CHIEF EXECUTIVE REVIEW

2022 has been another significant year for Waterways Ireland. It has been a year of transition where hybrid working has been introduced throughout the organisation; a year where we were able to welcome Uachtaran na hEireann to our HQ in Enniskillen and Taoiseach Micheál Martin to unveil our largest project ever; and a year where clear strategic direction for the next ten years has been set out in our inaugural Long-term Strategy.

Waterways Ireland remained focused on our three Strategic Challenges.

- 1. Increase leadership and organisational capacity** – We continue to build for the future. Our organisation is more stable in the short term albeit we recognise and have advocated for a comprehensive Organisation Review to determine a fit-for-purpose organisation capable of delivering future strategies. This is one of our critical initiatives in 2023 and we have worked assiduously with our Sponsor Departments to commence this exercise.
- 2. Improve governance, risk and control gaps** – There is a programme of improvement ongoing in Risk Management Practices including the

introduction of a new Risk Management System and Risk Management Training being delivered to the Senior Management Team and all Risk Owners.

- 3. Develop a strategic 10-year long term plan** – Our planning cycle in 2023 will be the first opportunity for the Body to integrate short (Business Plan 2023), medium (Corporate Plan 2023-2025), and long-term plans (10-year Plan). Our 10-year Plan was issued for public consultation in 2023. We welcomed all engagement and consultation on this inaugural plan.

It is always important to also look back and reflect, so here is a little more detail on some of our key achievements from 2022.

In February, we were honoured to welcome President Michael D. Higgins and his wife, Sabina Higgins to headquarters in Enniskillen. During their visit they were briefed on the organisation's work. President Higgins made a short inspiring speech to address all staff. I have to say welcoming President Higgins was a momentous occasion for Waterways Ireland and an occasion all of us will remember for some time.

Also, in February we launched 'Waterways Through Time' a podcast series developed and delivered by well-known historian and author Turtle Bunbury. The fascinating eight-part series takes the listener through the history and archaeology of Ireland's waterways. Enjoy it on our Archives website.

2022 was a huge year for progression of our Blueways and Greenways.

March marked the first Anniversary of the rural stretch of the Royal Canal Greenway. In its first year we recorded 640,000 visits creating value of €17 million for a project costing €12m.

In April the Greenway was awarded Best Tourism Initiative at the 2022 LAMA Awards. We continue to work collaboratively with our local authority partners to promote and market the attractions of Ireland's longest greenway.

The fully developed Royal Canal Greenway will stretch 150 kilometres to Spencer Dock in Dublin City. 90% of the greenway is now completed and with our partners we are focused on developing

most of the remaining metro stretch in 2023 and 2024.

The Grand Canal Greenway is also progressing well with approx. 55km of greenway complete. We have some further work to secure funding with our partners to deliver the remaining 70 kilometres.

And Waterways Ireland's 36 kilometres from Lowtown to Athy as part of the Barrow Blueway will be completed by end of February 2023.

And staying on Blueways, in April we celebrated the world's first Blueway accreditation of the Boyne Blueway, Suir Blueway, and Lough Derg Blueway. Blueways positively change the relationship between local communities and their waterscape by creating active engagement and participation.

2022 was a big year for the Ulster Canal restoration project. In July we signed the €20m contract for Phase 2 between Clones and Clonfad, Co. Monaghan, funded by the Department of Housing, Local Government and Heritage; the Rural Regeneration & Development Fund; and Shared Island Funds. And in August the commencement of construction works was celebrated by the unveiling of a foundation stone by Taoiseach Micheál Martin. As the Taoiseach put it "The Ulster Canal restoration is a cross border project in its truest sense and will be transformative for this region."

In November our 10 Year Plan, alongside our 3-year Corporate Plan and Annual Business Plan were shared for consideration with our Sponsor Departments. A unique opportunity to align our planning over short, medium, and long-term horizons.

In 2022 we also officially adopted and progressed implementation of our Climate Action Plan. The plan sets out the vision for how Waterways Ireland will achieve its key climate action targets by 2032. Most importantly, it is being operationalised across the organisation and will start to deliver benefits in 2023.

This year our activity level, current and capital funding was €50m -the highest level of single year expenditure in the Body's history. This increased funding has enabled organisation wide growth in terms of employee headcount, greater

collaboration opportunities, and the delivery of a wide range of innovative and exciting projects over the past 12 months.

I am proud of the successes achieved by Waterways Ireland in 2022. Success depends primarily on the passion, enthusiasm, and inherent capabilities of the team in Waterways Ireland – all working collaboratively with multi-partners – and supporting each other to achieve our collective goals. I would like to acknowledge and thank our team for their commitment throughout 2022.

I would like to acknowledge and thank our Ministers and Sponsor Department officials, our customers, strategic partners, local authorities, contractors, and suppliers for their continued support throughout 2022.

I am looking forward to the next 12 months as we build on our progress to date and commence execution of our 10-year Long Term Plan.

ABOUT WATERWAYS IRELAND

WHO WE ARE

Waterways Ireland is a cross-border Body, the largest of six North/South Implementation Bodies established under the British Irish Agreement of 10 April 1998. This Agreement was given domestic effect by means of the North/South Co-Operation (Implementation Bodies) (Northern Ireland) Order, 1999 and the British-Irish Agreement Act, 1999 respectively.

We are the cross-border navigational authority responsible for the management, maintenance, development, and restoration of almost 1,100 km of inland navigational waterways and over 600 km of Greenways and Blueways, principally for recreational purposes.

Our Headquarters is in Enniskillen Co. Fermanagh, with regional offices in Dublin, Carrick-on Shannon, Co. Leitrim, and Scarriff, Co. Clare.

We employ 350 permanent staff located at offices and sites close to the inland waterways who are assisted by a team of seasonally recruited staff reflecting the seasonality of the organisations remit.

“... statutory function is to manage, maintain, develop and restore specified inland navigable waterways, principally for recreational purposes.”

WHAT WE DO

Waterways Ireland is the navigation authority for almost 1,100 km of navigable inland waterways, comprising:

- Lower Bann Navigation
- Erne System
- Shannon-Erne Waterway
- Shannon Navigation
- Royal Canal
- Grand Canal
- Barrow Navigation
- Ulster Canal

In July 2007, it was agreed by the North/South Ministerial Council (NSMC) to include responsibility for the reconstruction of the Ulster Canal from Upper Lough Erne to Clones, and following restoration, its management, maintenance, and development, principally for recreational purposes, to Waterways Ireland's remit.

At an operational level, Waterways Ireland is responsible for a vast range of infrastructure assets including navigation channels, embankments, towpaths, adjoining lands, harbours, jetties, fishing stands, bridges, culverts, aqueducts, overflows, locks, sluices, and lock houses along with buildings and archives. The current valuation of the rebuild costs of this infrastructure is estimated at €1 billion.

Waterways Ireland's work programmes are critical to providing a safe and high-quality recreational environment for customers, whilst preserving the industrial and environmental heritage of the waterways for future generations.

HOW WE OPERATE

As a cross-border Body, we operate under the policy direction of the North/South Ministerial Council and the two Governments and are accountable to the NI Assembly and the Houses of the Oireachtas. At an administrative level, we report to our Sponsor Departments, the Department for Infrastructure (DfI) and the Department of Housing, Local Government and Heritage (DHLGH).

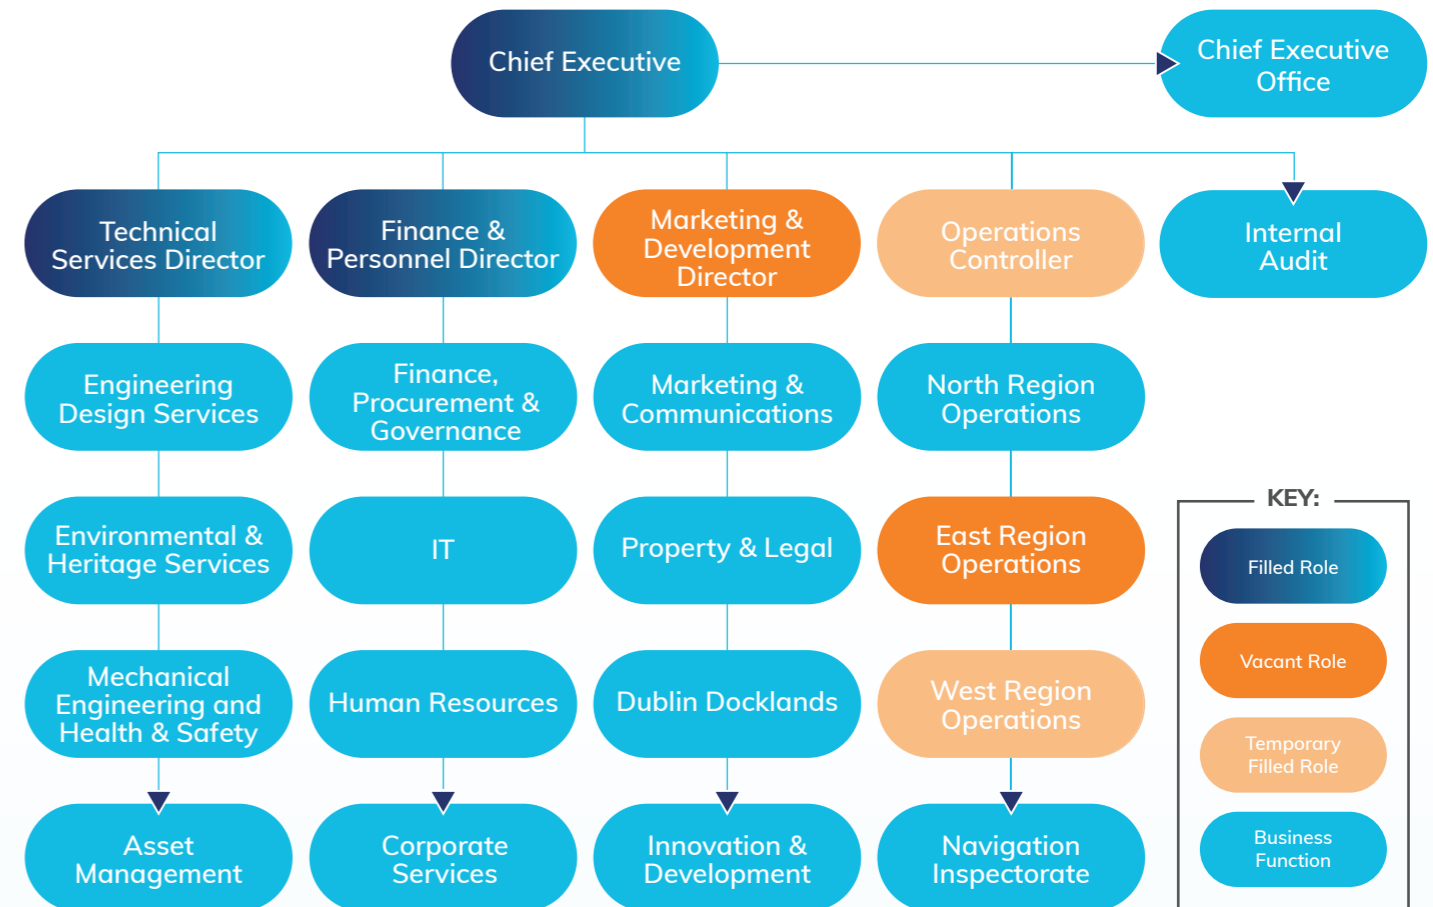

Funding is provided by grants from money voted by the Northern Ireland Assembly and the Houses of the Oireachtas. 15% of recurrent or maintenance funding is provided by the Northern Ireland Assembly, and 85% by the Irish Government, this reflecting the current distribution of waterways in each jurisdiction. Capital infrastructure repair programmes are funded separately by the jurisdiction where the works are carried out. Development work has been sustained through attracting third party investment from a wide range of sources.

Our operational performance targets are agreed with both Sponsoring Departments, and we report against these targets in our Monitoring Meetings. Waterways Ireland's Annual Report and Accounts are audited externally by the Comptrollers and Auditor Generals who are heads of the Northern Ireland Audit Office and the Office of the Comptroller and Auditor General in Ireland. These external audits provide independent assurance on the regularity and propriety of Waterways Ireland's accounts and our processes in relation to expenditure, revenue and assets. Waterways Ireland also has an Audit Committee, consisting of independent non-executive members, whose remit is to advise the Chief Executive as Accounting Officer, on whether an appropriate system of internal control is in operation.

Waterways Ireland submits an annual report of its activities and a statement of accounts to the NSMC and the Comptrollers and Auditors General for each jurisdiction. Following the Comptrollers and Auditor Generals' certification, the Annual Report and Accounts are laid before the NI Assembly and the Houses of the Oireachtas.

CORPORATE GOVERNANCE

Waterways Ireland is committed in all its work to achieving the highest standards of corporate governance. The organisation is accountable to two Government Sponsor Departments - the Department for Infrastructure (DfI) in Northern Ireland and the Department of Housing, Local Government and Heritage (DHLGH) in Ireland. Waterways Ireland is responsible for ensuring good governance and performs this task by setting strategic objectives and targets and taking strategic decisions on all key organisational issues.

The regular day to day management, control and direction of Waterways Ireland is the responsibility of the Chief Executive and the Senior Management Team. The Chief Executive and the Senior Management Team must follow the broad strategic direction agreed with the Sponsor Departments and must ensure they have a clear understanding of the key activities and decisions related to the entity, and of any significant risks likely to arise. The Chief Executive acts as a direct liaison between the Sponsor Departments and Management of Waterways Ireland.

SENIOR MANAGEMENT TEAM

The Senior Management Team is made up of the Chief Executive; the Finance and Personnel Director; the Marketing and Development Director; the Technical Services Director; the Operations Controller; and three Regional Managers from Northern, Western and Eastern regions of operations. The Senior Management Team meet monthly to review strategic and operational matters, including health and safety; financial; human resources; and all other corporate governance monitoring and reporting items.

SPONSOR DEPARTMENTS

Throughout the year Monitoring Committee Meetings are hosted between the Chief Executive and Directors of Waterways Ireland and representatives from our Government Sponsor Departments (Department for Infrastructure and Department of Housing, Local Government and Heritage) to consult on strategic and operational matters including those agenda items that may give rise to public or parliamentary concern, including the nature, scale and likelihood of potential issues and risks. There were four Monitoring Meetings throughout 2022.

Royal Canal Greenway

AUDIT COMMITTEE

The Audit Committee met four times in 2022. The Committee receives, considers, and notes the reports from both Internal Audit and the External Auditors and reviews the financial statements and the risk management processes in place at Waterways Ireland. All Internal Audit reports were considered by the Committee. The Committee also considered the Body's Annual Report and Accounts which are audited by the Comptroller and Auditor General for Northern Ireland and the Irish Comptroller and Auditor General.

EQUALITY AND DISABILITY

In 2022, Waterways Ireland developed Equality and Disability Action Plans 2023 - 2025.

The Waterways Ireland Equality Action Plan has four key themes identified. The plan will build on existing equality work undertaken by Waterways Ireland and will assist in meeting future equality requirements. Waterways Ireland's Equal Opportunities Policy gives guidance in relation to equality of opportunity for all existing and potential employees, customers, suppliers, contractors, and stakeholders. Waterways Ireland actively seeks to promote real equality of opportunity between all Equality Groups. It promotes a welcome and harmonious environment where everyone is treated with respect and dignity.

The Waterways Ireland Disability Action Plan provides a strategic framework to address the attitudinal and environmental barriers to the full and effective participation of people with disabilities in public life. Ensuring participation by all will be at the heart of policy and decision-making within our organisation.

An Equality and Diversity Working Group is established in Waterways Ireland to drive the development and delivery of equality, inclusion, and diversity.

OUR OPERATING ENVIRONMENT

EXTERNAL CONTEXT

Waterways Ireland has experienced increased costs associated with supply shortages; longer supply chain cycles; and escalating energy costs. These have been particularly impactful on construction and maintenance projects which represent the bulk of Waterways Ireland's programme of activities. Our expenditure budgets have been severely tested to deliver continued value given the pressures on costs from these external factors. In financial terms our incremental current funding growth in 2022 has been consumed by increasing inflationary pressures with particularly high increases in utilities and construction materials.

Delivering capital projects within budget has been a challenge as input costs continued to rise throughout 2022. Additionally, the market of third-party suppliers and contractors has diminished, and an unwelcome feature of procurement has been a reduction in suppliers and contractors submitting bids for tenders.

In the short-term, Governments are formulating policies to address the immediate impact of cost-of-living increases on the public. Uncertainty pervades our financial planning, and we envisage continuing high inflationary pressures throughout 2023 and 2024.

The outlook for tourism in 2023 is optimistic with a high level of confidence. Tourist numbers are forecast to return to 2019 levels by 2025. Users of our off-water Greenways and Blueways could also grow as they did during the COVID19 pandemic with the public embracing healthy pursuits in the open air for free.

Despite the impact of war and its collateral effects on energy costs and cost of living there is an overriding threat with a global footprint gaining traction. It is climate change. Throughout 2022 there have been a series of demonstrable events involving flooding; drought; famine; fires; and devastation across many parts of the world. Whilst our geographical location and temperate climate may presently soften the impact somewhat, we have also as a populace and as individuals noted climate changes on the island of Ireland during 2022.

As a navigation authority managing a precious resource, we must accelerate the actions identified within our Climate Action Plan launched in 2022. That acceleration needs to encompass an updated Water Management Strategy. Our financial and human resource allocation on policies supporting sustainability, climate action, biodiversity and heritage will reflect a shift in emphasis over the duration of Corporate Plan 2023-2025.

INTERNAL CONTEXT

Our ambition is to be an exemplar amongst state agencies in the areas of custodianship, collaboration, and re-imagining our assets. The delivery of our long-term strategic plan for Waterways Ireland is critical to realisation of our ambition.

The key to successful delivery and fulfilment of our potential as an exemplar among state agencies is to accentuate and improve 'good capabilities' and minimise or reduce 'low value adding activities'. Having stabilised the organisation during 2022 and 2021 we have developed a track record of project delivery which in turn has led to increased funding; headcount growth; and more projects. Ironically, having achieved this reputation we encountered in early 2022 the growing pains associated with scaling up:

- (a) COVID19 fatigue.
- (b) over ninety capital projects with many of low value.
- (c) gaps in specialist skillsets such as ecology, project, and programme management capabilities.
- (d) delayed approvals to address leadership capacity gaps and organisational resources.

Whilst this led to a more reactive approach to project delivery during 2022 the learnings will support our continued growth in future years. These learnings have been matched with continued deployment of specialist skillsets and capabilities.

It is therefore timely we are launching and integrating our long, medium, and short-term planning from 2023 onwards.

2

OUR STRATEGY

- Our Operating Environment
- Our Strategy
- Our Strategic Priorities
- Stakeholder Engagement

OUR STRATEGY

The 2020-2022 Corporate Plan is aligned to previous Corporate Plans, Business Plans and the current strategic challenges and priorities for Waterways Ireland. The absence of a strategic long-term plan, beyond a 3 year Corporate Plan, has meant our organisation has been working towards key themes without a strategic approach, longer term vision or meaningful ambition for growth. As such, we have lost some of our relevance and purpose. Through our 10 Year Plan we intend to be more ambitious and identify a growth platform to add more socio-economic value to Ireland and Northern Ireland.

Our Corporate Plan goal continues to be to increase the use of inland waterways to provide high quality recreational amenities, well used by all the people who live near them, whilst also attracting increasing numbers of visitors, bringing jobs, creating new and sustaining existing businesses, and delivering prosperity. At the core of the Corporate Plan is delivery of maintenance and active management of the waterways. Many of the navigation features are now over 200 years old and need significant investment. We will continue to focus on ensuring public safety, water control, and investment in critical infrastructure in areas of greatest use. Key programmes include the development of the canal network towpaths, reimagining the waterside sites throughout the navigations for new activities to researching the potential of a pilgrim way exploring Christian heritage and facilitating a deeper understanding of the country's historic past.

A key challenge for us remains preserving the industrial and environmental heritage of the waterways for future generations, whilst also providing a safe and high-quality recreational environment for users. Our funding profile has declined to levels as low as 40/50% during the recession – the result is an investment deficit. In this regard it is important to acknowledge the ongoing support from our Sponsor Departments. It is important to state, that despite the funding deficit on the back of an economic recession our Sponsor Departments have allocated over €300 million over the last ten years to Waterways Ireland. Waterways Ireland continues to seek ways to improve efficiency and effectiveness in its capital and current spending whilst continuing to identify income opportunities from property, utilities, boats and moorings and third-party funding.

OUR VISION

Our Vision sets out our desires to achieve in the future. Our Vision is to bring our waterways to life – full of recreational and commercial activities, havens rich in wildlife and biodiversity, and positively transformational both in terms of enriching people's lives and regenerating the many rural and urban communities and regions through which the waterways pass.

Our Vision Statement is “Creating inspirational inland navigations through conservation and sustainable development for the benefit of all.”

OUR MISSION

Our Mission outlines why Waterways Ireland exists and what is our remit. Our statutory function is to manage, maintain, develop, and restore specified inland navigable waterways, principally for recreational purposes.

Our Mission is “As custodians of the waterways to collaboratively reimagine, maintain, develop and promote our inland navigations to sustain our environment, communities and heritage.”

OUR VALUES

Achieving delivery of our Strategy is centred on our Values which reflect the essence of our identity, shape our culture, and provide the principles upon which we carry out our organisational activities. Our values are:

1. PASSIONATE

We are passionate, enthusiastic, and dedicated to the work and services we deliver. We listen to our stakeholder needs and strive to exceed expectation.

2. COLLABORATIVE

We work collaboratively internally and externally to achieve objectives, whilst helping and supporting each other for our collective goal.

3. ACCOUNTABLE

We strive to deliver the best and hold ourselves accountable for the results. We are responsible, act with respect and compassion and operate in a sustainable and safe manner.

4. INNOVATIVE

We strive to continuously improve in the delivery of quality services and infrastructure. We aim to promote a culture of quality, creativity, diversity, and excellence.

OUR STRATEGIC PRIORITIES

STRATEGIC THEMES

To realise our Vision, we had identified five strategic priorities outlined in our Corporate Plan 2020-2022 whilst work continued separately with the development of our 10 Year Plan. These strategic themes have been established following extensive waterway user and stakeholder engagement.

1. MAINTENANCE & MANAGEMENT

The inland waterways are the largest public outdoor recreational amenity on the island, with a billion Euro worth of assets in the ownership and operational responsibility of Waterways Ireland. Maintenance and active management of the waterways is at the core of Waterways Ireland's existence, and pivotal to having safe, functioning, and sustainable waterways that hold the key to unlocking future development opportunities and rural and urban regeneration.

2. ENVIRONMENT & HERITAGE

Proactive management of the unique waterway environment encompasses both natural and built heritage. Waterways Ireland's environmental experts must continue to ensure appropriate assessments manage the impact of planned capital and maintenance work programmes, always ensuring measured decisions are taken that protect the environment and precious built heritage structures. We must continue to work as a collector and guardian of heritage, as well as create public awareness and access to these assets through various outreach programmes and events.

3. AFFINITY & PARTICIPATION

Waterways Ireland aims to continue to increase the overall numbers of people using the waterways by encouraging and supporting a much broader range of use of the waterways. Our customer base has evolved and grown from being primarily boating users to walkers, cyclists, and increasing use by small craft such as kayakers and canoeists.

4. DEVELOPMENT & INCOME

Waterways Ireland has worked, and must continue to work, proactively with all our stakeholders to collaborate on the development of future waterway projects that enable realisation of shared aspirations and benefits for rural and urban populations throughout the navigational network.

Our diverse property portfolio offers potential to grow our income base further. We support new and existing businesses on the waterways by granting operating licences, and for use of our towpath network to carry telecommunication services. These licenses generate a modest revenue to support organisational work programmes.

5. ORGANISATION & PEOPLE

Waterways Ireland recognises the need to review, develop and execute a suite of leadership and organisational programmes that will address the current and future capacity and demand requirements across the organisation. There is a need to nurture an environment that supports increased collaboration and leadership, so Waterways Ireland is a great place to work and volunteer.

STRATEGIC PRIORITIES

Our 2020-2022 Corporate Plan sets out the following five Strategic Priorities:

1. MANAGEMENT & MAINTENANCE

To manage and maintain our waterway assets and deliver a safe, reliable and efficient service for all.

2. ENVIRONMENT & HERITAGE

To conserve, enhance and promote our environment and heritage assets - natural and built.

3. AFFINITY & PARTICIPATION

To increase Waterways Ireland awareness, affinity and participation both on and along our waterways.

4. DEVELOPMENT & INCOME

To deliver greater value outcomes and wider development opportunities for public benefit.

5. ORGANISATION & PEOPLE

To strengthen our organisation's capacity and capability, with engaged people and a shared vision.

STAKEHOLDER ENGAGEMENT

Waterways Ireland could only deliver our strategic priorities set out in this Annual Report and Accounts through a shared ownership and commitment from both our internal and external stakeholders. This contribution from our stakeholders is vital to the enhancement of our priorities and we wish to thank all our partners who have helped us in this regard.

Our Sponsor Departments, tourism bodies, funding bodies, and Local Authorities made a huge contribution to our outcomes for 2022. Our interaction with private sector organisations continued to develop in 2022, whether activity providers, cruise hire businesses, or those wishing to organise events on or along our waterways. The support of the local communities is vital in delivering vibrant and living waterways and they along with the many voluntary organisations are very important players in realising the full potential of the inland waterways.

Throughout 2022 we adopted a collaborative approach to the development of our strategic projects and 2020-2022 Corporate Plan.

At Waterways Ireland we take the nature and quality of our relationships with all our stakeholders very seriously. We work closely to understand their views and interests, to deliver our projects in partnership, and respond to their interests as we progress our plans.

OUR MISSION

As custodians of the waterways to collaboratively reimagine, maintain, develop and promote our inland navigations to sustain our environment, communities and heritage.

OUR VISION

Creating inspirational inland navigations through conservation and sustainable development for the benefit of all.

OUR VALUES

PASSIONATE

TRANSFORMATIONAL PROJECTS 2022

We have highlighted a selection of Transformational projects delivered in 2022.

ULSTER CANAL RESTORATION

In July 2007, it was agreed by the North/South Ministerial Council (NSMC) to include responsibility for the reconstruction of the Ulster Canal from Upper Lough Erne to Clones, and following restoration, for its management, maintenance, and development, principally for recreational purposes, to Waterways Ireland's remit.

Phase 1, a 2.5km stretch along the River Finn from Upper Lough Erne to the International Scout Centre at Castle Saunderson, Co Cavan was completed in 2018.

Phase 2 is a 1 km stretch between Clones and Clonfad in Co Monaghan. Construction of this phase has commenced. The occasion was marked with the unveiling of a foundation stone by An Taoiseach Micheál Martin TD in August 2022. This phase will include the construction of a new marina at Clones, alongside access bridges, a recreational and amenity area, and new towpaths and walking trails along the canal. Funding for Phase 2 is secured, and it is expected the works will be substantively completed in 2023.

Phase 3 will be divided into two work streams. Phases 3.1, 3.2, and 3.4 are all in Northern Ireland and their planning permission is extant. Phase 3.3 is in Ireland and a new planning application will be submitted as the present grant of planning will expire in May 2023.

"The Ulster Canal restoration is a cross-border project and will be transformative for the areas it flows through and beyond." Joe McMahon, Director of Technical Services.

CLIMATE ACTION AND SUSTAINABILITY

Waterways Ireland officially adopted our Climate Action Plan in 2022. The plan sets out the vision for how Waterways Ireland will achieve its key climate action targets by 2032. It also looks at

Waterways Ireland's long-term ambition to be a net zero organisation by 2050. Following extensive engagement with staff and other stakeholders, the plan details the seven integrated objectives - linked to the UN Sustainable Development Goals - that Waterways Ireland has identified as being essential to delivering on its climate ambitions.

Environmental regulation is a responsibility which Waterways Ireland is very cognisant of and is committing resources to ensure we lead by example. Research on how we advance sustainable water management is also underway through initiatives like the collaborative EU Green WIN project. We are proactively investigating new systems and technologies to manage this valuable natural resource and how it supports waterways as ecological, recreational and wellbeing corridors.

Environmental factors are at the forefront in how Waterways Ireland sustainably manage our inland waterways. Throughout 2022 Waterways Ireland has undertaken the following, including but not limited to:

- Preparation of a submission to the planning authorities for the Barrow Navigation Maintenance Programme. As this waterway is wholly contained within a Special Area of Conservation we are required to comply with relevant EU and National legislation to protect this biodiversity resource. Similar work is underway for the Shannon Navigation. Waterways Ireland is the first public sector authority to undertake such an exercise, highlighting our role in developing best practice.
- The in-house Ecology Team and external Ecological Clerk of Works ensure stringent oversight of maintenance works progressed to ensure Waterways Ireland fulfils its statutory remit.
- Ensuring the future protection of our assets and heritage sites by commissioning an innovative Climate Resilience Study which will prioritise sites most at risk from climate change and allow for strategic investment decisions.

