,000 duine i scileanna ríthábhachtacha foirgneamh nach móré neodrách ó thaobh fuinnimh (NZEB) agus scileanna gaolmhara a theastaíonn chun 500,000 teach a iarfheistiú faoi 2030.
- Daonra printíseachta de bhreis ar 27,470. Tá 73 printíseach éagsúil ar fáil anois, agus tá printísigh ag obair do 9,237 fostóir.
- Ghlac beagnach 219,000 foghlaimeoir uathúil cursáil FET eile, agus glacadh thart ar 375,373 áit le linn 2023 (tá go leor dár gcúrsaí ina gcúrsaí gairide, agus glacann go leor foghlaimeoí FET níos mó ná ceann amháin in aghaidh na bliana). Is é sin méadú thart ar aon cúigiú ar leibhéal 2022 – éacht iontach.

- Tá méadú 11% bliain i ndiaidh bliana tagtha ar na rolluithe ar chúrsáí iarr-Ardteistiméireachta (priomhcheann scribe d'fhágálaithe scoile), tá an earnáil ag tacú le breis agus 33,000 Úcránach sa Bhéarla agus i scileanna eile, agus tá breis agus 21,000 fostáí ag tabhairt faoi uas-sciliú tríd an tionscnamh Scileanna le Dul Ar Aghaidh, méadú os cionn ceathrú in 2022.
- Tá méadú thart ar 20% go 25,000 tagtha ar an rannpháirtíocht inár gcúrsaí r-Choláiste, ag méadú de réir a chéile ar ais go dtí an t-oll-éileamh a chonacthas le linn na paindéime, nuair a d'osclaíomar an acmhainn ar líne do chách. Spreagadh é sin tríd an tairiscint a éagsúlú, agus scileanna glasa ina gcuid den phunann anois, agus tá sé beartaithe é a fhorbairt mar thairseach chuig BOO in 2024.

## Fás agus Tionchar

Cuimhneofar ar 2023 mar bláthain fáis ach mar bláthain ina raibh fiorthionchar freisin. D'éirigh linn ár spriocanna feidhmíochta náisiúnta córais BOO a bhaint amach, lena n-áirítear priomh-reimsí ar nós: rannpháirtíocht a mhéadú - ghlac níos mó daoine ná riamh ó na priomh-sprioc-chohóirt páirt i gcúrsaí BOO, dul chun cinn laistigh de BOO de réir mar a bhog daoine feedh conairí foghlama, agus rátaí deimhniúcháin níos airde do scileanna trasnaí agus priomhriachtanais scileanna, rud a chinntíonn go bhfuil tábhacht agus ábharthacht ag an bhfoghlaim a rinneadh don tionscal agus thairis. A bhui leis sin, soláthraitear bonn láidir dúinn le haghaidh forbairt leanúnach in 2024.

Rinneadh athchóiriú tábhachtach freisin in 2023, go háirithe maidir le hathchóiriú na samhla maoiniúcháin lena nasctar cur ar fáil acmhainn BOO agus printíseachtaí le tortaí agus riachtanais i réigiún an Bhoird Oideachais agus Oiliúna (BOO) faoi seach.

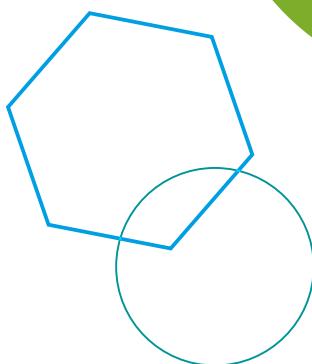

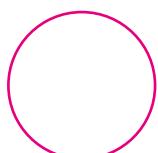

Treoráonn SOLAS an t-aistriú agus an t-athrú san earnáil BOO ach ní féidir é sin a dhéanamh gan an comhoibriú agus an tacaíocht a fhaighimid ó na daoine dícheallacha paiseanta a oibríonn ar fud an chórais BOO. Ar deireadh, táimid go léir ag obair i dtreo sprioc chomhchoiteann, is é sin a chinntiú go mbeidh eispéireas comhsheasmhach agus dearfach ag foghlaimeoíri BOO agus go mbeidh teacht ag na daoine is mó a bhfuil sé de dhíth orthu ar dheiseanna agus ar thacaiochtaí oideachais. Ba mhaith liom buíochas ó chroí a ghabháil le mo chomhghleacaithe in SOLAS, Bord SOLAS, leis an Roinn Breisoideachais agus Ardoideachais, Taighde, Nuálaíochta agus Eolaíochta, le ETBI agus leis na 16 BOO agus a bhfoireann, a gníomhairescaí agus a gcomhlactaí a n-oibrímid i gcomhar leo agus gach duine atá páirteach in earnáil FET nó a oibríonn chun tacú leis an earnáil.

Táimid ag suíl go mór le hobair i gcomhpháirt libh ar fad maidir le prófil agus tionchar BOO a ardú ar fud na hÉireann.

