Governance Statement and Authority Members' Report

Governance

Legal Services Regulatory Authority was established under the Legal Services Regulation Act 2015. The objectives of the Authority are set out in section 13(4) of this Act. The Authority is accountable to the Minister for Justice and is responsible for ensuring good governance and performs this task by setting strategic objectives and targets and taking strategic decisions on all key business issues. The regular day-to-day management, control and direction of the Legal Services Regulatory Authority are the responsibility of the Chief Executive Officer (CEO) and the senior management team. The CEO and the senior management team must follow the broad strategic direction set by the Authority, and must ensure that all Authority members have a clear understanding of the key activities and decisions related to the entity, and of any significant risks likely to arise. The CEO is accountable for the management of the senior management and staff of the LSRA in line with the Legal Services Regulation Act 2015 and the strategic and policy decisions of the Authority.

Authority's Responsibilities

The work and responsibilities of the Authority are set out in Terms of Reference, which also contain the matters specifically reserved for Authority decision. Standing items considered by the Authority include:

- declaration of interests,
- financial reports/management accounts,
- performance reports, and
- reserved matters.

Section 28 of the Legal Services Regulation Act 2015 requires the Legal Services Regulatory Authority to keep, in such form as may be approved by the Minister for Justice with consent of the Minister for Public Expenditure and Reform, all proper and usual accounts of money received and expended by it.

In preparing these financial statements, the Legal Services Regulatory Authority is required to:

- select suitable accounting policies and apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that it will continue in operation, and
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements.

Governance Statement and Authority Members' Report (Continued..)

The Authority is responsible for keeping adequate accounting records which disclose, with reasonable accuracy at any time, its financial position and enables it to ensure that the financial statements comply with Section 28 of the Legal Services Regulation Act 2015. The maintenance and integrity of the corporate and financial information on the Legal Services Regulatory Authority website (www.lsr.ie) is the responsibility of the Authority.

The Authority is responsible for approving the annual plan and budget. An evaluation of the performance of the Legal Services Regulatory Authority by reference to the annual plan and budget is carried out at every Authority meeting.

The Authority is also responsible for safeguarding its assets and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Authority considers that the financial statements of the Legal Services Regulatory Authority give a true and fair view of the financial performance and the financial position of the Legal Services Regulatory Authority at 31 December 2021.

Authority Structure

Statement on Internal Control

Responsibility for system of Internal Control

On behalf of the Legal Services Regulatory Authority, I hereby acknowledge our responsibility for ensuring that an effective system of internal controls is maintained and operated.

The system of internal control can only provide reasonable and not absolute assurance that assets are safeguarded, transactions authorised and properly recorded, and that material error or other irregularities are either prevented or would be detected on a timely basis. We are satisfied that the systems which the Authority has in place are reasonable and appropriate for the Authority's circumstances having regard to its size, level of expenditure, staff resources and the nature of its operations.

Control Environment

The following steps have been taken to ensure an appropriate control environment:

- ❖ Decisions on expenditure rest with the Chief Executive Officer and the members of the Authority in line with approved expenditure thresholds;
- ❖ Management responsibilities are clearly assigned and communicated between the Chief Executive Officer and all members of staff;
- ❖ Internal reporting relationships are clearly assigned;
- ❖ The Department of Justice provides internal audit services to the Legal Services Regulatory Authority. An audit of 2021 internal controls was conducted in Quarter 1 2022 and the IAU Report signed off by the CEO on 8 April 2022;
- ❖ The Legal Services Regulatory Authority has in place robust financial procedures and in addition engaged the services of an external accounting firm.

Statement on Internal Control (Continued...)

Impact of Covid-19 pandemic to the Control Environment

The onset of the COVID-19 pandemic in early 2020, and the resulting public health advice and safety measures, rapidly and fundamentally changed the working practices of the LSRA with remote and virtual working becoming the norm for most LSRA staff.