3

PERFORMANCE REVIEW

- Transformational Projects 2022

- The very act of managing our navigations results in the emission of Green House Gases. To ameliorate this impact and maximise the lifecycle of our plant and fleet, Waterways Ireland conducted a Hydrogenated Vegetable Oil trial on the Grand Canal Barrow Line and Barrow Navigation, migrating all diesel vehicles to this alternative fuel source. This resulted in a 90% reduction in emissions for these navigations.

SHANNON TOURISM MASTERPLAN

The Shannon Tourism Master Plan 2020 to 2030 has been developed with our strategic partner Fáilte Ireland in collaboration with the ten Local Authorities adjoining the River Shannon and Shannon-erne Waterway.

The Masterplan is already delivering on the ambition to reposition the Shannon and SEW as a key tourism destination within Ireland's Hidden Heartlands.

Much progress has been made across 4 key areas of Masterplan Implementation. Management and implementation structures have been established and strengthened, Product Level planning at a local level has been initiated, investment in waterway and waterside infrastructure has significantly increased and promotion of the Shannon and the SEW as well as their product offering has expanded both domestically and internationally.

Examples of the progress include Regional Destination Development Management Structures, Project Level Plans for many towns and villages along the waterways including Killaloe/Ballina, Banagher, Cloondara/Termonbarry, and Drumshanbo. Investment in new visitor infrastructure includes the Meelick Weir Walkway, new and upgraded moorings at various locations and a new slipway at Athlone. The Shannon and Shannon-erne Waterways featured heavily in both domestic and international TV, Press and Media Campaigns by both Fáilte Ireland and Tourism Ireland.

"The plan provides strategic direction and a growth pathway for the next 10 years for tourism along the Shannon and Shannon-erne Waterway. The plan is an exemplar of a collaborative approach, and one Waterways Ireland will use to produce developmental plans for our other navigations" Éanna Rowe, Operations Controller.

BLUEWAY ACCREDITATION

Blueways are a brand-new outdoor recreation amenity providing best-in-class destinations for water-based and water-side activities. They positively change the relationship between local communities and their waterscape by creating active engagement and participation, as well as business opportunities which local communities and tourists can enjoy.

The first three Blueways that received the accreditation in April 2022 were the Boyne Blueway, Trim Co. Meath; Suir Blueway Tipperary; and our own Lough Derg Blueway in counties Tipperary, Clare, and Galway.

The Lough Derg Blueway was developed by Waterways Ireland and the three Local Authorities in line with the accreditation criteria, set out by The Blueways Ireland Group and are now considered best-in-class destinations for water-based and water-side activities.

The continued investment and collaboration between Waterways Ireland and our stakeholders across Government, local authorities, recreational bodies, local communities, and others is delivering Blueways across both Jurisdictions that are benefiting all.

"Blueways positively change the relationship between local communities and their waterscape by creating active engagement and participation, as well as business opportunities which local communities and tourists can all enjoy." Garret McGrath Interim Eastern Regional Manager.

ROYAL CANAL GREENWAY 1ST ANNIVERSARY

The Royal Canal Greenway celebrated its first anniversary in March 2022.

The 130km Greenway developed in partnership with the four Local Authorities in Kildare, Meath, Westmeath, and Longford was made possible through €12 million funding primarily from the Department of Transport.

Visitor monitoring by Tracsis Traffic Data Ltd found that the amenity has created value of €17.2m to the communities in its first year of operation, returning the initial investment in the project in just over eight months.

The Royal Canal Greenway visitor monitoring project highlighted the importance of establishing how Waterways Ireland's assets are performing. With a complex network of waterways, it is necessary to understand the context, opportunities, resources, and benefits of adopting a strategic and future-proofed approach to counting and reporting on usage, to inform decision-making.

An Overall Strategic Approach to Visitor Monitoring has been commissioned across the waterway network, aligning with best practice while considering emerging technologies. Analysis of visitor counters continues to show increased activity along our tow paths and trails.

Greenways and Blueways are becoming commonplace across Ireland because they deliver economic impact, job creation, as well as social, health and wellbeing benefits to the regions through which they pass. Waterways Ireland endeavour to deliver high quality products that promote healthier and more balanced ways of life while supporting active tourism and local employment.

ASSET MANAGEMENT

Implementation of the Asset Management Improvement Programme (AMIP) continued throughout 2022. The objective of the AMIP is to deliver an Asset Management System for the organisation to include processes, documentation, IT, and the capabilities to create, operate, and maintain assets in support of organisational objectives.

Progress completed throughout the year included further development of the asset management system and process framework. Regular meetings of our Asset Management System Governance Committee and Working Group continued throughout 2022.

A key aspect of the work within the AMIP is the accelerated asset inspection programme to determine the asset base and condition and the development of the lifecycle value models using inspection data to support decision making.

Following an investment of €1.3 million in 2021, a further budget of €1.6 million was secured in 2022 to embark on a programme of fleet and plant replacement.

This programme served to support core strategic objectives by providing and maintaining an appropriate road, marine, and plant fleet for the ongoing maintenance, development, and restoration of the waterways. This resulted in a reduction in the overall age profile, which is required to enhance operational delivery, performance, efficiency, value for money, health and safety and environmental needs.

Several electric and hybrid vehicles were procured as part of the replacement programme in compliance with environmental legislation and directives relating to the procurement of greener fleet to reduce the organisational carbon footprint.

RISK MANAGEMENT

In 2022, the Senior Management Team engaged in several Workshops to assess the nature and extent of the principal risks that Waterways Ireland are exposed to and are willing to take to achieve its objectives.

The Organisation's Risk Management Framework harnesses the activities that identify and manage uncertainty, allowing Waterways Ireland to take balanced risks and opportunities. By redefining and determining the Organisation's Risk Appetite and Tolerance levels, resources will be prioritised and allocated to support the management of risks to achieve objectives. The enhanced Risk Management Framework will be implemented into day-to-day operations and is an integral tool for governance and corporate management.

The Senior Management Team have redefined the Risk Categories, Appetite, and Tolerance levels to ensure the escalation of risk is effective within the Organisation.

"We have strengthened our risk processes to ensure confidence in our response to risks and to prepare adequately for the potential of future disruption." Linda Megahey, Director of Finance, IT, HR & Corporate Services.

BUSINESS REVIEW

A full review of Waterways Ireland's activities is given in the Annual Report.

RESULTS FOR THE PERIOD

The results of Waterways Ireland are set out in detail on page 42. The deficit for the period was €3,631,000 (£3,096,000). The deficit for 2021 was €11,000 (£6,000).

REPORTING CURRENCY

The normal operating currency of Waterways Ireland is euro. Sterling values are the euro values translated at the Bank of England average exchange rate for the year of €1.1732 (2021 €1.1633) to £1 for the Statement of Income while the Statement

of Financial Position is translated at the Bank of England closing rate at year end of €1.1277 (2021 €1.1907) to £1.

PROPERTY, PLANT AND EQUIPMENT

Details of the movements in property, plant and equipment are set out in Note 7 to the accounts.

Waterways Ireland took over from DAHGI and DARD (The Department of Agriculture and Rural Development) the asset portfolio comprising mainly infrastructure assets such as waterways, canals, towpaths, lock-houses and associated navigational features (locks, weirs, etc). The Shannon-erne Waterway was transferred in 1999 and the Erne System, Grand Canal (including the Barrow Navigation), the Lower Bann Navigation, the Royal Canal and the Shannon Navigation were transferred in 2000 and valued in the accounts of Waterways Ireland in 2003.

Under guidance provided by the Department of Public Expenditure and Reform and the Department of Finance definable major assets or components within an infrastructure system or network with determinable finite lives are treated separately and depreciated over their useful economic lives.

Operational assets including land, navigational structures and work in progress have been valued in the accounts. Where title and value have been verified, land and buildings of a non-operational nature have been valued in the accounts. A net valuation decrease in Tangible Assets of €2,750,000 is primarily due to the revaluation of property in Dublin. A net valuation increase in year in Operational assets of €99,626,000 includes €1,633,000, on impairment of lockgates and bridges, CPI movement €104,138,000 reflecting 5 year revaluation of Bridges, Locks and Weirs; reduction due to conditions surveys on Bridges of €1,247,000; land indexation increase of €213,000; changes in ownership of assets reduced valuation by €1,702,000; valuation reduction on first registration €143,000. These changes are detailed in Notes 1.7, 7.1, 7.2 and 7.3.

There are no board members. The British Irish Agreement Act 1999 and the North/South Co-operation (Implementation Bodies) (Northern Ireland) Order 1999 make no provision for a Board for Waterways Ireland. POLICY IN RELATION TO PEOPLE WITH DISABILITIES

Waterways Ireland is an equal opportunities employer and welcomes people with disabilities as employees. The Equality and Diversity Working Group met quarterly during the year to plan and review delivery of the Interim 2022 Disability Action Plan and to develop the 2023-2025 Disability Action Plan. A 12 week Consultation was held for the draft 2023-2025 Disability Action Plan and the Equality Unit attended all regional offices for stakeholder engagement. The 2023-2025 Disability Action Plan was ratified by the Senior Management Team in 2023 after review of the responses from consultation.

EMPLOYEE INVOLVEMENT

The Industrial Relations Forum meet quarterly with representatives of management and unions to discuss items of common interest. In addition,

management meet and work regularly with recognised Trade unions in addressing employee issues.

Management engage with staff at briefing and information meetings throughout the year, in addition to the regular, Regional, Departmental and Team meetings driven by both management and employees.

CHARITABLE DONATIONS

Waterways Ireland made no charitable donations during the period.

PRACTICE ON LATE PAYMENTS

Waterways Ireland is committed to the prompt payment of bills for goods and services received in accordance with the UK Late Payment of Commercial Debts (Interest) Act 1998, as amended by the Late Payment of Commercial Debts Regulations 2013 – Statutory Instrument 2013 No.395 and the Irish Prompt Payment of Accounts Act, 1997, as amended by the European Communities (Late Payment in Commercial Transactions) Regulations (S. I. No. 580 of 2012). Unless otherwise stated in the contract, payment is due within 30 days of receipt of the goods or services, or presentation of a valid invoice or similar demand, whichever is later.

During 2022, 95.6% (2021, 99%) of invoices were paid within 30 days and interest charges of €1,886 (2021 €199) and late penalty charges of €13,115 (2021 €1,639) were incurred which are included in currency gains/losses and interest payable.

HEALTH AND SAFETY

Waterways Ireland is committed to ensuring a safe working environment for its staff. The Health and Safety Statement was made available to staff through the Intranet and through induction training in 2022. COVID-19 measures and an Organisational Response Plan were revised, updated, and circulated as the COVID pandemic evolved. This advice was based on government guidance and associated legal requirements across both jurisdictions.

The membership of the Waterways Ireland Health and Safety Committee and Health and Safety Working Groups were reconstituted in 2022. The new committees continue to meet on a quarterly basis to discuss ongoing health and safety

issues in line with associated Terms of Reference documents. Regional Safety Groups also continue to meet on a quarterly basis each year to review Health and Safety issues in each area and overall, across Waterways Ireland. The development of an IT health and safety system was launched with access and training delivered to designated users. A Health and Safety Improvement Plan was launched in 2022 with an overall objective to align current systems to the ISO45001 Health & Safety standard. Progress with this development is directly managed by the Waterways Ireland H&S section supported by Quadra Consulting Services.

EXTERNAL AUDIT

Waterways Ireland accounts are audited by the Comptroller and Auditor General for Northern Ireland and the Irish Comptroller and Auditor General (C&AGs) in accordance with the provisions of the North/South Co-operation (Implementation Bodies) (Northern Ireland) Order 1999 and the British-Irish Agreement Act 1999. The C&AGs and the staff of their offices are wholly independent of Waterways Ireland. They report their findings to the Northern Ireland Assembly and the Houses of the Oireachtas. The charge for the audit services for the financial year, which is included as a cost in the Statement of Income, is €68,000 (£60,000). The auditors do not carry out non audit work in relation to Waterways Ireland.

PRINCIPAL RISKS AND UNCERTAINTIES

There are principal risks and uncertainties faced by Waterways Ireland. Waterways Ireland activities are funded by the Northern Ireland Assembly and Dáil Éireann. The level of funding is under constant review and the Corporate Plan 2023-2025 (in draft format) indicates funding levels will rise in this period. The key risk, in real terms is there will be a continued pressure on funding as increased pensions and potential exchange rate costs impact directly on the money available to fund the navigations. This will continue to increase the required draw on public funds from the two Governments.

Waterways Ireland faces significant exchange rate risk due to fluctuating exchange rates during the period of the Corporate Plan. In 2022 €80,000 exchange loss was incurred mainly from conversion of sterling bank balances at month end in line with accounting practice resulting in an unfavourable exchange loss.

Waterways Ireland pays the pension costs for all retired staff from its operating budget. In 2001 over 200 staff transferred and designated to Waterways Ireland from the previous inland waterway management bodies. Waterways Ireland is liable for their full pension costs including the period of employment prior to 2001. Each year pension costs are significant and were €3,241,000 in 2022 (€2,993,000 in 2021). By 2023, it is estimated there will be 190 pensioners who are retired or eligible to retire against a permanent workforce complement in 2022 (Note 4.1) of 320 staff. DfI fund all of the pension costs in addition to operating funding, whilst DHLGH contribute up to the budget available with any additional requirement coming from operating funds.

BREXIT/WINDSOR FRAMEWORK

As a cross border body, the impact of Brexit may include the loss of access to European funding for projects in Northern Ireland which is a significant source of development funding. During 2022 Northern Ireland is within the Single Market under the Northern Ireland Protocol. Tariffs may apply in relation to the procurement of services and products, increasing operating costs of Waterways Ireland. Diverging legislative provisions may impact on the business of Waterways Ireland. In February 2023 the Windsor Framework has been negotiated. Arrangements will be made to limit any impacts as much as possible.

PENSIONS

The Net Liability has decreased over the year from a deficit of €170m at 1st January 2022 to a deficit of €121.5m at 31st December 2022, mainly as a result of corporate bond yields having increased over the period, resulting in significantly increased discount rates and lower resulting liability values. The change in the assumption for mortality has produced slightly lower life expectancies and this has also led to a decrease in the value placed on the liabilities. This combined decrease in the liabilities has been offset by higher-than-expected inflation rate experienced over the measurement period, impacting the liabilities and an increase in the estimated service cost for the measurement period as a result of the prospective McCloud remedy.

The Court of Appeal in the McCloud and Sargeant cases found that the transitional protections introduced as part of the 2015 reforms to the public service pensions were discriminatory. In

response to those judgments, a “prospective” and “retrospective” remedy have been confirmed.

The “prospective” element means that from 1st April 2022 members of the North/South Pension Scheme Core Final Salary and Reserved Rights PCPPS (NI) sections were moved to the alpha scheme in respect of any accrual from that date. The impact of this change on the liabilities has been allowed for in the above disclosures.

The Bodies are currently working with administrators to deal with the “Retrospective” remedy, which is to be implemented, with any required rule amendments by 1st October 2023. This remedy will result in affected members being given a “deferred Choice underpin” for the period from 1st April 2015 and 31st March 2022. In effect members can select the method of benefit accrual (final salary or CARE in the alpha section) over the remedy period which is most advantageous to them. Until member by member calculations have been completed, the final cost of this remedy is unlikely to be finalised for some time.

No allowance has been made for the Retrospective element of the remedy in the above disclosures. We estimate, on the basis of previous contingent liability notes prepared that additional costs for the retrospective remedy will be up to €1,680,000 as at 31st December 2022 (€2,500,000 – 2021). A contingent liability has been recorded in note 17.

Employee contributions of €813,000 (2021: €745,000) were received and remitted to DHLGH and DfI on an 85:15 basis.

APPROVAL OF 2022 BUSINESS PLAN AND CORPORATE PLAN 2023-2025

Waterways Ireland’s 2022 Business Plan was approved by the Sponsor Departments, Finance Departments by May 2022. The North/South Ministerial Council are in suspension so approval is outstanding. Corporate Plan 2020-2022 was approved at North/South Ministerial Council on 21st May 2021. The Corporate Plan 2023-2025 remains in draft form until it is approved by both Sponsor Ministers and Finance Ministers in the Irish Government and in the Northern Ireland Executive and the North South Ministerial Council (NSMC).

DHLGH and DfI continued to fund Waterways Ireland’s activities based on the approved Business

Plan with €50,160,000 of funds applied during 2022. Additional bids from Waterways Ireland have secured funding from DHLGH of €807,000 toward staff costs under the Building Momentum pay award and pension costs. Funds applied include €514,394 of match funding in relation to the Rural Regeneration Development Fund (RRDF) (Category 2) for the Ulster Canal Restoration Phase 2 and €1,038,709 match funding for the RRDF (Category 1) Barrow Blueway project. Shared Island Funding of €7,000,000 was received for funding of Ulster Canal projects.

EVENTS AFTER THE END OF THE REPORTING PERIOD

Nothing to report.

COVID-19

Waterways Ireland continued to follow public health guidelines across both jurisdictions in a bid to control transmission of Covid 19. A Covid Action group was formed and met on a periodic basis to discuss ongoing public health guidelines and control measures to be adopted across the organisation. A Covid Action plan was initiated and made available to all staff as a reference document. By following these controls Waterways Ireland was able to continue with operational duties under a risk assessed approach. Other staff adopted a blended working model between the ‘home’ office and traditional office environments. The public continue to enjoy the beauty of our waterways and associated infrastructure thanks to the ongoing commitment of Waterways Ireland staff.

STATEMENT OF RESPONSIBILITIES

WATERWAYS IRELAND RESPONSIBILITIES

The Finance Departments have directed Waterways Ireland to prepare a statement of accounts for each year ended 31st December in the form and on the basis set out in the accounts direction on page 70 of this report section. The accounts are prepared on an accruals basis and must give a true and fair view, of the Body’s state of affairs at the year end and of its income and expenditure, changes in equity, and cash flows for the calendar year.

In preparing the accounts Waterways Ireland is required to:

- Observe the accounts direction issued by the Sponsor Departments, including the relevant accounting and disclosure requirements, and apply accounting policies on a consistent basis;
- Make judgements and estimates on a reasonable basis;
- State whether applicable accounting standards have been followed and disclose and explain any material departures in the financial statements;
- Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that Waterways Ireland will continue in operation.

CHIEF EXECUTIVE’S RESPONSIBILITIES

The Chief Executive’s responsibilities, as the Accountable Person for Waterways Ireland, including responsibility for the propriety and regularity of the public finances and for the keeping of proper records, are set out in the Financial Memorandum of Waterways Ireland.

INTERNAL CONTROL STATEMENT

SCOPE OF RESPONSIBILITY

The Financial Memorandum between Waterways Ireland and its Sponsor Departments sets out in detail the responsibilities of the Accounting Officer within a business and financial framework.

REVIEW OF EFFECTIVENESS

The Waterways Ireland Business Plan 2022 was presented to Sponsor Departments for their consideration and was approved by Finance Departments and Finance Ministers. The Body has adhered to its financial parameters and objectives throughout 2022 providing updates at regular Sponsor Department Monitor Meetings.

Reflecting on 2022, Waterways Ireland continued to deliver on the commitment to provide a safe and healthy workplace for all our workers and users of our navigations and ancillary amenities as Covid-19 restrictions continued to ease. Operational staff in Waterways Ireland continued to work through the pandemic, under supervision and risk assessment. Office based staff embraced a transitioned return to the office environment for a period of two days per week with the remainder spent in the home office environment.

During 2022 Waterways Ireland continued to build for the future. Key appointments in 2022 included: Operations Controller; Head of HR; Head of Environment & Heritage; Climate & Sustainability Manager; Head of Health & Safety; Fleet & Plant Manager; Western Regional Manager and a Senior Ecologist. The organisation is more stable in the short term albeit we recognise and have advocated for a comprehensive organisation Review to determine a fit for purpose organisation capable of delivering future strategies. This is one of the critical initiatives in 2023 and we have worked assiduously with our Sponsor Departments to commence this exercise.

There is a programme of improvement ongoing in Risk Management Practices including the introduction of a new Risk Management System and Risk Management Training being delivered to the Senior Management Team. Further Risk Management training for all Risk Owners across the organisation is planned in 2023. During 2022 the Senior Management Team redefined

the organisation's Risk Appetite and Tolerance levels. Resources will be prioritised and allocated to support the management of risks to achieve objectives. Monitoring Meetings with our Sponsor Departments and Audit Committee Meetings also occurred as scheduled throughout 2022.

The Waterways Ireland team delivered a significant programme of work throughout 2022 in challenging circumstances. There were many accomplishments and some key transformational projects included: commencement of Phase 2 of the Ulster Canal Restoration; continued delivery of key aspects of the Shannon Tourism Masterplan; adoption of the organisation's Climate Action Plan; Blueway Accreditation; and continued implementation of the Asset Management Improvement Program (AMIP).

Other important progressive steps during 2022 included:

- (i) Monitoring of the Risk Management Framework monthly to ensure visibility and tracking of outcomes. Work is ongoing to further embed Risk Processes within the organisation.
- (ii) Development of a Capital Expenditure Manual and Project Management Procedural Manual to support the introduction of a Project Management Office in the Organisation.
- (iii) Progress on planning for the future also moved at pace during 2022 with the development of the Organisation's first Draft 10 year Long Term Plan with a Public Consultation and Launch planned in 2023.

Within this context I am of the opinion Waterways Ireland has continued to make good progress in addressing the key risks and internal control gaps. In summary, I am more assured the foundations of a governance framework with appropriate structures and resources are approaching fit for purpose.

PUBLIC FINANCIAL PROCEDURES

As Waterways Ireland's Chief Executive, I am directly responsible to the respective Ministers North and South and to their Departments for the Body's performance and operations. The Ministers determine the policy framework under which Waterways Ireland operates and the scope of its

activities. The Ministers also determine the resources to be made available to the Body and approve the Corporate and Business Plans. A 3-year Corporate Plan 2020-2022 approved at the NSMC, is in place alongside an annual Business Plan.

Through Monitoring Meetings, I consult with Departments on the handling of operational matters that could give rise to significant public or parliamentary concern, including the nature, scale, and likelihood of risks. I can verify that Monitoring Meetings were held on four occasions during 2022. In addition, throughout 2022 there was ongoing dialogue with Sponsor Departments.

CAPACITY TO HANDLE RISK

A set of procedures was in situ during 2022 to identify the Body's objectives and risks and based on these procedures a control strategy for each of the significant, identified risks was determined. Risk ownership was allocated to the appropriate staff. The attitude to risk and the processes within Waterways Ireland operated in a continual cycle.

A new Risk Management System was implemented in 2022 and work is ongoing to further embed a Risk Culture within the organisation.

THE RISK AND CONTROL FRAMEWORK

Risk Management is a key element of the effective accountability and corporate governance arrangements of the Body and is regularly reviewed by the Body's Sponsor Departments at Monitoring Committee Meetings and by the Body's Audit Committee at quarterly meetings.

In 2022, the Senior Management Team engaged in several workshops to assess the nature and extent of the principal risks that Waterways Ireland is exposed to and is willing to take to achieve its objectives. The Senior Management Team have redefined Risk Categories, Appetite and Tolerance levels to ensure the escalation of risk is effective within the Organisation. Resources will be prioritised and allocated to support the management of risks to achieve objectives.

The organisation's Risk Management Framework harnesses the activities that identify and manage uncertainty, allowing Waterways Ireland to take

balanced risks and opportunities. The Framework will be implemented into day-to-day operations and is an integral tool for governance and corporate management.

All risks are documented in a Risk Register and managed in a 2-level framework: i) Corporate/Strategic Risks and ii) Divisional/Regional Risks. The Corporate Risk Register identifies the key risks directly related to the Body's Corporate and Business Plan goals. The Senior Management Team within Waterways Ireland convened monthly to review and discuss the Corporate Risk Register. The monthly forum considered new risks and changes in the operating environment and any necessary mitigation actions.

MAJOR INFORMATION SYSTEMS

Waterways Ireland uses Integra systems to produce financial accounting information and Core payroll systems to produce wages and salaries information. There are process and system controls within and around both systems to ensure the quality and integrity of management information provided to the Chief Executive and Senior Managers. There is a need to consider more appropriate processes and systems. An upgrade of the Integra Systems has been under review in 2022 with the intention of a planned upgrade in 2024. The focus on Digital Transformation remains a key strategic objective for the organisation with a Data Maturity Assessment commencing in 2023.

On 15th August 2022, Waterways Ireland was the subject of a Cyber Incident. IT shut down and disabled all systems and internet throughout the Organisation and initiated the Cyber Incident Response Plan. The Senior Management Team initiated the Business Continuity Protocol. The EMT (Emergency Management Team) Group was set up. The EMT were requested to follow their BCP (Business Continuity Plan) and each day an EMT meeting was held to discuss key plans and actions.

All Authorities & State Authorities were notified including: PSNI, GARDIA, Sponsor Departments, NCSC (National Cyber Security Centre), Security Centre, Ireland, Advice calls to ICO (Information Commissioners Office) and Data Protection Office in Ireland. As there was no data breach, there was no requirement for Waterways Ireland to

submit a data breach Report to ICO and Data Protection Office, Ireland. The Advice Centre was contacted to confirm this in both states. A phased recovery action plan was implemented. Additional security measures have been implemented within the organisation and external consultants are being appointed to independently audit the IT recovery process and provide recommendations for implementation.

FINANCIAL MANAGEMENT

The Body has in place the following processes:

- The Senior Management Group met monthly during 2022 to monitor progress on business plans and any other issues. Outside of the monthly meetings specific agenda-led meetings also occurred throughout 2022.
- Pension cost growth linked to an ageing workforce will continue through to 2028. Waterways Ireland monitor the ever-increasing pensions costs for the Body, related to transferred in service for Southern Employees. This has first call on current funds and as it continues to increase it will put additional pressure on available current expenditure. We continue to engage and obtain support on this matter from our Sponsor Departments.
- Property registrations and review of lease legacies continue. A small, dedicated group of staff continue to focus exclusively on recovery and first registration. We also continue to examine encroachments. The land values in Operational Assets recognised in the accounts are based on estimated rather than precise boundaries and property registrations contribute to more precise valuations in the accounts.
- Assurance statements are provided to the Sponsor Departments bi-annually as part of the Business Assurance cycle.
- Late payment interest and penalties continue to be closely reviewed by Senior Management.

INTERNAL AUDIT

- Waterways Ireland has an internal audit function in place whose programme of work is informed by analysis of the risk to which the

Body is exposed, and annual internal audit plans are based on this analysis. These risk-based internal audit plans are agreed with the Accounting Officer and the Audit Committee. The internal audit plan and internal audit reports are reviewed during the year by the Audit Committee.

- During 2022, Internal Audit finalised six internal audit reports all with an overall satisfactory opinion. There were no priority one recommendations identified in the internal audits finalised during 2022. Nineteen recommendations were made to strengthen the control environments and the related audit recommendations are being implemented by management.
- The Internal Audit Assurance Statement for the year ended 31st December 2022 concluded that 'based on the scope of the audits which were completed during 2022 and assuming management effectively implement, in a timely manner, the internal audit recommendations made in each audit report, internal audit can provide satisfactory assurance that there was an overall adequate system of control in place for the areas reviewed. This opinion is based upon and is limited to the work performed during the year.'
- The Follow Up Review 2022/2023 shows continuing progress is being made in the implementation of audit report recommendations and action plans are in place by management to address control weaknesses identified.

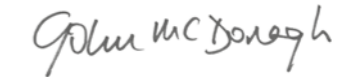

AUDIT COMMITTEE

- The Audit Committee consists of three independent non-executive members. The Audit Committee met in March, June, November, and December 2022.
- The Audit Committee commenced all meetings with a private session of approximately 30 minutes at which only the non-executive members were present. Following this session, the committee meetings were normally attended by the Chief Executive, the Director of Finance and Personnel, the Head of Finance, Head of Corporate Services, representatives

from the Sponsor Departments and both the Internal and External Auditor. Based on the work undertaken by the Waterways Ireland Audit Committee during 2022 including reviews of internal audit reports, procedures and papers, discussions at meetings with internal and external auditors and members of management and staff at Waterways Ireland, the Audit Committee provided assurance in its Report to the Accounting Officer that it has discharged its responsibilities in accordance with its Charter and Terms of Reference.