# Maidir le SOLAS

Is é SOLAS an ghníomhaireacht stáit atá freagrach as FET in Éirinn. Spreagaimid freagrúlacht, nuáláiocht, claochlú, inbhuanaitheacht agus rathúlacht na gcóras FET agus printíseachta. Déanaimid an méid sin trí straitéis a leagan síos, infheistíocht a threorú, cur i bhfeidhm a threorú, agus cuntasacht a chintíú ar fud na soláthraithe FET, le fócas sáraitheach ar riachtanais a gcuid foghlaimeoirí agus printísigh.

Táimid i gceannas ar Straitéis Náisiúnta uaillmhianach FET, Future FET: Ag Claochlú na Foghlama 2020-2024 agus ag spreagadh athraithe agus athchóirithe ar fud an chórais FET – lena soláthraítear rochtain níos éasca; conairí simplithe; eispéireas comhsheasmhach foghlaimeora; agus féiniúlacht níos láidre.

**Ár bhFís:** cumas daoine aonair, pobal agus fiontar a chumhachtú trí fhoghlaim ar feadh an tsaoil agus trí chlaochlú an lucht saothair.

**Ár nUaillmhian:** Agus duine as gach deichniúr duine fásta faoi thionchar na foghlama a fhaigheann tacaíocht ó SOLAS ar bhealach éigin, is é ár n-uaillmhian é seo a mhéadú go leathmhilliún duine faoi 2026.

Tá ár dteachtaireacht láidir agus seasmhach i gcónai.

**“Tá BOO do gach duine, beag beann ar do leibhéal oideachais fhoirmiúil. Tá sé ar fáil i ngach pobal in Éirinn agus cuirfidh sé cosán luachmhar aitheanta ar fáil duit chun tú a thabhairt chomh fada agus is mian leat dul.”**

# SOLAS in 2023

Ag cur leis an dul chun cinn suntasach a rinneamar in 2022, lean SOLAS le bunathrú FET a threorú go 2023, rud a spreag athrú forleathan ar fud na hearnála. In 2023, chonaiceamar téarnamh san FET, agus bhraitheamar fás suntasach a raibh gá mó� leis i ndiaidh titim i rannpháirtíocht FET le linn COVID-19.

De réir mar a tháinig cur chun feidhme na Straitéis FET 2020-2024 isteach ina dhá bliain deiridh in 2023, lean FET agus printíseachtaí de bheith aitheanta mar chonair foghlama luachmhar agus aitheanta. Bhí an t-eileamh ar FET agus printíseachtaí níos airde riamh in 2023 agus bhain breis agus 400,000 duine leas ar bhealach éigin as FET agus printíseachtaí. Méadú suntasach ar an mbonn foghlaimeoira de thart ar 17% ó 2022 go 2023 ag tabhairt fianaise ar thábhacht mhéadaitheach FET do gach duine ar fud ár bpobail.

Rinne SOLAS dul chun cinn suntasach i bpriomhréimsí in 2023, ag cur an fhís agus an uaillmhian atá leagtha amach i Straitéis FET 2020-2024 chun cinn. Tacáodh le héabhlóid Choláistí FET na Todhcháí trí mhórchlár infheistíochta caipilí chun Coláistí FET a nuachóiriú agus a uasghrádú chun eispéiris claochlaithe foghlaimeora a chur ar fáil, ag seachadadh deiseanna forbartha scileanna nua-aimseartha agus spásanna foghlama a fhreastalaíonn ar phobail agus ar foghlaimeoíra araon.

Chonacthas fás agus forleathnú leanúnach ar thairiscint FET for Enterprise, trí chláir ar nós Skills to Advance, agus lean sé ar aghaidh ag feidhmiú mar acmhainn do gach duine chun scileanna agus athoiliúint a chur ar gach duine ar feadh a saoil agus a ngairmeacha beatha ina bpobail áitiúla. Chonacthas fás suntasach sa rannpháirtíocht sa ríomhCholáiste le haghaidh uasoiliúna agus deiseanna foghlama ar feadh an tsaoil araon agus é ar fáil go hiomlán saor in aisce don cheathrú bliain as a chéile.