LSRA has monitored the developments closely, looking to mitigate the risks that may affect LSRA's business operations, staff and stakeholders. Actions taken by the Authority include: -

- ❖ Initiate LSRA's Business as Usual (BAU) model and transition the Authority's business operations to a remote working environment where most business processes can continue as normal.
- ❖ Continual assessment of significant risks pertaining to the Covid-19 pandemic and the agility of LSRA to respond effectively.
- ❖ Ensuring robust segregation of duties remains and adequate cover is in place should specific approving authorities be unavailable.
- ❖ Ensuring all existing data protection and records management policies and procedures continue to apply in the remote working environment and are monitored and reported on as normal.
- ❖ Ensuring that staff members access LSRA's network using LSRA's approved ICT equipment and that all staff members working remotely have been equipped with the necessary ICT equipment.
- ❖ Assessed potential for weaknesses in internal controls resulting from COVID-19 and took measures to monitor and update internal controls where necessary.

Risk Assessment

The Authority has established processes to identify and evaluate business and financial risks by:

- ❖ Identifying the nature and extent of financial risks facing the office;
- ❖ Assessing the potential of identified risks occurring;
- ❖ Evaluating and assessing the internal capacity of the office to manage the risks that do occur;
- ❖ Examining financial risks in the context of strategic goals.

Statement on Internal Control (Continued...)

Control Mechanism

The system of internal control is based on internal management of information, administrative procedures and a system of delegation and accountability. In particular, this involves

- ❖ Regular review by the Authority and senior management of financial reports provided by the external accounting firm;
- ❖ Comprehensive budgeting system with an annual budget which is reviewed regularly by senior management.

Mechanisms have been established for ensuring the adequacy of the security of the Authority's information (internally within the Legal Services Regulatory Authority) and communication technology systems.

Disclosure of Details Regarding Issues

No issues reported during the year.

Compliance with Public Spending Code

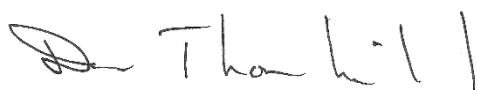

The Legal Services Regulatory Authority is in compliance with current procurement rules and guidelines as set out by the Office of Government Procurement.

Review of Effectiveness of Internal Controls

The Statement on System of Internal controls has been reviewed by the Authority to ensure it accurately reflects the control system in operation during the reporting period.

A review of internal controls in respect of 2021 was conducted by Internal Audit Unit (IAU) at the Department of Justice and a review of the IAU Report was completed by the Authority in September 2022.

The Authority is reasonably assured that the systems of internal control instituted and implemented in the Legal Services Regulatory Authority for the financial period ended 31st December 2021 are effective.

Opinion on financial statements

I have audited the financial statements of the Legal Services Regulatory Authority for the year ended 31 December 2021 as required under the provisions of section 28 of Legal Services Regulation Act 2015. The financial statements comprise

- the statement of income and expenditure and retained revenue reserves
- the statement of comprehensive income
- the statement of financial position
- the statement of cash flows, and
- the related notes, including a summary of significant accounting policies.

In my opinion, the financial statements give a true and fair view of the assets, liabilities and financial position of the Legal Services Regulatory Authority at 31 December 2021 and of its income and expenditure for 2021 in accordance with Financial Reporting Standard (FRS) 102 — *The Financial Reporting Standard applicable in the UK and the Republic of Ireland*.

Basis of opinion

I conducted my audit of the financial statements in accordance with the International Standards on Auditing (ISAs) as promulgated by the International Organisation of Supreme Audit Institutions. My responsibilities under those standards are described in the appendix to this report. I am independent of the Legal Services Regulatory Authority and have fulfilled my other ethical responsibilities in accordance with the standards.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Report on information other than the financial statements, and on other matters

The Legal Services Regulatory Authority has presented certain other information together with the financial statements. This comprises the governance statement and Authority members' report, and the statement on internal control. My responsibilities to report in relation to such information, and on certain other matters upon which I report by exception, are described in the appendix to this report.

I have nothing to report in that regard.