- The Audit Committee is authorised by and reports to the Accounting Officer. The remit of the Audit Committee extends to all the operations of Waterways Ireland, and it has access to necessary resources and information and may seek independent advice.
- The Internal Auditor has unrestricted access to the Chair and members of the Audit Committee.
- The duties of the Audit Committee are to:
 - I. Review and note the Annual Report and Financial Statements of Waterways Ireland, including reviewing the underlying accounting policies and practices.
 - II. Monitor the relationships with the Northern Ireland Audit Office and the Comptroller and Auditor General, to ensure that there are no restrictions on the scope of their external audit.
 - III. Consider the management letter received from the Northern Ireland Audit Office and the Comptroller and Auditor General and management's responses to the auditors' findings and recommendations.
 - IV. Review and note the strategic processes for risk, control and governance and the Statement of Internal Control.
 - V. Review and note the risk management arrangements at Waterways Ireland.
 - VI. Review and note the way management ensures there is an adequate and effective system of internal control.
 - VII. Review and note the work of Internal Audit.
 - VIII. Review and note if audit recommendations are implemented by management in a timely manner.

The Audit Committee is responsible for advising the Accounting Officer on whether an appropriate system of internal control is in operation but not for its implementation. Overall responsibility for corporate governance, including internal control, fraud prevention and detection and for risk management rests with the Accounting Officer.

During the year 2022 there was one compensation or severance payments to Senior Management.

SALARY AND PENSION ENTITLEMENTS

The following sections provide details of the remuneration and pension interests of the Senior Management of Waterways Ireland.

The remuneration of the highest paid director in 2022 was €107,141 (2021: €106,771). This was 2.28 (2021: 2.39) times the median salary of the workforce which in 2022 was €46,057 (2021: €43,904). The ratio is calculated using the mid-point of the banded remuneration of the highest paid director in post at the reporting date 31st December, in accordance with the North/South Implementation Bodies Annual Report and Accounts Guidance.

The range of staff remuneration in 2022 is from €17,237 to €107,141. In 2022 and 2021 no employee received remuneration in excess of the highest paid director.

PENSION ARRANGEMENTS - GENERAL DESCRIPTION OF THE SCHEME

The pension scheme consists of a number of sections with different benefit structures. The main sections of the pension schemes currently are outlined below. The pension scheme is impacted by the McCloud Ruling, and with effect from 1st April 2022, all members of the N/SPS Core Final Salary section and Reserved Rights PCSPS(NI) section (“the legacy schemes”) were moved to the N/SPS alpha scheme as part of the McCloud Prospective Remedy. During 2023 a consultation on the Retrospective Remedy will take place with the Remedy to be implemented from 1st October 2023, when eligible members will begin to receive a choice of Final Salary or alpha benefits for the Remedy Period of 1st April 2015 to 31st March 2022.

The Core Final Salary Section

This is a final salary pension arrangement with benefits modelled on the Classic section of the Principal Civil Service Pension Scheme in Northern Ireland. The scheme provides a pension (eightieths per year of service), a gratuity or lump sum (three eightieths per year of service) and spouse’s and children’s pensions. Normal Retirement Age is a member’s 60th birthday. Pensions in payment (and deferment) increase in line with general price inflation.

The Core Alpha Section

This is a career averaged revalued earnings pension arrangement or CARE scheme with benefits modelled on the alpha section of the Principal Civil Service Pension Scheme in Northern Ireland. The scheme provides a pension based on a percentage (2.32%) of pensionable pay for each year of active membership (the pension is increased/decreased at the start of each scheme year in line with general price inflation) and spouse’s and children’s pensions. Normal Retirement Age is a member’s State Pension Age (“SPA”) in the relevant jurisdiction, which is currently 66. The Government is planning further increases, which will raise the SPA from 66 to 67 between 2026 and 2028. Under the current law, the State Pension age will increase to 68 between 2044 and 2046. The State Pension Age in Ireland is currently 66. The State pension age in Ireland was due to rise to 67 from 1st January 2022 and then 68 from 1st January 2028 however,

the government has deferred this change and a Pensions Commission has been established to consider the change to the State pension age, among other issues such as sustainability and intergenerational fairness. Pensions in payment (and deferment) increase in line with general price inflation.

Reserved Rights Sections

These are a number of sections of the scheme that are modelled on the Irish public service pension schemes that employees of the North/South Bodies were members of at the point they were designated and transferred at the formation of the Bodies.

These schemes are final salary pension arrangements with benefits the same as the relevant Irish public sector scheme e.g., Superannuation Scheme for Established Civil Servants. These schemes provide a pension (for non- integrated members eightieths per year of service but for integrated members two-hundredths per year of service on salary up to 3.333 times the Old Age Contributory State Pension and eightieths per year of service on salary above 3.333 times the Old Age Contributory State Pension), a gratuity or lump sum (three eightieths per year of service) and spouse’s and children’s pensions. Normal Retirement Age is a member’s 60th birthday (or 65th in the Non-Contributory Pension Scheme for Non- Established State Employees).

Pensions in payment (and deferment) generally increase in line with general public sector salary inflation. The applicable Reserved Rights Scheme for Waterways Ireland in the South is both the, Non-Contributory Pension Scheme for Non-Established State Employees and the Superannuation Scheme for Established Civil Servants. In Northern Ireland, the relevant scheme is the Principal Civil Service Pension Scheme NI. Most Core section members have benefits in both the Final Salary and Alpha sections and new entrants who join the Scheme after 1st April 2015 will, in most cases, become members of the Core Alpha section.

The valuation used for FRS 102 disclosures at 31st December 2022 has been carried out by a qualified independent actuary (XPS). A full valuation of the liabilities has not been carried as at the Measurement Date, rather an estimation of the liabilities of the Scheme by updating the results

of the 2021 accounting disclosures to allow for the passage of time, the accrual of new benefits for active members, benefits paid out of the Scheme and changes in actuarial assumptions over the period from 31st December 2021 to 31st December 2022 as described in Note 16.1.

CASH EQUIVALENT TRANSFER VALUES

A Cash Equivalent Transfer Value (CETV) is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time. The benefits valued are the member’s accrued benefits and any contingent spouse’s pension payable from the scheme. A CETV is a payment made by a pension scheme or arrangement to secure pension benefits in another pension scheme or arrangement when the member leaves a scheme and chooses to transfer the benefits accrued in their former scheme. The pension figures shown relate to the benefits that the individual has accrued as a consequence of their total membership of the pension scheme, not just their service in a senior capacity to which disclosure applies.

The CETV figures include the value of any pension benefit in another scheme or arrangement which the individual has transferred to Waterways Ireland’s pension arrangements. They also include any additional pension benefit accrued to the member as a result of their purchasing additional years of pension service in the scheme at their own cost. CETVs are calculated in accordance with The Occupational Pension Schemes (Transfer Values) (Amendment) Regulations 2008 and do not take account of any actual or potential reduction to benefits resulting from Lifetime Allowance Tax which may be due when pension benefits are taken.

REAL INCREASE IN CETV

This reflects the increase in CETV that is funded by the employer. It does not include the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period.

COMPENSATION FOR LOSS OF OFFICE

During 2022, there was one compensation payment made as shown in the table below:

AUDIT CERTIFICATE

THE CERTIFICATE OF THE COMPTROLLERS AND AUDITORS' GENERAL TO THE NORTHERN IRELAND ASSEMBLY AND THE HOUSES OF THE OIREACHTAS

Opinion on the accounts

We certify that we have audited the accounts of Waterways Ireland (the Body) for the year ended 31 December 2022 pursuant to the provisions of the North/South Co-operation (Implementation Bodies) (Northern Ireland) Order 1999 and the British/Irish Agreement Act 1999 which require us to audit and certify, in co-operation, the accounts presented to us by the Body. The accounts comprise:

- the income statement;
- the statement of comprehensive income;
- the statement of financial position;
- the statement of cash flows; and,
- the statement of changes in equity; and
- the related notes including significant accounting policies.

These accounts have been prepared under the accounting policies set out within them. In our opinion, the accounts:

- give a true and fair view of the state of the Body's affairs as at 31 December 2022 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102) and the accounts direction in the appendix to the accounts.

Opinion on regularity

In our opinion, the expenditure and income recorded in the accounts have in all material respects been applied to the purposes intended by the Northern Ireland Assembly and the Houses of the Oireachtas and the financial transactions reported in the accounts conform to the authorities which govern them.

Basis for opinions

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the responsibilities of the auditors section of this certificate. We are independent of the Body in accordance with the ethical requirements of the Financial Reporting Council's Ethical Standard and of the Code of Ethics issued by the International Organisation of Supreme

Audit Institutions and have fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Information other than the accounts

The Body has presented certain other information together with the accounts. This comprises the annual report, the foreword to the accounts, the statement on the system of internal control/governance statement and the remuneration report. Our opinion on the accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the accounts, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the accounts or our knowledge obtained during the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we report by exception

We have nothing to report in respect of the following matters which we report if, in our opinion:

- we have not received all the information and explanations we required for our audit, or
- the accounting records were not sufficient to permit the accounts to be readily and properly audited, or
- the accounts are not in agreement with the accounting records, or
- the statement on the system of internal control/governance statement does not reflect compliance with applicable guidance on corporate governance.

Responsibilities of the Body and the Accounting Officer for the accounts

As explained more fully in the Statement of Responsibilities, the Body is responsible for the preparation of the accounts on the basis of the accounts direction included in the appendix to the accounts and for being satisfied that they give a true and fair view. The Chief Executive, as Accounting Officer, is responsible for the propriety and regularity in relation to the use of public funds.

Responsibilities of the auditors

Our responsibility is to audit the accounts in accordance with the provisions of the North/South Co-operation (Implementation Bodies) (Northern Ireland) Order 1999 and the British-Irish Agreement Act 1999 and to report thereon to the Northern Ireland Assembly and the Houses of the Oireachtas.

Our objective in carrying out the audit is to obtain reasonable assurance about whether the accounts as a whole are free from material misstatement, whether caused by fraud or error. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these accounts.

As part of an audit in accordance with the ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. In doing so

- We identify and assess the risks of material misstatement of the accounts whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls.

- We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures.
- We conclude on the appropriateness of the use of the going concern basis of accounting and, based on the audit evidence obtained, on whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Body's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Body to cease to continue as a going concern.
- We evaluate the overall presentation, structure and content of the accounts, including the disclosures, and whether the accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

In addition, we are required to obtain evidence sufficient to give reasonable assurance that expenditure and income recorded in the financial accounts have been applied to the purposes intended by the Northern Ireland Assembly and Houses of the Oireachtas and that the financial transactions recorded in the accounts conform to the authorities which govern them.

1. ACCOUNTING POLICIES

1.1 Accounting Convention

The accounts have been prepared in accordance with the historical cost convention modified to account for the revaluation of property, plant and equipment. The accounts comply with the accounting and disclosure requirements issued by DoF and DPER in 2017.

1.2 Statement Of Compliance With Frs 102

The financial statements of Waterways Ireland for the year ended 31st December 2022 have been prepared in accordance with North/South Implementation Bodies Annual Reports and Accounts Guidance (July 2017), produced by DoF and DPER, in conjunction with the Northern Ireland Audit Office and the Office of the Comptroller and Auditor General in Ireland.

1.3 Income

Income includes cash grants received and receivable from the Department for Infrastructure and the Department of Housing, Local Government and Heritage (DHLGH) which funded activities in the current period. Other Operating Income is accounted for on an accruals basis, however, operating income includes income from navigation usage such as permits, and winter moorings which are accounted for on an accruals basis, with lock tolls and dry dock charges recognised on a receipts basis. Government grants are recognised on an accruals basis as per FRS102.

1.4 Expenditure

Expenditure relates to the operational activities of Waterways Ireland and is accounted for on an accruals basis.

1.5 Receivables

Receivables are stated after providing for bad and doubtful debts.

1.6 Deferred Income

Deferred Income includes an agreement with Waterways Ireland receiving €135,000 for exclusive access to a duct part of which is on Waterways Ireland land. The length of this duct on Waterways Ireland property is 25,600 metres. The duct is solely used to hold telecommunications cable and no other cables from any other parties can use this duct. The lease is for two terms of 35 years with no break clause. The €135,000 is being released to the Statement of Income over 35 years commencing in 2011. There remains 23 years with €3,857 released in 2022 to income. Funds received for the Ulster Canal of €246,000, €68,000 DETE funding for the Shannon Greenway and partnership funding for marketing of the Royal Canal Greenway of €9,000 remain to be spent in 2023. Permit income and winter moorings payments received for 2022 amount to €45,000.

1.7 Property, Plant And Equipment

Waterways Ireland capitalise items with a useful economic life of over one year and with a value in excess of €1,000. Expenditure on IT and furniture and fittings are treated as a grouped asset and capitalised.

Project spend which replaces or enhances the service potential of property, plant and equipment is capitalised. Staff costs directly attributable to these projects are capitalised.

Where projects are not completed at year end but will create a new asset or a revaluation of an existing operational asset, the related project costs have been included in work in progress.

An impairment procedure is in place and is reflected in revaluations reserve.

VALUATIONS:

Waterways Ireland aim to value all asset categories at least every five years using a combination of internal professional valuers, external valuers, agreed sales proceeds and in house professionally qualified engineers.

Specialised Operational assets are valued at depreciated replacement cost by Waterways Ireland staff. Non-specialised land and buildings are valued at market value. The valuation methodology and replacement cost information applied in valuing Operational Assets is subject to periodic independent review. The most recent review was completed during 2023 by Faithful+Gould and HCA Chartered Accountants Limited. The Terms Of Reference for the review included:

- A review of the method of valuation of Operational Assets carried out by Waterways Ireland staff and providing an opinion on the valuation methodology;
- Advice on whether the methodology is in compliance with relevant accounting standards applicable to Waterways Ireland;
- Review of the standard costs included in the valuation and advice on the appropriateness of these for inclusion in the 2022 financial statements; and
- Professional guidance as to what practical improvements, if any, can be made to the valuation methodology.

Since 2012 Waterways Ireland have applied available inspection data on asset conditions to asset life. Inspections are assessed by internal and external qualified engineering experts. For the 2022 accounts this resulted in a net increase of €96,875,000 reflecting;

- Improved information across Locks, Lockgates, Bridges and Weirs through the first condition assessment of assets initially set at mid-point life, and
- Movement in conditions since previous inspections.

Two types of inspections informed Lock, Lockgate, Bridge and Weir asset conditions in the 2022 accounts;

- General inspections which are carried out every 2-5 years; and
- Principal inspections which are carried out every 6-20 years;

The timing of inspections is dependent on the asset, in line with Waterways Ireland draft Priority Asset Inspection Cycles.

A programme of accelerated asset inspections commenced in 2021 and the intention is that the programme will provide baseline data for all the above asset types by the end of 2022.

The valuation basis by Asset Category are outlined below:

1.7.1 Surplus Assets

Surplus assets represent those assets that Waterways Ireland deem are not strategic and are available for sale. Valuations are based on recoverable market value from internal and external market reports. The main components were as follows:

- Hatch Bar €45,000; held at agreed sales proceeds.
- Canal House Park Canal €21,000; internal valuation by Kieran Taggart Member of the Royal Institute of Chartered Surveyors in 2017, revised 2022.
- Mill Cottage €116,000; valued internally by Kieran Taggart Member of the Royal Institute of Chartered Surveyors in 2018, revised 2022.
- Property disposals in progress at 2022 €333,000 internally valued.
- Bogland at Pullough €9,500, valued in 2018 based on agreed sales proceeds.

1.7.2 Land And Buildings

Freehold land €16,750,000 (2021 €19,500,000); valued at Market value by ORE Real Estate Advisers, Dublin in February 2023. The valuation technique used was the "market approach" which uses prices and other relevant information generated by market transactions involving identical or comparable (similar) assets. Other Freehold Land and Buildings were valued internally in 2019 by Rodney McVitty BSc (Hons) Surveying (Specialising in Estate Management) MRICS.

1.7.3 Plant, Vehicles And Machinery

Cost incurred (Depreciated historical cost).

1.7.4 Computer, Furniture And Fittings

Cost incurred (Depreciated historical cost) internal valuation.

1.7.5 Work In Progress

Cost incurred (Depreciated historical cost) internal valuation.

1.7.6 Operational Assets Valuation Performed In House By Chartered Engineers**1. HARBOURS; JETTIES; QUAYS; DRY DOCKS; FLOATING JETTIES; AND TRACKWAY**

Assets acquired prior to 2003 were internally valued in 2003 using replacement cost. Assets acquired since 2003 are initially measured at the cost incurred by Waterways Ireland in acquiring the asset. The value of all assets (irrespective of year of acquisition) is indexed internally in line with construction inflation each year. In 2022, the Construction Price Inflation index applied was between 9.94% and 31.68% resulting in a net increase on revaluation of €27,807,000.

The valuations are also updated internally to take account of new information from surveys including exact dimensions. Standard costs include integral elements of structures, fencing, bollards, sluices etc. With the exception of floatingjetties, 25 years, life is estimated at 500 years based on regular repairs and maintenance and taking into consideration their existing age.

This valuation approach was externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor, BSc (Hons). and deemed to be reasonable.

Towpaths, car parks, lighting, paved areas and small structures are capitalised in the accounts where they represent an improvement on assets. They are included in the gross project costs and depreciated over the project life. CPI is applied as indicated above. Further reviews will be carried out on a rolling basis with any amendments reflected in the Asset Register. This valuation approach was externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor, BSc (Hons). and deemed to be reasonable.

Structures on non-operational navigations are deemed to have no value since there is no economic benefit, only land footprint is valued.

Canal Assets

Following prolonged dialogue with auditors in 2021 and following a review during 2023 by Faithful+Gould and HCA Chartered Accountants Limited it was agreed the Canal assets would not be recognised in the financial statements.

2. LOCK CHAMBERS AND LOCK GATES

Lock Chambers and gates valuation method were externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor,

BSc (Hons). and deemed satisfactory. Lock gates assets are updated separately from lock chambers reflecting an expected life of up to 60 years with lock chambers life span being 120 years. Valuations are based on depreciated replacement costs; useful life is 120 years. In 2022 CPI of up to 27.89% was applied to Locks with a net increase of €52,327,000; an impairment of lockgates reduced the valuation by €262,000; revaluation of lockgates and chamber is a reduction of €1,952,000; total movement €50,113,000.

3. WEIRS

Weirs valuation method was externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor, BSc (Hons). and deemed satisfactory. Valuations based on depreciated replacement costs, useful life is 120 years. In 2022 CPI of 27.89% was applied on Weirs a net increase of €3,482,000.

4. BRIDGES AQUEDUCTS AND MAJOR CULVERTS

Bridges Aqueducts and Major Culverts valuation method was externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor, BSc (Hons). and deemed satisfactory. Valuations are based on depreciated replacement cost, useful life is 120 years. In 2022 Bridge revised condition changes are reflected in a net decrease on revaluation of €1,247,000; CPI inflation increase of 27.89% of €20,521,000; impairment of bridge €1,371,000 and revaluation increase of bridge €250,000; total movement of €18,153,000.

5. LAND

Urban amenity land values and Bogland values were reviewed internally by Rodney McVitty MRICS. Rural land is valued internally using agricultural values as published in the Irish Farmer Journal. In 2022 accounts this resulted in an increase in land values of € 213,000. Updated information on the first registration of land resulted in a decrease in value of €143,000. This valuation method was externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor, BSc (Hons). and deemed reasonable.

6. DEPOTS AND LOCK-HOUSES

Lockhouses were valued at the lower of replacement cost and recoverable amount (being the higher of net realisable value and value in use). Vacant Lockhouses were valued at market value as this was the lower of cost and net realisable value. With occupied Lockhouses, the replacement cost is the existing use value. Depots were valued based on existing use value. These valuation methods were externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor, BSc (Hons). and found to be valued using reasonable methodologies. A number of assets were valued in 2014, internally by Carey Palmer BLE (Hons) Member of the Royal Institute of Chartered Surveyors. In 2019 a sample of lock houses were reviewed internally by Rodney McVitty, BSc (Hons) Surveying (Specialising in Estate Management) MRICS.

7. SERVICE BLOCKS

Internally valued at replacement costs in 2011 accounts, service blocks were updated by CPI index movement in 2022. The index used to establish the uplift is the Capital Goods Price Index, published by the Central Statistics Office. The subcategory used was "All capital goods" as there was no index more suitable to the buildings. This valuation method was externally reviewed in 2022 by Faithful + Gould, Paul McNamara, Associate Director, BSc (Hons), MCIInstCES and Aisling Hegarty, Managing Surveyor, BSc (Hons). and found to be valued using reasonable methodologies.

1.8 Deferred Pension Funding

In accordance with accounting practice for non-commercial State bodies in the Republic of Ireland, Waterways Ireland recognises an asset representing resources to be made available by the UK and Irish Exchequers for the unfunded deferred liability for pensions on the basis of a number of past events. These events include the statutory backing for the superannuation schemes, and the policy and practice in relation to funding public service pensions in both jurisdictions including the annual estimates process. While there is no formal agreement and therefore no guarantee regarding these specific amounts with the funding bodies, Waterways Ireland has no evidence that this funding policy will not continue to progressively meet this amount in accordance with current practice. This treatment is inconsistent with accounting practice for UK Non-Departmental Bodies, where, due to the absence of a formal guarantee, a funding liability is not recognised until the commitment falls due.

1.9 Pension Costs

The North/South Pension Scheme was established by the North/South Implementation Bodies and Tourism Ireland Limited with effect from 29th April 2005. It is a defined benefit pension scheme with different benefit structures which is funded annually on a pay as you go basis from monies provided by the UK and Irish

Exchequers. The scheme is administered by an external administrator. Funding from the Irish Exchequer is provided by the Department of Housing, Local Government and Heritage (DHLGH). The Northern Ireland share of the benefits paid during the year is provided by the Department for Infrastructure.

Pension costs reflect pension benefits earned by employees during the period. An amount corresponding to the pension charge is recognised as income to the extent, that in the future either by way of grant income or other funding to the administrator, it is recoverable, and offset by pension payments made in the year.

Actuarial gains and losses arising on scheme liabilities are reflected in the Statement of Comprehensive Income and a corresponding adjustment is recognised in the amount recoverable from the UK and Irish Exchequers.

Pension liabilities represent the present value of future pension payments earned by staff to date. Deferred pension funding represents a corresponding asset where resources are to be made available in future periods from the UK and Irish Exchequers, in the manner described above.

The Statement of Financial Position recognises the cumulative liability for pensions earned by employees as at 31st December 2022 together with a corresponding asset.

1.10 Leased Assets

Operating lease rentals are charged to the Income Statement on a straight-line basis over the lease term.

1.11 Value Added Tax

VAT is included as expenditure or, where appropriate, capitalised in the value of property, plant and equipment. Returns to the Revenue Commissioners in Ireland are in respect of certain goods and services from abroad and intra-community acquisitions. Revenue authorities in Northern Ireland have determined that there is no business activity in Northern Ireland and there is no liability to VAT.

1.12 Stock

Stock figures in the accounts are valued at the lower of cost and net realisable value.

1.13 Provisions And Contingent Liability

A provision is made in the accounts which represents a reliable estimate of probable settlements for legal cases against Waterways Ireland. This estimate is based on the book of quantum by State Claims Agency. A percentage is applied to this amount and provided for in the accounts, based on the Waterways Ireland judgement.

Liability Position	Provision made at this % of SCA Assessment
Liability not yet established	100
Liability not in dispute	100
Liability in dispute - contributory negligence	70
Liability in dispute - third party	60
Liability fully disputed	50

A contingent liability arises for either claims where there is a possible but not probable obligation to settle, or a reliable monetary estimate of the obligation cannot be made. Based on past experience the contingent liability is currently set at 60% of the best estimate for each case. Contingent liabilities are not recognised in the Statement of Financial Position but disclosed in a note 17 to the accounts. As a result of a ruling by the

Court of Appeal in December 2018 in relation to two employment tribunal cases of McCloud and Sargeant against the UK Government in relation to discrimination in the implementation of transitional protection following changes made to public service pension scheme legislation in the UK in 2015. A contingent liability is shown in the accounts based on advice sought. An estimate made by the actuary to the North/South pension scheme is that any compensation payable in relation to the Retrospective element of the remedy and based on previous contingent liability notes prepared for Waterways Ireland the additional costs for the retrospective remedy will be up to €1,680,000. This is recorded without adjustment in note 17 to the accounts.

1.14 Currency Translation

Waterways Ireland's transactions are effected in both euro and sterling. The functional currency of Waterways Ireland is euro and transactions are initially recorded in that currency. Transactions in other currencies are translated to euro at an average of the previous month exchange rate (this is used as an approximation). Monetary assets and liabilities denominated in other currencies are translated to euro at the rates of exchange prevailing at the Statement of Financial Position date (closing rate). Realised gains and losses are taken to the Statement of Comprehensive Income.

At year end the financial statements are translated into sterling. The Statement of Income is translated using the average exchange rate for the year while the Statement of Financial Position is translated using the closing exchange rate. Currency adjustments arising from this translation of the financial statements are reflected in Property, plant and equipment (Note 7.1, 7.2), Statement of changes in Equity including the Revenue Reserve, Capital Grant and Revaluation Reserve, Donation Reserve, Grant Reserve, Net Cash Flow from Operating Activities (Note 14.1), Analysis of Movement in Pension Liability (Note 16.2) and the Deferred Pension Funding (Note 16.4). The Bank of England rates are used.

1.15 Capital Grant And Revaluation Reserve

The Capital Grant and Revaluation Reserve represents the value of grants from Sponsor Departments used to purchase property, plant and equipment and the value of infrastructure assets transferred to Waterways Ireland including any revaluations carried out. The Capital Grant and Revaluation Reserve is amortised in line with depreciation with the Income Statement credited to offset the impact of the amortisation.

1.16 Donation Reserve/Grant Reserve

The Donation Reserve and Grant Reserves arise from contributions of funding or assets to Waterways Ireland from third party bodies. Valuations, for non-cash donated assets, reflects confirmed project costs incurred by the third party to establish Waterways Ireland assets. The Donation Reserve and Grant Reserve is amortised in line with depreciation with the Income Statement credited to offset the impact of the amortisation.

This table indicates how the funds have been applied in the accounts. This is based on generally accepted accounting principles. Waterways Ireland was paid grants from money voted by the Northern Ireland Assembly and Dáil Éireann in 2021. As the Northern Ireland Assembly were not in session for part of the year alternative arrangements were made. NSMC, with the approval of the Finance Ministers, recommended that the grants should be split on an 85:15 basis for current work – DHLGH (85) and DfI (15). Capital works are 100% funded in the jurisdiction in which they take place. The funding definition of current and capital differs from generally accepted accounting guidance.

Funding capitalised in 2022 from DHLGH includes €514,394 RRDF match funding Category 2 application toward the Ulster Canal, and €1,038,709 match funding under the Rural Regeneration and Development Fund toward the development of the Barrow Blueway. Shared Island funding of €7,000,000 was made available toward Phase 2 and Phase 3 of the Ulster Canal of which €6,317,201 was spent.

Waterways Ireland's 2022 Business Plan has been formally approved by the Sponsor Departments, Finance Departments in May 2022 and remains to be approved by the North/South Ministerial Council (NSMC).

16. PENSIONS

16.1 Accounting Treatment

FRS 102 requires financial statements to reflect, at fair value, the assets and liabilities arising from an employer's obligations and any related funding and to recognise the cost of providing superannuation benefits in the accounting period in which they are earned by employees. The effect of FRS 102 is to recognise as expenditure in the year the cost of pensions earned rather than the payments made to pensioners, and a corresponding funding amount. In addition, the Balance Sheet recognises the cumulative liability for pensions earned by employees as at 31st December 2022 together with a corresponding asset.

The actuarial method used for the calculation of the liabilities is the 'Projected Unit' method. A full valuation of the liabilities has not been carried as at the Measurement Date, rather an estimation of the liabilities of the Scheme by updating the results of the 2021 accounting disclosures to allow for the passage of time, the accrual of new benefits for active members, benefits paid out of the Scheme and changes in actuarial assumptions over the period from 31st December 2021 to 31st December 2022. The results of the 2021 accounting disclosures have therefore been relied upon for the purposes of the 2022 accounting disclosures, including the checks that were applied at the time to the membership data.

A number of checks have been undertaken in relation to last year's disclosures. Whilst this approach is not as accurate as if actual census information were available at the Measurement Date, The Actuary is satisfied that it is appropriate for these purposes and in accordance with the provisions of FRS 102. If there have been material changes to the membership profile since the 2021 accounting disclosures then this could have resulted in the approximate approach producing materially inaccurate figures for the purpose of FRS 102.

The principal actuarial assumptions used to calculate scheme liabilities under FRS 102 are:

The net liability has decreased over the year from a deficit of €170m to a deficit of €121.5m, mainly as a result of corporate bond yields having increased over the period, resulting in significantly increased discount rates and lower resulting liability values. The change in the assumption for mortality has produced slightly lower life expectancies and this has also led to a decrease in the value placed on the liabilities. This combined decrease in the liabilities has been offset by higher-than-expected inflation experienced over the measurement period, impacting the liabilities. (Actual salary increases over the period will be reflected in the liabilities when member by member calculations are next undertaken) and an increase in the estimated service cost for the measurement period as a result of the prospective McCloud remedy.