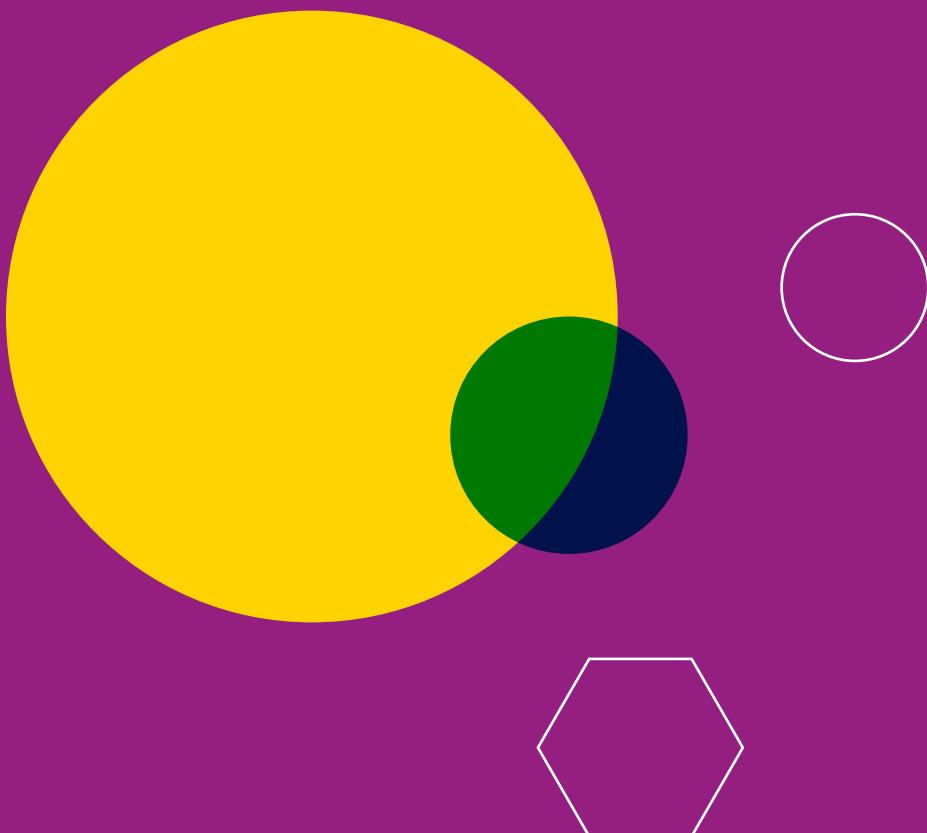

Rinne an Oifig Náisiúnta Printíseachta (NAO) dul chun cinn mór ina spriocanna uaillmhianacha faoin éileamh atá méadaithe go substaintiúil agus ag an am céanna ag dul i ngleic leis an tsaincheist riaráiste leanúnach a eascraíonn as srianta sláinte poiblí COVID-19 ar an earnáil.

Dhírigh Scileanna Glasa agus Foirgníocht ar leathnú an tsoláthair náisiúnta FET i scileanna glasa agus i scileanna tógála amach anseo ag teacht le príomhbheartais an Rialtais maidir leis an aeráid agus tithíocht.

Tháinig fás freisin ar FET do Phobail, agus leag oifig an chláir Litearthacht d'Aosaigh don Saol (LAS) amach fíos shoiléir trí fheachtas cumarsáide náisiúnta a bhfuil tionchar aige a sheoladh chun feasacht ghinearálta ar litearthacht, uimhearhacht agus scileanna litearthachta digití a chur chun cinn, lenar spreagadh comhráite faoi thábhacht na litearthachta i bpobail áitiúla mar aon le tacú le daoine rochtain a fháil ar sheirbhísí litearthachta áitiúla.

I mbliana bhí 10 mbliana ag SOLAS ó bunaíodh é in 2013, in éineacht le líonra na mBord Oideachais agus Oiliúna (BOO) ar fud na tíre. Ag déanamh machnamh maidir leis an dul chun cinn le deich mbliana anuas agus an garsprioc shuntasach seo bainte amach againn, d'éirigh le SOLAS an earnáil FET a bheith ina hearnáil níos straitéisí, níos sofheicthe agus níos comhtháite, ag tairiscint deiseanna do chách agus ag tiomáint forbairt eacnamaioch agus comhtháthú sóisialta, chun a chinntí gur féidir le FET freastal ar na riachtanais athraitheacha shochaí na hÉireann.

Ba bhliain í 2023 ina raibh fás agus claochlú iontach ar FET, inar leagadh béis ar an méadú suntasach ar éileamh na hearnála agus ar an bhfreagairt lúfar ar thacú le 33.000 Úcránach breise i scileanna Béarla agus scileanna eile. Ba cheart go dtabharfaidh an méid sinn ardán iontach dúinn le haghaidh tuilleadh forbartha in 2024, le huaillmhian agus tiomantas chun na tortháil is fearr a bhaint amach d'fhoghlaimeoirí agus a gcuid pobal ag croílár na hearnála.

inrochtaineacht, guth agus rogha an fhoghlaiméora a fhí isteach i bhfabraic eispéisí foghlama FET, mar sin ag tacú le hionchuimsíú agus éagsúlacht inár gcorp foghlaimeoíri. Tá dul chun cinn suntasach á dhéanamh maidir le prionsabail agus treoirlínte UDL a leabú san Earnáil FET, tar éis fhoilsiú 'UDL for FET Practitioners: Treoir maidir le Dearadh Uilíoch don Foghlaim in FET na hÉireann a Chur i bhFeidhm in 2021.

Dearadh na rialuithe seo sa chaoi is gur féidir a bheith réasúnta cinnte, cé nach féidir a bheith céad faoin gcéad cinnte, go seachnófar neamhchomhlíonadh an Actica. Is deimhin leis an mBord gur, le linn 2023, chloigh SOLAS le forálacha an Actica i ngach cás ábhartha. Sa ionlán, iocadh suim de €1,123.95 maidir le pionóis úis a gearradh de bharr íocaíochta a bheith déanach.