Paul Southern
For and on behalf of the
Comptroller and Auditor General

20 December 2022

Appendix to the report

Responsibilities of Authority members

The governance statement and Authority members' report sets out the Authority members' responsibilities. The Authority members are responsible for

- the preparation of annual financial statements in the form prescribed under section 28 of the Legal Services Regulation Act 2015
- ensuring that the financial statements give a true and fair view in accordance with FRS 102
- ensuring the regularity of transactions
- assessing whether the use of the going concern basis of accounting is appropriate, and
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of the Comptroller and Auditor General

I am required under section 28 of the Act to audit the financial statements of the Legal Services Regulatory Authority and to report thereon to the Houses of the Oireachtas.

My objective in carrying out the audit is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement due to fraud or error. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the ISAs, I exercise professional judgment and maintain professional scepticism throughout the audit. In doing so,

- I identify and assess the risks of material misstatement of the financial statements whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- I obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls.
- I evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures.
- I conclude on the appropriateness of the use of the going concern basis of accounting and, based on the audit evidence obtained, on whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Legal Services Regulatory Authority's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my report. However, future events or

conditions may cause the Legal Services Regulatory Authority to cease to continue as a going concern.

- I evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I report by exception if, in my opinion,

- I have not received all the information and explanations I required for my audit, or
- the accounting records were not sufficient to permit the financial statements to be readily and properly audited, or
- the financial statements are not in agreement with the accounting records.

Information other than the financial statements

My opinion on the financial statements does not cover the other information presented with those statements, and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, I am required under the ISAs to read the other information presented and, in doing so, consider whether the other information is materially inconsistent with the financial statements or with knowledge obtained during the audit, or if it otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

Reporting on other matters

My audit is conducted by reference to the special considerations which attach to State bodies in relation to their management and operation. I report if there are material matters relating to the manner in which public business has been conducted.

I seek to obtain evidence about the regularity of financial transactions in the course of audit. I report if there is any material instance where public money has not been applied for the purposes intended or where transactions did not conform to the authorities governing them.

The basis of accounting and significant accounting policies adopted by the Legal Services Regulatory Authority are set out below. They have been applied consistently throughout the period.

General Information

The Legal Services Regulatory Authority was set up under the Legal Services Regulation Act 2015, with a head office at Units 1-3, Manor Street Business Park, Shea's Lane, Stoneybatter, Dublin 7. The Legal Services Regulatory Authority's primary functions as set out in Section 13(4) of the Legal Services Regulation Act 2015 are as follows:

- Regulate the provision of legal services by legal practitioners and shall ensure the maintenance and improvement of standards in the provision of such services in the State;
- The Authority may, and where required by this Act shall keep under review, and make recommendations to the Minister in respect of the following:
 - a. the admission requirements of the Law Society relating to the solicitors' profession and of the Bar Council and the Honorable Society of King's Inns relating to the barristers' profession;
 - b. the availability and quality of the education and training for the solicitors' and barristers' professions;
 - c. the policies of the Law Society in relation to the admission of persons as solicitors in the State, and of the Bar Council and the Honorable Society of King's Inns in relation to persons becoming entitled to practise as barristers in the State.
- Disseminate information in respect of the education and accreditation requirements to such extent and in such manner as it thinks fit;
- Specify the nature and minimum levels of professional indemnity insurance;
- Establish and administer a system of inspection of legal practitioners for such purposes as are provided for in this Act;
- Receive and investigate complaints;
- Maintain the roll of practising barristers;
- Promote public awareness and disseminate information to the public in respect of legal services, including the cost of such services;
- Keep the Minister informed of developments in respect of the provision of legal services by legal practitioners and make recommendations to assist the Minister in co-ordinating and developing policy in that regard;

General Information (Continued...)

- Undertake, commission or assist in research projects and other activities in respect of the provision of legal services, which in the opinion of the Authority may promote an improvement in standards for the provision of those services and public awareness of them, and make recommendations to the Minister arising from those projects or activities; and
- Perform any other functions conferred on it by the Act or by regulations made under it.

The Legal Services Regulatory Authority is a Public Benefit Entity (PBE).

Statement of Compliance

The financial statements of the Legal Services Regulatory Authority for the period ended 31 December 2021 have been prepared in compliance with the applicable legislation, and with FRS 102 the Financial Reporting Standard applicable in the UK and the Republic of Ireland issued by the Financial Reporting Council in the UK.