The impact of unfavorable currency movements, and experience losses arising from membership movements, changes to reflect the updated SPA for Southern alpha members and inflationary experience. During the year employee contributions were received of €814,000 (2021: €745,000) which were remitted to DHLGH and Dfl on an 85:15 basis.

The currency translation adjustment reflects the amount of the movement in the value of the Net Pension Liability which is attributable to the change in exchange rate over the year.

Waterways Ireland recognises an asset representing resources to be made available by the UK and Irish Exchequers for the unfunded deferred liability for pensions on the basis of a number of past events. These events include the statutory backing for the superannuation schemes, and the policy and practice in relation to funding public service pensions in both jurisdictions including the annual estimates process. While there is no formal agreement and therefore no guarantee regarding these specific amounts with the funding bodies, Waterways Ireland has no evidence that this funding policy will not continue to progressively meet this amount in accordance with current practice. The deferred funding asset for pensions as at 31st December 2022 amounted to €121.5m (2021 €170m).

The currency translation adjustment reflects the amount of the movement in the value of the Deferred Pension Funding which is attributable to the change in exchange rate over the year.

16.6 Employees Joining

In the event of staff joining Waterways Ireland with prior service in the Northern Ireland public sector, with funded/unfunded schemes a transfer value will be calculated by the Pension Administrator for Waterways Ireland and forwarded to the Department for Infrastructure. In relation to staff from Southern Ireland with prior public sector service and a funded scheme, the transfer value will be calculated by the Pension Administrator for Waterways Ireland and forwarded to the Department of Housing, Local Government and Heritage (DHLGH). In the case of Irish unfunded public service pension scheme, the liability for the prior Irish public service remains with the Irish exchequer until it is discharged.

Transfer values for non-public service funded schemes will be split and apportioned by the Pension Administrator and the transfer value will be passed via Waterways Ireland to both Departments. There was one transfer into the scheme in the year totalling €17,000.

16.7 Employees Leaving

In the event of staff leaving Waterways Ireland the service in Waterways Ireland, is funded by DfI at 15% and DHLGH at 85% of the amount to be transferred. If there is prior public sector service as outlined above the transfer value will be funded by the relevant jurisdiction in its entirety (other than Irish unfunded public service pension scheme). There were no transfers out of the scheme in the year.

16.8 Pension Arrangements - General Description Of The Scheme

The pension scheme consists of a number of sections with different benefit structures. The main sections of the pension schemes currently are outlined below. The pension scheme is impacted by the McCloud Ruling, and with effect from 1st April 2022, all members of the N/SPS Core Final Salary section and Reserved Rights PCSPS(NI) section ("the legacy schemes") were moved to the N/SPS alpha scheme as part of the McCloud Prospective Remedy. During 2023 a consultation on the Retrospective Remedy will take place with the Remedy to be implemented from 1st October 2023, when eligible members will begin to receive a choice of Final Salary or alpha benefits for the Remedy Period of 1st April 2015 to 31st March 2022.

The Core Final Salary Section

This is a final salary pension arrangement with benefits modelled on the Classic section of the Principal Civil Service Pension Scheme in Northern Ireland. The scheme provides a pension (eightieths per year of service), a gratuity or lump sum (three eightieths per year of service) and spouse's and children's pensions. Normal Retirement Age is a member's 60th birthday. Pensions in payment (and deferment) increase in line with general price inflation.

The Core Alpha Section

This is a career averaged revalued earnings pension arrangement or CARE scheme with benefits modelled on the alpha section of the Principal Civil Service Pension Scheme in Northern Ireland. The scheme provides a pension based on a percentage (2.32%) of pensionable pay for each year of active membership (the pension is increased/decreased at the start of each scheme year in line with general price inflation) and spouse's and children's pensions. Normal Retirement Age is a member's State Pension Age ("SPA") in the relevant jurisdiction, which is currently 66. The Government is planning further increases, which will raise the SPA from 66 to 67 between 2026 and 2028. Under the current law, the State Pension age will increase to 68 between 2044 and 2046. The State Pension Age in Ireland is currently 66. The State pension age in Ireland was due to rise to 67 from 1st January 2022 and then 68 from 1st January 2028 however, the government has deferred this change and a Pensions Commission has been established to consider the change to the State pension age, among other issues such as sustainability and intergenerational fairness. Pensions in payment (and deferment) increase in line with general price inflation.

Reserved Rights Sections

These are a number of sections of the scheme that are modelled on the Irish public service pension schemes that employees of the North/South Bodies were members of at the point they were designated and transferred at the formation of the Bodies. These schemes are final salary pension arrangements with benefits the same as the relevant Irish public sector scheme e.g., Superannuation Scheme for Established Civil Servants. These schemes provide a pension (for non-integrated members eightieths per year of service but for integrated members two-hundredths per year of service on salary up to 3.333 times the Old Age Contributory State Pension and eightieths per year of service on salary above 3.333 times the Old Age Contributory State Pension), a gratuity or lump sum (three eightieths per year of service) and spouse's and children's pensions. In December 2018, DPER notified Bodies to apply the increase in the compulsory retirement age to 70 as set out in the Public Service Superannuation (Age of Retirement) Bill 2018 on an administrative basis. Pensions in payment (and deferment) generally increase in line with general public sector salary inflation. The applicable Reserved Rights Scheme for Waterways Ireland in the South is both the, Non-Contributory Pension Scheme for Non-Established State Employees and the Superannuation Scheme for Established Civil Servants. In

Northern Ireland, the relevant scheme is the Principal Civil Service Pension Scheme NI. Most Core section members have benefits in both the Final Salary and Alpha sections and new entrants who join the Scheme after 1st April 2015 will, in most cases, become members of the Core Alpha section.

The valuation used for FRS 102 disclosures at 31st December 2022 has been carried out by a qualified independent actuary (XPS). The actuarial method used for the calculation of the liabilities is the 'Projected Unit' method. A full valuation of the liabilities has not been carried as at the Measurement Date, rather an estimation of the liabilities of the Scheme by updating the results of the 2021 accounting disclosures to allow for the passage of time, the accrual of new benefits for active members, benefits paid out of the Scheme and changes in actuarial assumptions over the period from 31st December 2021 to 31st December 2022.

17. CONTINGENT LIABILITIES

The contingent liability of Waterways Ireland at 31st December 2022 is €1,916,400, (2021 €2,736,000). The contingent liability cases are:

* Land was compulsory purchased by Waterways Ireland, the amounts represent reasonable costs including legal fees and claims for compensation are not time bound.* As part of a compulsory purchase order an agricultural watermain was subsequently provided to supply drinking water to livestock for the benefit of various adjoining landowners in Leitrim. Various issues have arisen including who is responsible for the charges for the water supply to the various landowners and the liability regarding the repair and maintenance of the watermain which is leaking. Discussions are ongoing and the costs reflected in this case are to cover the cost of replacing the watermain. The value is Waterways Ireland best estimate and there is no possibility for reimbursement.

Based on past experience and calculated at 60% of the best estimate, the contingent liability on the above totals €236,000.

The Court of Appeal in the McCloud and Sargeant cases found the transitional protections introduced as part of the 2015 reforms to public service pensions were discriminatory. In response to those judgments, a "prospective" and "retrospective" remedy have been confirmed.

The "prospective" element means that from 1st April 2022 members of the North/South Pension Scheme Core Final Salary and Reserved Rights PCSPS(NI) sections were moved to the alpha scheme in respect of any accrual from that date. The impact of this change on the liabilities has been allowed for in the above disclosures.

The Bodies are currently working with administrators to deal with the "Retrospective" remedy which is to be implemented, from 1st October 2023. This remedy will result in affected members being given a "deferred choice underpin" for the period 1st April 2015 and 31st March 2022. In effect members can select the method of benefit accrual (final salary or CARE in the alpha section) over the remedy period which is most advantageous to them. Until member by member calculations have been completed, the final cost of this remedy is unlikely to be finalised for some time.

No allowance has been made for the Retrospective element of the remedy in the above disclosures. We estimate, on the basis of previous contingent liability notes prepared for each Body, that additional costs for the retrospective remedy will be up to €1,680,000 for this Body as at 31st December 2022 (€2,500,000 – 2021).

18. PERFORMANCE AGAINST KEY FINANCIAL TARGETS

Annual business plans are presented to North/South Ministerial Council and approved. The financial targets set for Waterways Ireland by the Sponsor Departments and DPER and DoF is that spend is to be maintained within budget limits. This was achieved. Non-financial targets were also set and are reported in Part 3 of the Annual Report.

Waterways Ireland's 2022 Business Plan was retrospectively approved by the Sponsor Departments, Finance Departments and the North/South Ministerial Council (NSMC) in December 2022.

DfI implemented contingency arrangements, put in place by DoF to enable the payment of funding to Waterways Ireland in 2022.

19. RELATED PARTY TRANSACTIONS

Waterways Ireland is a cross border implementation Body sponsored by DHLGH and DfI. These Departments are regarded as related parties and during the year, Waterways Ireland was principally funded by these Departments and had various transactions with them. Waterways Ireland has procedures in place to manage conflicts of interest and these were compiled within the period under review.

None of the members of the key management staff or Audit Committee members of Waterways Ireland or their related parties has undertaken any material transactions with Waterways Ireland during the financial year 1st January 2022 – 31st December 2022

20. LOSSES REGISTER

A Losses Register is maintained by Waterways Ireland. Losses recorded during the year amounted to €633,000 (2021 €332,000) and have been incorporated within these accounts where the cost relates to this financial year.

Losses Statement	2022 €	2021 €

Total	633,073	331,639

Employee liability claims in 2022 relates to an employee claim settled in 2022. Compensation payment – departure relates to a claim settled including legal fees.

21. FINANCIAL INSTRUMENTS, LIQUIDITY, INTEREST RATE AND FOREIGN CURRENCY RISK

21.1 Financial Instruments

Due to the non-trading nature of its activities and the way Waterways Ireland is financed, it is not exposed to the degree of financial risk faced by business entities. The Financial Memorandum permits Waterways Ireland to borrow subject to the prior approval of the Sponsor Departments and the Finance Departments, which has not been sought. The financial assets and liabilities are generated by day-to-day operational activities and are not held to change the risks facing Waterways Ireland in undertaking its activities. Financial instruments mainly consist of cash, receivables and payables.

21.2 Liquidity, Interest Rate And Foreign Currency Risk

Waterways Ireland's net revenue resource requirements are financed by resources voted annually by the Northern Ireland Assembly and Dáil Éireann, as is its capital expenditure. It is not therefore exposed to significant liquidity risks.

Waterways Ireland does not access funds from commercial sources and so is not exposed to significant interest rate risk.

Waterways Ireland's transactions are effected in the currencies of each part of Ireland, with recorded gains and losses being taken to the Statement of Comprehensive Income and Income Statement, facing significant exchange rate uncertainty.

22. EVENTS AFTER THE REPORTING PERIOD

There are no events to report after the reporting date.

The Annual Report and Accounts for the year ended 31st December 2022 were authorised to be issued on 20th December 2023 by the Accounting Officer.

ATHBHREITHNIÚ AN PHRÍOMHFHEIDHMEANNAIGH

Bliain shuntasach eile a bhí in 2022 d'Uiscebhealaí Éireann. Ba bhliain aistrithe í inar tugadh isteach obair hibrideach ar fud na heagraíochta; bliain inar éirigh linn fáilte a chur roimh Uachtaran na hÉireann chuig ár gCeanncheathrú in Inis Ceithleann agus an Taoiseach Micheál Martin chun an tionscadal is mó riamh a nochtadh; agus bliain ina bhfuil treo straitéiseach soiléir do na deich mbliana atá romhainn leagtha amach inár Straitéis Fhadtéarmach thionscnaimh.

Tá Uiscebhealaí Éireann fós dírithe ar ár dtrí Dhúshlán Straitéiseacha.

- Ceannaireacht agus cumas eagraíochtúil a mhéadú** – Leanaimid orainn ag tógáil don todhchaí. Tá ár n-eagraíocht níos cobhsaí sa ghearrthearma cé go n-aithnímid agus go bhfuil moladh déanta againn d'Athbhreithniú Eagraíochta cuimsitheach chun eagraíocht oiriúnach don fheidhm a chinneadh a bheidh in ann straitéisí a sheachadadh don todhchaí. Tá sé seo ar cheann dár dtionscnaimh rithabhachtacha in 2023 agus d'oibríomar go dícheallach lenár Ranna Coimircíochta chun tús a chur leis an gcleachtadh seo.
- Rialachas, riosca agus bearnaí rialaithe a fheabhsú** – Tá clár feabhsúcháin ar bun ar Chleachtais Bhainistíochta Riosca lena n-áirítear Córas Bainistíochta Riosca nua a thabhairt isteach agus Oiliúint Bainistíochta Riosca á sholáthar don Fhoireann Bhainistíochta Shinsearach agus do gach Úinéir Riosca.
- Plean straitéiseach fadtéarmach 10 mbliana a fhorbairt** – Beidh ár dtimthriall pleanála in 2023 ar an gcéad deis don Fhoras pleananna

gearra (Plean Gnó 2023), meánmhéide (Plean Corparáideach 2023-2025), agus pleananna fadtéarmacha (Plean 10 mbliana) a chomhtháthú. Eisíodh ár bPlean 10 mbliana le haghaidh comhairliúcháin phoiblí in 2023. Chuireamar fáilte roimh gach rannpháirtíocht agus comhairliúchán ar an phlean tionscnaimh seo.

Bíonn sé tábhachtach i gcónaí breathnú siar agus machnamh a dhéanamh, mar sin tá níos mó sonraí anseo a leanas ar chuid dár bpríomhghnóthachtálacha ó 2022 ar aghaidh.

I mí Feabhra, ba mhór an onóir dúinn fáilte a chur roimh an Uachtarán Micheál D Ó hUiginn agus a bhean chéile, Sabina chuig an gceanncheathrú in Inis Ceithleann. Le linn a gcuartha cuireadh ar an eolas iad faoi obair na heagraíochta. Thug an tUachtarán Ó hUiginn óráid ghairid spreagúil chun aitheasc a thabhairt don fhoireann ar fad. Caithfidh mé a rá gurbh ócáid mhór d'Uiscebhealaí Éireann í an fáiltiú a chuireamar roimh an Uachtarán Ó hUiginn agus gurbh ócáid a mbeidh cuimhne againn ar fad uirthi go ceann tamaill.

Chomh maith leis sin, i mí Feabhra sheolamar 'Waterways Through Time', sraith podchraoltaí a d'fhorbair agus a sheachaid an staraí agus an t-údar iomráiteach Turtle Bunbury. Tugann an tsraith shuimiúil atá ina hocht bpáirt an t-éisteoir trí stair agus trí sheandálaíocht uiscebhealaí na hÉireann. Bain sult as ar shuíomh gréasáin ár gCartlainne.

Ba bhliain ollmhór í 2022 maidir le dul chun cinn ar nGormbhealaí agus ar nGlasbhealaí.

Ba í Márta an chéad Chomóradh den stráice tuaithe de Ghlasbhealach na Canála Ríoga. Sa chéad bhliain thaifeadamar 640,000 cuairt a chruthaigh luach €17 milliún do thionscadal ar chostas €12m.

I mí Aibreáin bronnadh an Tionscnamh Turasóireachta is Fearr ar an nGlasbhealach ag Gradaim LAMA 2022. Leanaimid de bheith ag obair i gcomhar lenár gcomhpháirtithe údaráis áitiúil chun na nithe is díol spéise a bhaineann leis na glasbhealaí is faide in Éirinn a chur chun cinn agus a mhargú.

Sínfidh Glasbhealach lán-fhorbartha na Canála Ríoga 150 ciliméadar go dtí Duga Spencer i gCathair Bhaile Átha Cliath. Tá 90% den ghlasbhealach curtha i gcrích anois agus in éineacht lenár gcomhpháirtithe, táimid dírithe ar an chuid is mó den stráice cathrach atá fágtha a fhorbairt in 2023 agus 2024.

Tá Glasbhealach na Canála Móire ag dul chun cinn go maith freisin le thart ar 55km de ghlasbhealach críochnaithe. Tá tuilleadh oibre le déanamh againn chun maoiniú a fháil lenár gcomhpháirtithe chun na 70 ciliméadar eile a sheachadadh.

Agus críochnófar 36 ciliméadar Uiscebhealaí Éireann ón mBaile Íseal go Baile Átha Í mar chuid de Ghormbhealach na Bearú faoi dheireadh mhí Feabhra 2023.

Agus Gormbhealaí á bplé againn, i mí Aibreáin rinneamar ceiliúradh ar an gcéad chreidiúnú Gormbhealaigh ar domhan de Ghormbhealach na Bóinne, de Ghormbhealach na Siúire agus de Ghormbhealach Loch Deirgeirt. Athraíonn Gormbhealaí an caidreamh idir pobail áitiúla agus a n-uiscedhreach trí rannpháirtíocht ghníomhach a chruthú.

Ba bhliain mhór í 2022 do thionscadal athchóirithe Chanáil Uladh. I mí Iúil shíníomar conradh €20m do Chéim 2 idir Cluain Eois agus Cluain Fada, Co. Mhuineacháin, arna mhaoiniú ag an Roinn Tithíochta, Rialtais Áitiúil agus Oidhreachta; an Ciste Athghiniúna & Forbartha Tuaithe; agus Cistí Roinnte Oileáin. Agus i mí Lúnasa rinneadh ceiliúradh ar thús na n-oibreacha tógála nuair a nocht an Taoiseach Micheál Martin bunchloch. Mar a dúirt an Taoiseach, "Is tionscadal trasteorann é athchóiriú Chanáil Uladh sa chiall is fíor agus beidh sé ina bhunathrú don réigiún seo."

I mí na Samhna roinneadh ár bPlean 10 mbliana, mar aon lenár bPlean Corparáideach 3 bliana agus ár bPlean Gnó Bliantúil, lenár Ranna Urraíochta. Deis uathúil chun ár bpleanáil a ailíniú thar thréimhse ghearr, mheántéarmach agus fhadtéarmach.

In 2022 chomh maith ghlac muid go hoifigiúil agus chuir muid chun cinn cur i bhfeidhm ár bPlean Gníomhaíochta Aeráide. Leagtar amach sa phlean an fhís maidir le conas a bhainfidh Uiscebhealaí Éireann a bpríomhspríocanna gníomhaíochta aeráide amach faoi 2032. Níos tábhachtaí fós, tá sé á fheidhmiú ar fud na heagraíochta agus cuirfear tús le tairbhí a sheachadadh in 2023.

I mbliana b'ionann ár leibhéal gníomhaíochta, ár maoiniú reatha agus caipitil de €50m – an leibhéal is airde caiteachais aon bhliain amháin i stair an Chomhlachta. Chuir an maoiniú méadaithe seo ar ár gcumas fás ar fud na heagraíochta maidir le líon na bhfostaithe, níos mó deiseanna comhoibríthe, agus seachadadh réimse leathan de thionscadail nuálacha spreagúla le 12 mhí anuas.

Tá mé bródúil as an rath a bhain Uiscebhealaí Éireann amach in 2022. Braitheann an rathúlacht go príomha ar phaisean, díograis agus cumais bhunúsacha na foirne in Uiscebhealaí Éireann – iad go léir ag obair i gcomhar le hilchomhpháirtithe – agus ag tacú lena chéile chun ár gcomhspríocanna a bhaint amach. Ba mhaith liom aitheantas a thabhairt agus buíochas a ghabháil lenár bhfoireann as a dtiomantas le linn 2022.

Ba mhaith liom buíochas a ghabháil lenár nAirí agus lenár n-oifigigh ón Roinn Choimircíochta, lenár gcustaiméirí, lenár gcomhpháirtithe straitéiseacha, le húdarais áitiúla, lenár gconraitheoirí agus lenár soláthróirí as a dtacaíocht leanúnach le linn 2022.

Tá mé ag tnúth leis an gcéad 12 mhí eile agus muid ag cur lenár ndul chun cinn go dtí seo agus ag cur tús le cur i gcrích ár bPlean Fadtéarmach 10 mbliana.

Go raibh maith agaibh,

John McDonagh

MAIDIR LE HUISCEBHEALAÍ ÉIREANN

CÉ MUID

Is Foras trasteorann é Uiscebhealaí Éireann, an ceann is mó de shé Fhoras Forfheidhmithe Thuaidh/Theas a bunaíodh faoi Chomhaontú na Breataine-na hÉireann an 10 Aibreán 1998. Tugadh éifeacht inmheánach don Chomhaontú seo trí Ordú an Chomhoibrithe Thuaidh/Theas (Forais Forfheidhmithe) (Tuaisceart Éireann), 1999 agus tríd an Acht um Chomhaontú na Breataine-na hÉireann, 1999 faoi seach.

Is sinne an t-údarás loingseoireachta trasteorann atá freagrach as bainistiú, cothabháil, forbairt agus athchóiriú beagnach 1,100 km d'uiscebhealaí loingseoireachta intíre agus os cionn 600 km de Ghlasbhealaí agus de Ghormbhealaí, ar mhaithe le fóillíocht go príomha.

Tá ár gceanncheathrú in Inis Ceithleann, Co Fhear Manach agus tá oifigí réigiúnacha i mBaile Átha Cliath, i gCora Droma Rúisc agus sa Scairbh, Co an Chláir.

Fostaímid 350 ball foirne atá lonnaithe i roinnt oifigí agus iostaí in aice lenár n-uiscebhealaí intíre a fhaigheann cabhair ó fhoireann a earcaítear go séasúrach, rud a léiríonn nádúr séasúrach shainchúram na heagraíochta.

“Is é ár bhfeidhm reachtúil uiscebhealaí inseolta intíre sonraithe a bhainistiú, a chothabháil, a forbairt agus a athchóiriú, ar mhaithe le cúrsaí fóillíochta go príomha.”

CAD É A DHÉANAIMID?

Is é Uiscebhealaí Éireann an t-údarás loingseoireachta le haghaidh beagnach 1,100 km d'uiscebhealaí intíre inseolta, lena n-áirítear:

- Loingseoireacht na Banna Íochtair
- Córas na hÉirne
- Uiscebhealach na Sionainne agus na hÉirne
- Loingseoireacht na Sionainne
- An Chanáil Ríoga
- An Chanáil Mhór
- Loingseoireacht na Bearú
- Canáil Uladh

I mí Iúil 2007, chuir an Chomhairle Aireachta Thuaidh/Theas (CATT) le sainchúram Uiscebhealaí Éireann chun freagracht a chur san áireamh as atógáil Chanáil Uladh ó Loch Éirne Uachtair go Cluain Eois, agus tar éis athchóiriú a dhéanamh, as a bainistiú, a chothabháil agus a forbairt, go háirithe le haghaidh na fóillíochta.

Ag leibhéal oibríochtúil, tá freagracht ar Uiscebhealaí Éireann as réimse leathan de shócmhainní bonneagair lena n-áirítear, uiscebhealaí loingseoireachta, claífoirt, cosáin tarraingthe, tailte máguaird, cuanta, calaí, seastáin iascaireachta, droichid, lintéir, uiscerianta, forsceithí, loic, bualchomhlaí agus tithe loic chomh maith le foirgnimh agus cartlanna. Meastar gurb é €1 billiún an costas reatha atógála ar an bhonneagar.

Tá cláir oibre de chuid Uiscebhealaí Éireann ríthábhachtach chun timpeallacht fóillíochta atá sábháilte agus d'ardchaighdeán a chur ar fáil dár gcustaiméirí, chomh maith le hoidhreacht thionsclaíoch agus chomhshaoil na n-uiscebhealaí a chaomhnú do na glúnta atá le teacht.

AN DÓIGH A nOIBRÍMID

Mar Fhoras trasteorann, oibrímid faoi threoir bheartais na Comhairle Aireachta Thuaidh/Theas agus an dá Rialtas agus táimid freagach do Thionól TÉ agus do Thithe an Oireachtais. Ar leibhéal riaracháin, tuairiscímid dár Ranna Coimircíochta, don Roinn Bonneagair (DfI) agus don Roinn Tithíochta, Rialtais Áitiúil agus Oidhreacht (RTRAO).

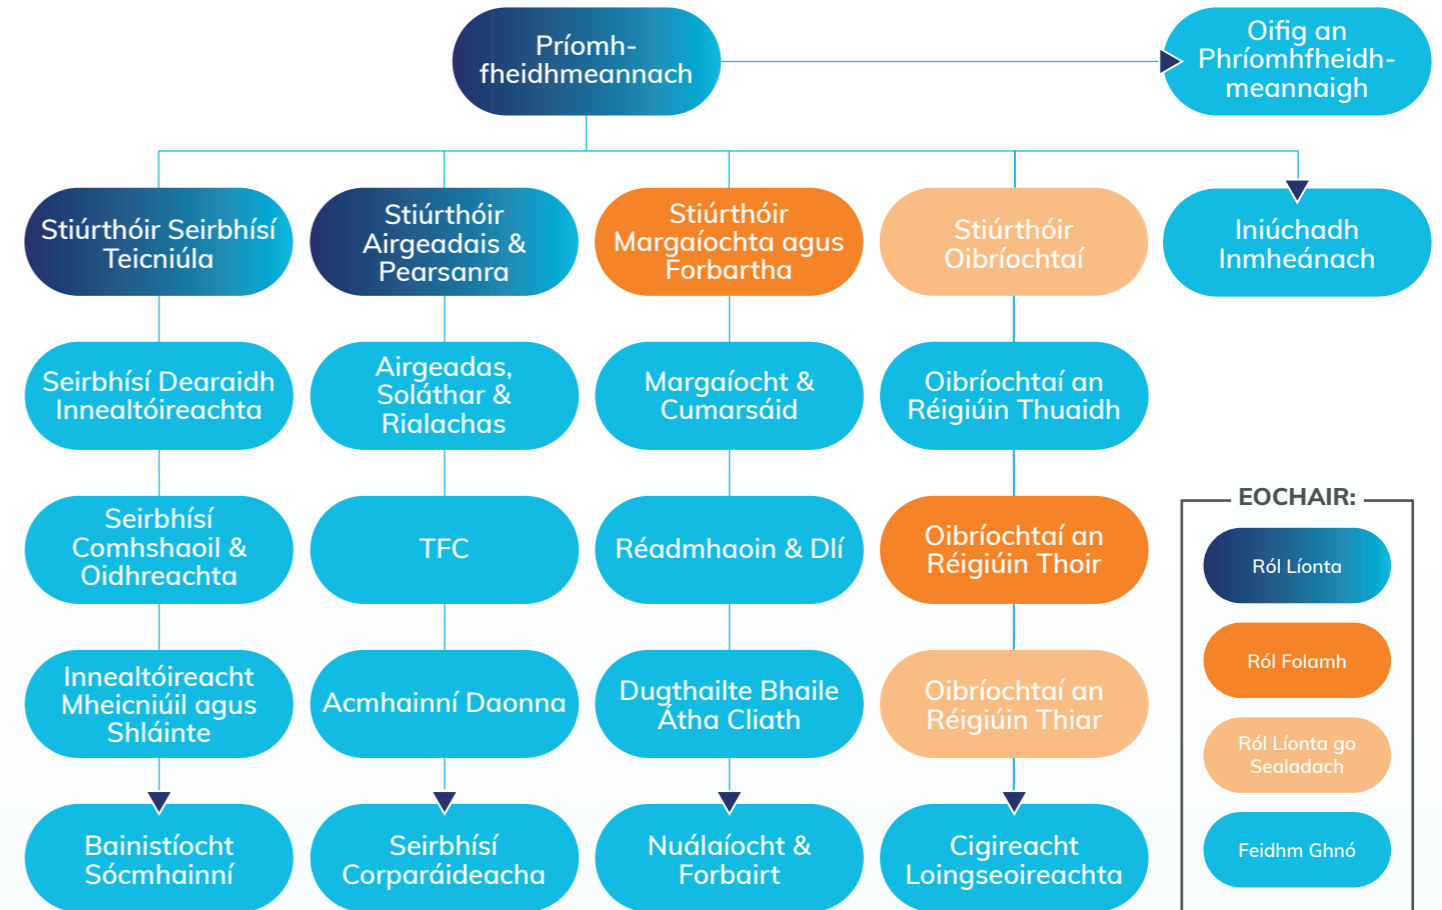

Cuirtear maoiniú ar fáil trí dheontais ó airgead a mholann Tionól TÉ agus Tithe an Oireachtais. Soláthraíonn Tionól TÉ 15% den mhaoiniú athfhillteach nó cothabhála, agus tagann 85% ó Rialtas na hÉireann, rud a léiríonn dáileadh reatha na n-uiscebhealaí i ngach dlínse. Déanann an dlínse ina ndéantar na hoibreacha cláir chaipitil dheisiúcháin ar bhonneagar a mhaoiniú go leithleach. Leanadh le hobair forbartha trí infheistíocht tríú páirtí a mhealladh ó réimse leathan d'fhoinisí.