# Tuarascáil an Ard-Reachtaire Cuntas agus Ciste le cur faoi bhráid Thithe an Oireachtas

## Ard Reachtaire Cuntas agus Ciste An tArd-Reachtaire Cuntas agus Ciste

### Tuarascáil le cur faoi bhráid Thithe an Oireachtas

### An tSeirbhís Oideachais Leanúnaigh agus Scileanna (SOLAS)

#### Tuairim ar na ráitis airgeadais

Rinne mé iniúchadh ar ráitis airgeadais SOLAS don bhliain a chríochnaigh ar an 31 Nollaig 2023 mar atá riachtanach faoi fhórálacha chuid 31 den Acht um Breisoideachas agus Oiliúint, 2013. Cuimsítear sna ráitis airgeadais

- an ráiteas ioncaim agus caiteachais
- an ráiteas ar ioncam cuimsitheach
- an ráiteas maidir leis an staid airgeadais
- an ráiteas ar shreafaí airgeadais
- an ráiteas ar athruithe ar an gcontas capítíl agus cúnchistí, agus
- na nótáí bainteacha, lena n-áirítear achoimre ar pholasaithe suntasacha cuntasáiochta

I mo thuairim, tugann na ráitis airgeadais léiriú fíor cothrom ar shócmhainní, dliteanais agus staid airgeadais SOLAS ar an 31 Nollaig 2023 agus ar a ioncam agus caiteachas le haghaidh 2023 de réir Caighdeán Tuarascála Airgeadais (FRS) 102 - *The Financial Reporting Standard applicable in the UK and the Republic of Ireland*.

#### Bunús na tuairime

Rinne mé m'iniúchadh ar na ráitis airgeadais i gcomhréir leis na Caighdeán Idirnáisiúnta ar Iniúchóireacht (ISAanna) arna bhfógairt ag an Eagraíocht Idirnáisiúnta Uasphoras Iniúchóireachta. Tá cur síos déanta ar mo fhreagrachtaí faoi na caighdeán sin san agusín leis an tuarascáil seo. Táim neamhspleách ar SOLAS agus chomhlíon mé mo fhreagrachtaí eiticiúla eile de réir na gcaighdeán.

Creidim gur leor agus gur iomchuí an fhianaise iniúchóireachta a fuair mé chun bunús a thabhairt le mo thuairim.

#### Tuarascáil maidir leis na bhfaisnéis seachas na ráitis airgeadais, agus maidir le cúrsaí eile

Chuir SOLAS faisnéis áirithe eile i láthair in éineacht leis na ráitis airgeadais. Cuimsítear léi sin an tuarascáil bhliantúil lena n-áirítear an ráiteas ar rialachas agus tuarascáil chomhaltaí an Bhoird, agus an ráiteas ar rialú inmheánach. Tá cur síos déanta san agusín leis an tuarascáil seo ar mo fhreagrachtaí i ndáil leis an bhfaisnéis sin, agus ar chúrsaí áirithe eile ar a dtugaim tuairisc trí eisceacht.

Níl aon rud agam le tuairisciú maidir leis sin.

## Aguisín a ghabhann leis an tuarascáil

### Freagrachtaí na gcomhaltaí Boird

Leagtar amach sa ráiteas rialachais agus i dtuarascáil na gComhaltaí Boird freagrachtaí na gcomhaltaí Boird, lena n-áirítear

- na ráitis airgeadais bhliantúla a ullmhú san fhoirm atá leagtha amach faoi alt 31 den Acht Breisoideachais agus Oiliúna 2013
- a chinntí go dtugtar léargas fíor agus cóir sna ráitis airgeadais i gcomhréir le FRS 102
- rialtacht na n-idirbheart a chinntí
- a mheasúnú an bhfuil úsáid bhonn an ghnóthais leantaigh maidir le cuntasáiocht cuí nó nach bhfuil, agus
- an rialú inmheánach a dhearbháinn siad go bhfuil gá leis chun ullmhú na ráiteas airgeadais a éascú a bheidh saor ó mhíthuairisci ábhartha, cibé acu de bharr calaoise nó earráide.

### Freagrachtaí an Ard-Reachtaire Cuntas agus Ciste

Ceanglaitear orm faoi alt 31 den Acht Breisoideachais agus Oiliúna 2013 iniúchadh a dhéanamh ar na ráitis airgeadais agus tuairisciú a dhéanamh fúthu le Tithe an Oireachtais.

Is é mo chuspóir agus an t-iniúchadh á dhéanamh agam dearbhú réasúnta a fháil faoi cibé an bhfuil nó nach bhfuil na ráitis airgeadais ina n-iomláine saor ó mhíthuairisci ábhartha de bharr calaoise nó earráide. Leibhéal ard dearbhaithíte is ea dearbhú réasúnta, ach ní chinntítear leis go mbraitheoirí míthuairisci ábhartha nuair atá siad ann le hiniúchadh a dhéantar i gcomhréir leis na ISAnna. D'fhéadfadh míthuairisci teacht ó chalaois nó ó earráid agus meastar go bhfuil siad ábhartha i gcás go mbeifí ag súil leo le réasún, ina n-aonar nó sa chomhionlán, go mbeadh tionchar acu ar chinntí eacnamaíocha na n-úsáideoirí a dhéanfadh siad ar bhonn na ráiteas airgeadais seo.

