

An Roinn Iompair
Department of Transport

2024 Regional and Local Road Allocations

An explanation of the purpose of the Regional and Local Road Grant Programmes is set out below:

Restoration Maintenance (RM): The purpose of the RM grant is to protect the structural integrity of the road by way of surface dressing through the sealing of the road surface. The purpose of restoration maintenance is to maintain the asset before it requires improvement.

Restoration Improvement Grant (RI): The RI grant programme is the main road strengthening programme and caters for surface restoration, pavement overlay works, complete road rehabilitation works and for drainage works where required.

Discretionary Grant (DG): Councils have discretion in spending these grants for improvement and maintenance works subject to selecting from a list of eligible works. However Councils are requested to prioritise projects which involve strengthening works, remedying road defects, winter maintenance and drainage works.

Bridge Rehabilitation (BR): This programme allows local authorities to apply for monies to undertake bridge rehabilitation works.

Specific Grant and Strategic Grants: The Department does not seek annual applications from local authorities in respect of the Specific and Strategic grant programmes. Instead it considers road improvement projects on a case by case basis taking into account the availability of funding and the outcome of project appraisals.

Safety Improvement Works (BS): This programme allows local authorities to apply for monies to undertake safety improvement works.

Drainage Programme (DR): The purpose of this grant is to promote network resilience.

Cycle Signs (CS): This programme allows local authorities to apply for monies for the deployment of signage to warn of the presence of cyclists and to advise regarding safe overtaking widths.

Speed Limits Rural/Housing (SL- Rural/SL - Housing): This programme allows local authorities to apply for monies for the deployment of appropriate speed limit signage.

Training Grant (TG): This programme is provided to assist Local Authorities (LAs) in the provision of appropriate training for staff directly engaged in the maintenance and improvement of regional and local roads.

Community Involvement Scheme (CIS): Facilitates community involvement in the repair and improvement of roads.

Former National Roads (FN): The purpose of this grant is to provide assistance to local authorities specifically for the maintenance of former national roads.

PSCI: Survey Support: Facilitates the observation of the conditions of roads in local authorities.

Climate Change Adaptation and Resilience (CCAR): The purpose of this grant is to provide assistance to local authorities for road adaptation/resilience works which have become necessary due to the effects of climate change.

Severe Weather (SW): This grant type aims to assist local authorities after incidences of severe weather.

2024 Regional and Local Road Grant Allocations

Restoration Improvement	€	303,000,000
Restoration Maintenance	€	40,000,000
Supplementary Restoration Maintenance	€	35,000,000
Discretionary Grant	€	83,395,500
Bridge Rehabilitation	€	15,991,887
Specific Improvement Grants	€	20,000,000
Strategic Regional & Local Roads	€	50,000,000
Safety Improvement Works	€	10,587,330
Drainage Grant	€	18,000,000
Cycle Signs	€	121,960
Speed Limits (Housing Area Signage)	€	548,375
Speed Limits (Rural Speed Limit Signage)	€	351,100
Training Grant	€	2,159,000
Community Involvement Scheme	€	12,949,290
Former National Roads	€	11,865,000
PSCI: Survey Support	€	753,000
Climate Change Adaptation and Resilience Works	€	16,003,320
Severe Weather	€	22,500,000
Miscellaneous*	€	22,019,000
Overallocation	-€	7,077,762
Total	€	658,167,000

**See Miscellaneous tab for further info*

2024 Allocations €658,167,000 is broken down into €614,500,000 Capital and €43,670,000 Current