Comhaontaítear ár spriocanna feidhmíochta oibríochtúla leis an dá Roinn Choimircíochta, agus tuairiscímid faoi na spriocanna sin inár gcruinnithe monatóireachta. Déanann na hArd-Reachtairí Cuntas agus Ciste atá ina gceannairí ar Oifig Iniúcháireachta TÉ agus Oifig an Ard-Reachtairí Cuntas agus Ciste in Éirinn iniúchadh seachtrach ar Thuarascáil Bhliantúil agus ar Chuntais Uiscebhealaí Éireann. Soláthraíonn na hiniúcháir seachtracha seo dearbhú neamhspleách ar rialtacht agus cuibheas chuntais Uiscebhealaí Éireann agus ár bpróiseas maidir le caiteachas, ioncam agus sócmhainní. Tá Coiste Iniúchta ag Uiscebhealaí Éireann freisin lena n-áirítear comhaltaí neamhspleácha neamhfheidhmiúcháin a bhfuil de chúram orthu comhairle a chur ar an bPríomhfheidhmeannach mar Oifigeach Cuntasáíochta maidir leis an gcóras rialaithe inmheánach cuí a bheith i bhfeidhm.

Cuireann Uiscebhealaí Éireann tuarascáil bhliantúil ar fáil ar a chuid gníomhaíochtaí agus ráiteas cuntas faoi bhráid CATT agus na nArd-Reachtairí Cuntas agus Ciste do gach dlínse. Tar éis dheimhniú na nArd-Reachtairí Cuntas agus Ciste, leagtar an Tuarascáil Bhliantúil agus na Cuntais faoi bhráid Thionól TÉ agus Thithe an Oireachtais.

RIALACHAS CORPARÁIDEACH

Tá Uiscebhealaí Éireann tiomanta ina chuid oibre ar fad don acaighdeáin is airderialachais chorparáidigh a bhaint amach. Tá an eagraíocht freagrach do dhá Roinn Coimircíochta Rialtais - an Roinn Bonneagair i dTuaisceart Éireann agus an Roinn Tithíochta, Rialtais Áitiúil agus Oidhreachta (RTRAO) in Éirinn. Tá Uiscebhealaí Éireann freagrach as dea-rialachas a chinntiú agus comhlíonann siad an tasc seo trí chuspóirí agus spriocanna straitéiseacha a leagan síos agus trí chinntí straitéiseacha a dhéanamh ar gach saincheist eagraíochtúil.

Tá an Príomhfheidhmeannach agus an Fhoireann Shinsearach Bhainistíochta freagrach as bainistíocht laethúil, rialú agus stiúradh Uiscebhealaí Éireann. Caithfidh an Príomhfheidhmeannach agus an Fhoireann Shinsearach Bhainistíochta na treoracha straitéiseacha leathana arna gcomhaontú leis na Ranna Coimircíochta a leanúint agus a chinntiú go bhfuil tuiscint shoiléir acu ar na príomhghníomhaíochtaí agus ar na príomhchinntí a bhaineann leis an slánaonad, agus ar aon rioscaí suntasacha a d'fhéadfadh teacht chun cinn. Feidhmíonn an Príomhfheidhmeannach mar theagmháil dhíreach idir na Ranna Coimircíochta agus bainistíocht Uiscebhealaí Éireann.

AN FHOIREANN SHINSEARACH BHAINISTÍOCHTA
Cuimsíonn an Fhoireann Shinsearach Bhainistíochta an Príomhfheidhmeannach; an Stiúrthóir Airgeadais agus Pearsanra; an Stiúrthóir Margaíochta agus Forbartha; an Stiúrthóir Seirbhísí Teicniúla; agus triúr Bainisteoirí Réigiúnacha ó réigiúin oibríochta an Tuaiscirt, an Iarthair agus an Oirthir. Tagann an Fhoireann Shinsearach Bhainistíochta le chéile ar bhonn míosúil le hathbhreithniú a dhéanamh ar chúrsaí straitéiseacha agus oibriúcháin, lena n-áirítear sláinte agus sábháilteacht; airgeadas; acmhainní daonna; agus gach mír eile maidir le monatóireacht agus rialachas corparáideach a thuairisciú.

RANNA COIMIRCÍOCHTA

Le linn na bliana déantar Cruinnithe den Choiste Monatóireachta a óstáil idir Príomhfheidhmeannach agus Stiúrthóirí Uiscebhealaí Éireann agus ionadaithe ónár Ranna Coimircíochta Rialtais (An Roinn Bonneagair agus an Roinn Tithíochta, Rialtais Áitiúil agus Oidhreachta) chun dul i gcomhairle ar chúrsaí straitéiseacha agus oibriúcháin lena n-áirítear na míreanna sin den chlár oibre a d'fhéadfadh a bheith ina n-ábhair imní phoiblí nó pharlaiminte, agus lena n-áirítear nádúr, scála

agus dóchúlacht saincheisteanna agus rioscaí a d'fhéadfadh a bheith ann. Bhí ceithre Chruinniú Monatóireachta ann le linn 2022.

AN COISTE INIÚCHTA

Tháinig an Coiste Iniúcháireachta le chéile ceithre huair in 2022. Faigheann an Coiste na tuarascálacha ón Iniúchadh Inmheánach agus ó na hIniúcháirí Seachtracha, agus déanann sé iad a thabhairt dá aire agus athbhreithníonn sé na ráitis airgeadais agus na próisis bhainistíochta riosca atá i bhfeidhm ag Uiscebhealaí Éireann. Bhreithnigh an Coiste gach tuarascáil Iniúchta Inmheánaigh. Bhreithnigh an Coiste freisin Tuarascáil Bhliantúil agus Cuntas an Chomhlachta atá á n-iniúchadh ag an Ard-Reachtair Cuntas agus Ciste do Thuaisceart Éireann agus ag Ard-Reachtair Cuntas agus Ciste na hÉireann.

COMHIONANNAS AGUS MÍCHUMAS

In 2022, d'fhorbair Uiscebhealaí Éireann Pleananna Gníomhaíochta um Chomhionannas agus Míchumas 2023 – 2025.

Tá ceithre phríomhthéama aitheanta i bPlean Gníomhaíochta Comhionannais Uiscebhealaí Éireann. Tógfaidh an plan ar an obair chomhionannais atá déanta cheana féin ag Uiscebhealaí Éireann agus cabhróidh sé le freastal ar riachtanais chomhionannais amach anseo. Tugann Beartas Comhdhiseanna Uiscebhealaí Éireann treoir maidir le comhionannas deiseanna do gach fostaí, custaiméir, soláthróir, conraitheoir agus páirtí leasmhar reatha a d'fhéadfadh a bheith ann. Féachann Uiscebhealaí Éireann chuige go gníomhach fíor-chomhionannas deiseanna a chur chun cinn idir na Grúpaí Comhionannais go léir. Cothaíonn sé timpeallacht fháilteach agus chomhchuí ina gcaitear le gach duine le meas agus le dínit.

Soláthraíonn Plean Gníomhaíochta Míchumais Uiscebhealaí Éireann creat straitéiseach chun aghaidh a thabhairt ar na bacainní dearcaidh agus comhshaoil atá roimh rannpháirtíocht iomlán agus éifeachtach daoine faoi mhíchumas sa saol poiblí. Bíonn rannpháirtíocht gach duine a chinntiú i gcroílár na cinnteoireachta agus na mbeartas laistigh dár n-eagraíocht.

Tá Grúpa Oibre um Chomhionannas agus Éagsúlacht bunaithe in Uiscebhealaí Éireann chun forbairt agus seachadadh comhionannais, cuimsitheachta agus éagsúlachta a thiomáint.

ÁR dTIMPEALLACHT OIBRIÚCHÁIN

COMHTHÉACS SEACHTRACH

Tá costais mhéadaithe ag Uiscebhealaí Éireann a bhaineann le ganntanas soláthair; timthriallta slabhra soláthair níos faide; agus costais fuinnimh a ardú. Bhí tionchar ar leith acu seo ar thionscadail tógála agus chothabhála arb ionann iad agus an chuid is mó de chlár gníomhaíochtaí Uiscebhealaí Éireann. Tá diantástáil déanta ar ár mbuiséid chaiteachais chun luach leanúnach a sholáthar i bhfianaise na mbrúnna ar chostais ó na fachtóirí seachtracha seo. I dtéarmaí airgeadais tá ár bhfás incriminteach reatha maoinithe in 2022 ídithe ag brúnna boilsithe méadaithe le harduithe an-ard ar fhóntais agus ábhar tógála.

Ba dhúshlán é tionscadail chaipitil a sheachadadh laistigh den bhuiséad mar gur lean costais ionchuir ag ardú i rith na bliana 2022. Ina theannta sin, tá laghdú tagtha ar mhargadh na soláthróirí agus na gconraitheoirí tríú páirtí, agus is gné nach bhfuil fáilte roimpi an laghdú ar sholáthróirí agus conraitheoirí ag cur tairiscintí isteach ar chonarthaí.

Sa ghearrthéarma, tá beartais á gceapadh ag Rialtais chun aghaidh a thabhairt ar an tionchar láithreach a bhíonn ag méaduithe costais mhaireachtála ar an bpobal. Tá éiginnteacht le brath inár bpleanáil airgeadais, agus measaimid go leanfaidh brúnna arda boilsithe le linn 2023 agus 2024.

Táthar dóchasach le leibhéal ard muiníne faoin turasóireacht in 2023. Táthar ag tuar go bhfillfidh líon na dturasóirí go leibhéal 2019 faoi 2025. D'fhéadfadh méadú a bheith ann freisin ar úsáideoirí ár nGlasbhealaí agus Gormbhealaí lasmuigh den uisce mar a rinne siad le linn phaindéim COVID19 agus an pobal ag glacadh le gníomhaíochtaí sláintiúla faoin aer saor in aisce.

In ainneoin tionchar an chogaidh agus a éifeachtaí comhthaobhachta ar chostais fuinnimh agus ar chostais mhaireachtála, tá bagairt sháraitheach ann le lorg domhanda ag baint leasa as. Athrú aeráide atá i gceist. Le linn 2022 bhí sraith imeachtaí inléirithe a bhain le tuilte; triomach; gorta; tinte; agus léirscrios in go leor áiteanna ar fud an domhain. Cé go bhféadfadh ár suíomh geografach agus ár n-aeráid mheasartha an tionchar a mhaolú beagán faoi láthair, tá athruithe aeráide tugtha faoi deara againn mar phobal agus mar dhaoine aonair ar oileán na hÉireann le linn 2022.

Mar údarás loingseoireachta a bhainistíonn acmhainn luachmhar, ní mór dúinn dlús a chur

leis na gníomhaíochtaí a aithníodh inár bPlean Gníomhaíochta Aeráide a seoladh in 2022. Ní mór don luasghéarú sin Straitéis nuashonraithe um Bainistíocht Uisce a chuimsiú. Léireoidh ár leithdháileadh acmhainní airgeadais agus daonna ar bheartais a thacaíonn le hinbhuanaitheacht, gníomhaíocht ar son na haeráide, bithéagsúlacht agus oidhreacht athrú béime thar thréimhse an Phlean Chorpáidigh 2023-2025.

COMHTHÉACS INMHEÁNACH

Is é ár n-uaillmhian bheith mar eiseamláir i measc gníomhaireachtaí stáit i réimsí na caomhnóireachta, an chomhoibrithe, agus athshamhlú ár sócmhainní. Tá seachadadh dár bplean straitéiseach fadtéarmach d'Uiscebhealaí Éireann rithábachtach chun ár n-uaillmhian a bhaint amach.

Is é an bealach chun seachadadh rathúil agus comhlíonadh ár n-acmhainneacht mar eiseamláir i measc gníomhaireachtaí stáit a bhaint amach ná 'cumais mhaithe' a threisiú agus a fheabhsú agus 'gníomhaíochtaí breisluacha íseal' a íoslaghdú nó a laghdú. Tar éis dúinn an eagraíocht a chobhsú le linn 2022 agus 2021, tá cuntas teiste forbartha againn maidir le seachadadh tionscadal, rud a d'fhág méadú ar mhaoiniú; fás ar líon na ndaoine; agus tuilleadh tionscadal. Go hiorónta, tar éis dúinn an cháil seo a bhaint amach tháinig muid ar na luathfhadhbanna a bhaineann le scálaú suas go luath in 2022:

- tuirse mar gheall ar COVID19.
- níos mó ná nócha tionscadal caipitil le go leor acu de luach íseal.
- bearnaí i dtacar sainscileanna ar nós éiceolaíochta, cumas bainistíochta tionscadail agus clár.
- faomhadh moillithe chun aghaidh a thabhairt ar bhearnaí acmhainne ceannaireachta agus acmhainní eagraíochtúla.

Cé gur tháinig cur chuige níos frithghníomhaí i leith seachadadh tionscadal i rith 2022 mar gheall air seo, tacóidh an méid a fhoghlaimítear lenár bhfás leanúnach sna blianta amach romhainn. Tá an t-eolas atá foghlamtha ag dul le húsáid leanúnach de thacair scileanna agus sainchumais.

Tá sé tráthúil mar sin go bhfuil ár bpleanáil fhadtéarmach, mheántéarmach agus ghearrthéarmach á seoladh agus á comhtháthú againn ó 2023 ar aghaidh.

ÁR STRAITÉIS

ÁR STRAITÉIS

Tá Plean Corparáideach 2020-2022 seo ag teacht le Pleananna Corparáideacha a bhí ann roimhe seo agus le pleananna gnó agus leis na dúshláin agus na tosaíochtaí straitéiseacha reatha d'Uiscebhealaí Éireann. Gan plean straitéiseach fadtéarmach a bheith ann níos faide ná plean corparáideach 3 bliana, tá ár n-eagraíocht ag obair i dtreo príomhthéamaí gan cur chuige straitéiseach, gan fíis níos fadtéarmaí ná uailmhian fhiúntach le haghaidh fáis. Mar sin, tá cuid dár n-ábharthacht agus dár gcuspóir cailte againn. Trínár bplean 10 mbliana tá sé de rún againn a bheith níos uailmhianaí agus bonn fáis a aimsiú chun breis luach socheacnamaíoch a sholáthar d'Éirinn agus do Thuaisceart Éireann.

Is é sprioc ár bPlean Chorporáidigh fós úsáid na n-uiscebhealaí intíre a mhéadú le háiseanna fóillíochta d'ardchaighdeán a sholáthar a mbaineann na daoine go léir a chónaíonn in aice leo úsáid mhaith astu agus ag an am céanna níos mó cuairteoirí a mhealladh, poist agus gnólachtaí nua a chruthú agus gnólachtaí atá ann cheana féin a chothú, chomh maith le rathúnas a sholáthar. Tá soláthar cothabhála agus bainistíocht ghníomhach na n-uiscebhealaí i gcroílár an Phlean Chorporáidigh. Tá go leor de na gnéithe loingseoireachta os cionn 200 bliain d'aois anois agus tá infheistíocht shuntasach de dhíth orthu. Leanfaimid ag díriú ar shábháilteacht an phobail, rialú uisce, agus infheistíocht i mbonneagar ríthábhachtach sna ceantair is mó úsáid a chinntiú. I measc na bpríomhchlár tá forbairt cosáin tarraingthe i ngréasáin na gcanálacha, athshamhlú na suíomhanna cois uisce feadh na slíthe loingseoireachta le haghaidh gníomhaíochtaí nua chun taighde a dhéanamh ar dheis do chonair oilithreachta a fhorbairt, rud a fhiosraíonn oidhreacht na Críostaíochta, chomh maith le tuiscint níos doimhne ar scéal stairiúil na tíre a éascú.

Is príomhdhúshlán dúinn fós oidhreacht tionsclaíochta agus chomhshaol na n-uiscebhealaí a chaomhnú do na glúnta atá le teacht, agus ag an am céanna timpeallacht fóillíochta shábháilte d'ardchaighdeán a sholáthar d'úsáideoirí. Tá ár bpróifíl mhaoinithe laghdaithe go leibhéal chomh híseal le 40/50% le linn chúlú na heacnamaíochta – easnamh infheistíochta atá mar thoradh air. Maidir leis seo tá sé tábhachtach aitheantas a thabhairt don tacaíocht leanúnach ónár Ranna Coimircíochta. Is tábhachtach a rá, in ainneoin easnaimh

mhaoinithe mar gheall ar an chúlú eacnamaíochta go bhfuil beagnach €300 milliún leithdháilte ag ár ranna Coimircíochta ar Uiscebhealaí Éireann le deich mbliana anuas. Leanann Uiscebhealaí Éireann orthu ag lorg bealaí chun éifeachtacht agus éifeachtachtúlacht a fheabhsú ina chaiteachas reatha caipitil agus ag an am céanna ag leanúint ar aghaidh le deiseanna ioncaim ó réadmhaoin, fónais, báid agus feistiú agus maoiniú tríú páirtí a aithint.

ÁR bhFÍS

Leagann Ár bhFís amach ár mianta le baint amach sa saol atá amach romhainn. Is í an Fhís atá againn ná ár n-uiscebhealaí a thabhairt beo – lán de ghníomhaíochtaí áineasa agus tráchtála, tearmainn saibhir i bhfiadhúlra agus bithéagsúlacht, agus atá bunathraithe go dearfach ó thaobh saibhirí a dhéanamh ar shaol daoine agus athbheochan na bpobal agus na réigiún tuaithe agus uirbeach go leor trína dtéann na huiscebhealaí.

Seo é ráiteas Ár Misin *“Mar chaomhnóirí na n-uiscebhealaí ár n-loingseoireachtaí intíre a athshamhlú, a chothabháil, a fhorbairt agus a chur chun cinn chun ár dtimpeallacht, ár bpobail agus ár n-oidhreacht a chothú.”*

ÁR LUACHANNA

Tá baint amach sholáthar ár Straitéise dírithe ar ár Luachanna a léiríonn bunbhí ar bhféiniúlachta, a mhúnlaíonn ár gcultúr agus a sholáthraíonn na príonsabail ar a gcuirimid ár ngníomhaíochtaí eagraíochtúla i gcrích. Is iad seo a leanas ár luachanna;

4. NUÁLACH

Déanaimid ár ndícheall feabhas leanúnach a chur ar sholáthar seirbhísí agus bonneagar d'ardchaighdeán. Tá sé mar aidhm againn cultúr caighdeán, cruthaitheachta, éagsúlachta agus barr feabhais a chur chun cinn.

ÁR dTOSAÍOCHTAÍ STRAITÉISEACHA

TÉAMAÍ STRAITÉISEACHA

Chun ár bhFís a bhaint amach, bhí cúig thosaíocht straitéiseacha aitheanta againn inár bPlean Corparáideach 2020-2022 agus leanadh le hobair ar leithligh ar fhorbairt ár bPlean 10 mBliana. Tá na téamaí straitéiseacha seo bunaithe tar éis rannpháirtíocht fhairsing ag úsáideoirí uiscebhealaí agus le geallsealbhoirí.

1. COTHABHÁIL & BAINISTÍOCHT

Is iad na huiscebhealaí intíre an áis phoiblí fóillíochta is mó ar an oileán agus luach níos mó ná billiún Euro de shócmhainní faoi úinéireacht agus freagracht oibriúcháin Uiscebhealaí Éireann. Tá cothabháil agus bainistíocht ghníomhach na n-uiscebhealaí ar an bpríomhchúis arb ann d'Uiscebhealaí Éireann, agus tá sé ríthábhachtach maidir le huiscebhealaí sábháilte, feidhmiúla agus inbhuanaitheacha a bheith ann a bhfuil an bhuntábhacht acu maidir le deiseanna forbartha sa todhchaí agus le hathnuachan tuaithe agus uirbeach a éascú.

2. TIMPEALLAcht & OI DhREACHT

Cuimsíonn bainistíocht réamhghníomhach ar thimpeallacht uathúil uiscebhealaí an oidhreacht atá nádúrtha nó tógtha. Ní mór do shaineolaithe comhshaoil de chuid Uiscebhealaí Éireann leanúint ar aghaidh ag cinntiú go ndéanann siad measúnuithe cuí ar thionchar na gclár oibre caipitil agus cothabhála pleanáilte a bhainistiú, agus iad ag cinntiú i gcónaí go ndéantar cinntí tomhaiste a chosnaíonn an comhshaol agus struchtúir luachmhara oidhreacht a thógtha. Ní mór dúinn leanúint de bheith ag obair mar bhailitheoir agus

mar chaomhnóir oidhreacht, chomh maith le feacht phoiblí agus rochtain ar na sócmhainní seo a chruthú trí chlár agus imeachtaí éagsúla for-rochtana.

3. DÁIMH & RANPHÁIRTÍOCHT

Tá sé mar aidhm ag Uiscebhealaí Éireann leanúint ar aghaidh le líon iomlán na ndaoine a úsáideann na huiscebhealaí a mhéadú trí spreagadh agus tacaíocht a thabhairt do réimse úsáide i bhfad níos leithne na n-uiscebhealaí. Tá forbairt agus fás tagtha ar ár mbonn custaiméirí ó rinneadh siúlóirí agus rothaithe d'úsáideoirí báid go príomha, chomh maith le húsáid mhéadaithe ar árthaí beaga amhail lucht cadhcála agus curachóireachta.

4. FORBAIRT AGUS IONCAM

Tá obair déanta ag Uiscebhealaí Éireann go réamhghníomhach, agus ní mór dúinn leanúint leis an obair sin, lenár bpáirtithe leasmhara go léir le comhoibriú ar fhorbairt tionscadal uiscebhealaí amach anseo, rud a chumasóidh cur i gcrích ár n-uailmhianta roinnte agus tairbhí do phobail tuaithe agus uirbeacha ar fud an ghréasáin loingseoireachta. Cuireann ár bpunann réadmhaoinne ilghnéitheach acmhainn ar fáil chun ár mbonn ioncaim a mhéadú a thuilleadh. Tacaímid le gnólachtaí nua agus leo siúd atá ann cheana ar na huiscebhealaí trí cheadúnais oibriúcháin a dheonú, agus le húsáid ár ngréasán cosáin tarraingthe le seirbhísí teileachumarsáide a iompar. Gineann na ceadúnais seo ioncam measartha le tacú le clár oibre eagraíochtúla.

5. EAGRAÍOCHT & PEARSANRA

Aithníonn Uiscebhealaí Éireann an gá atá le sraith de chláir cheannaireachta agus eagraíochta a athbhreithniú, a fhorbairt agus a chur i bhfeidhm a thabharfaidh aghaidh ar riachtanais acmhainne agus éilimh ar fud na heagraíochta faoi láthair agus amach anseo. Tá gá le timpeallacht a chothú a thacaíonn le comhoibriú agus ceannaireacht mhéadaithe, agus mar sin de, is áit iontach é Uiscebhealaí Éireann le bheith ag obair agus le hobair dheonach a dhéanamh.

RANPHÁIRTÍOCHT PHÁIRTITHE LEASMHARA

Ní bheadh Uiscebhealaí Éireann in ann ár dtosaíochtaí straitéiseacha atá leagtha amach sa Tuarascáil Bhliantúil seo agus sna Cuntais seo a sholáthar ach trí chomhúinéireacht agus tiomantas ónár bpáirtithe leasmhara inmheánacha agus seachtracha araon. Tá an cuidiú mór seo ónár bpáirtithe leasmhara ríthábhachtach lenár dtosaíochtaí a fheabhsú agus ba mhaith linn buíochas a ghabháil lenár 'gcomhpháirtneírí' go léir a chabhraigh linn ina leith seo.

Chuir ár Ranna Coimircíochta, ár gcomhlachtaí turasoíreachta, ár bhforais maoinithe, agus ár nÚdaráis Áitiúla go mór lenár dtorthaí in 2022. Lean forbairt ár gcuidrimh le heagraíochtaí san earnáil phríobháideach in 2022, bíodh siad ina soláthraithe gníomhaíochta, gnólachtaí cúrsála ar cíos iad, nó iad siúd ar mian leo imeachtaí a eagrú feadh ár n-uiscebhealaí nó ar na huiscebhealaí féin. Tá tacaíocht na bpobal áitiúil ríthábhachtach le huiscebhealaí bríomhara agus beo a sholáthar agus tá siad féin agus na heagraíochtaí deonacha go léir an-tábhachtach le lánacmhainneacht na n-uiscebhealaí intíre a bhaint amach.

Le linn 2022 ghlacamar cur chuige comhoibríoch maidir le forbairt ár dtionscadal straitéiseach agus maidir lenár bPlean Corparáideach 2020-2022.

Ag Uiscebhealaí Éireann táimid an-dáiríre faoi nádúr agus caighdeán ár gcuidrimh lenár bpáirtithe leasmhara go léir. Oibrímid go dlúth lena dtuairimí agus a leas a thuiscint, lenár dtionscadail a sholáthar i gcomhpháirtíocht, agus le freagairt dá leas de réir mar a chuirimid ár bpleananna chun cinn.

TIONSCADAIL CHLAOCHLAITHE 2022

Seo a leanas réimse de thionscadail athrúcháin a seachadadh in 2022.

ATHCHÓIRIÚ CHANÁIL ULADH

I mí Iúil 2007, chuir an Chomhairle Aireachta Thuaidh/Theas (CATT) le sainchúram Uiscebhealaí Éireann chun freagracht a chur san áireamh as atógáil Chanáil Uladh ó Loch Éirne Uachtair go Cluain Eois, agus tar éis athchóiriú a dhéanamh, as a bainistiú, a cothabháil agus a forbairt, go háirithe le haghaidh na fóillíochta.

Críochnaíodh Céim 1, stráice 2.5km feadh na Finne ó Loch Éirne Uachtair go dtí Ionad Idimáisiúnta na nGasóg ag Caisleán Saunderson, Co. an Chabháin in 2018.

Is stráice 1 km Céim 2 idir Cluain Eois agus Cluain Fada i gCo. Mhuineacháin. Tá tús curtha le tógáil na céime seo. Rinneadh an ócáid a chomóradh nuair a nocht an Taoiseach Micheál Martin TD bunchloch i mí Lúnasa 2022. Áireofar leis an gcéim seo muiríne nua a thógáil i gCluain Eois, taobh le droichid rochtana, limistéar áineasa agus taitneamhachta, agus cosáin tarraingthe agus cosáin siúil nua feadh na canála. Tá maoiniú do Chéim 2 faighte, agus táthar ag súil go gcuirfear na hoibreacha i gcrích go substaintiúil in 2023.

Roinnfear Céim 3 ina dhá shruth oibre. Tá céimeanna 3.1, 3.2, agus 3.4 ar fad i dTuaisceart Éireann agus tá a gcead pleanála ar marthain. Tá Céim 3.3 in Éirinn agus cuirfear iarratas pleanála nua isteach toisc go rachaidh an deontas pleanála reatha as feidhm i mí na Bealtaine 2023.

“Is tionscadal trasteorann é athchóiriú Chanáil Uladh agus beidh sé bunathraitheach do na ceantair a ritheann sí tríd agus níos faide i gcéin.”
Joe McMahon, Stiúrthóir Seirbhísí Teicniúla.

GNÍOMHAÍOCHT AERÁIDE AGUS INBHUANAITHEACHT

Ghlac Uiscebhealaí Éireann lenár bPlean Gníomhaíochta ar son na hAeráide go hoifigiúil in 2022. Leagtar amach sa phlean an fhís maidir le conas a bhainfidh Uiscebhealaí Éireann a phríomhspríocanna gníomhaíochta aeráide amach faoi 2032. Féachann sé freisin ar uailmhian fhadtéarmach Uiscebhealaí Éireann le bheith ina eagraíocht glan-nialas faoi 2050. Tar éis rannpháirtíocht fhairsing leis an bhfoireann agus le páirtithe leasmhara eile, sonraíonn an plean

na seacht gcuspóir chomhtháite - atá nasctha le Spriocanna Forbartha Inbhuanaithe na NA - atá aitheanta ag Uiscebhealaí Éireann mar chuspóirí riachtanacha chun a uailmhianta aeráide a bhaint amach.

Is freagracht é rialú comhshaoil ar a bhfuil Uiscebhealaí Éireann an-eolach agus tá acmhainní á dtiomnú againn chun a chinntiú go bhfuil dea-shampla againn. Tá taighde ar an gcaoi a gcuirimid bainistíocht uisce inbhuanaithe chun cinn ar siúl freisin trí thionscnaimh cosúil le tionscadal comhoibríoch EU Green WIN. Táimid ag fiosrú go réamhghníomhach córais agus teicneolaíochtaí nua chun an acmhainn nádúrtha luachmhar seo a bhainistiú agus mar a thacaíonn sí le huiscebhealaí mar chonairí éiceolaíochta, áineasa agus folláine.