Mar chuid d'iniúchadh i gcomhréir leis na ISAnna, feidhmím breithiúnas gairmiúil agus coimeádaim sceipeachas gairmiúil le linn an iniúchta. Agus amhlaidh á dhéanamh,

- déanaim na rioscaí um míthuairisc ábhartha sna ráitis airgeadais cibé acu de bharr calaoise nó earráide a shainaithe agus a mheasúnú; ceapaim agus déanaim nósanna imeachta iniúchóireachta atá freagrúil do na rioscaí sin; agus faighim an fhianaise iniúchóireachta ar leor agus ar ionchuí í chun bunús a chur le mo thuairim. Bíonn an riosca mura mbraitheoirí míthuairisc ábhartha a bhíonn mar thoradh ar chalaois níos airde ná ceann a bhíonn mar thoradh ar earráid, toisc go bhfeadfadh claoipháirteachas, brionnú, easnaimh d'aon ghnó, mífhaisneis, nó sárú ar rialú inmheánach bheith i gceist le calaoise.
- Faighim tuiscint ar an rialú inmheánach a bhaineann leis an iniúchadh chun nósanna imeachta iniúchóireachta a cheapadh atá ionchuí sna cúinsí, ach ní chun tuairim a chur in iúl maidir le héifeachtúlacht na rialuithe inmheánacha.
- Déanann meastóireacht ar oiriúnacht na mbeartas cuntasáiochta a úsáideadh agus réasúntacht na meastachán cuntasáiochta agus an nochta lena mbaineann.

- Cinnim ar oiriúnacht úsáid bhonn an ghnóthais leantaigh maidir le cuntasáiocht agus, bunaithe ar fhianaise iniúchóireachta a fuarthas, an bhfuil neamhchinnteacht ábhartha ann nó nach bhfuil maidir le himeachtaí nó cúinsí a d'fhéadfadh amhras suntasach a chaitheamh ar chumas SOLAS leanúint ar aghaidh mar ghnóthas leantaigh. Má chinnim go bhfuil neamhchinnteacht ábhartha ann, tá sé ceangailte orm aird a tharraingt i mo thuarascáil ar an nochadh gaolmhar sna ráitis airgeadais nó, murar leor an nochadh sin, mo thuairim a mhionathrú. Tá mo chonclúid bunaithe ar an bhfianaise iniúchóireachta a fhaightear suas go dtí dáta mo thuarascála. D'fhéadfadh le himeachtaí amach anseo deireadh a chur le SOLAS a bheith mar ghnóthas leantaigh.
- Déanaim meastóireacht ar chur i láthair, struchtúr agus ábhar foriomlán na ráiteas airgeadais, lena n-áirítear an nochadh, agus cibé an léiritear nó nach léiritear na hidirbhearta agus na himeachtaí bunaidh sna ráitis airgeadais ar mhodh um chur i láthair cothrom.

Cuirim iad siúd a bhfuil freagracht orthu as rialachas ar an elas faoi, i measc cúrsáile, raon feidhme agus tráthúlacht bheartaithe an iniúchta agus tortaí suntasacha an iniúchta, lena n-áirítear easnaimh shuntasacha ar bith sa rialú inmheánach a sainaithním le linn m'iniúchta.

Déanann tuairisc trí eisceacht ar an méid seo a leanas, má cheapaim,

- nach bhfuair mé an fhaisnéis agus na míniúcháin ar fad a theastaí uaim d'iniúchadh, nó
- mura raibh na taifid chuntasáiochta dóthanach le hiniúchadh a dhéanamh go héasca agus go cuí ar na ráitis airgeadais, nó
- nach raibh na ráitis airgeadais ag teacht leis na taifid chuntasáiochta.

### Faisnéis seachas na ráitis airgeadais

Ní chumhdaitear i mo thuairim ar na ráitis airgeadais an fhaisnéis eile atá curtha i láthair leis na ráitis sin, agus ní chuirim foirm ar bith de chonclúid dearbhaithíte in iúl fúthu.

I ndáil le m'iniúchadh ar na ráitis airgeadais, ceanglaítear orm faoi na ISAanna faisnéis eile atá ann a léamh agus, ag déanamh amhlaidh, a mheas cibé acu an bhfuil nó nach bhfuil an fhaisnéis eile neamhréir go hábhartha leis na ráitis airgeadais nó leis an elas a fuarthas le linn an iniúchta, nó má bhíonn sé míthuairiscithe go hábhartha ar bhealach ar bith eile. Má chinnim, bunaithe ar an obair a rinne mé, go bhfuil míthuairisc ábhartha san fhaisnéis eile sin, ceanglaítear orm é sin a thuairisciú.