Basis of Preparation

The financial statements have been prepared under the historical cost convention, except for certain assets and liabilities that are measured at fair values as explained in the accounting policies below. The financial statements are in the form approved by the Minister for Justice under the Legal Services Regulation Act 2015.

The financial statements are prepared in Euro which is the functional currency of the Legal Services Regulatory Authority. The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Legal Services Regulatory Authority's financial statements.

The Authority has concluded that there is no material uncertainty regarding the Authority's ability to meet its liabilities as they fall due and continue as a going concern. The Legal Services Regulatory Authority has recognised a surplus in 2021, due to the recording of establishment funding as income. However given the continued support via grant funding from the Department of Justice, the Authority have a reasonable expectation that The Legal Services Regulatory Authority will have adequate resources for the foreseeable future. On this basis the Authority consider it appropriate to prepare the financial statements on a going concern basis. Accordingly, these financial statements do not include any adjustments to the carrying amounts and classification of assets and liabilities that may arise if the Authority was unable to continue as a going concern.

Levy Income

The Legal Services Regulatory Authority (LSRA) is responsible for imposition of a levy on professional bodies and certain barristers to cover the expenses of the LSRA and the Legal Practitioners Disciplinary Tribunal (LPDT) under section 95 of the Legal Services Regulation Act 2015. The amount of levy payable in each financial year is calculated as the sum of the approved expenses of the LSRA and the expenses of the LPDT in respect of the preceding financial year.

Part 7 of the Act sets out the funding model for the Legal Services Regulatory Authority (LSRA) and Legal Practitioners Disciplinary Tribunal (LPDT). Funding is to be provided by way of a levy of the professions under the following headings:

- Levy of the Law Society
- Levy of the Bar Council (Bar of Ireland)
- Levy of individual barristers who are not members of the Law Library (Bar of Ireland)

Under the model, the Authority shall determine at the end of each financial year, operating costs and administrative expenses for both the LSRA and the LPDT. The expenses are further broken down into Part 6 expenses (Complaints) and expenses other than Part 6. Apportionment formulae are applied to determine the levy to be paid per person under the 3 categories above.

Section 98 of the Act provides for the Authority to make regulations in relation to dates, collection and recovery, rates of interest, record keeping required of the LPDT and other appropriate requirements.

Foreign Currencies

Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rates ruling at the Statement of Financial Position date. Revenues and costs are translated at the exchange rates ruling at the dates of the underlying transactions. Profits and losses arising from foreign currency translations and on settlement of amounts receivable and payable are dealt with in the Income and Expenditure Account.

Tangible Assets and Depreciation

Tangible assets are stated at their historical cost less accumulated depreciation. Depreciation is charged to the Statement of Income and Expenditure and Retained Revenue Reserves on a straight line basis, at the rates set out below, so as to write off the assets, adjusted for residual value, per their expected useful lives as follows:

Legal Services Regulatory Authority

Notes to the financial statements

For the year ended to 31 December 2021

Tangible Assets and Depreciation (Continued...)

IT Equipment	Straight-line over 5 years
Office Equipment	Straight-line over 5 years
Furniture and Fittings	Straight-line over 10 years

The residual value and useful lives of fixed assets are considered annually for indicators that these may have changed. Where such indicators are present, a review will be carried out of the residual value, depreciation methods and useful lives, and these will be amended if necessary. Changes in depreciation rates arising from this review are accounted for prospectively over the remaining useful lives of the assets.

Operating Leases

Rental expenditure under operating leases is recognised in the Statement of Income and Expenditure and Retained Revenue Reserves over the life of the lease. Expenditure is recognised on a straight-line basis over the lease period, except where there are rental increases linked to the expected rate of inflation, in which case these increases are recognised when incurred.

Employee Benefits

Short-term Benefits

Short term benefits such as holiday pay are recognised as an expense in the year, and benefits that are accrued at year-end are included in the Payables figure in the Statement of Financial Position.

Retirement Benefits

The employees of the Legal Services Regulatory Authority are public servants and are members of a defined benefit scheme which is unfunded.