Tá tosca comhshaoil chun tosaigh sa chaoi a ndéanann Uiscebhealaí Éireann bainistíocht inbhuanaithe ar ár n-uiscebhealaí intíre. Le linn 2022, thug Uiscebhealaí Éireann faoi na nithe seo a leanas, lena n-áirítear, ach gan a bheith teoranta do:

- Aighneacht a ullmhú chuig na húdaráis phleanála do Chlár Cothabhála Loingseoireacht na Bearú. Toisc go bhfuil an t-uiscebhealach seo cuimsithe go hiomlán laistigh de Limistéar Caomhantais Speisialta, ní mór dúinn cloí le reachtaíocht ábhartha AE agus Náisiúnta chun an acmhainn bhithéagsúlachta seo a chosaint. Tá obair chomhchosúil ar siúl ar Uiscebhealach na Sionainne. Is é Uiscebhealaí Éireann an chéad údarás san earnáil phoiblí a thug faoi chleachtadh den sórt sin, ag cur béime ar an ról atá againn i bhforbairt an chleachtais is fearr.
- Cinntíonn an Fhoireann Éiceolaíochta intí agus an Cléireach Oibreacha Éiceolaíochta seachtracha maoirsiú dian ar oibreacha cothabhála a chuirtear chun cinn lena chinntiú go gcomhlíonann Uiscebhealaí Éireann a sainchúram reachtúil.
- A chinntiú go gcosnófar ár sócmhainní agus ár láithreáin oidhreachta sa todhchaí trí Staidéar um Athléimneacht Aeráide a choimisiúnú a thabharfaidh tosaíocht do na suíomhanna is mó atá i mbaol ó athrú aeráide agus a cheadóidh cinntí infheistíochta straitéiseacha.
- Is é an toradh a bhíonn ar bhainistiú ár n-loingseoireachtaí ná astú Gáis Cheaptha

Níl aon chomhaltaí boird ann. Ní dhéanann an tAcht um Chomhaontú na Breataine-na hÉireann 1999 agus an tOrdú um Chomhoibriú Thuaidh/Theas (Comhlachtaí Forfheidhmithe) (Tuaisceart Éireann) 1999 aon fhoráil do Bhord Uiscebhealaí Éireann. Is é an Príomhfheidhmeannach a fheidhmíonn feidhmeanna an Chomhlachta.

SCÉIM CHOMHIONANNAIS

Cuireann Uiscebhealaí Éireann Scéim Chomhionannais i bhfeidhm de réir riachtanais Alt 75 d'Acht Thuaisceart Éireann 1998 agus tá siad tiomanta go hiomlán do riachtanais chomhionannais an dá dhlínse a chomhlíonadh.

BEARTAS MAIDIR LE DAOINE FAOI MHÍCHUMAS

Is fostóir comhdheiseanna é Uiscebhealaí Éireann agus fáiltítear roimh dhaoine faoi mhíchumas mar fhostaithe. Tháinig an Grúpa Oibre um Chomhionannais agus Éagsúlacht le chéile go ráithiúil i rith na bliana chun seachadadh an Phlean Eatramhaigh Gníomhaíochta um Míchumas 2022 a phleanáil agus a athbhreithniú agus chun Plean Gníomhaíochta Míchumais 2023-2025 a fhorbairt. Reachtáladh Comhairliúchán 12 sheachtain don Dréacht-Phlean Gníomhaíochta um Míchumas 2023-2025 agus d'fhreastail an tAonad Comhionannais ar na hoifigí réigiúnacha go léir le haghaidh rannpháirtíochta le páirtithe leasmhara. Dhaingnigh an Fhoireann Ard bhainistíochta an Plean Gníomhaíochta um Míchumas 2023-2025 in 2023 tar éis athbhreithniú a dhéanamh ar na freagraí ón gcomhairliúchán.

RANNPHÁIRTÍOCHT FOSTAITHE

Tagann an Fóram Caidrimh Tionsclaíochta le chéile go ráithiúil le hionadaithe ón mbainistíocht agus ó na ceardchumainn ar bhonn ráithiúil le míreanna leasa comhchoitinn a phlé. Ar a bharr sin, buaileann an bhainistíocht leis na ceardchumainn aitheanta chun dul i ngleic le saincheisteanna na bhfostaithe.

Bíonn an bhainistíocht i dteagmháil leis an bhfoireann ag cruinnithe eolais agus faisnéise i rith na bliana, chomh maith leis na cruinnithe rialta, Réigiúnacha, Ranna agus Foirne a bhíonn á dtiomáint ag an mbainistíocht agus ag na fostaithe araon.

SÍNTIÚIS CHARZHANACHA

Ní dharna Uiscebhealaí Éireann aon síntiúis charthanacha le linn na tréimhse seo.

CLEACHTAS MAIDIR LE HÍOCAÍOCHTAÍ DÉANACHA

Tá Uiscebhealaí Éireann tiomanta do bhíllí a íoc go sciobtha as earraí agus seirbhísí a fhaightear de réir an Achta um Íocíocht Dhéanach Fiachas Tráchtála (Ús) 1998, arna leasú ag na Rialacháin um Fhíachas Tráchtála a íoc go Déanach 2013 – Ionstraim Reachtúil 2013 Uimh. 395 agus Acht na hÉireann um Chuntas a íoc Go Pras, 1997, arna leasú ag Rialacháin na gComhphobal Eorpach (Íocaíocht Dhéanach in Idirbhearta Tráchtála) (I.R. Uimh. 580 de 2012). Mura sonraítear a mhalairt sa chonradh, beidh íocaíocht dlite laistigh de 30 lá tar éis na hearraí nó na seirbhísí a fháil, nó ar sholáthar sonrasc bailí nó éileamh comhchosúil, cibé acu is déanaí.

I rith 2022, íocadh 95.6% (2021, 99%) de shonraisc laistigh de 30 lá agus táillí úis de €1,886 (2021 €199) agus tabhaíodh muirir phionóis dhéanacha de €13,115 (2021 €1,639) atá san áireamh i ngnóthachain airgeadra/cailteanais agus ús iníochta.

SLÁINTE AGUS SÁBHÁILTEACHT

Tá Uiscebhealaí Éireann tiomanta do thimpeallacht oibre shábháilte a chinntiú dá fhoireann. Cuireadh an Ráiteas Sláinte agus Sábháilteachta ar fáil don fhoireann tríd an Inlín agus trí oiliúint ionductaithe in 2022. Rinneadh bearta COVID-19 agus Plean Freagartha Eagraíochta a athbhreithniú, a nuashonrú agus a scaipeadh de réir mar a tháinig paindéim COVID chun cinn. Bhí an chomhairle seo bunaithe ar threoir an rialtais agus ar riachtanais ghaolmhara dhlí ar fud an dá dhlínse.

Athbhunaíodh ballraíocht Choiste Sláinte agus Sábháilteachta Uiscebhealaí Éireann agus Grúpaí Oibre Sláinte agus Sábháilteachta in 2022. Leanann na coistí nua de bheith ag teacht le chéile ar bhonn ráithiúil chun saincheisteanna leanúnacha sláinte agus sábháilteachta a phlé de réir na ndoiciméad Téarma Tagartha a bhaineann leo. Tagann Grúpaí Sábháilteachta Réigiúnacha le chéile ar bhonn ráithiúil gach bliain freisin chun athbhreithniú a dhéanamh ar shaincheisteanna Sláinte agus Sábháilteachta i ngach réimse agus ar an iomlán, ar fud Uiscebhealaí Éireann. Seoladh forbairt de córas TF sláinte agus sábháilteachta agus cuireadh rochtain agus oiliúint ar fáil d'úsáideoirí ainmnithe. Seoladh Plean Feabhsúcháin Sláinte agus Sábháilteachta in 2022 agus é mar chuspóir foriomlán aige na córais reatha a ailíniú le caighdeán Sláinte & Sábháilteachta ISO45001. Tá dul chun cinn na forbartha seo á bhainistiú go díreach ag rannóg S&S Uiscebhealaí Éireann le tacaíocht ó Sheirbhísí Comhairliúcháin Quadra.

INIÚCHADH SEACHTRACH

Déanann an tArd-Reachtair Cuntas agus Ciste do Thuaisceart Éireann agus Ard-Reachtair Cuntas agus Ciste na hÉireann (ARC&C) cuntais Uiscebhealaí Éireann a iniúchadh de réir fhorálacha an Ordaithe um Chomhoibriú Thuaidh/Theas (Forais Fhorfheidhmithe) (Tuaisceart Éireann) 1999 agus an Achta um Chomhaontú na Breataine-na hÉireann 1999. Tá ARC&C agus foireann a n-oifigí go hiomlán neamhspleách ar Uiscebhealaí Éireann. Tuairiscíonn siad a gcuid torthaí do Thionól Thuaisceart Éireann agus do Thithe an Oireachtais. Is é an costas atá ar na seirbhísí iniúchta don bhliain airgeadais, atá san áireamh mar chostas sa Ráiteas Ioncaim, ná €68,000 (£60,000). Ní dhéanann na hiniúcháirí obair neamh-iniúchta maidir le hUiscebhealaí Éireann.

PRÍOMHRIOSCAÍ AGUS NEAMHCHINTEACHTAÍ

Tá príomhrioscaí agus neamhchinnteachtaí le sárú ag Uiscebhealaí Éireann. Tá gníomhaíochtaí Uiscebhealaí Éireann maoinithe ag Tionól Thuaisceart Éireann agus ag Dáil Éireann. Bíonn athbhreithniú leanúnach á dhéanamh ar an leibhéal maoinithe agus léirítear i bPlean Corparáideach 2023-2025 (i bhfoirm dréachta) go dtiocfaidh ardú ar leibhéal mhaoinithe sa tréimhse seo. Is é an príomhriosca, go réadúil, go mbeidh brú leanúnach ar mhaoiniú de réir mar a théann pinsin mhéadaithe agus costais ráta malairte féideartha i bhfeidhm go díreach ar an airgead atá ar fáil le

slite loingseoireachta a mhaoiniú. Leanfaidh sé seo ar aghaidh ag cur leis an tarraingt riachtanach ar chistí poiblí ón dá Rialtas.

Tá riosca suntasach maidir le ráta malairte ag Uiscebhealaí Éireann mar gheall ar rátaí malairte athraitheacha le linn thréimhse an Phlean Chorporáidigh. In 2022 tabhaíodh cailteanas malairte €80,000 mar gheall ar chomhshó iarmhéideanna bainc steirling ag deireadh na míosa ag teacht le cleachtas cuntasaíochta a raibh cailteanas malairte neamhfhachrach dá bharr go príomha.

Íocann Uiscebhealaí Éireann na costais phinsin do gach ball foirne atá ar scor óna bhuiséad oibriúcháin. In 2001 ainmníodh agus aistríodh breis is 200 ball foirne go hUiscebhealaí Éireann ó na forais bhainistíochta uiscebhealaí intíre a bhí ann roimhe. Tá Uiscebhealaí Éireann faoi dhliteanas maidir lena gcostas iomlán pinsin lena n-áirítear an tréimhse fostaíochta roimh 2001. Bíonn costas suntasach pinsin ann gach bliain agus b'ionann iad agus €3,241,000 in 2022 (€2,993,000 in 2021). Faoi 2023, meastar go mbeidh 190 pinsinéir atá ar scor nó atá incháilithe le dul ar scor i gcomparáid le líon lucht saothair buan in 2022 (Nóta 4.1) de 320 ball foirne. Maoiníonn RB na costais phinsin go léir chomh maith le maoiniú oibriúcháin, agus ranníocann an RTRAO suas leis an mbuiséad atá ar fáil le haon riachtanas breise ag teacht ó chistí oibriúcháin.

BREATIMEACHT / CREAT WINDSOR

Mar fhoras trasteorann, d'fhéadfadh sé go n-áireofaí ar thionchar Breatimeachta cailteanas rochtana ar mhaoiniú Eorpach do thionscadail Thuaisceart Éireann ar foinse shuntasach maoiniú forbartha é. Ón 31 Eanáir tá Tuaisceart Éireann lasmuigh den Mhargadh Aonair agus den Aontas Custaim. D'fhéadfadh sé go mbeadh feidhm le taraifí maidir le seirbhísí agus táirgí a sholáthar, rud a mhéadaíonn costais oibriúcháin Uiscebhealaí Éireann. D'fhéadfadh tionchar a bheith ag forálacha éagsúla reachtaíochta ar ghnó Uiscebhealaí Éireann. I mí Feabhra 2023, socraíodh trí idirbheartaíocht Creat Windsor. Déanfar socrúithe chun na tionchair seo a theorannú oiread agus is féidir.

PINSIN

Tá laghdú tagtha ar an nGlandhliteanas i rith na bliana ó easnamh de €170m ar 1 Eanáir 2022 go heasnamh de €121.5m ar 31 Nollaig 2022, go príomha mar gheall ar ardú ar thorthaí bannaí corparáideacha thar an tréimhse, rud a d'eascair go mór rátaí lascaire agus luachanna dliteanais

níos ísle dá bharr. Tá ionchais saoil beagán níos ísle mar thoradh ar an athrú ar an mbonn tuisceana maidir le básmaireacht agus tá laghdú tagtha ar an luach a chuirtear ar na dliteanais dá bharr. Tá an comhlaghdú seo ar na dliteanais fritháirithe ag ráta boiscithe níos airde ná mar a bhíodhas ag súil leis thar an tréimhse tomhais, a raibh tionchar aige ar na dliteanais agus méadú ar an gcostas seirbhíse measta don tréimhse tomhais mar thoradh ar leigheas ionchasach McCloud.

Chinn an Chúirt Achomhairc i gcásanna McCloud agus Sargeant go raibh na cosaintí idirtréimhseacha a tugadh isteach mar chuid d'athchóirithe 2015 ar phinsin na seirbhíse poiblí leatromach. Mar fhreagra ar na breithiúnais sin, deimhníodh leigheas "ionchasach" agus "cúlghabhálach".

Is é atá i gceist le "ionchasach" ná gur aistríodh baill de rannóga Croí-Thuarastal Deiridh na Scéime Pinsin Thuaidh/Theas agus Cearta Forchoimeáda (TÉ) chuig an scéim alfa ó 1 Aibreán 2022 i leith aon fhabhráithe ón dáta sin. Tá tionchar an athraithe seo ar na dliteanais atá ceadaithe sa nochtadh thuas.

Tá na Comhlachtaí ag obair le riarthóirí faoi láthair chun déileáil leis an leigheas "Cúlghabhálach", atá le cur i bhfeidhm, le haon leasuithe ar na rialacha is gá faoin 1 Deireadh Fómhair 2023. Mar thoradh ar an réiteach seo tabharfar "bunchloch Rogha iarchurtha" do na baill lena mbaineann don tréimhse ó 1 Aibreán 2015 agus 31 Márta 2022. Go bunúsach, is féidir le comhaltaí an modh fabhráithe sochair (tuarastal deiridh nó MAG sa chuid alfa) a roghnú thar thréimhse an leighis is mó a bhfuil buntáiste ag baint leo. Go dtí go mbeidh an ríomh ball i ndiaidh baill curtha i gcrích, ní dócha go mbeidh costas deiridh an réitigh seo tugtha chun críche go ceann tamaill.

Níl aon lamháil déanta don ghné chúlghabhálach den leigheas sa nochtadh thuas. Measaimid, ar bhonn nótaí faoi dhliteanais teagmhasach a ullmhaíodh roimhe seo, go mbeidh costas bhreise don leigheas cúlghabhálach suas le €1,680,000 amhail an 31 Nollaig 2022 (€2,500,000 – 2021). Tá dliteanais teagmhasach taifeadta i nóta 17.

Fuarthas ranníocaíochtaí fostaithe de €813,000 (2021: €745,000) agus cuireadh ar aghaidh chuig DHLGH agus RB ar bhonn 85:15.

PLEAN GNÓ 2022 agus PLEAN CORPARÁIDEACH 2023-2025 A FHAOMHADH

Bhí Plean Gnó Uiscebhealaí Éireann 2022 faofa ag na Ranna Urraíochta, na Ranna Airgeadais, faoi Bhealtaine 2022. Tá an Chomhairle Aireachta Thuaidh/Theas ar fionraí agus mar sin tá faomhadh gan réiteach. Faomhadh Plean Corparáideach 2020-2022 ag an Chomhairle Aireachta Thuaidh/Theas an 21 Bealtaine 2021. Fanann an Plean Corparáideach 2023-2025 i bhfoirm dréachta go dtí go mbeidh sé faofa ag na hAirí Urraíochta agus na hAirí Airgeadais araon i Rialtas na hÉireann agus i bhFeidhmeannas Thuaisceart Éireann agus an Chomhairle Aireachta Thuaidh Theas (CATT).

Lean RTRAO agus RB ag maoiniú ghníomhaíochtaí Uiscebhealaí Éireann bunaithe ar an bPlean Gnó ceadaithe le €50,160,000 de mhaoiniú curtha i bhfeidhm le linn 2022. Tá tairiscintí breise ó Uiscebhealaí Éireann tar éis maoiniú de €807,000 a fháil ó RTRAO i dtreo costais foirne faoin dámhachtain pá Building Momentum agus costais phinsin. I measc na gcistí a cuireadh i bhfeidhm tá €514,394 de mhaoiniú meaitseála maidir leis an gCiste Forbartha Athghiniúna Tuaithe (CFAT) (Catagóir 2) d'Athchóiriú Chanáil Uladh Céim 2 agus €1,038,709 de mhaoiniú meaitseála do thionscadal Ghormbhealach na Bearú (Catagóir 1) de chuid CFAT. Fuarthas maoiniú Oileán Comhroinnte de €7,000,000 chun tionscadail Chanáil Uladh a mhaoiniú.

IMEACHTAÍ TAR ÉIS DHEIREADH NA TRÉIMHSE TUAIRISCITHE

Níl aon rud le tuairisciú faoi.

COVID-19

Lean Uiscebhealaí Éireann ar aghaidh ag comhlíonadh treoirlínte sláinte poiblí ar fud an dá dhlínse mar iarracht chun tarchur Covid 19 a rialú. Bunaíodh grúpa Gníomhaíochta Covid-19 agus tháinig sé le chéile ar bhonn tréimhsíuil chun treoirlínte leanúnacha sláinte poiblí agus bearta rialaithe atá le glacadh ar fud na heagraíochta a phlé. Tionscnaíodh plean gníomhaíochta Covid-19 agus cuireadh ar fáil é don fhoireann ar fad mar dhoiciméad tagartha. Trí na rialuithe seo a leanúint, bhí Uiscebhealaí Éireann in ann leanúint ar aghaidh le dualgais oibríochtúla faoi chur chuige measúnaithe riosca. Ghlac baill foirne eile le múnla oibre cumaisc idir an oifig 'bhaile' agus timpeallachtaí traidisiúnta oifige. Leanann an pobal ag baint sult as áilleacht ár n-uiscebhealaí agus an bhonneagair ghaolmhair a bhuíochas do thiomantas leanúnach fhoireann Uiscebhealaí Éireann.

RÁITEAS FREAGRACHTAÍ

FREAGRACHTAÍ UISCEBHEALAÍ ÉIREANN

D'ordaigh na Ranna Airgeadais d'Uiscebhealaí Éireann ráiteas cuntas a ullmhú do gach bliain dar críoch 31 Nollaig mar atá leagtha amach i dtreoir an chuntais ar leathanach 70 de chuid na tuarascála seo. Ullmhaítear na cuntais ar bhonn fabhráithe agus ní mór dóibh léargas beacht agus cothrom a thabhairt ar staid chúrsaí an Fhorais ag deireadh na bliana agus ar a ioncam agus a chaiteachas, ar athruithe ar chothromas, agus ar shreafaí airgid don bhliain féilire.

Leis na cuntais a ullmhú caithfidh Uiscebhealaí Éireann:

- An treoir chuntais arna heisiúint ag na Ranna Coimircíochta a chomhlíonadh, lena n-áirítear na riachtanais chuntasaíochta agus nochtá ábhartha chomh maith le beartais chuntasaíochta a chur i bhfeidhm ar bhonn comhsheasmhach;
- Breithiúnais agus meastacháin a dhéanamh ar bhonn réasúnta;
- A lua ar leanadh caighdeáin chuntasaíochta infheidhmithe agus aon imeachtaí ábhartha sna ráitis airgeadais a nochtadh agus a mhíniú;
- Na ráitis airgeadais a ullmhú ar bhonn leanúnach gnóthais, ach amháin sa chás go bhfuil sé míchuí talamh slán a dhéanamh de go leanfaidh Uiscebhealaí Éireann ag feidhmiú.

FREAGRACHTAÍ AN PHRÍOMHFHEIDHMEANNAIGH

Tá freagrachtaí an Phríomhfheidhmeannaigh, mar an Duine Cuntasach d'Uiscebhealaí Éireann, lena n-áirítear freagracht as nósmaireacht agus rialtacht an airgeadais poiblí agus as taifid chearta a choinneáil, leagtha amach i Meamram Airgeadais Uiscebhealaí Éireann.

RÁITEAS MAIDIR LE RIALÚ INMHEÁNACH

SCÓIP FREAGRACHTA

Leagann an Meamram Airgeadais idir Uiscebhealaí Éireann agus a Ranna Coimircíochta amach go mion freagrachtaí an Oifigigh Cuntasaíochta laistigh de chreat gnó agus airgeadais.

ATHBHREITHNIÚ AR ÉIFEACTHÚLACHT

Cuireadh Plean Gnó Uiscebhealaí Éireann 2022 faoi bhráid na Ranna Coimircíochta le breithniú air agus cheadaigh na Ranna Airgeadais agus na hAirí Airgeadais é. Chloígh an Comhlacht lena pharaiméadair agus a chuspóirí airgeadais le linn 2022 agus nuashonruithe á gcur ar fáil ag Cruinnithe Monatóireachta rialta na Roinne Coimircíochta.

Ag machnamh ar 2022, lean Uiscebhealaí Éireann ar aghaidh ag comhlíonadh an ghealltanais chun ionad oibre sábháilte agus sláintiúil a sholáthar dár n-oibríthe go léir agus d'úsáideoirí ár loingseoireachtaí agus ár n-áiseanna coimhdeacha de réir mar a tháinig maolú ar shrianta Covid-19. Lean foireann oibríocháin Uiscebhealaí Éireann ag obair tríd an bpaindéim, faoi mhaoirseacht agus faoi mheasúnú riosca. Ghlac baill foirne atá lonnaithe san oifig le filleadh aistríthe go timpeallacht na hoifige ar feadh tréimhse dhá lá in aghaidh na seachtaine agus caitheadh an chuid eile i dtimpeallacht na hoifige baile.

Le linn 2022 lean Uiscebhealaí Éireann ag tógáil don todhchaí. I measc na bpríomhcheapachán in 2022 bhí: Rialaitheoir Oibríochtaí; Ceann Acmhainní Daonna; Ceann Comhshaoil & Oidhreacht; Bainisteoir Aeráide & Inbhuanaitheachta; Ceannaire Sláinte & Sábháilteachta; Bainisteoir Cabhlach & Gléasra; Bainisteoir Réigiúnach an Iarthair agus Éiceolaí Sinsearach. Tá an eagraíocht níos cobhsaí sa ghearrthéarma cé go n-aithnímid agus go bhfuil moladh déanta againn d'Athbhreithniú eagraíochta cuimsitheach chun eagraíocht oiriúnach don fheidhm a chinneadh a bheidh in ann straitéis a sheachadadh don todhchaí. Tá sé seo ar cheann de na tionscnaimh rithabhachtacha in 2023 agus d'oibríomar go dícheallach lenár Ranna Coimircíochta chun tús a chur leis an gcleachtadh seo.

Tá clár feabhsúcháin ar bun ar Chleachtais Bhainistíochta Riosca lena n-áirítear Córas Bainistíochta Riosca nua a thabhairt isteach agus Oiliúint Bainistíochta Riosca á sholáthar don Fhoireann Ardbhainistíochta. Tá tuilleadh oiliúna Bainistíochta Riosca beartaithe do gach Úinéir Riosca ar fud na heagraíochta in 2023. Le linn 2022

rinne an Fhoireann Bhainistíochta Shinsearach leibhéil Ghoile Riosca agus Chaoifhulaingthe san eagraíocht a athshainiú. Tabharfar tosaíocht d'acmhainní agus leithdháilfear iad chun tacú le bainistiú rioscaí chun cuspóirí a bhaint amach. Tharla Cruinnithe Monatóireachta lenár Ranna Urraíochta agus Cruinnithe an Choiste Iniúchóireachta freisin mar a bhí beartaithe le linn 2022.

Sheachaid foireann Uiscebhealaí Éireann clár suntasach oibre le linn 2022 i gcúinsí dúshlánacha. Rinneadh go leor éachtaí agus áiríodh le roinnt príomhthionscadal bunathraithe: cuireadh tús le Céim 2 d'Athchóiriú Chanáil Uladh; seachadadh leanúnach ar phríomhghnéithe Mháistirphlean Turasóireachta na Sionainne; glacadh le Plean Gníomhaíochta Aeráide na heagraíochta; Creidiúnú Gormbhealaí; agus cur i bhfeidhm leanúnach an Chláir Feabhsaithe um Bainistíocht Sócmhainní (CFBS).

Áiríodh le céimeanna forásacha tábhachtacha eile le linn 2022:

- (i) Déantar monatóireacht ar an gCreat Bainistíochta Riosca ar bhonn míosúil chun infheictheacht agus rianú torthaí a chinntiú. Tá obair ar siúl chun Próisis Riosca a leabú a thuilleadh laistigh den eagraíocht.
- (ii) Lámhleabhar Caiteachais Chaipitil agus Lámhleabhar Nós Imeachta Bainistíochta Tionscadal a fhorbairt chun tacú le tabhairt isteach Oifig Bainistíochta Tionscadal san Eagraíocht.
- (iii) Tháinig borradh faoi dhul chun cinn maidir le planáil don todhchaí freisin le linn 2022 nuair a forbraíodh an chéad Dréachtphlean Fadtéarmach 10 mbliana de chuid na hEagraíochta agus tá Comhairliúchán Poiblí agus Seoladh beartaithe in 2023.

Laistigh den chomhthéacs seo tá mé den tuairim go bhfuil dul chun cinn maith á dhéanamh ag Uiscebhealaí Éireann maidir le dul i ngleic leis na príomhrioscaí agus na bearnaí rialaithe inmheánacha. Mar achoimre, tá mé níos cinnte de go bhfuil bunsraitheanna creata rialachais le struchtúir agus acmhainní cuí ag druidim le bheith oiriúnach don fheidhm atá leo.

GNÁS ANNA AIRGEADAIS PHOIBLÍ

Mar Phríomhfheidhmeannach Uiscebhealaí Éireann, tá mé freagrach go díreach do na hAirí

faoi seach ó thuaidh agus ó dheas agus don dá Rannóg as feidhmíocht na heagraíochta agus a hoibríochtaí. Socraíonn na hAirí an creat polasaí faoina n-oibríonn Uiscebhealaí Éireann agus scóip a ngníomhaíochtaí. Socraíonn na hAirí na hacmhainní a bheidh ar fáil don Fhoras agus faomhann siad na Pleananna Corparáideacha agus Gnó freisin. Tá Plean Corparáideach 3 bliana 2020-2022 i bhfeidhm anois, a rinne CATT a fhaomhadh, taobh leis an Phlean Gnó Bliantúil.

Trí Chruinnithe Monatóireachta, téim i gcomhairle leis na Ranna maidir le hábhair oibríochtúla a láimhseáil a d'fhéadfadh a bheith ina n-ábhar suntasach imní poiblí nó parlaiminte, lena n-áirítear nádúr, scála agus dóchúlacht na rioscaí. Is féidir liom a dheimhniú gur réachtáladh Cruinnithe Monatóireachta ceithre huair le linn 2022 – cruinnithe fíorúla a bhí i ngach cruinniú. Ina theannta sin, le linn 2022 bhí idirphlé leanúnach leis na Ranna Coimircíochta.

CUMAS RIOSCA A BHAINISTIÚ

Bhí sraith nósanna imeachta i bhfeidhm le linn 2022 chun cuspóirí agus rioscaí an Fhorais a shainaithint agus bunaithe ar na nósanna imeachta sin, socraíodh straitéis rialaithe do gach ceann de na rioscaí suntasacha sainaitheanta. Rinneadh an úinéireacht riosca a leithdháileadh ar an bhfoireann chúil. D'fheidhmigh an dearcadh i leith riosca agus na próisis laistigh d'Uiscebhealaí Éireann i dtimthriall leanúnach.

Soláthraíodh Córas nua Bainistíochta Riosca in 2022 agus tá obair ar siúl chun Cultúr Riosca a neadú a thuilleadh san eagraíocht.

AN CREAT RIOSCA AGUS RIALAITHE

Is príomhghné de shocruithe éifeachtacha cuntasachta agus rialachais chorparáidigh an Chomhlachta í Bainistíochta Riosca agus déanann Ranna Coimircíochta an Chomhlachta athbhreithniú rialta uirthi ag Cruinnithe an Choiste Monatóireachta agus ag Coiste Iniúchta an Chomhlachta ag cruinnithe ráithiúla.