### Tuairisciú ar chúrsaí eile

Lena chois sin, feidhmíonn SOLAS dhá scéim sochair scoir a cuireadh ar bun i bhfad siar mar seo a leanas:

- Scéim le sochar sainithe a thugann sochair scoir d'iarbháill foirne AnCO. Dúnadh an scéim seo do chomhaltaí nua ar 1 Eanáir 1988. Ar 31 Nollaig 2009 aistríodh sócmhainní na scéime chuitg an gCúlchiste Náisiúnta Pinsean de réir an Acharta um Bearta Airgeadais (Foráil Ilgħnéitheach) 2009. Tá dliteanais sochair scoir mar ionadaí do luach reatha na n-iocaíochtaí sochair scoir amach anseo atá tuillte ag an bhfoireann go dtí seo. Tá maoiniú sochair scoir atá curtha siar mar ionadaí don tsócmhainn cosúil leis atá le haisghabháil i dtréimhsí amach anseo ón Roinn Breisoideachais agus Ardoideachais, Taighde, Nuálaiochta agus Eolaiochta.

## **Meastachán Chuntasaíochta agus Breithiúnais**

Agus ráiteas airgeadais á ullmhú, caithfidh an lucht bainistíochta breithiúnais, meastacháin agus toimhdí a dhéanamh a mbíonn tionchar acu ar chur i bhfeidhm beartas chomh maith leis na méideanna sócmhainní a thuairiscítear, dliteanas, ioncaim agus costais. Tá na meastacháin agus na toimhdí bainteach leo bunaithe ar thaithí stairiúil agus ar fhachtóirí éagsúla eile a chreidtear a bheith réasúnach faoi mar a sheasann cursaí ag aon am faoi leith, agus is iad na tortaí seo atá mar bhonn chun breithiúnais a dhéanamh ar luachanna (tugtha) anonn de shócmhainní agus dliteanas nach bhfuil soiléir ó fhoinsí eile. D'fhéadadh tortaí iarbhír a bheith difriúil ó na meastacháin.

Déantar athbhreithniú ar bhonn leanúnach ar na meastacháin agus ar na toimhdí ar a bhfuil siad bunaithe. Déantar athbhreithniú ar mheastacháin chuntasaíochta a shainainthint le linn na tréimhse a ndéantar an meastachán a athbhreithniú, sa chás go mbíonn tionchar ag an athbhreithniú ar an tréimhse sin amháin,

nó le linn na tréimhse athbhreithnithe agus na dtréimhsí amach anseo sa chás go mbíonn tionchar ag an athbhreithniú ar thréimhsí reatha agus amach anseo. I measc na réimsí ina bhfuil breithiúnais nó castacht nach beag i gceist, nó réimsí ina bhfuil toimhdí nó meastacháin suntasach do na ráitis airgeadais, tá:

## **Lagú Réadmhaoine, Gléasra agus Trealmh**

Déantar athbhreithniú ar luach (tugtha) anonn de mhireanna talún agus foiggneamh, trealmh agus troscáin le haghaidh táscaí lagaithe ag gach dáta tuairiscithe agus tá siad faoi réir tástála lagaithe nuair a thugann imeachtaí nó cúinsi athraithe le fios gur seans nach féidir an luach tugtha anonn a aisghabháil.

## **Costais Shocair Scoir**

Is achtúirí cáilithe a dhéanfaidh measúnú ar na dliteanais agus na costais bainteach leis na scéimeanna sochair scoir atá sainitheanta mar leagáid (idir mhaoinithe agus neamh-mhaoinithe) agus is ar bhonn mhodh chreidiúint réamh-mheasta an aonaid a dhéantar iad a mheas agus trí thoinhdí achtúireacha bunaithe ar ionchais an mhargaíd ar an dáta tuairiscithe airgeadais a riomhtar iad. Cinntear na rátaí lascaine a úsáidtear chun luachanna dliteanais na scéimeanna mar atá siad faoi láthair a shocrú trí thagarit a dhéanamh do thorthaí an mhargaíd ar an dáta tuairiscithe airgeadais ar bhannaí corparáideacha ardcháilíochta airgeadra agus téarma atá comhsheasmhach le hairgeadra agus téarma oibleagáidí an tsochair iarfhostaiochta a bhaineann leo.

Léirítear an glanbharrachas nó an t-easnamh a eascraíonn as na scéimeanna sochair scoir sainithe, mar aon leis na dliteanais a bhaineann leis na scéimeanna neamh-mhaoinithe, laistigh de shócmhainní neamhreacha nó de dhliteanais neamhreacha sa Ráiteas ar an Staid Airgeadais.