The Legal Services Regulatory Authority also operates the Single Public Services Pension Scheme ("Single Scheme"), which is a defined benefit scheme for pensionable public servants appointed on or after 1 January 2013. All pensions deductions made under the Single Scheme are remitted to the Department of Public Expenditure and Reform. The pension liabilities for the single scheme rest with the Authority.

Receivables

Receivables are recognised at fair value, less a provision for doubtful debts. The provision for doubtful debts is a specific provision, and is established when there is objective evidence that the Legal Services Regulatory Authority will not be able to collect all amounts owed to it. All movements in the provision for doubtful debts are recognised in the Statement of Income and Expenditure and Retained Revenue Reserves.

Legal Services Regulatory Authority

Notes to the financial statements

For the year ended to 31 December 2021

Payables

Trade creditors are measured at invoice price, unless payment is deferred beyond normal business terms or is financed at a rate of interest that is not market rate. In this case the arrangement constitutes a financing transaction, and the financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Critical Accounting Judgements and Estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the reporting date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

2. Income

The Legal Services Regulatory Authority was established on 1 October 2016. During the period from the date of establishment to 31st December 2018, the Authority was not in receipt of any non-grant income. Under Section 32 of the Legal Services Regulation Act 2015, the Minister shall advance to the Authority out of moneys provided by the Oireachtas such amount or amounts as the Minister may, with the consent of the Minister for Public Expenditure and Reform, determine for the purposes of expenditure by the Authority in the performance of its functions.

Levy notices totalling €2,807,934 as provided for in the Legal Services Regulation Act 2015 (Levy) Regulations 2019 (S.I. 463 of 2019), were signed on 9 September 2021. An amount of €356,689 (2020: €3,348) remained to be collected at year end, of which €346,939 related to Levy due from Bar of Ireland.

For the 12 months period from the 1st of January 2021 to 31st December 2021, the Authority was in receipt of €1,000,000 (2020: €1,000,000) as an advance from the Department of Justice. This €1,000,000 was fully repaid to the Department of Justice in November 2021. In addition, in accordance with Ministerial consent for the setting of the Levy in 2021, the Authority paid a recoupment of €50,000 in respect of prior year advances. This amount of €50,000 was included in the Levy calculations of €2,807,934 (2020: €1,589,903).

12. Retirement Benefit Costs

i. Authority Staffing

In accordance with Section 27 of the Legal Services Regulation Act 2015, the Authority may prepare and submit to the Minister for his approval a scheme for the granting of superannuation benefits to these staff members and in respect of such members of the staff of the Authority as it may think fit. The LSRA is not intending to prepare such a scheme at this time.

In 2021, some staff joined the LSRA where their (non-Single Pension Scheme) legacy pension transferred over to the LSRA. These staff members are members of a defined benefit scheme which is unfunded. Discussions are ongoing with the Department of Public Expenditure and Reform in relation to the treatment of those pensions.

New entrant staff, employed by the Authority after 1 January 2013 are members of the Single Public Service Pension Scheme in accordance with Public Service Pensions (Single Scheme and Other Provisions) Act 2012. Deductions from staff salaries are transferred to the Department of Public Expenditure and Reform on a monthly basis in accordance with the Act.

iv. Deferred funding asset for retirement benefits

The Authority recognises amounts owing from the State for the unfunded deferred liability for retirement benefits on the basis of the set of assumptions described above and a number of past events. These events include the statutory basis for the establishment of the retirement benefit scheme, and the policy and practice currently in place in relation to funding public service pensions including contributions by employees and the annual estimates process. The Authority has no evidence that this funding policy will not continue to meet such sums in accordance with current practice.

The net deferred funding for retirement benefits recognised in the Statement of Income and Expenditure and Retained Revenue Reserves is as follows:

	31 December 2021	31 December 2020

Funding recoverable in respect of current year retirement	678,000	439,000

v. Description of scheme

Authority Scheme

The pension scheme is a defined benefit final salary pension arrangement with benefits and contributions defined by reference to current “model” public sector scheme regulations. The scheme provides a pension (one eightieth per year of service), a gratuity or lump sum (three eightieths per year of service) and spouse’s and children’s pensions. Normal Retirement Age is a member’s 65th birthday, and pre 2004 members have an entitlement to retire without actuarial reduction from age 60. Pensions in payment (and deferment) normally increase in line with general public-sector salary inflation.