In 2022, ghlac an Fhoireann Bhainistíochta Shinsearach páirt i roinnt ceardlann chun measúnú a dhéanamh ar nádúr agus armhéid na bpríomhrioscaí a bhfuil Uiscebhealaí Éireann nochtá dóibh agus atá toilteanach a ghlacadh chun a chuspóirí a bhaint amach. Tá athshainiú déanta ag an Fhoireann Bhainistíochta Shinsearach ar Chatagóirí Riosca, ar leibhéil Goile agus Caoifhulaingthe chun a

chinntiú go bhfuil ardú riosca éifeachtach laistigh den Eagraíocht. Tabharfar tosaíocht d'acmhainní agus leithdháilfear iad chun tacú le bainistiú rioscaí chun cuspóirí a bhaint amach.

Baineann Creat Bainistíochta Riosca na heagraíochta leas as na gníomhaíochtaí a shainaithníonn agus a bhainistíonn neamhchinnteacht, rud a ligeann d'Uiscebhealaí Éireann rioscaí agus deiseanna cothroma a ghlacadh. Cuirfear an Creat chun feidhme in oibríochtaí laethúla agus is uirlis dhílis é don rialachas agus don bhainistíocht chorparáideach.

Déantar gach riosca a dhoiciméadú i gClár Riosca agus a bhainistiú i gcreat dhá leibhéal: i) Rioscaí Corparáideacha/Straitéiseacha agus ii) Rioscaí Rannáin/Réigiúnacha. Aithníonn an Clár Riosca Corparáideach na príomhrioscaí a bhaineann go díreach le spriocanna Plean Corparáideach agus Gnó an Chomhlachta. Tháinig an Fhoireann Ardbhainistíochta in Uiscebhealaí Éireann le chéile go míosúil chun an Clár Riosca Corparáidigh a athbhreithniú agus a phlé. Bhreithnigh an fóram míosúil rioscaí agus athruithe nua sa timpeallacht oibríocháin agus aon ghníomhartha maolaithe riachtanacha.

CÓRAIS MHÓRA FAISNÉISE

Waterways Ireland uses Integra systems to produce fÚsáideann Uiscebhealaí Éireann córais Integra chun faisnéis chuntasaíochta airgeadais a tháirgeadh agus córais phárola Core chun faisnéis faoi phá agus thuarastail a tháirgeadh. Tá rialuithe próisis agus córais laistigh den dá chóras seo agus timpeall orthu chun caighdeán agus sláine na faisnéise bainistíochta a chuirtear ar fáil don Phríomhfheidhmeannach agus do Bhainisteoirí Sinsearach a chinntiú. Is gá próisis agus córais níos oiriúnaí a bhreithniú. Tá uasghrádú ar Chórais Integra faoi athbhreithniú in 2022 agus tá sé i gceist uasghrádú planáilte a dhéanamh in 2024. Tá an fócas ar Chlaochlú Digiteach fós ina phríomhchuspóir straitéiseach don eagraíocht agus cuirfear tús le Measúnú Aibíochta Sonraí in 2023.

Ar 15 Lúnasa 2022, bhí Uiscebhealaí Éireann ina ábhar do Chibeartheagmhas. Dúnadh TFC síos agus díchumasáíodh gach córas agus idirlíon ar fud na hEagraíochta agus tionscnaíodh an Plean Freagartha do Chibeartheagmhais. Chuir an Fhoireann Ardbhainistíochta tús leis an Phrótaic

Leanúnachais Gnó. Bunaíodh Grúpa FBÉ (Foireann Bainistíochta Éigeandála). Iarradh ar FBÉ a PLG (Plean Leanúnachais Gnó) a leanúint agus tionóladh cruinniú FBÉ gach lá chun príomhphleananna agus príomhghníomhartha a phlé.

Cuireadh gach Údarás agus Údarás Stáit ar an eolas lena n-áirítear: PSNI, GARDA, Ranna Urraíochta, LNC (An Lárionad Náisiúnta Cibearshlándála), an Lárionad Slándála, Éire, glaonna Comhairle chuig OCF (Oifig an Choimisinéara Faisnéise) agus an Oifig um Chosaint Sonraí in Éirinn. Toisc nach raibh aon sárú sonraí ann, ní raibh aon cheanglas ar Uiscebhealaí Éireann Tuarascáil um shárú sonraí a chur faoi bhráid OCF agus Oifig um Chosaint Sonraí, Éire. Rinneadh teagmháil leis an Ionad Comhairle chun é seo a dhearbhu sa dá stát. Cuireadh plean gníomhaíochta téarnaimh céimnithe i bhfeidhm. Tá bearta slándála breise curtha i bhfeidhm laistigh den eagraíocht agus tá sainchomhairleoirí seachtracha á gceapadh chun iniúchadh neamhspleách a dhéanamh ar phróiseas aisghabhála TFC agus chun moltaí a sholáthar lena chur i bhfeidhm.

BAINISTÍOCHT AIRGEADAIS

Tá na próisis seo a leanas i bhfeidhm ag an Fhoras:

- Tháinig an Grúpa Ardbhainistíochta le chéile ar bhonn míosúil i rith 2022 chun monatóireacht a dhéanamh ar dhul chun cinn ar phleananna gnó agus ar aon saincheistanna eile. Lasmuigh de na cruinnithe míosúla, tharla cruinnithe faoi stiúir an chláir oibre le linn 2022 freisin.
- Leanfaidh an fás ar chostais phinsin a bhaineann le fórsa saothair atá ag dul in aois ar aghaidh go dtí 2028. - Leanann clárúcháin readmhaoine agus athbhreithniú ar leagáidí léasanna. Leanann grúpa beag tiomnaithe foirne ag díriú go heisiach ar théarnamh agus ar an gcéad chlárú. Leanaimid de scrúdú a dhéanamh ar chúngaigh freisin. Tá na luachanna talún sna Sócmhainní Oibriúcháin atá aitheanta sna cuntais bunaithe ar theorainneacha measta seachas ar theorainneacha beachta agus cuireann

clárúcháin readmhaoine le luachálacha níos cruinne sna cuntais.

- Cuirtear ráitis dhearbhaite ar fáil don Roinn Coimircíochta dhá uair sa bhliain mar chuid den timthriall Dearbhaithe Gnó.

Aontaítear na pleananna iniúchta inmheánaigh riosca-bhunaithe seo leis an Oifigeach Cuntasaíochta agus leis an gCoiste Iniúchta. Déanann an Coiste Iniúchta athbhreithniú ar an bplean iniúchta inmheánaigh agus ar na tuarascálacha iniúchta inmheánaigh i rith na bliana.

Níor sainaithníodh aon mholadh tosaíochta 1 sna hiniúchtaí inmheánacha a tugadh chun críche le linn 2022. Rinneadh naoi gcinn déag de mholtaí chun na timpeallachtaí rialaithe a neartú agus tá na moltaí iniúchta gaolmhara á gcur i bhfeidhm ag an mbainistíocht.
- Ba é conclúid an Ráitis um Dhearbhú Iniúchta Inmheánaigh don bhliain dar críoch 31 Nollaig 2022 'bunaithe ar raon feidhme na n-iniúchtaí a cuireadh i gcrích le linn 2022 agus ag glacadh leis go gcuirfeadh an bhainistíocht na moltaí iniúchta inmheánaigh a rinneadh i ngach tuarascáil iniúchta inmheánaigh i bhfeidhm go héifeachtach, go tráthúil, is féidir le hiniúchadh dearbhú sásúil a thabhairt go raibh córas rialaithe imleor i bhfeidhm do na réimsí a ndearnadh athbhreithniú orthu. Tá an tuairim seo bunaithe ar agus teoranta don obair a rinneadh i rith na bliana.'
- Léiríonn an tAthbhreithniú Leantach do 2022/2023 go bhfuil dul chun cinn leanúnach á dhéanamh maidir le cur i bhfeidhm moltaí tuarascálacha iniúchta agus tá pleananna gníomhaíochta i bhfeidhm ag an mbainistíocht chun aghaidh a thabhairt ar laigí rialaithe a aithníodh.

SOCRUITHE PINSIN - CUR SÍOS GINEARÁLTA AR AN SCÉIM

Tá an scéim pinsin comhdhéanta de roinnt rannóg le struchtúir sochair éagsúla. Tá príomhranna na scéimeanna pinsin faoi láthair leagtha amach thíos. Tá tionchar ag Rialú McCloud ar an scéim phinsin, agus le héifeacht ón 1 Aibreán 2022, aistríodh gach comhalta de rannán an Chroíthuarastail Deiridh de chuid N/SPS agus de chuid na gCeart Forchoimeádta PCSPS(TÉ) (“na scéimeanna oidhreacht”) chuig Alfa-scéim N/SPS mar chuid de Leigheas Ionchais McCloud. I rith 2023 reáchtálfar comhairliúchán ar an Leigheas Aisghabhálach agus beidh an Leigheas le cur i bhfeidhm ón 1 Deireadh Fómhair 2023, nuair a thosóidh comhaltaí incháilithe ar rogha a fháil ar Thuarastal Deiridh nó ar shochair alfa don Tréimhse Réitigh idir 1 Aibreán 2015 agus 31 Márta 2022.

An Rannóg Buntuarastail Deiridh

Is socrú pinsin tuarastail deiridh é seo le sochair bunaithe ar an chuid Chlasaiceach de Phríomhscéim Phinsin na Státseirbhíse i dTuaisceart Éireann. Soláthraíonn an scéim pinsean (ochtóduithe in aghaidh na bliana seirbhíse), aisce nó cnapshuim (trí ochtóid in aghaidh na bliana seirbhíse) agus pinsin chéilí agus leanaí. Is í an Ghnáthaois Scoir ná 60ú breithlá ball. Méadaíonn pinsin atá á n-íoc (agus iarchurtha) ag teacht le boilsciú ginearálta praghsanna.

Rannóg an Croí-Alfa

Is socrú pinsin meántuilleamh athluacháilte gairmréime nó scéim MAG é seo le sochair bunaithe ar an alfa de Phríomhscéim Phinsin na Státseirbhíse i dTuaisceart Éireann. Soláthraíonn an scéim pinsean bunaithe ar chéatadán (2.32%) de phá inphinsin do gach bliain de bhallraíocht ghníomhach (méadaítear/laghdaítear an pinsean ag tús gach bliain scéime ag teacht le boilsciú praghsanna ginearálta) agus pinsin chéilí agus leanaí. Is ionann an Ghnáthaois Scoir de chomhalta Aois Pinsin Stáit (“APS”) an chomhalta sa dlínse ábhartha, atá 66 faoi láthair. Tá méaduithe breise beartaithe ag an Rialtas, a ardóidh an APS ó 66 go 67 idir 2026 agus 2028. Faoin dlí reatha, méadófar aois an Phinsin Stáit go 68 idir 2044 agus 2046. Is é 66 an Aois Pinsin Stáit in Éirinn faoi láthair. Bhí aois an phinsin Stáit in Éirinn le hardú go 67 ón 1 Eanáir 2022 agus ansin 68 ó 1 Eanáir 2028 áfach, táthar

tar éis an t-athrú seo a chur siar agus tá Coimisiún Pinsean bunaithe chun an t-athrú ar aois an phinsin Stáit a mheas, i measc saincheisteanna eile mar inbhuanaitheacht agus cothroime idirghlúine. Méadaíonn pinsin atá á n-íoc (agus iarchurtha) ag teacht le boilsciú ginearálta praghsanna.

Rannóga na gCeart Forchoimeádta

Is iad seo roinnt codanna den scéim atá múnlaith ar na scéimeanna pinsin seirbhíse poiblí in Éirinn a raibh fostaithe na gComhlachtaí Thuaidh/Theas ina gcomhaltaí díobh ag an bpointe a ainmníodh agus a aistríodh iad ag bunú na gComhlachtaí.

Is socruithe pinsin tuarastail deiridh iad na scéimeanna seo le sochair mar an gcéanna le scéim ábhartha na hearnála poiblí in Éirinn m.sh., Scéim Aoisliúntais do Státseirbhíse Bunaithe. Soláthraíonn na scéimeanna seo pinsean (do chomhaltaí neamh-chomhtháite ochtóduithe in aghaidh na bliana seirbhíse ach do chomhaltaí chomhtháite dhá chéad in aghaidh na bliana seirbhíse ar thuarastal suas go 3.333 oiread an Phinsin Stáit Ranníocach Seanaoise agus ochtóduithe in aghaidh na bliana seirbhíse ar thuarastal os cionn 3.333 uair den Phinsean Stáit Ranníocach Seanaoise), aisce nó cnapshuim (trí ochtóid in aghaidh na bliana seirbhíse) agus pinsin chéilí agus leanaí. Is í an Ghnáthaois Scoir ná 60ú breithlá ball (nó 65ú sa Scéim Pinsin Neamh-Ranníocach d’Fhostaithe Stáit Neamhbhunaithe).

Go ginearálta méadaíonn pinsin atá á n-íoc (agus iarchurtha) ag teacht le boilsciú ginearálta tuarastail na hearnála poiblí. Is í an Scéim um Chearta Forchoimeádta is infheidhme d’Uiscebhealaí Éireann sa Deisceart ná idir an Scéim Pinsin Neamh-Ranníocach d’Fhostaithe Stáit Neamhbhunaithe agus an Scéim Aoisliúntais do Státseirbhíse Bunaithe. I dTuaisceart Éireann, is í Príomhscéim Pinsean na Státseirbhíse TÉ an scéim ábhartha. Tá sochair ag formhór bhaill na Croí-rannóige sna rannáin Tuarastal Deiridh agus Alfa araon agus beidh iontrálaithe nua a tháinig isteach sa Scéim tar éis 1 Aibreán 2015, i bhformhór na gcásanna, ina mbaill den rannán Croí-Alfa.

Is é achtúire neamhspleách cáilithe (XPS) a rinne an luacháil a úsáideadh do nochtadh FRS 102 amhail an 31 Nollaig 2022. Ní dhearnadh luacháil iomlán ar na dliteanais mar a bhí ar an Dáta Tomhais, ach meastachán ar dhliteanais na Scéime trí thorthaí

nochtadh cuntasaióchta 2021 a thabhairt cothrom le dáta chun imeacht ama, fabhrú sochar nua do bhaill ghníomhacha a cheadú, sochair a íocadh as an Scéim agus athruithe ar thoimhdí achtúireacha thar an tréimhse ó 31 Nollaig 2021 go 31 Nollaig 2022 mar a thuairiscítear i Nóta 16.1.

LUACHANNA AISTRITHE COIBHÉISEACHA AIRGID

Is ionann Luach Aistrithe Coibhéiseach Airgid (LACA) agus luach caipitlithe arna mheasúnú go hachtúireach ar shochair na scéime pinsin atá fabhráithe ag ball ag pointe áirithe ama. Is iad na sochair a luacháiltear ná sochair fabhráithe an bhaill agus aon phinsean céile teagmhasach atá iníoctha ón scéim. Is íocaíocht í LACA a dhéanann scéim nó socrú pinsin chun sochair phinsin a áirithiú i scéim nó i socrú pinsin eile nuair a fhágann an ball scéim agus a roghnaíonn siad na sochair fabhráithe ina seanscém a aistriú. Baineann na figiúirí pinsin a thaispeántar leis na sochair atá fabhráithe ag an duine mar thoradh ar a mballraíocht iomlán den scéim phinsin, ní hamháin a seirbhís i gcáil shinsearach lena mbaineann nochtadh.

Áirítear le figiúirí LACA luach aon sochair phinsin i scéim nó socrú eile a d’aistrigh an duine aonair chuig socruithe pinsin Uiscebhealaí Éireann. Áirítear leo freisin aon sochar pinsin breise a fabhraíodh don bhall mar thoradh ar bhlianta breise seirbhíse pinsin a cheannach sa scéim ar a gcostas féin. Ríomhtar CETVanna de réir na Rialachán um Scéimeanna Pinsin Ghairme (Luachanna Aistrithe) (Leasú) 2008 agus ní chuireann siad san áireamh aon laghdú iarbhair nó féideartha ar shochair mar thoradh ar Cháin Liúntais Saoil a d’fhéadfadh a bheith dlite nuair a thógtar sochair phinsin.

MÉADÚ FÍOR I LACA

Léiríonn sé seo an méadú ar LACA atá maoinithe ag an fhostóir. Ní chuireann sé san áireamh an méadú ar phinsean fabhráithe mar gheall ar bhoilsciú, ranníocaíochtaí íoctha ag an fhostaí (lena n-áirítear luach aon sochar a aistríodh ó scéim nó socrú pinsin eile) agus úsáideann sé comhfhachtóirí luachála margaidh do thús agus deireadh na tréimhse.

DEIMHNIÚ INIÚCHÓIREACHTA

DEIMHNIÚ AN ARDREACHTAIRE AGUS AN INIÚCHÓRA GHINEARÁLTA CHUIG TIONÓL THUASCEART ÉIREANN AGUS TITHE AN OIREACHTAIS

Tuairim ar na cuntais

Deimhnímid go bhfuil iniúchadh déanta againn ar chuntais Uiscebhealaí Éireann (an Comhlacht) don bhliain dar críoch 31 Nollaig 2022 de bhunfhorálacha an Ordaithe um Chomhar Thuaidh/Theas (Comhlachtaí Forfheidhmithe) (Tuaisceart Éireann) 1999 agus Chomhaontú na Breataine/na hÉireann. Acht 1999 a éilíonn orainn na cuntais a thíolacann an Comhlacht dúinn a iniúchadh agus a dheimhniú, i gcomhar. Cuimsíonn na cuntais:

- an ráiteas ioncaim;
- an ráiteas ioncaim chuimsithigh;
- an ráiteas ar an staid airgeadais;
- an ráiteas ar shreabhadh airgid; agus,
- an ráiteas maidir le hathruithe ar chothromas; agus
- na nótaí atá bainteach leo lena n-áirítear polasaithe cuntasáíochta suntasacha

Ullmhaíodh na cuntais seo faoi na beartais chuntasáíochta atá leagtha amach iontu. Is é ár dtuairim faoi na cuntais:

- go dtugann siad léargas fíor agus cothrom ar staid ghnóthaí an Chomhlachta amhail an 31 Nollaig 2022 agus ar a ioncam agus ar a chaiteachas don bhliain dar críoch sin; agus
- gur ullmhaíodh iad i gceart de réir an Chaighdeáin Tuairiscithe Airgeadais is infheidhme sa RA agus i bPoblacht na hÉireann (FRS 102) agus de réir na treorach cuntais san aguisín leis na cuntais.

Tuairim ar rialtacht

Is é ár dtuairim gur cuireadh an caiteachas agus an t-ioncam a thairfeadtar sna cuntais i bhfeidhm ar gach slí ábhartha chun na gcríoch a bhí beartaithe ag Tionól Thuaisceart Éireann agus ag Tithe an Oireachtais agus go bhfuil na hidirbhearta airgeadais a thairiscítear sna cuntais i gcomhréir leis na húdaráis a rialaíonn iad.

Bunús na dTuairimí

Rinneamar ár n-iniúchadh de réir na gCaighdeán Idirnáisiúnta Iniúchóireachta (CII-eanna). Déantar cur síos breise ar ár bhfreagrachtaí faoi na caighdeáin sin i rannán freagrachtaí na n-iniúcháirí den deimhniú seo. Táimid neamhspleách ar an Chomhlacht de réir cheanglais eiticíúla Chaighdeán Eiticíúil na Comhairle um Thuairisciú Airgeadais agus an Chóid Eitice a d'eisigh Eagraíocht Idirnáisiúnta na nInstitiúidí Iniúchóireachta Uachtarach agus tá ár bhfreagrachtaí eiticíúla comhlíonta againn de réir na gceanglas seo.

Creidimid gur leor agus gur cuí an fhianaise iniúchta atá faighte againn chun bonn a chur ar fáil dár dtuairimí.

Faisnéis seachas na cuntais

Tá faisnéis áirithe eile curtha i láthair ag an Chomhlacht mar aon leis na cuntais. Cuimsíonn sé seo an tuarascáil bhliantúil, an réamhrá leis na cuntais, an ráiteas ar an chóras um rialú inmheánach/rialú inmheánach agus an tuarascáil ar luach saothair. Ní chumhdaíonn ár dtuairim ar na cuntais an fhaisnéis eile agus ní chuirimid aon chonclúid urrúis in iúl ina leith.

Maidir lenár n-iniúchadh ar na cuntais, is é an fhreagracht atá orainne an fhaisnéis eile a léamh agus, agus é sin á dhéanamh againn, a bhreithniú cibé an bhfuil an fhaisnéis eile ar neamhréir go hábhartha leis na cuntais nó an bhfuil an chuma ar an eolas atá againn a fuarthas le linn an iniúchta nó ar shlí eile go bhfuil míráiteas ábhartha ann. Más rud é, bunaithe ar an obair atá déanta againn, go dtuigimid go bhfuil míráiteas ábhartha maidir leis an fhaisnéis eile seo, ceanglaítear orainn an fhír sin a thuairisciú.

Níl aon rud le tuairisciú againn maidir leis seo.

Nithe ar a dtugaimid tuairisc trí eisceacht

Níl aon rud le tuairisciú againn maidir leis na hábhair seo a leanas a thuairiscimid más rud é, inár dtuairim:

- nach bhfuairamar an fhaisnéis agus na míniúcháin ar fad a theastaigh uainn dár n-iniúchadh, nó
- nár leor na taifid chuntasaíochta chun go bhféadfaí na cuntais a iniúchadh go héasca agus go cuí, nó
- nach bhfuil na cuntais ag teacht leis na taifid chuntasaíochta, nó
- nach léiríonn an ráiteas ar an chóras um rialú inmheánach/ráiteas rialaithe comhlíonadh na treorach infheidhmithe ar rialachas corparáideach.

Freagrachtaí an Chomhlachta agus an Oifig Chuntasaíochta as na cuntais

Mar a mhínítear níos iomláine sa Ráiteas ar Fhreagrachtaí, tá an Comhlacht freagrach as na cuntais a ullmhú ar bhonn na treorach cuntas atá san aguisín leis na cuntais agus as a bheith sásta go dtugann siad léargas fíor agus cothrom. Tá an Príomhfheidhmeannach, mar Oifigeach Cuntasaíochta, freagrach as cuibheas agus rialacht maidir le húsáid cistí poiblí.

Freagrachtaí na n-iniúcháirí

Is é ár bhfreagracht iniúchadh a dhéanamh ar na cuntais de réir fhorálacha an Ordaithe um Chomhoibriú Thuaidh/Theas (Comhlachtaí Forfheidhmithe) (Tuaisceart Éireann) 1999 agus Acht Chomhaontú na Breataine-na hÉireann 1999 agus tuairisc a thabhairt air sin do Thionól Thuaisceart Éireann agus do Thithe an Oireachtais.

Is é an cuspóir atá againn agus an t-iniúchadh á dhéanamh againn ná dearbhú réasúnta a fháil maidir leis an chaoi a bhfuil nó nach bhfuil na cuntais ina n-iomláine saor ó mhíríteas ábhartha, cibé acu de bharr calaoise nó earráide. Is leibhéal ard dearbhaithe é dearbhú réasúnta, ach ní ráthaíocht é go n-aimseoidh iniúchadh arna dhéanamh i gcomhréir le ISAnna míráiteas ábhartha i gcónaí nuair a bhíonn sé ann. Is féidir le míráiteas a eascairt as calaois nó earráid agus meastar go bhfuil siad ábhartha más rud é, ina n-aonar nó ina n-iomláine, go bhféadfaí a bheith ag súil le réasún go mbeadh tionchar acu ar chinntí eacnamaíochta na n-úsáideoirí arna nglacadh ar bhonn na gcuntas seo.

Mar chuid d'iniúchadh de réir na CII-eanna, feidhmímid breithiúnas gairmiúil agus coimeádaimid amhras gairmiúil ar feadh an iniúchta. Agus é sin á dhéanamh:

- Aithnímid agus measúnaimid na rioscaí a bhaineann le míráiteas ábhartha sna cuntais cibé acu de bharr calaoise nó earráide; nósanna imeachta iniúchta a dhearadh agus a dhéanamh a fhreagraíonn do na rioscaí sin; agus fianaise iniúchta a fháil atá leordhóthanach agus oiriúnach chun bonn a sholáthar dár dtuairim. Tá an riosca nach mbraithfear míráiteas ábhartha mar thoradh ar chalaois níos airde ná an ceann a eascaíonn as earráid, toisc go bhféadfaidh claonpháirteachas, brionnú, easnaimh d'aon ghnó, mífhaisnéis nó sárú ar rialú inmheánach a bheith i gceist le calaois.

- Faighimid tuiscint ar rialú inmheánach a bhaineann leis an iniúchadh chun nósanna imeachta iniúchta a dhearadh atá oiriúnach sna himthosca, ach ní ar mhaithe le tuairim a chur in iúl ar éifeachtacht na rialuithe inmheánacha.
- Déanaimid meastóireacht ar oiriúnacht na mbeartas cuntasaíochta a úsáidtear agus ar réasúntacht na meastachán cuntasaíochta agus an nocht ghaolmhair.
- Déanaimid an tátal a bhaineann le hoiriúnacht úsáid bonn gnóthas leantach na cuntasaíochta agus, bunaithe ar an fhianaise iniúchta a fuarthas, maidir le cibé an bhfuil éiginnteacht ábhartha ann maidir le himeachtaí nó coinníollacha a d'fhéadfadh amhras suntasach a chur ar chumas an Chomhlachta leanúint ar aghaidh mar ghnóthas leantach. Má thagaimid ar an chonclúid go bhfuil éiginnteacht ábhartha ann, ní mór dúinn aird a tharraingt inár dtuarascáil ar an nochtadh gaolmhar sna cuntais nó, mura leor a leithéid de nochtadh, ár dtuairim a mhodhnú. Tá ár gconclúidí bunaithe ar an fhianaise iniúchta a fuarthas suas go dtí dáta ár dtuarascáil. Mar sin féin, d'fhéadfadh imeachtaí nó coinníollacha amach anseo a chur faoi deara go scoirfeadh an Comhlacht de bheith ina ghnóthas leantach.
- Déanaimid meastóireacht ar chur i láthair, ar struchtúr agus ar ábhar iomlán na gcuntas, lena n-áirítear an nochtadh, agus cibé an léiríonn na cuntais na hidirbhearta agus na teagmhais bhunúsacha ar bhealach a bhainfidh léiriú cothrom amach.

Déanaimid cumarsáid leo siúd atá freagrach as rialachas maidir le, i measc nithe eile, scóip agus uainiú pleanáilte an iniúchta agus torthaí suntasacha iniúchta, lena n-áirítear aon easnaimh shuntasacha sa rialú inmheánach a shaináithnímid le linn ár n-iniúchta.

Ina theannta sin, ceanglaítear orainn dóthain fianaise a fháil chun dearbhú réasúnach a thabhairt gur cuireadh an caiteachas agus an t-ioncam atá taifeadta sna cuntais airgeadais i bhfeidhm chun na gcríoch a bhí beartaithe ag Tionól Thuaisceart Éireann agus ag Tithe an Oireachtais agus go bhfuil na hidirbhearta airgeadais a thairfeadtar sna cuntais i gcomhréir do na húdaráis a rialaíonn iad.

Sa chás nach bhfuil tionscadail curtha i gcrích ag deireadh na bliana ach go gcruthóidh siad sócmhainn nua nó athluacháil ar shócmhainn oibriúcháin atá ann cheana féin, tá costais ghaolmhara an tionscadail curtha san áireamh san obair atá ar siúl.

LUACHÁLACHA:

Déanann foireann Uiscebhealaí Éireann Sócmhainní Oibriúcháin speisialaithe a luacháil ag costas athsholáthair dímheasta. Déantar talamh agus foirgnimh neamhspeisialaithe a luacháil ag luach an mhargaidh. Tá an mhodheolaíocht luachála agus an fhaisnéis ar chostais athsholáthair a cuireadh i bhfeidhm chun Sócmhainní Oibriúcháin a luacháil faoi réir athbhreithniú neamhspleách tréimhsiúil. Chríochnaigh Faithful+Gould agus HCA Chartered Accountants Limited an t-athbhreithniú is déanaí le linn 2023. I measc na dTearmaí Tagartha don athbhreithniú bhí:

- Athbhreithniú ar mhodh luachála na Sócmhainní Oibriúcháin arna dhéanamh ag foireann Uiscebhealaí Éireann agus tuairim a thabhairt ar an mhodheolaíocht luachála;

Déanann saineolaithe innealtóireachta cáilithe inmheánacha agus seachtracha measúnú ar chigireachtaí. Do chuntais 2022 bhí glanmheadú de €96,875,000 mar thoradh air seo ag léiriú;

- Gluaiseacht i gcoinníollacha ó chigireachtaí roimhe seo.