## **Toimhdí**

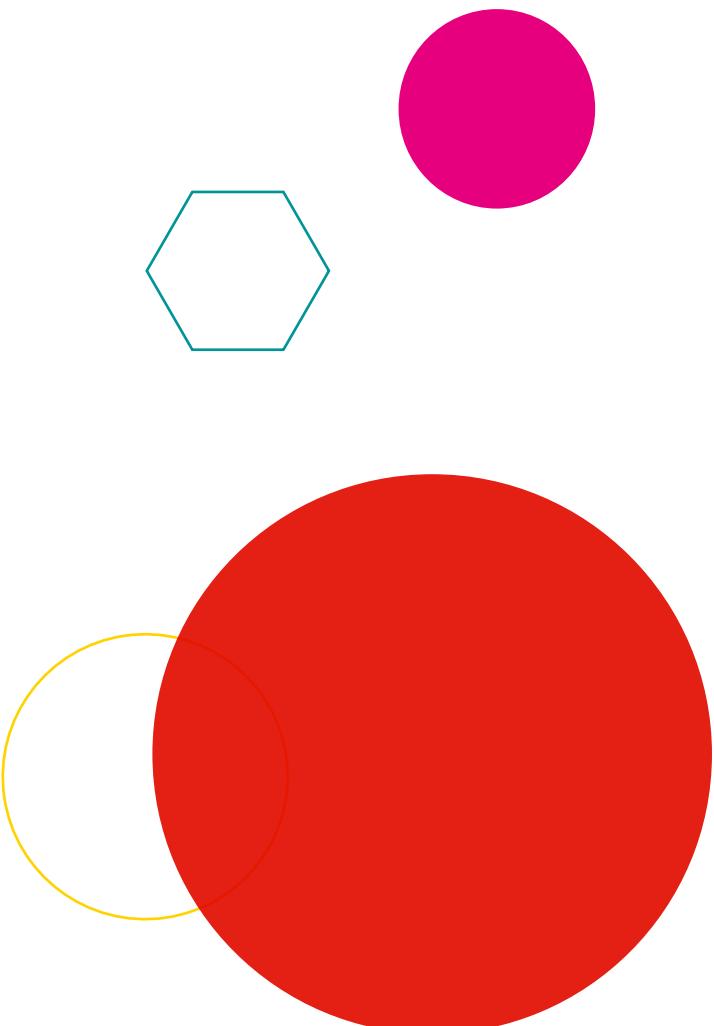

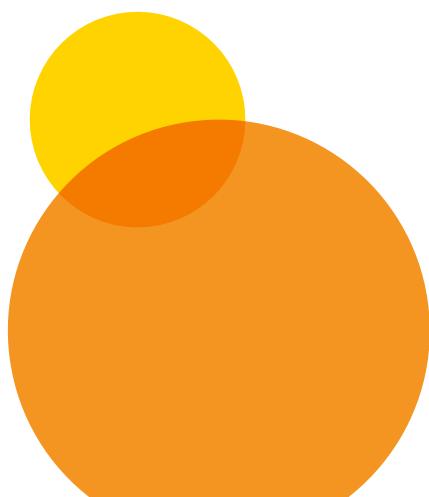

Déantar na toimhdí is bun leis na luachálacha achtúireacha óna gcinntear na méideanna a aithnítear sna ráitis airgeadais (lena n-áirítear rátaí lascaine, rátaí ardaithe ar leibhéal cúitimh

amach anseo, rátaí básmhaireachta agus rátaí maidir le treochtaí sa chostas cúram sláinte) a nuashonrú go bliantúil bunaithe ar dháláí eacnamaíocha reatha agus ar aon athrú ábhartha ar théarmaí agus ar choinníollacha an tsochair scoir agus na bpleannanna iar-scoir.

Seans go mbeidh na toimhdí seo curtha as a riocht ag:

- i. An ráta lascaine, athruithe ar an ráta toraidh ar bhannaí corparáideacha ardcháiliúchta;
- ii. Leibhéal cútímh amach anseo, coinníollacha an mhargaídha shaothair amach anseo; agus
- iii. Treochtaí sa chostas cúram sláinte, an ráta boilscithe costais leighis sna réigiúin ábhartha.

Tá na meán-thoimhdí achtúireacha ualaithe a cuireadh i bhfeidhm chun sochar scoir agus dliteanais iar-scoir eile a shocrú le fáil i Nóta 12. Cé go gcreideann an bhainistíocht go bhfuil na toimhdí a úsáidtear oiriúnach, d'fhéadfadh tionchar a bheith ag difríochtaí i dtáithí iarbhir nó athruithe ar thoimhdí ar na hoibleagáidí agus na costais a aithnítear i dtréimhsí cuntasaiúchta amach anseo. D'fhéadfadh luaineacht shuntasach tréimhse ar thréimhse a bheith i gceist le sócmhainní agus dliteanais scéimeanna sochair scoir sainithe, a bhfuil athruithe ar thorthaí bannaí agus fad saoil mar bhunús léi. Le cois ranníocaíochtaí seirbhíse amach anseo, seans go n-éileoidh an Roinn Breisoideachais agus Ardoideachais, Taighde, Nuáláiochta agus Eoláiochta ranníocaíochtaí airgid nach beag chun easnaimh seirbhíse san am a chuaigh thart a leigheas.