Single Scheme

The Single Scheme is the occupational pension scheme for public servants hired since 2013. It is a defined benefit scheme, with retirement benefits based on career-average pay. The scheme generates pension credits and retirement lump sum credits for each scheme member. These money credits, known as “referable amounts”, accrue as percentages of pay on an ongoing basis. The referable amounts accrued each year are revalued annually until retirement in line with inflation increases (Consumer Price Index). The annual pension awarded on retirement is the cumulative total of a scheme member’s pension referable amounts, and the retirement lump sum awarded is, similarly, the total of the scheme member’s lump sum referable amounts.

Valuation

The valuation used for FRS 102 disclosures has been based on a full actuarial valuation by a qualified independent actuary taking account of the requirements of the FRS in order to assess the scheme liabilities at 31 December 2021.

The principal actuarial assumptions used to calculate the components of the defined benefit cost for the year ended 31 December 2021 were as follows:

Discount rate	1.55%	1.00%
Inflation rate	2.20%	1.45%

The mortality basis adopted allows for improvements in life expectancy over time, so that life expectancy at retirement will depend on the year in which a member attains retirement age (age 65). The number of members in the Scheme and the number of deaths are too small to analyse and produce any meaningful Scheme-specific estimates of future levels of mortality. Average future life expectancy according to the mortality tables used to determine the pension liabilities are:

Under Section 32, “the Minister of Justice shall advance to the Authority out of moneys provided by the Oireachtas such amounts as the Minister may, with the consent of the Minister for Public Expenditure and Reform, determine for the purposes of expenditure by the Authority in the performance of its functions.” An Advance Funding Statement is signed between the Department of Justice and the Legal Services Regulatory Authority in respect of each draw-down of the funding concerned. The relevant funding terms are as agreed by the parties to this agreement under the Advance Funding Statement concerned.

The funding terms agreed include as follows:

- It was agreed between the LSRA and the Department of Justice that once an appropriate mechanism for recoupment of funds advanced had been identified and agreed a suitable and realistic term for that recoupment would then be agreed.
- Each annual payment under the identified mechanism will be calculated as the total amount advanced to the Authority by the Minister divided by the number of years in the term of the advance. It was noted that the amount to be recouped in any given year would be determined in consultation and that this amount may change. It is a matter for the Minister for Justice to set the final amount in each year as part of the process for the Minister to provide consent to the Authority to determine the Levy for the relevant year pursuant to section 95(2) of the Legal Services Regulation Act 2015 (the 2015 Act).
- Recoupment payments commenced in December 2020 with a first instalment recoupment of €50,000 in respect of the 2019 advance processed on 11 Dec 2020. A second instalment of €50,000 in respect of the 2019 advance was processed in November 2021. The amount was set in a communication from the Minister for Justice in respect of providing Ministerial consent pursuant to section 95(2) of the 2015 Act for the determination of the Levy in 2020 and 2021 respectively. In addition, in accordance with an advance funding statement between the LSRA and the Department of Justice, the advance of €1,000,000 received in 2021 was recouped in full to the Department of Justice in November 2021.
- Funding terms are recorded in the notes to the Authority’s Accounts.
- Without prejudice to either the independence of the LSRA under section 13(3) of the 2015 Act or its financial management obligations under that Act, the

16. Advance of Funding (Continued...)

Legal Services Regulatory Authority shall provide a profile of expenditure to the Department of Justice and any funds advanced are to be expended in accordance with the expenditure categories identified in that profile. Such expenditure shall also be in accordance with public service rules and regulations. Pending finalisation of a profile of expenditure for the new financial year expenditure will be in line with the expenditure categories in the previous financial year.

- In terms of the advances received by the Authority under section 32 of the 2015 Act in the years 2016 to 2018 inclusive (€3m), there was engagement between the Authority, the Department of Justice and the Department of Public Expenditure and Reform (DPER) in relation to the status of those advances in 2021/2022.