Cuireadh dhá chineál cigireachta na coinníollacha sócmhainní a bhí ag Loic, Geataí Loc, Droichid agus Coraí i bhfeidhm i gcuntais 2022;

- Cigireachtaí ginearálta a dhéantar gach 2-5 bliana; agus
- Príomhchigireachtaí a dhéantar gach 6-20 bliain;

Braitheann tráthúlacht na gcigireachtaí ar an tsócmhainn, ar aon dul le dréacht-Timthriallta Cigireachta Sócmhainní Tosaíochta Uiscebhealaí Éireann.

Cuireadh tús le clár iniúchtaí sócmhainne luathaithe in 2021 agus tá sé beartaithe go soláthróidh an clár sonraí bonnlíne do na cineálacha sócmhainní thuas go léir faoi dheireadh 2022.

Leagtar amach thíos an bonn luachála de réir Catagóir Sócmhainní:

Léiríonn sócmhainní barrachais na sócmhainní sin a mheasann Uiscebhealaí Éireann nach bhfuil straitéiseach agus atá ar fáil le díol. Tá luachálacha bunaithe ar luach margaidh inghnóthaithe ó thuarascálacha ar an mhargadh inmheánach agus seachtrach. Ba iad seo a leanas na príomhchodanna:

- Hatch Bar €45,000; coinnithe ag fáltais díolacháin comhaontaithe.
- Canal House Park Canal €21,000; luacháil inmheánach le Kieran Taggart Ball d'Institiúid Ríoga na Suirbhéirí Cairte in 2017, leasaithe in 2022.
- Mill Cottage €116,000; arna luacháil go himmheánach ag Kieran Taggart Ball d'Institiúid Ríoga na Suirbhéirí Cairte in 2018, leasaithe in 2022.
- Diúscairtí réadmhaoin ar siúl ag 2022 luacháilte go himmheánach €333,000.

Ba é an teicníc luachála a úsáideadh ná an “cur chuige margaidh” a úsáideann praghsanna agus faisnéis ábhartha eile a ghineann idirbhearta margaidh lena mbaineann sócmhainní comhionanna nó inchoimparáide (comhchosúil). Rinne Rodney McVitty BSc (Onóracha) Suirbhéireacht (Speisialtóireacht i mBainistíocht Eastáit) MRICS BIRSC luacháil inmheánach ar Thalamh agus ar Fhoirgnimh Ruíse eile in 2019.

1.7.3 Gléasra, Feithiclí Agus Innealra

Costas tabhaithe (costas stairiúil dímheasta).

1.7.4 Ríomhaireacht, Troscán Agus Feistis

Costas tabhaithe (costas stairiúil dímheasta) luacháil inmheánach.

1.7.5 Obair Ar Siúl

Costas tabhaithe (costas stairiúil dímheasta) luacháil inmheánach.

1.7.6 Luacháil Sócmhainní Oibriúcháin A Rinne Innealtóirí Cairte Inmheánacha**1. CUANTA; LAMAIRNÍ; CÉANNA; DUGAÍ TIRIME; LAMAIRNÍ AR SNÁMH; AGUS RIALACHÁN**

Rinneadh sócmhainní a fuarthas roimh 2003 a luacháil go himmheánach in 2003 ag baint úsáid as costas athsholáthair. Déantar sócmhainní a fuarthas ó 2003 a thomhas ar dtús ag an gcostas a thabhaíonn Uiscebhealaí Éireann chun an tsócmhainn a fháil. Déantar luach na sócmhainní go léir (beag beann ar bhliain na fála) a innéacsú go himmheánach de réir boilsciú tógála gach bliain. In 2022, bhí an t-innéacs Boilscithe Praghsanna Foirgníochta a cuireadh i bhfeidhm idir 9.94% agus 31.68%, rud a d'eascair glanmheadú ar athluacháil de €27,807,000.

Déantar na luachálacha a nuashonrú go himmheánach freisin chun faisnéis nua ó shuirbhéanna a chur san áireamh lena n-áirítear toisí cruinne. I measc na gcostas caighdeánach tá gnéithe bunúsacha de struchtúir, fálú, mullaird, comhláí srl. Seachas lamairní ar snámh, 25 bliain, meastar gurb é 500 bliain an saol bunaithe ar dheisiúcháin agus cothabháil rialta agus an aois atá acu faoi láthair á gcur san áireamh.

Rinneadh athbhreithniú seachtrach ar an chur chuige luachála seo in 2022 ag Faithful + Gould, Paul McNamara, Stiúrthóir Comhlach, BSc (Onóracha), MCIInstCES agus Aisling Hegarty, Suirbhéir Bainistíochta, BSc (Onóracha), agus a mheastar a bheith réasúnach.

Déantar cosáin tarraingthe, carrchlóis, soilsiú, limistéir phábháilte agus struchtúir bheaga a chaipitliú sna cuntais áit a léiríonn siad feabhas ar shócmhainní. Cuirtear san áireamh iad in ollchostais an tionscadail agus déantar iad a dhímheas thar shaolré an tionscadail. Cuirtear CPI i bhfeidhm mar a léirítear thuas. Déantar athbhreithnithe breise ar bhonn rollach agus léireofar aon leasuithe sa Chlár Sócmhainní. Rinneadh athbhreithniú seachtrach ar an chur chuige luachála seo in 2022 ag Faithful + Gould, Paul McNamara, Stiúrthóir Comhlach, BSc (Onóracha), MCIInstCES agus Aisling Hegarty, Suirbhéir Bainistíochta, BSc (Onóracha), agus a mheastar a bheith réasúnach.

Meastar nach bhfuil aon luach ag struchtúir ar loingseoireachtaí neamhoibríochta toisc nach bhfuil aon tairbhe eacnamaíoch ann, ní luacháiltear ach lorg talún.

Sócmhainní Canálach

Tar éis comhphlé fada le hiniúcháir in 2021 agus tar éis athbhreithniú a rinne Faithful+Gould agus HCA Chartered Accountants Limited i rith 2023, comhaontaíodh nach n-aithneofaí sócmhainní na Canála sna ráitis airgeadais.

Déantar sócmhainní geataí loc a nuashonrú ar leithligh ó na seomraí loic, rud a léiríonn saolré ionchais suas le 60 bliain agus saolré na ndúnphoill loc de 120 bliain. Tá luachálacha

bunaithe ar chostais athsholáthair dímheasta; Tá saol úsáideach 120 bliain acu. 16. PINSIN

16.1 Cóireáil Chuntasáíochta

Éilíonn FRS 102 CTA 102 go léireodh ráitis airgeadais, ag luach cóir, na sócmhainní agus na dliteanais a eascraíonn as oibleagáidí fostóra agus aon mhaoiniú gaolmhar agus go n-aithnítear an costas a bhaineann le sochair aoisliúntais a sholáthar sa tréimhse chuntasáíochta ina dtuilleann fostaithe iad. Is é éifeacht FRS 102 CTA 102 ná costas na bpinsean a thuilltear seachas na híocaíochtaí a dhéantar le pinsinéirí a aithint mar chaiteachas sa bhliain, agus méid maoinithe comhfhreagrach. Ina theannta sin, aithníonn an Clár Comhardaithe an dliteanas carnach do phinsin atá tuillte ag fostaithe amhail an 31 Nollaig 2022 mar aon le sócmhainn chomhfhreagrach.

Is é an modh 'Aonad Réamh-mheasta' an modh achtúireach a úsáidtear chun na dliteanais a ríomh. Ní dhearnadh luacháil iomlán ar na dliteanais mar a bhí ar an Dáta Tomhais, ach meastachán ar dhliteanais na Scéime trí thorthaí nochtadh cuntasáíochta 2021 a thabhairt cothrom le dáta chun imeacht ama, fabhrú sochar nua do chomhaltáí gníomhacha a cheadú, sochair a íocadh as an Scéim agus athruithe ar thiomhdá achtúireacha thar an tréimhse ó 31 Nollaig 2021 go 31 Nollaig 2022. Mar sin, táthar ag brath ar thorthaí nochtadh cuntasáíochta 2021 chun críocha nochtadh cuntasáíochta 2022, lena n-áirítear na seiceálacha a rinneadh. curtha i bhfeidhm ag an am ar na sonraí ballraíochta.

Rinneadh roinnt seiceálacha maidir le nochtadh na bliana seo caite. Cé nach bhfuil an cur chuige seo chomh cruinn agus a bheadh faisnéis dhaonáirimh iarbhír ar fáil ag an Dáta Tomhais, tá an t-Achtúire sásta go bhfuil sé oiriúnach chun na críche seo agus de réir fhorálacha FRS 102 CTA 102. Má tá athruithe ábhartha déanta ar an phróifíl bhallaíochta ón uair a nochtadh cuntasáíocht 2021 d'fhéadfadh sé gur tháirg an cur chuige garfhigiúirí a bhí míchruinn go hábhartha chun críche FRS 102.

Is iad na príomhbhoinn tuisceana achtúireacha a úsáidtear chun dliteanais scéime faoi FRS 102 a ríomh:

Tá laghdú tagtha ar an ghlandhliteanas i rith na bliana ó easnamh de €170m go heasnamh de €121.5m, go príomha mar gheall ar ardú ar thorthaí bannaí corparáideacha thar an tréimhse, rud a d'fhág méadú suntasach ar rátaí lascaire agus luachanna dliteanais níos ísle dá bharr. Tá ionchais saoil beagán níos ísle mar thoradh ar an athrú ar an bhonn tuisceana maidir le básmaireacht agus tá laghdú tagtha ar an luach a chuirtear ar na dliteanais dá bharr. Tá an comhlaghdú seo ar na dliteanais fhritháirithe ag boilsciú níos airde ná mar a bhíodas ag súil leis thar an tréimhse tomhais, rud a raibh tionchar aige ar na dliteanais. (Léireofar arduithe tuarastail iarbhrí thar an tréimhse sna dliteanais nuair a dhéanfar an chéad ríomh ball eile) agus méadú ar an chostas seirbhíse measta don tréimhse tomhais mar thoradh ar leigheas ionchasach McCloud.

Athraíonn tionchar gluaiseachtaí airgeadra neamhfhabhracha, agus cailteanais taithí a eascraíonn as gluaiseachtaí ballraíochta, chun an SPA nuashonraithe do bhail alfa an Deiscirt agus taithí boilscithe a léiriú. Léiríonn an coigeartú aistrithe airgeadra méid na gluaiseachta i luach an Ghlandhliteanais Phinsin atá inchurtha i leith an athraithe ar an ráta malairte i rith na bliana.

Aithníonn Uiscebhealaí Éireann sócmhainn a ionadaíonn acmhainní atá le cur ar fáil ag Stáitchiste na RA agus na hÉireann don dliteanas iarchurtha neamh-mhaoinithe do phinsin ar bhonn roinnt imeachtaí san am a chuaigh thart. I measc na n-imeachtaí seo, tá tacaíocht reachtúil do na scéimeanna aoisliúntais, agus an beartas agus an cleachtas maidir le pinsin seirbhíse poiblí a mhaoiniú sa dá dhlíne lena n-áirítear an próiseas meastachán bliantúil. Cé nach bhfuil aon chomhaontú foirmiúil agus mar sin níl aon chinnteacht ann maidir leis na méideanna sonracha seo leis na comhlachtaí maoinithe, níl aon fhianaise ag Uiscebhealaí Éireann nach leanfaidh an beartas maoinithe seo ag freastal ar an mhéid seo de réir a chéile de réir an chleachtais reatha. B'ionann an tsócmhainn maoinithe iarchurtha do phinsin faoi 31 Nollaig 2022 agus €121.5m (2021 €170m).

Léiríonn an coigeartú aistrithe airgeadra méid na gluaiseachta i luach an Mhaoinithe Pinsin Iarchurtha atá inchurtha i leith an athraithe sa ráta malairte i rith na bliana.

16.6 Fostaithe Ag Tosú

Sa chás go mbíonn baill foirne ag tosú in Uiscebhealaí Éireann le seirbhís déanta acu roimh ré in earnáil phoiblí Thuaisceart Éireann, le scéimeanna maoinithe/neamh-mhaoinithe, ríomhfaidh an Riarthóir Pinsin d'Uiscebhealaí Éireann luach aistrithe agus seolfar ar aghaidh é chuig an Roinn Bonneagair. Maidir le baill foirne ó Dheisceart Éireann a raibh seirbhís eárnála poiblí acu roimhe seo agus scéim maoinithe, ríomhfaidh an Riarthóir Pinsin d'Uiscebhealaí Éireann an luach aistrithe agus seolfar ar aghaidh é chuig an Roinn Tithíochta, Rialtais Áitiúil agus Oidhreacht (DHLGH). I gcás scéim pinsean seirbhíse poiblí neamh-mhaoinithe na hÉireann, fanann an dliteanas i leith na seirbhíse poiblí in Éirinn roimhe seo ag stáitchiste na hÉireann go dtí go n-urscaoiltear í.

Déanfaidh an Riarthóir Pinsin na luachanna aistrithe do scéimeanna nach bhfuil maoinithe ag an tseirbhís phoiblí a roinnt agus a leithroinnt agus cuirfear an luach aistrithe ar aghaidh chuig an dá Roinn trí Uiscebhealaí Éireann. Rinneadh aistriú amháin isteach sa scéim sa bhliain arbh fhiú €17,000 san iomlán é.

16.7 Fostaithe Ag Fágáil

Sa chás go bhfágann baill foirne Uiscebhealaí Éireann, tá an tseirbhís in Uiscebhealaí Éireann maoinithe ag Dfl ag 15% agus DHLGH ag 85% den mhéid atá le haistriú. Má tá seirbhís eanála poiblí ann roimh ré mar atá leagtha amach thuas, beidh an luach aistrithe maoinithe ag an dlínse ábhartha ina iomláine (seachas scéim pinsean na seirbhíse poiblí in Éirinn). Ní raibh aon aistrithe amach as an scéim i rith na bliana.

16.8 Socruithe Pinsin - Cur Síos Ginearálta Ar An Scéim

Tá an scéim pinsin comhdhéanta de roinnt rannóg le struchtúir sochair éagsúla. Tá príomhranna na scéimeanna pinsin faoi láthair leagtha amach thíos. Tá tionchar ag Rialú McCloud ar an scéim phinsin, agus le héifeacht ón 1 Aibreán 2022, aistríodh gach ball de rannán an Chroíthuarastail Deiridh de chuid N/SPS agus de chuid na gCeart Forchoimeáda PCSPS(TÉ) (“na scéimeanna oidhreacht”) chuig an N/S Alfa-scéim SPS mar chuid de Leigheas Ionchais McCloud. I rith 2023 réachtálfar comhairliúchán ar an Leigheas Aisghabhálach agus beidh an Leigheas le cur i bhfeidhm ón 1 Deireadh Fómhair 2023, nuair a thosóidh comhaltaí incháilithe ar rogha a fháil ar Thuarastal Deiridh nó ar shochair alfa don Tréimhse Réitigh idir 1 Aibreán 2015 agus 31 Márta 2022.

An Rannóg Buntuarastail Deiridh

Is socrú pinsin tuarastail deiridh é seo le sochair bunaithe ar an chuid Clasaiceach de Phríomhscéim Phinsin na Státseirbhíse i dTuaisceart Éireann. Soláthraíonn an scéim pinsean (ochtóduithe in aghaidh na bliana seirbhíse), aisce nó cnapshuim (trí ochtóid in aghaidh na bliana seirbhíse) agus pinsin chéilí agus leanaí. Is í an Ghnáthaois Scoir ná 60ú breithlá ball. Méadaíonn pinsin atá á n-foc (agus iarchurtha) ag teacht le boilsciú ginearálta praghsanna.

An Rannóg Chroí-Alfa

Is socrú pinsin meántuilleamh athluacháilte gairmréime nó scéim CARE é seo le sochair bunaithe ar an alfa de Phríomhscéim Phinsin na Státseirbhíse i dTuaisceart Éireann. Soláthraíonn an scéim pinsin bunaithe ar chéatadán (2.32%) de phá inphinsin do gach bliain de bhallaíocht ghníomhach (méadaítear/laghdaítear an pinsean ag tús gach bliana scéime ag teacht le boilsciú praghsanna ginearálta) agus pinsin chéilí agus leanaí. Is í an Ghnáthaois Scoir Aois Pinsin Stáit (“SPA”) (“APS”) ball sa dlínse ábhartha, atá 66 faoi láthair. Tá méaduithe breise beartaithe ag an Rialtas, a ardóidh an SPA ó 66 go 67 idir 2026 agus 2028. Faoin dlí reatha, méadóidh aois an Phinsin Stáit go 68 idir 2044 agus 2046. Is é 66 an Aois Pinsin Stáit in Éirinn faoi láthair. Bhí aois an phinsin Stáit in Éirinn le hardú go 67 ón 1 Eanáir 2022 agus ansin 68 ó 1 Eanáir 2028, áfach táthar tar éis an t-athrú seo a chur siar agus tá Coimisiún Pinsean bunaithe chun an t-athrú ar aois an phinsin Stáit a mheas, i measc saincheisteanna eile mar inbhuanaitheacht agus cothroime idirghlúine. Méadaíonn pinsin atá á n-foc (agus iarchurtha) ag teacht le boilsciú ginearálta praghsanna.

Rannóg na gCeart Forchoimeáda

Is iad seo roinnt codanna den scéim atá múnlaite ar na scéimeanna pinsin seirbhíse poiblí in Éirinn a raibh fostaithe de chuid na gComhlachtaí Thuaidh/Theas ina mbaill díobh ag an bpointe a ainmníodh agus a aistríodh iad ag bunú na gComhlachtaí. Is socruithe pinsin tuarastail deiridh iad na scéimeanna seo le sochair mar an gcéanna le scéim ábhartha na hearnála poiblí in Éirinn m.sh, Scéim Aoisliúntais do Státseirbhíse Bunaithe. Soláthraíonn na scéimeanna seo pinsean (do bhaill neamh-chomhtháite ochtóduithe in aghaidh na bliana seirbhíse ach do bhaill chomhtháite dhá chéad in aghaidh na bliana seirbhíse ar thuarastal suas go dtí 3.333 oiread an Phinsin Stáit Ranníocach Seanaoise agus ochtóduithe in aghaidh na bliana seirbhíse ar thuarastal os cionn 3.333 oiread an Phinsin Stáit Ranníocach Seanaoise), aisce nó cnapshuim (trí ochtóid in aghaidh na bliana seirbhíse) agus pinsin chéilí agus leanaí.

I mí na Nollag 2018, thug an DPER fógra do Chomhlachtaí an t-ardú ar an aois scoir éigeantach a chur i bhfeidhm go 70 mar atá leagtha amach i mBille Aoisliúntais na Seirbhíse Poiblí (Aois Scoir) 2018 ar bhonn riaracháin. Go ginearálta méadaíonn pinsin atá á n-foc (agus iarchurtha) ag teacht le boilsciú ginearálta tuarastail na hearnála poiblí. Is í an Scéim um Chearta Forchoimeáda is infheidhme d'Uiscebhealaí Éireann sa Deisceart, an Scéim Pinsin Neamh-Ranníocach d'Fhostaithe Stáit Neamhbhunaithe agus an Scéim Aoisliúntais do Státseirbhíse Bunaithe. I dTuaisceart Éireann, is í Príomhscéim Pinsean na Státseirbhíse TÉ an scéim ábhartha. Tá sochair ag formhór bhaill na Croí-rannóige sna rannáin Tuarastal Deiridh agus Alfa araon agus beidh iontrálaithe nua a tháinig isteach sa Scéim tar éis 1 Aibreán 2015, i bhformhór na gcásanna, ina mbaill den rannóg Chroí- Alfa.

Is é achtúire neamhspleách cáilithe (XPS) a rinne an luacháil a úsáideadh do nochtadh FRS 102 faoin 31 Nollaig 2022. Is é an modh ‘Aonad Réamh-mheasta’ an modh achtúireach a úsáidtear chun na dliteanais a rómh. Ní dhearnadh luacháil iomlán ar na dliteanais mar a bhí ar an Dáta Tomhais, ach meastachán ar dliteanais na Scéime trí thorthaí nochtadh cuntasaíochta 2021 a thabhairt cothrom le dáta chun imeacht ama, fabhrú sochar nua do bhaill ghníomhacha a cheadú, sochair a íocadh as an Scéim agus athruithe ar thoimhdí achtúireacha thar an tréimhse ó 31 Nollaig 2021 go 31 Nollaig 2022.

17. DLITEANAS THEAGMHASACHA

Is é dliteanas teagmhasach Uiscebhealaí Éireann faoin 31 Nollaig 2022 ná €1,916,400, (2021 €2,736,000). Is iad na cásanna dliteanais theagmhasacha ná:

* Cheannaigh Uiscebhealaí Éireann talamh éigeantach, is ionann na méideanna agus costais réasúnacha lena n-áirítear táillí dlí agus níl aon teorainn ama ag éilimh ar chúiteamh.* Mar chuid d'ordú ceannach éigeantach cuireadh príomhphíobán uisce talmhaíochta ar fáil ina dhiaidh sin chun uisce óil a sholáthar do bheostoc ar mhaithe le húinéirí talún tadhlaacha éagsúla i Liatroim. Tá ceisteanna éagsúla tagtha chun cinn lena n-áirítear cé atá freagrach as táillí an tsoláthair uisce do na húinéirí talún éagsúla agus an dliteanas maidir le deisiú agus cothabháil an phríomhphíobáin uisce atá ag sceitheadh. Tá cainteanna ar siúl agus tá na costais a léirítear sa chás seo chun an costas a bhaineann le hathsholáthar an phríomhphíobáin uisce a chlúdach. Meastar gurb é an luach an meastachán is fearr de chuid Uiscebhealaí Éireann agus níl aon fhéidearthacht ann go ndéanfaí é a aisíoc.

Bunaithe ar thaithí roimhe seo agus arna rómh ag 60% den mheastachán is fearr, is ionann an dliteanas teagmhasach ar an mhéid thuas agus €236,000.

Chinn an Chúirt Achomhairc i gcásanna McCloud agus Sargeant go raibh na cosaintí idirthréimhseacha a tugadh isteach mar chuid d'athchóirithe 2015 ar phinsin na seirbhíse poiblí leatromach. Mar fhreagra ar na breithiúnais sin, deimhníodh leigheas “ionchasach” agus “aisghabhálach”.

Ciallaíonn an eilimint “ionchasach” gur aistríodh baill de rannóga Croí-Thuarastal Deiridh na Scéime Pinsin Thuaidh/Theas agus Cearta Forchoimeáda PCSPS(TÉ) chuig scéim alfa ó 1 Aibreán 2022 i leith aon fhabhrúite ón dáta sin. Tá tionchar an athraithe seo ar na dliteanais ceadaithe sa nochtadh thuas.

Tá na Comhlachtaí ag obair le riarthóirí faoi láthair chun déileáil leis an leigheas “Aisbhreathnaitheach” atá le cur i bhfeidhm, ón 1 Deireadh Fómhair 2023. Mar thoradh ar an réiteach seo tabharfar “bonn taca do rogha iarchurtha” do na baill lena mbaineann don tréimhse 1 Aibreán 2015 agus 31 Márta. 2022. I ndáiríre is féidir le comhaltaí an modh fabhrúite sochair (tuarastal deiridh nó CARE sa chuid alfa) a roghnú thar thréimhse an leighis is buntáistí dóibh. Go dtí go mbeidh an rómh ball i ndiaidh ball curtha i gcrích, ní dócha go mbeidh costas deiridh an réitigh seo tugtha chun críche go ceann tamaill.

Níl aon lamháil déanta don eilimint Aisbhreathnaitheach den leigheas sna nochtadh thuas. Measaimid, ar bhonn nótaí dliteanais theagmhasacha a ullmhaíodh do gach Comhlacht roimhe seo, go mbeidh costais bhreise don leigheas cúlghabhálach suas le €1,680,000 don Chomhlacht seo amháil an 31 Nollaig 2022 (€2,500,000 – 2021).

18. FEIDHMÍOCHT I LEITH NA BPRÍOMHSPRIOCANNA AIRGEADAIS

Cuirtear pleananna gnó bliantúla faoi bhráid na Comhairle Aireachta Thuaidh/Theas agus ceadaítear iad. Is iad na spriocanna airgeadais atá leagtha síos ag na Ranna Urraíochta agus RCPA agus DoF d'Uiscebhealaí Éireann ná go gcoimeádfar an caiteachas laistigh de teorainneacha buiséid. Baineadh é seo amach. Socraíodh spriocanna neamhairgeadais freisin agus tuairiscítear iad i gCuid 3 den Tuarascáil Bhliantúil.

D'fhaomh na Ranna Urraíochta, na Ranna Airgeadais agus an Chomhairle Aireachta Thuaidh/Theas (CATT) Plean Gnó 2022 Uiscebhealaí Éireann go cúlghabhálach i mí na Nollag 2022.

Chuir Dfl socrúithe teagmhasacha i bhfeidhm, a chuir an DoF i bhfeidhm chun fócaíocht mhaoinithe le hUiscebhealaí Éireann in 2022 a chumasú.

19. IDIRBHEARTA PÁIRTITHE GAOLMHARA

Is Comhlacht forfheidhmithe trasteorann é Uiscebhealaí Éireann atá urraithe ag DHLGH agus Dfl. Meastar gur páirtithe gaolmhara iad na Ranna seo agus i rith na bliana, bhí Uiscebhealaí Éireann maoinithe go príomha ag na Ranna seo agus bhí idirbhearta éagsúla acu leo. Tá nósanna imeachta i bhfeidhm ag Uiscebhealaí Éireann chun coinbhleachtaí leasa a bhainistiú agus tiomsaíodh iad seo laistigh den tréimhse faoi athbhreithniú.

Ní dhearna aon bhall den phríomhfhoireann bhainistíochta ná baill de Choiste Iniúchóireachta Uiscebhealaí Éireann nó a bpáirtithe gaolmhara aon idirbhearta ábhartha le hUiscebhealaí Éireann le linn na bliana airgeadais 1 Eanáir 2022 – 31 Nollaig 2022.

20. CLÁR CAILLTEANAIS

Coinníonn Uiscebhealaí Éireann Clár Cailleanais. B'ionann na cailleanais a taifeadadh i rith na bliana agus €633,000 (2021 €332,000) agus tá siad ionchorpraithe sna cuntais seo nuair a bhaineann an costas leis an mbliain airgeadais seo.

21. IONSTRAIMÍ AIRGEADAIS, LIACHTANAS, RÁTA ÚIS AGUS RIOSCA AIRGEADRAÍ EACHTRACHA

21.1 Ionstraimí Airgeadais

Mar gheall ar nádúr neamhthrádála a ghníomhaíochtaí agus an dóigh a maoinítear Uiscebhealaí Éireann, níl sé neamhchosanta ar an leibhéal riosca airgeadais atá roimh aonáin ghnó. Ceadaíonn an Meamram Airgeadais d'Uiscebhealaí Éireann iasachtaí a fháil faoi réir ceadú a fháil roimh ré ó na Ranna Urraíochta agus na Ranna Airgeadais, rud nach bhfuil á lorg. Gintear na sócmhainní agus dliteanais airgeadais trí ghníomhaíochtaí oibriúcháin ó lá go lá agus ní choinnítear iad chun na rioscaí atá roimh Uiscebhealaí Éireann agus iad i mbun a ghníomhaíochtaí a athrú. Is éard atá in ionstraimí airgeadais go príomha ná airgead tirim, airgead atá ar fáil agus nithe iníoctha.

21.2 Leachtacht, Ráta Úis Agus Riosca Airgeadraí Eachtracha

Déantar glanriachtanas acmhainne ioncaim Uiscebhealaí Éireann a mhaoiniú trí acmhainní a vótálann Tionól Thuaisceart Éireann agus Dáil Éireann go bliantúil, mar atá a chaiteachas caipitil. Níl sé nocht mar sin do rioscaí suntasacha leachtachta.

Ní fhaigheann Uiscebhealaí Éireann rochtain ar chistí ó fhoinsí tráchtála agus mar sin ní bhaineann riosca suntasach ráta úis leis.

Cuirtear idirbhearta Uiscebhealaí Éireann i bhfeidhm in airgeadraí gach cuid d'Éirinn, agus gnóthachain agus cailleanais taifeadta á gcur chuig an Ráiteas Cuimsitheach Ioncaim agus Ráiteas Ioncaim, agus tá neamhchinnteacht shuntasach sa ráta malairte i gceist.

22. IMEACHTAÍ TAR ÉIS NA TRÉIMHSE TUAIRISCITHE

Níl aon imeachtaí le tuairisciú tar éis an dáta thuairiscithe.

Bhí an Tuarascáil Bhliantúil agus na Cuntais ceadaithe ag an Oifigeach Cuntasaíochta don bhliain dar críoch 31 Nollaig 2022 agus le heisiúint ar 21 Nollaig 2023.