### > 18 Oifig Náisiúnta Printíseachta

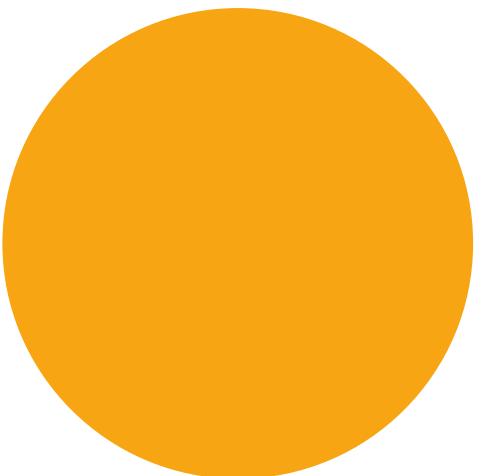

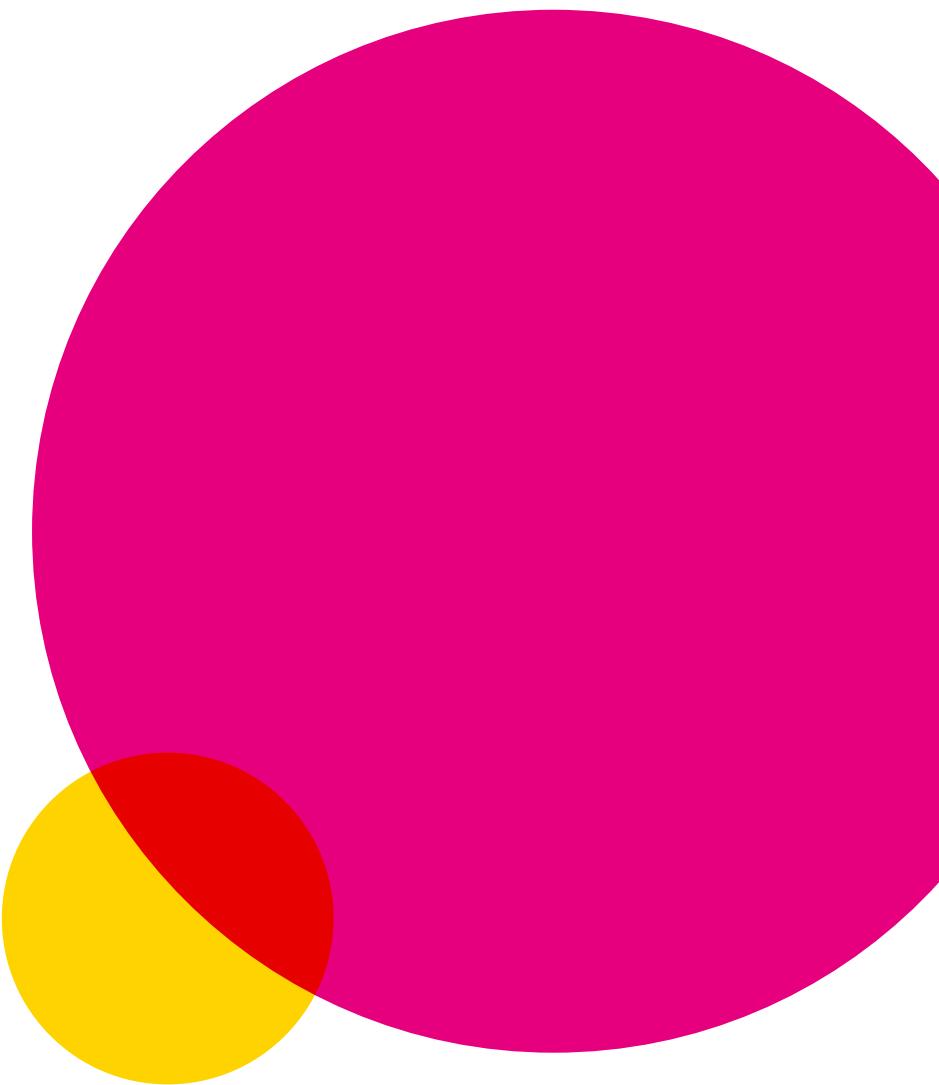

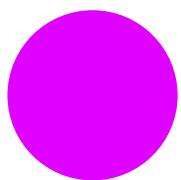

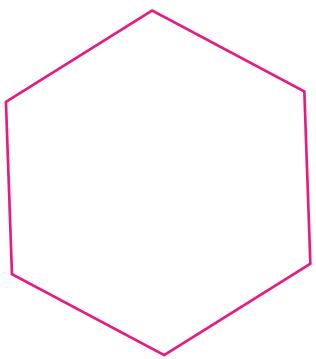

I mí Eanáir 2022, bhunaigh an tAire Breisoideachais agus Ardoideachais, Taighde, Nuálaíochta agus Eolaiochta an Oifig Náisiúnta Printíseachta go foirmiúil mar chuid den Phlean Gníomhaíochta do Phrintíseacht 2021-2025. Déanann an tÚdarás um Ard-Oideachas agus SOLAS an Oifig Náisiúnta Printíseachta a chomhbhainistiú. Tugann sé na príomhghníomhaithe Stáit le chéile in Oifig Náisiúnta Printíseachta aonair agus ag an am céanna tá an cur chuige seanbhunaithe atá dírithe ar an tionscal i dtaoibh printíseachtaí a fhorbairt agus a sheachadadh a dhaingniú tuilleadh. Cinntíonn sé seo go gcosnaítear cailíocht agus sláine na bprintíseachtaí. Soláthraíonn an Oifig Náisiúnta Printíseachta pointe teagmhála amháin freisin d'fhostóirí nó do thionscail atá sásta printísigh a fhostú nó clár printíseachta a fhorbairt.
